	Males	Females	Total
Total number recorded	37	29	66
Number of deaths in Town	16	17	33
Residents of Westford	35	27	62

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case.

(See General Laws, Chapter 46, Section 13.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * * Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * * A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars * * *.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

Section 8. (Penalty for neglect to comply with the provisions of Section 6, not more than five dollars.)

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor with blanks for return of births as required by law.

CHARLES L. HILDRETH, Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dogs Licensed January 1, 1937 to December 31, 1937

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended by Chapter 320, Acts of 1934.

Section 137. The owner or keeper of a dog which is three months old or over shall annually, on or before March thirty-first, cause it to be registered, numbered, described and licensed for one year from April first following in the office of the clerk The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

Section 138. The owner or keeper of a dog may at any time have it licensed until April first following; and a person who after April first becomes the owner or keeper of a dog which is not duly licensed, and the owner or keeper of a dog which becomes three months old after March thirty-first in any year, shall, when it is three months old, cause it to be registered, numbered, described, licensed, collared or harnessed and tagged as required by Section 137.

ANNUAL TOWN MEETING, FEBRUARY 15, 1937

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, February 15, 1937, at one o'clock P. M., the following business was transacted:

Roger H. Hildreth, Town Moderator, was sworn in by the Town Clerk, Charles L. Hildreth, and called the meeting to order.

Voted to dispense with the reading of the Warrant.

Article 1. Voted that the reports of the Finance Committee, other Committees, Boards and Officers be accepted as printed, with the following corrections in the Town Accountant's Report at page 42; Excise Tax current year to read \$5,094.02, Excise Tax previous years \$1,400.34.

Article 2. Voted that the compensation of the Town Officers be as follows; Selectmen, Chairman \$150.00, other two members \$125.00 each; Board of Public Welfare; Chairman \$20.00; other two members \$10.00 each; Town Treasurer \$550.00; Town Clerk \$100.00; Collector of Taxes .75 of 1% of amount collected; Tree Warden \$.53 per hour; Assessors \$4.50 per day.

Article 3. Voted that the Town establish a Road Machinery Account to which shall be credited all receipts received for the use or rental of road machinery, the proceeds to be appropriated as voted by the Town for road machinery purposes.

Article 4. Voted that \$4,000 be appropriated to establish a Road Machinery Account for the purpose of purchasing, repairing and operating road machinery.

Article 5. Voted that under this article each item be considered separately.

1. Voted that the sum of \$6,095.00 be appropriated for General Government to be divided as follows: Selectmen \$550.00; Licenses Expenses \$60.00; Town Accountant \$875.00; Town Treasurer \$900.00; Assessors \$1,200.00; Tax Collector \$1,600.00; Town Counsel \$200.00; Town Clerk \$360.00; Registration and Election \$350.00.

2. Voted that the sum of \$1,600.00 be appropriated for the Town Hall.

3. Voted that the sum of \$4,900.00 be appropriated for the Police Department.

Voted that the sum of \$100.00 be appropriated for Safety Signs.

4. Voted that the sum of \$2,500.00 be appropriated for the Fire Department.

Voted unanimously to take up Article 14 next.

Article 14. Voted that the Selectmen be authorized to enter into a contract for one additional hydrant on Hildreth Street.

Voted unanimously to take up Article 20 next.

Article 20. Voted that the Selectmen be authorized to enter into a contract with the Abbot Worsted Company for the hydrants at Brookside, the price to be the same as that of the Westford Water Company, namely \$35.00 per hydrant per year under the same terms and conditions as in the present contract with the Westford Water Company, in so far as applicable thereto.

Article 5. Voted that the sum of \$3,045.00 be appropriated for Hydrants.

6. Voted that the sum of \$125.00 be appropriated for the Sealer of Weights and Measures.

7. Voted that the sum of \$75.00 be appropriated to defray the expenses and compensation of the Fish and Game Warden.

8. Voted that the sum of \$1,000.00 be appropriated to defray the expenses of Fighting Forest Fires.

9. Voted that the sum of \$75.00 be appropriated to defray the expenses of the Maintenance of the Town Forest.

10. Voted that the sum of \$250.00 be appropriated to defray the expenses of the Tree Warden.

11. Voted that the sum of \$350.00 be appropriated to defray the expenses of the Moth Department.

12. Voted that the sum of \$4,875.00 be appropriated to defray the expenses of the Health Department; \$375.00 of this mount to be used to pay the expense of milk furnished underweight and undernourished children.

13. Voted that the sum of \$150.00 be appropriated to defray the compensation and expenses of the Cattle Inspector.

14. Voted that the sum of \$10,625.00 be appropriated for Town Roads.

Voted that the sum of \$5,000.00 be appropriated for the Maintenance of existing State and County Roads on condition that like amounts be contributed by either or both the State and County respectively, to be used in conjunction therewith.

Voted tht the sum of \$1,000.00 be appropriated for repairs on the Groton Road on condition that like amounts or more be contributed by the State and County respectively, to be used in conjunction therewith.

Voted that the sum of \$3,000.00 be appropriated for Snow and Ice Removal.

15. Voted that the sum of \$19,000.00 be appropriated for the Welfare Department and that \$8,000.00 of this amount be taken from Surplus.

Voted that the sum of \$10,500.00 be appropriated to defray the expense of Old Age Assistance.

16. Voted that the sum of \$5,000.00 be appropriated for Soldiers' Benefits.

17. Voted that the sum of \$67,000.00 be appropriated for the School Department.

18. Voted that the sum of \$1,700.00 be appropriated for Vocational Tuition.

19. Voted that \$2,400.00 and the receipts from Dog Licenses in 1936 be appropriated for the expenses of the Public Library.

20. Voted that the sum of \$200.00 be appropriated for the Care of the Common.

21. Voted that the sum of \$250.00 be appropriated to defray the expense of Commemorating Memorial Day.

22. Voted that the sum of \$500.00 be appropriated to defray the expense of publishing and distributing the Town Reports.

23. Voted that the sum of \$1,500.00 be appropriated for Liability Insurance.

24. Voted that the sum of \$1,207.00 be appropriated for Fire Insurance.

25. Voted that the sum of \$1,300.00 be appropriated for the Care of the Cemeteries.

26. Voted that the sum of \$7,500.00 be appropriated for General Loans.

27. Voted that the sum of \$1,856.62 be appropriated for Interest on General Loans.

28. Voted that the sum of \$600.00 be appropriated for Interest on Revenue Loans.

29. Voted that the sum of \$6,200.00 be appropriated for Street Lights.

30. Voted that the sum of \$4,000.00 be appropriated in accordance with the provisions of Section 6 of Chapter 40 of the General Laws as a Reserve Fund.

31. Voted that the sum of \$1,101.28 be appropriated for Bills Outstanding December 31, 1936, to be divided as follows: Assessors \$23.50; Town Clerk \$15.65; Election and Registration \$31.25; Town Hall \$8.38; Fire Department \$9.90; Health Department \$27.00; Welfare Department \$748.98; Soldiers' Benefits \$156.42; Cemeteries \$80.20.

Article 6. Voted that the sum of \$10.00 be appropriated for Demonstration Work in Agriculture and Home Economics and a director be elected from the floor under the provisions of Section 40-45 of Chapter 128 of the General Laws. John A. Kimball was elected Director.

Article 7. Voted unanimously that the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1937, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

Article 8. Voted that the sum of \$1,000.00, this being the town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Acts of 1932 bonds maturing in 1937, be and the same is hereby appropriated, and that a further sum of \$233.75 be and here-

by is appropriated on account of interest and other charges on account thereof. That a further sum of \$763.60 be and hereby is appropriated for the town's share of the net cost of care, maintenance, and repairs of the Middlesex County Hospital, including interest on temporary notes issued therefor, in accordance with sections of Chapter 111 of the General Laws applicable thereto.

Article 9. Voted that the sum of \$400.00 be appropriated for Band Concerts.

Article 10. Voted that the sum of \$100.00 be appropriated for Guide Boards.

Article 11. Voted that the sum of \$5,500.00 be appropriated to meet the expenses of W. P. A. or similar projects.

Article 12. Voted 40 to 24 that the sum of \$800.00 be appropriated for repairs on the Fire House Cottage.

Article 13. Voted to take up each item separately.

Voted to lay on the table a motion to install one additional street light at the junction of Hartford Road and Patten Road.

Voted to lay on the table a motion to install one additional street light at the culvert on the Hartford Road.

Voted to expend a sum not to exceed \$36.00 for two street lights on Nutting Road from the junction of Groton Road to the residence of Narcisse Page.

Voted that the Selectmen be authorized to enter into an agreement with the Lowell Electric Light Corporation to install six electric street lights on the Concord Road.

Article 15. Voted that the Town appropriate the sum of \$35.00 to reimburse the Estate of Ella M. Prescott for damages occasioned by the relocation of Pine Street and Town Farm Road.

Voted that the Town appropriate the sum of \$465, inclusive of the appropriation of the previous year, to be used in settling the claims of John D. Psaris and Joseph A. Matthieu or either of them for damages sustained through the relocation of the Tyngsboro Road, if in the opinion of the Selectmen a reasonable settlement can be made, failing thereof, to meet the costs and expenses in connection with the defense of the pending suits.

Article 16. Voted not to discontinue that portion of Cemetery Road extending from the Concord Road to the Patten Road.

Article 17. Voted that a Committee of seven members be appointed to investigate the necessity or desirability of erecting a new High School Building. The Committee to be chosen as follows: Two by and from the School Committee, two by and from the Finance Committee, one by and from the Westford Tax Payers' Association, and two to be appointed by the Moderator. The Committee to report in writing not later than April 15th, next, at a Special Town Meeting. In the event that the report is favorable to the erection of a High School Building, the Committee shall submit therewith its recommendation as to the location thereof and an estimate of the cost of erecting the same, including the location and equipment, and what financial or other assistance is available from the Federal Government.

Article 18. Voted that beginning with the Annual Election in 1938 the Town Treasurer shall be elected for a term of three years.

Article 19. Voted that beginning with the Annual Election in 1938 the Collector of Taxes shall be elected for a term of three years.

Article 21. Voted that a Committee of Five members be appointed to make an investigation, survey and examination of the land devised to the Town under the will of Martina A. Gage and submit a report in writing, including a description, location and condition of the various lots and any recommendations the committee may have relative to the use or disposal of the same, and that the sum of Three Hundred Dollars be appropriated to meet the expense to be incurred in connection therewith.

Article 22. Voted that the By-Laws be amended by inserting a new article after Article 11 as follows: Article 11A—Annual Audit. There shall be an annual audit of the Town's accounts under the supervision of the Director of Accounts of the Department of Corporations and Taxation as authorized by law.

Article 23. Voted to accept the minutes of the meeting.

Article 24. Voted to dissolve the meeting.

A true record Attest:

CHARLES L. HILDRETH,

Town Clerk.

SPECIAL TOWN MEETING, JUNE 15, 1937

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Tuesday, June 15, 1937, at eight o'clock P. M., the following business was transacted.

Roger H. Hildreth, Town Moderator, called the meeting to order.

1. Voted to accept the written report of the Committee appointed at the last Annual Meeting to investigate relative to the necessity or desirability of erecting a new High School Building and that it be placed on file.

2. Voted unanimously that the compensation of the regular members of the Fire Department while in the performance of their duties in responding to calls on account of fires, shall be at the rate of One Dollar per hour for the first hour and thereafter at the rate of Sixty Cents per hour, and that of the officers increased in proportion.

3. Voted unanimously to dismiss the article relative to the expenses of the School Department.

4. Voted that the Selectmen be instructed to enter into a contract with the Westford Water Company for two additional hydrants on Prescott Street.

Voted that the Selectmen be instructed to enter into a contract with the Abbot Worsted Company for three additional hydrants on or near Oak Hill Road.

5. Voted that the Town approve the Regulations adopted by the Board of Cemetery Commissioners and that the copy of the resolutions as read be placed on file.

6. Voted to dismiss the article relative to paying bills outstanding December 31, 1936.

7. Voted to accept the minutes of the meeting.

8. Voted to dissolve the meeting.

A true record Attest:

CHARLES L. HILDRETH,

Town Clerk.

SPECIAL TOWN MEETING, DECEMBER 6, 1937

At a legal meeting of the Inhabitants of the Town of Westford qualified by law to vote in Town affairs, held at the Town House, December 6, 1937, at eight o'clock P. M., the following business was transacted:

Roger H. Hildreth, Town Moderator, called the meeting to order. In the absence of Charles L. Hildreth, Town Clerk, Alice A. Hildreth, Assistant Town Clerk, acted as Clerk.

1. Voted to accept the report of the Finance Committee as read.

2. (A) Voted that the Town appropriate the sum of \$800.00 to defray the expenses of W. P. A., said amount to be taken from Surplus.

(B) Voted that the Town appropriate the sum of \$900.00 to defray the expenses of Soldier's Benefits, said amount to be taken from Surplus.

(C) Voted that the Town appropriate the sum of \$4,000.00 to defray the expenses of the Welfare Department, said sum to be taken from Surplus.

3. Voted to accept the minutes of the meeting.

4. Voted to dissolve the meeting.

A true record Attest:

CHARLES L. HILDRETH,

Town Clerk.

REPORT OF SELECTMEN

Citizens of Westford:

We refer you to the detailed report of the Highway Superintendent for the work accomplished on the highways this year.

The trucking work for the highways and the W. P. A. work requiring other than the Town owned trucks was apportioned to the owners of dump trucks in Westford who requested work.

Despite our requests and arguments to support same the State Department of Public Works cut our allotment for Chapter 90 Maintenance to \$2,100.00.

We held two conferences with the County Commissioners regarding their allotment for this work and they very gladly cooperated with us and granted us \$3,000.00 provided our Town's vote would allow us to use a like amount from our appropriation.

The vote passed at the last Town Meeting was broad enough to allow this, therefore there is an unexpended balance of \$2000.00 on this appropriation.

For the year 1938 we are asking for the usual appropriation under Chapter 81 and for \$3000.00 under Chapter 90, \$1500.00 for highway work in the villages where the funds under Chapters 81 and 90 may not be available, and for the re-appropriation of \$4000.00 for the Machinery and Equipment account as established last year.

We are also asking for \$1000.00 to continue the specific repairs on Groton Road begun in the Fall of 1937.

As authorized by Town vote we entered into an agreement with the Abbot Worsted Company for hydrant service for Brookside at \$35.00 per hydrant per year for a five year term dating from January 1, 1937. Following this report we print a copy of the contract we signed.

With the appropriation of \$100.00 for guide boards we have made a good start in providing necessary direction signs. New guide boards have been made, painted and lettered and erected on heavy angle irons, which will be more permanent than the usual wooden posts. To complete this work we are asking for a further \$100.00. No work of this kind has been done for many years hence the old signs were in very poor condition and many additional ones required.

Insurance on the Public Buildings and on the machinery and equipment has been renewed when expiring, and insurance on the buildings is now written on the five year basis which results in a considerable saving to the Town.

The Town voted for an Annual Audit and this was made under the supervision of the Director of Accounts of the Department of Corporations and Taxation and we submit herewith a portion of their report.

Respectfully submitted,

WILLIAM R. TAYLOR,
ARTHUR M. WHITLEY,
ARTHUR L. HEALY,

Selectmen of Westford.

COPY OF CONTRACT, FOR HYDRANT SERVICE BETWEEN THE
ABBOT WORSTED COMPANY AND THE INHABITANTS
OF WESTFORD

THIS AGREEMENT, made this fifteenth day of November 1937 to be effective from the first day of January, 1937, by and between the Abbot Worsted Company, a body corporate under the Laws of the Commonwealth of Massachusetts, hereinafter referred to as the Company, and the Inhabitants of Westford, a municipal body corporate located in said County, hereinafter referred to as the Town.

WITNESSETH that the said Company for the period of five (5) years from the date this agreement becomes effective, covenants and agrees to supply the said Town in that part known as Brookside with hydrant service and water to be used in connection therewith for the purpose of extinguishing fires, upon the following terms and conditions, except that if during this period the Company ceases to be the owner of this water system, either the said Company or the Town may upon given notice in writing to the other cancel this agreement.

FIRST: Said Company is to furnish the water from the same standpipe and through the same pipes as water is furnished for domestic purposes, for the hydrants, ten (10) in number now already in-

stalled, and to furnish, as aforesaid, such additional hydrants and water service, if any, during said period as may be voted or authorized by said Town at such locations on the then existing lines of water mains as may be mutually agreed upon between said Company and said Town, acting through its Board of Selectmen.

SECOND: That said Company is to furnish during the period of this agreement a full and ample supply of water for each and all of said hydrants for the purpose of extinguishing fires, with the privilege of trying out the same at all reasonable periods, and guarantees that a sufficient supply, both as to quantity and pressure, as at present exists, shall be maintained during the continuance of this agreement. Excepting, however, at such times when the works of said Company are temporarily shut down owing to a breakdown, repairs or conditions created and existing and over which said Company has no control.

THIRD: Said company is to provide and furnish such suitable hydrants as shall be approved by said Town, acting through its Board of Selectmen, and keep and maintain the same in proper repair and working condition except as aforesaid and that said Town shall reimburse said Company for all expenditures and repairs occasioned or caused by the negligence or fault of said Town or any of its agents, officials, representatives or servants employed and in charge of using the same.

FOURTH: The Company further agrees that all machinery and materials used in construction of said water works and hydrants shall be of good and standard quality throughout and that the standpipe shall be maintained at the present capacity with an ample supply of water except as aforesaid, and that the pipes shall continue to be maintained in sufficient size to stand and resist the force of water sent through them for the purposes intended, and that said Company shall keep and maintain said standpipe and other machinery and accessories in good repairs at all times.

The said Town on its part hereby agrees:

FIRST: That during the terms of this agreement it will continue the hydrants now in use, ten (10) in number, together with such additional hydrants, if any, as the Town may from time to time authorize and have installed. Each existing hydrant to be paid for at the rate of Thirty-Five Dollars (\$35.00) per year, and each additional hydrant at the same rate from the time it shall be in proper condition for use until the termination of this agreement. Payments are to be made in equal semi-annual installments upon the first days of April and October, except that the first payment for any additional hydrant shall be for the proportional period from the date of installment to the date of first payment.

SECOND: That the Town will use all due and reasonable care by its agents, officials, representatives or servants in opening and closing the hydrants when they have occasion to use the same, and in the event that any water pipe or any portion of the water works being damaged in consequence of any such want of care on the part of said Town or its agents, officials, representatives or servants, as aforesaid, said Company shall be reimbursed for the cost and expenses incurred thereby.

IN WITNESS WHEREOF the Company has caused these presents to be signed in duplicate and its seal to be attached thereto by its President hereunto duly authorized by a vote of the Board of Directors, and the Town has caused these presents to be signed in duplicate in its name and behalf and its seal attached thereto by its Board of Selectmen hereunto duly authorized.

REPORT OF SUPERINTENDENT OF STREETS

The following is the annual report of the Highway Department for the year ending December 31, 1937.

Chapter 81, and General Highway Maintenance

The usual highway maintenance was carried out during the year. All roads were patched when necessary with bituminous material during the summer months, and the procedure was carried out until late fall.

Stony Brook Road, which was gravelled by the W. P. A. received one application of tar from railroad bridge to culvert other side of O'Brien's Farm.

This year a number of streets and roads were oiled and spread with pea gravel, followed by a thorough honing job. This treatment has proven very satisfactory for smoothing surface.

Considerable work was done gravelling side roads, when done they were shaped, rolled, and oiled.

The brush on main and side roads was cut and burned. Several bad corners were cut back to make the roads wider and safer. The triangle at the intersection of Graniteville Road and Main St. was eliminated, making it safer for autos at that junction.

Groton Road, Chapter 90

On Groton Road we had a contract for construction starting from Barretto's Residence, westerly, a distance of 3200 ft. This contract calls for a twenty seven foot road, with proper drainage and covered with bituminous treatment.

We expect another contract this year to continue the good work.

Maintenance Chapter 90

The usual Maintenance of Chapter 90 was carried out under the provisions of this allotment. All of our Chapter 90 highways are in good condition, and shoulders on all hard surface roads were maintained in good order during the year.

Culverts

Seven new culverts were installed of coated corrugated metal, with sufficient diameter to carry water.

Eleven new basins were installed, standard size, brick type, with edge stone gutter mouths.

Respectfully yours,

J. AUSTIN HEALY,

Superintendent of Streets.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen:

Westford, Mass.

Gentlemen:

I herewith submit my report for the year 1937 for the Police Department.

Report to the Department of Correction has been made.

Arrests made	82
Assault and battery	5
Attaching plates to another car	1
Assault on a Police Officer	1
Abandoned Autos	7
Auto Violations	25
Auto and Motorcycle Accidents	42

REPORT OF TOWN ACCOUNTANT

To the Honorable Board of Selectmen and the Citizens of Westford:

I herewith present the Annual Report of the Town Accountant in accordance with the General Laws.

I wish to remind the public that all books are open to the public for inspection at any time.

If there is any part that is not clear to the reader the Accountant will explain the same upon request and give more detailed information.

I have checked the funds in the custody of the Treasurer and a table of same is printed herewith.

All transfers from the Reserve Fund shown in this report were authorized by the Finance Committee.

Respectfully submitted,

CHARLOTTE P. GREIG,

Treasurer.

REPORT OF FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending December 31, 1937.

The Companies have responded to 21 fires other than forest fires during the year: 4 buildings, 12 chimneys, 1 camp, 1 auto, 1 truck, 1 oil burner, 1 by lightning.

As there will be quite a lot of repairs on the Trucks this year the Engineers recommend that the sum of \$3,500.00 be raised to meet the expenses of the department for the coming year.

JOHN EDWARDS,

ALFRED T. W. PRINN,

ALONZO H SUTHERLAND,

Board of Fire Engineers.

REPORT OF THE TREE WARDEN

As usual, my work has been removing dead trees from the roadside and removing dead limbs from them. I would suggest that some maple trees be set out on Depot Street. The money to be taken from income of the Whitney Fund.

I'm suggesting that the town appropriate money for the spraying of the gypsy moth and elm beetle. They are bad on the Graniteville Road and other trees in town.

Respectfully submitted,

HARRY L. NESMITH,

Tree Warden.

REPORT OF THE FOREST WARDEN

The year 1937 proved to be a bad year for forest fires, having 88 in all most of them small.

I have issued two hundred fire permits.

I would suggest the sum of \$1,000.00 be appropriated this year to care for this work.

Respectfully submitted,

HARRY L. NESMITH,

Forest Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

As Sealer of Weights and Measures for the Town of Westford, I submit the following report for the year 1937:

1936 Property		8,624.99
1936 Excise		407.24
1935 Taxes Total		188.29

EDWARD F. HARRINGTON,

Tax Collector.

BOARD OF HEALTH

The Board of Health submits the following report ending December 31, 1937.

The Health Department is very pleased with the improved milk supply of the Town of Westford, as to quality and microscopic examination, which is from Tuberculin Tested Cattle. No milk is delivered to the consumer in the Town which is not from Tuberculin Tested Cows.

The Dental Clinic is in the hands of Dr. Hunt Kramer, who is doing improved dental work. The clinic is freely patronized by the school children.

The Tuberculosis Clinic is still being ably handled by the Middlesex County Sanatorium in conjunction with the Westford Board of Health, and cooperation of the School Department has proven very satisfactory and a great help to the town.

No case of Diphtheria has been reported to the Health Department which has been clinically diagnosed since we started the Toxin Antitoxin Treatments about ten years ago. The children are practically all immunized against Diphtheria since that time.

No cases of Rabies have been reported this year, showing without question that the Antirabitic treatment, we administered to the dogs of the Town two years ago had a beneficial result.

The children are accepting the milk supply distributed by the Board of Health for undernourished and underweight children in the schools, to their advantage.

The Health Department returns to the Town their usual unexpended balance. The sum this year is \$890.06.

Following is the report of the Public Health Nurse who has performed her usual satisfactory duties.

Respectfully submitted:

CYRIL A. BLANEY, M. D., Chairman
OLIVER A. REEVES, Secretary
CARL A. HANSON,

Members of Board of Health.

REPORT OF PUBLIC HEALTH NURSE

C. A. Blaney, M. D.

Chairman, Board of Health

Westford, Mass.

Dear Sir:

REPORT OF BOARD OF PUBLIC WELFARE

The Board of Public Welfare organized for the year with Thomas Cosgrove as Chairman, Harry Ingalls, Secretary and John A. Kimball as a third member.

The general business conditions for 1937 have been more severe than usual owing to the fact that the industries of the town have not operated very steadily. In spite of this we have been able through transferring some 35 temporary aid cases to W. P. A. projects to keep the cost down near the 1936 level. It is estimated that about \$40,000.00 in Federal funds have been expended on W. P. A. pay rolls in Westford for 1937.

We have placed nine boys in the Citizens Conservation Corp this year and with the interest shown by many could have placed a larger number.

Although the Infirmary has shown a larger cash debit than in past years we feel that after the debit and credit figures are given due consideration and allowing for the increased cost of living, that the farm has made a credible showing for the year. We feel that with the improvement made in the stock and general condition of the farm a substantial reduction in operating expense can be made in 1938. No little credit is due the matron for the fine appearance of the inside of Westford Home. We hope that as many of the towns people as possible will visit the Home and see for themselves how inmates are being taken care of.

The Board of Public Welfare was dealt a severe blow by the sudden death of Michael McGlinchey who had served capably as Welfare Agent for several years.

REPORT OF THE WORK OF THE MIDDLESEX COUNTY EXTENSION SERVICE FOR THE TOWN OF WESTFORD, 1937

The following is a report of the work of the Middlesex County Extension Service for the town of Westford, during 1937.

The poultrymen and fruit growers of Westford took a very active interest in the work of the Extension Service during the year. Thirty-six farm visits were made to poultrymen to assist in their disease and management problems. General information was sent out to fifty poultrymen. A culling, tattooing, and vaccination demonstration was held at the farm of Warren Nixon.

Farm visits were made to dairymen to assist in the growing of alfalfa, nurse crops, and milk marketing problems.

Walter Fletcher won the first prize for judging Guernsey cattle at the Guernsey Club Field Day at Kitchener Farm, Billerica.

Doctor Boyd of the Massachusetts State College gave a laboratory exhibit of apple scab using half a dozen microscopes at the Town Hall. This gave fruit growers a splendid opportunity to become intimately acquainted with the life history of this serious apple disease.

A meeting was held at Harrington and Perrins to consider spring fruit problems, and to explain the Agricultural Conservation Program. A mouse control demonstration was held at the Cold Spring Farm with Walter Dykstra of the U. S. Biological Survey in charge. Spray warning cards were sent to the fruit and vegetable growers of Westford from the Extension Service office.

A discussion of soils and soil testing was given before the Westford Grange. Further soil testing was done at the Extension Service office.

Peach parasites were released to control Oriental Peach moth.

Two groups of homemakers took the project on Coats, Food Buying, and Christmas Kit. Several home visits were made upon request. Mothers' Service letters were sent to those on the mailing list.

Mr. Warren Nixon served as 4-H Town Chairman during the year, and was assisted by eleven local leaders. Sixteen boys and girls were enrolled in the clothing, food, canning, garden and orchestra clubs.

A two-day trip to the Massachusetts State College was awarded to Ruth Moore, Mildred Johnson, Barbara Blackadar, Lorraine Reeves, Avis Day, William Costello, and Norman Sterk, for outstanding 4-H Club work.

Winners in the Middlesex North Agricultural Society garden contest were: Phyllis and Mary Rancore, Clifford Johnson, Ruth Moore, and Walter Pärfit.

Mrs. Otis Day and Mrs. Willard Moore attended Leaders' Camp which was held on the campus of the Massachusetts State College.

Mrs. Clifford Johnson acted as councillor at the 4-H County Camp held at Amherst.

Respectfully submitted,

JOHN KIMBALL,

Town Director.

REPORT OF GAME WARDEN

This is my second annual report as Fish and Game Warden for the Town of Westford. It is highly gratifying to me to know that out of two hundred fifty six persons interviewed all had their fish or game licenses.

During the year there were three deer killed by machines which were turned over to the Welfare Board for distribution.

Partridge, quail, and pheasant are very scarce but the state has held back eight thousand pheasants to liberate in the Spring.

Following you will find the fish and game allotted to the Town of Westford this year:

PHEASANTS

September 21	15 Young
--------------------	----------

QUAIL

August 3	30 Young
June 29	5 Adult

BROOK TROUT

Nashoba Brook, June 2	6"-8"	650
Baptist Pond Brook, April 30	6"-7"	225

POND FISH

Forge Pond	36,000 Calico Bass	1	½"—2"
Keyes Pond	21,000 Calico Bass	1	½"—2"
Sought-For-Pond	21,000 Calico Bass	1	½"—2"
Nabnasset Pond	42,000 Calico Bass	1	½"—2"
	6,500 Chinook Salmon		4"—8"

COTTONTAIL RABBITS

36 have been allotted for distribution in Westford during December of 1937 and the first part of 1938.

WHITE HARES

5 hares have been allotted for Westford for the Long-Sought-For-section.

Unlike last winter this year has been very severe on the game life so I appeal to each of you to do your part in providing for these feathered friends in providing for food for them, for you will be amply repaid in the fall during the hunting season with an abundance of birds.

If any complaints are to be investigated people interested can get in touch with me by letter or telephone, Westford 203.

Once again I take pleasure in announcing no disturbing features and take this opportunity to thank each and every one for the sincere co-operation you have accorded me.

Respectfully submitted,

EDMUND L. PROVOST,

Game Warden.

WILLIAM R. TAYLOR,
Treasurer.

Westford, Mass., Jan. 19, 1938.

Commonwealth of Massachusetts
Middlesex, ss.

Then personally appeared, William R. Taylor, and made oath that the above is a true statement of the cost of construction of the Westford Water Company to January 1, 1938, and of the Receipts and Expenditures from January 1, 1937 to January 1, 1938, before me.

PERRY T. SNOW,
Notary Public.

My Commission Expires Feb. 11, 1938.

2. Special meetings shall be held when called by the chairman or by the clerk upon request of the majority of the board.

3. The sale of lots shall in each case be consummated by the payment of the consideration and the execution and delivery of a deed in the following form, and no lot shall be considered sold or any right gained therein until delivery of such deed and its recording on the records of the Board in a book kept for that purpose. In case of an assignment or transfer thereof, the accompanying form shall be used.

THAT the Town of Westford, in the County of Middlesex, and
 Commonwealth of Massachusetts, in consideration of dol-
 lars, paid by the receipt
 whereof is hereby acknowledged, does hereby grant, bargain, sell and
 convey to the said heirs and assigns, the
 exclusive right of burial of the dead in one lot of land in
 Cemetery, in said Town of Westford, situated
 and numbered on the plan of said Cemetery, which is in
 possession of the Board of Cemetery Commissioners, hereinafter

called the Board, having the care and management thereof, and may be inspected by the said grantee, his heirs and assigns, at all reasonable times.

TO HAVE AND TO HOLD the aforesaid premises unto the said heirs and assigns, forever; but subject to the restrictions, limitations and conditions, and with the privileges following, viz:

FIRST, The grades of all lots shall be established and corner bounds placed by the Board.

SECOND, That the said lot shall not be used for any other purpose than as a burial place for the dead; and no trees within the lot or border shall be cut down or destroyed without the consent of the said Board.

THIRD, That if any trees or shrubs in said lot shall become in any way detrimental to the adjacent lots, avenues or paths, or dangerous or inconvenient, it shall be the duty of the said Board for the time being to enter into said lot and remove said trees or shrubs, or such parts thereof, as are thus detrimental, dangerous or inconvenient.

FOURTH, That if any monument or effigy, cenotaph, or other structure whatever, or any inscription be placed in or upon the said lot, which shall be determined by a majority of the said Board for the time being to be offensive or improper, the said Board, or a majority of them, shall have the right, and it shall be their duty to enter upon the said lot and remove said offensive or improper object or objects.

FIFTH, That no tomb shall be constructed within the bounds of the Cemetery except by permission of the Board, and in such manner as they shall approve; and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire.

SIXTH, That said lot shall be indivisible; and upon the death of the grantee, the devisee of said lot or the heir at law shall be entitled to all the privileges of the original grantee, and if there be more than one devisee or heir at law, they shall within nine months from such death designate in writing to the Secretary of the Board which of said devisees or heirs at law shall represent the lot, and on their failure so to designate, the Board shall enter of record which of said devisees or heirs at law shall represent the lot while such failure continues.

SEVENTH, That said premises or any part thereof shall not be sold or conveyed to any person who is not, at the time of such sale a resident of the Town of Westford, without the written consent of the said Board, a breach of this condition by the grantee or any person holding under him shall make this conveyance void.

EIGHTH, The said lot shall be holden subject to all the by-laws, rules and regulations now or hereafter in force.

IN WITNESS WHEREOF, the said Town of Westford has caused its seal to be hereto affixed, and these presents to be signed in its name and behalf by the Secretary of said Board of Cemetery Commissioners of said Town, this day of in the year one thousand nine hundred and

TOWN OF WESTFORD.

By

Secretary of the Board of Cemetery Commissioners.

ASSIGNMENT OR TRANSFER

Know All Men By These Presents, That
in consideration of
hereby give, grant, sell and convey unto
Lot numbered in
situated on
Avenue with all the privileges
and subject to all the conditions thereto appertaining, by virtue of the
grant of the Inhabitants of Westford.

To have and to hold the said premises to the said
heirs and assigns to their own
use forever.

In Witness Whereof, hereunto set hand and seal the
day of A. D. nineteen hundred and

Executed and delivered in presence of

The Cemetary Commissioners of the Town of Westford hereby consent
to the above transfer or assignment.

Secretary of the Board of Cemetery Commissioners.

4. The restrictions, limitations and conditions set forth in said deed, numbered 1 to 7 inclusive shall form and become a part of these rules and regulations.

5. Curbing, projecting corner posts, fences, hedges, walls, steps and walks about or on any lot or lots prohibited except as approved by the Board.

CARE OF LOTS

1. Lots shall be cared for by the year at such reasonable rates, according to the size and labor required, as may be fixed and determined by the Board.

2. The Town of Westford shall receive of any person any sum of money not less than \$50.00 or more than \$500.00, the interest thereof to be applied to the annual care of such lot in the public burial grounds of the Town as the person paying the same shall designate. Such deposits may be made perpetual if desired by the person depositing the same.

3. The Town Treasurer shall receive all such sums of money paid in accordance with the previous article, giving a proper receipt of the town therefor, and shall annually at such time as the Board shall request, and with proper approval, pay over to said Board the income from said funds with a statement of the several lots in the public burial grounds of said Town, upon which the interest so paid is to be expended. All said amounts shall be judicially and economically expended on each of the various specified lots; and in so far as feasible in accordance with the directions or requests, if any, that may have been made in writing at the time of the receipt of such funds. The Board shall receipt for and faithfully apply all sums of interest so received by it in accordance with a statement made by the Town Treasurer and report its doings annually to the Town, accounting for all other moneys received in connection with their duties.

FOUNDATIONS, ETC.

1. All foundations for monuments, headstones, markers, etc., shall be put in by or under the immediate supervision of the Board, and no foundations shall be laid dry or with cobblestones, and no memorial shall be erected without a suitable foundation.

2. Foundations for monuments shall be at least four and one-half feet deep, and for markers and other small stones not less than three feet.

INTERMENTS

1. The following charges shall be made for interments: From \$5.00 to \$15.00 as the judgment of the Board may determine. These charges shall apply to removals, with a suitable additional charge for disinterments. Graves, if desired, will be trimmed, for which an extra charge will be made, proportionate to the time expended and cost of material used.

2. All graves shall be filled level or to conform to the grade of the lot, and shall be suitably designated. Mounds will not be allowed, except by special permission.

VISITORS

1. All persons are forbidden to needlessly walk across lots, to

gather wild or cultivated flowers, or to leave rubbish of any kind in the cemeteries except in receptacles provided for that purpose by the Board of Cemetery Commissioners.

BOARD OF CEMETERY COMMISSIONERS.

Signed,

S. B. WATSON,
AXEL G. LUNDBERG,
FRED R. BLODGETT.

Westford, Mass., April, 1937.

REPORT OF TOWN FOREST COMMITTEE

During the past year, we have trimmed and burnt the brush. The forest on the whole is showing a good growth.

We should continue the trimming and cleaning up each year.

Respectfully submitted,

OSCAR R. SPALDING
EDWIN H. GOULD
WILLIAM E. WRIGHT

Town Forest Committee.

REPORT OF THE WHITNEY PLAYGROUND

The past year, Willey M. Wright, has been in charge. The usual care has been given the grounds.

The ball diamond and the tennis court has been rebuilt as a W. P. A. project.

A power mowing machine will be necessary the coming year, also a new back stop for the ball diamond.

As the interest of the trust funds is so small, we are obliged for the first time in the history of the playground, to ask for an appropriation of \$600.

Respectfully submitted,

OSCAR R. SPALDING
CHARLES L. HILDRETH
JOHN FISHER

REPORT OF THE MARTINA GAGE GIFT TO THE TOWN

We have made quite a study of the deeds and what plans there are. But the deeds are forty to seventy years old and many of the land marks are missing. We have established bounds with the adjoining owners.

The W. P. A. is doing some surveying and it will require more time to complete the work. Our progress has been slow.

For the committee,

OSCAR R. SPALDING,

Chairman.

NOTE:

The Committee as appointed by the Moderator consists of Oscar R. Spalding, Chester E. Blaisdell, Edmund L. Provost, J. Austin Healy and Fred R. Blodgett.

REPORT OF FINANCE COMMITTEE

The Finance Committee has held the customary meetings and given all the articles in the warrant careful consideration and recommended the appropriation of the various sums as tabulated below:

Article Appropriation		Voted 1937	Amount Expended	Amount Asked	Recom- mended
3 - 1	Selectmen	\$ 500.00	\$ 533.22	\$ 550.00	\$ 550.00

 28. Interest on Revenue Loans.
 29. Electric Lights.
 30. Reserve Fund.
 31. Bills outstanding December 31, 1937.
- 4th. To see if the Town will appropriate \$10. and elect a Director under the provisions of Section 40-45 of Chapter 128 of the General Laws as amended by Chapter 166 of the Acts of 1932.

- 5th. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws.
- 6th. To see if the Town will appropriate a sum sufficient to pay the County of Middlesex as required by Law on account of assessments levied on the Town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932, bonds maturing in 1938, issued in compliance with Chapter 10, Acts of 1932, also for any other indebtedness incurred and outstanding under said Chapter 10, also for the Town's share of the cost and interest on said bonds due in 1938, also for the care, maintenance and repair of said hospital for 1937, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and for all other expenses in connection therewith, including Chapter 400, Section 25 G (6) (a) of the Acts of 1936 determine how money shall be raised, or in any way act thereon.
- 7th. To see what action the town will take to meet the assessment of \$1,697.63 heretofore made on it for the purpose of paying its share of the cost of making alterations and constructing additions in and to the Middlesex County Tuberculosis Hospital under Chapter 417 of the Acts of 1935, as amended by Chapter 205 of the Acts of 1937; to see whether the town will vote to appropriate all or any portion of said assessment and to raise the amount so appropriated in whole or in part in this year's tax levy or to transfer such amount in whole or in part from any available funds; to see whether the town will vote to appropriate all or any portion of said assessment and to borrow the amount so appropriated on bonds or notes of the town; to see whether the town will elect that all or any portion of said assessment shall be funded through the issue of bonds or notes of the County of Middlesex as authorized by said Chapter 417, as amended; in case the town shall elect to fund under said Chapter 417, to see whether the town will elect that the assessments to be hereafter made upon it on account of any such funding loan shall be payable by it over the maximum permitted term of fifteen years or over a lesser period; to see whether the town will vote to direct the Town Clerk to file with the Middlesex County Commissioners promptly, and in any event not later

than April 15, 1938, an election to fund all or any portion of the assessment already made upon it as aforesaid; and to take any action in connection with the matters contained in this article.

- 8th. To see if the Town will vote to appropriate \$400. for Band Concerts for the current year.
- 9th. To see if the Town will appropriate \$100. for guideboards.
- 10th. To see if the Town will vote to appropriate \$600. for the care of the Whitney Playground.
- 11th. To see if the Town will appropriate money to meet the expenses incurred in connection with the W. P. A., or other similar projects.
- 12th. To see if the Town will vote to install additional street lights as follows:
Seventeen on Groton Road
Eleven on Concord Road
Nine on Dunstable Road
Four on Littleton Road
Three on Leland Road
Two on Hartford Road
- 13th. To see if the Town will vote to transfer and appropriate money to the Road Machinery Account.
- 14th. To hear the report of the Committee chosen at the last annual meeting to make a survey and examination of the land devised to the Town under the will of Martina A. Gage, and appropriate money therefor.
- 15th. To see if the Town will vote to sell and convey any of the land devised under the will of Martina A. Gage, or authorize the cutting and removal of any of the wood and timber thereon.
- 16th. To see if the Town will accept the layout made by the Selectmen of a way in Forge Village on file in the Town Clerk's Office on the petition of Edmund D. Rogers and ten others.
- 17th. To see if the Town will accept the layout made by the Selectmen of a way in Forge Village on file in the Town Clerk's Office on the petition of John J. Daly and eleven others.

- 18th. To see if the Town will accept the layout made by the Selectmen of a way in Forge Village on file in the Town Clerk's Office on the petition of Edmund J. Hunt and seven others.
- 19th. To see if the Town will accept the layout made by the Selectmen of a way in Forge Village on file in the Town Clerk's Office on the petition of William Kelly and sixteen others.
- 20th. To see if the Town will vote to name the new ways laid out and any other unnamed Town ways.
- 21st. To see if the Town will vote to petition the Great and General Court for legislation permitting the Town to borrow money for the purpose of remodeling, enlarging the floor space, equipping and installing a sufficient heating system in the William E. Frost School.
- 22nd. To see if the Town will vote to appoint a committee to investigate and report at a subsequent meeting on the advisability and necessity of remodeling, enlarging the floor space, equipping and installing a sufficient heating system in the William E. Frost School, and appropriate money therefor.
- 23rd. To see if the Town will vote to install a new heating plant at the Frost School and appropriate money therefor.
- 24th. To see if the Town will vote to make changes, alterations and repairs in the Frost School, so as to make it into a six room building with a sufficient heating system, and appropriate money therefor.
- 25th. To see if the Town will vote to reimburse Frank G. Kloppenburg for damages sustained to his automobile while operating on a highway in this Town, and appropriate money therefor.
- 26th. To see if the Town will vote to accept the provisions of Section 48 of Chapter 31 of the General Laws of the Commonwealth of Massachusetts, Ter. Ed. Said Section is entitled "Application (of the Civil Service Laws) to Police of certain Towns", and in part is as follows:

"A Town which has not accepted this Chapter or the corresponding provisions of earlier laws, may accept this section as to its regular or permanent police.....forces..... In a Town which accepts this section by vote of the Town at a Town

meeting, or has accepted corresponding provisions of earlier laws,.....the members of the forces to which the acceptance relates shall be subject to this chapter and the rules made hereunder (Civil Service Laws), and shall hold office until death, resignation or removal; but members in office at the time of such acceptance shall continue in office without examination or reappointment."

And you are directed to serve this warrant by posting up true and attested copies thereof at the Town Hall and each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this first day of February, in the year of our Lord 1938.

WILLIAM R. TAYLOR,
ARTHUR M. WHITLEY,
ARTHUR L. HEALY,

Selectmen of Westford.

REPORT OF SCHOOL COMMITTEE

Citizens of Westford:

I hereby submit my annual report as Chairman of the School Committee for the year 1937.

No changes occurred in the personnel of our committee this year, as Mrs. Dorothy Chandler and Albert G. Forty were re-elected. At our first meeting the following officers were re-elected: Eric J. Anderson as Chairman, and George P. Gibbons as Secretary.

The Building Committee, whose duty it is to investigate all conditions where major repairs on school property seem to be needed, made several recommendations to the school board. The board voted to paint the Cameron School and the Sargent School, also put new toilets in the girls' basement in the Cameron School. The sidewalks and driveways at all the schools have been oiled and are kept in repair.

The tennis court at the Sargent School has been resurfaced, and wire fences put up on both sides to keep the court in better condition.

For the expenses of the Public Schools this year, we respectfully ask the sum of \$66,000. which is \$1000. less than for the year 1936. For the Vocational Schools we respectfully ask for \$2000.

Respectfully submitted,

ERIC J. ANDERSON,

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

January 1, 1938.

To the School Committee:

I herewith present my sixth annual report as Superintendent of the Westford Schools, accompanied by the reports of the Principal of the Academy, the School Nurse, the School Doctor, and the Music Supervisor, together with the usual statistical data.

BUDGET

Our budget of sixty-seven thousand dollars for the year 1937 was approved by the Finance Committee and by the voters at the Annual Town Meeting. The increase over last year was for the purpose of meeting the increase in costs of schools and for the continuance of the special teacher as assistant to Miss Florence Blodgett. In June, in compliance with the building inspector's report, we were forced to abandon the assistant teacher in Frost School because of the lack of a suitable room, and to make many costly and unexpected repairs to our buildings. We were unable to effect all the alternations suggested by the inspector as they would have necessitated an additional outlay of several thousand dollars more than our budget.

STAFF CHANGES

The following changes were made in the teaching staff during the year:

Mr. Joseph Underwood resigned on January 1, 1937, in order to accept a better paying position in Fitchburg, Massachusetts. Mr. Clifford Hunt of Norton was elected to fill the vacancy as Principal of the Frost School.

Mr. William Roudenbush retired in June. Mr. Julius Mueller of the Attleboro High School was elected to fill the vacancy as Principal of Westford Academy.

Mr. Lloyd Turner, instructor of French and Latin, resigned in July in order to accept a better paying position in Bennington, Vermont. The vacancy was finally filled after school had opened by Mr. George Charron of Nashua, New Hampshire.

In August Mr. John J. Timon resigned as instructor of history and civics to accept a more desirable position in Leicester, Massa-

chusetts. Mr. Walter Pulsifer of Chatham, Massachusetts, was elected to succeed Mr. Timon.

Miss Alberta Ringer resigned in August as a fourth grade teacher in the Cameron School to accept a better position in Tewksbury, Massachusetts. Miss Marion Carroll of Chelmsford, who had substituted for Mrs. O'Clair last year, was chosen to fill the vacancy.

Mr. James Fitzgibbons, Principal of the Sargent School asked for a year's leave of absence in order to study at Boston University. This request was granted, to take effect at the opening of school. Mr. John Whitehead of Goffstown, New Hampshire, was chosen as Acting Principal for the present school year.

There was but one change in the janitorial staff. Mr. George Jones of Nabnassett was elected as janitor of the Nabnassett School to fill the vacancy caused by the sudden death of Mr. Michael McGlinchey.

WESTFORD ACADEMY

The following chart will give some idea of the crowded conditions existing in the Academy:

Home Rooms October 1, 1937	Seats	Pupils
Mr. Sweatt (Eighth Grade)	37	28
Mrs. Robsinson	35	34
Mr. Pulsifer	35	32
Miss Caldwell	36	36
Mr. Delaney	*34	34
Mr. Charron	35	36
Miss Bohenko	**21	21

*—Legally this room cannot be used as a classroom.

**—Legally we are not supposed to have more than twelve pupils in this room.

Total number of legal seats	190
Total number of pupils in the building	221

The typewriting room is filled with small typing tables and is not suitable for a home room. The assembly hall has a cold floor, poor lighting, and a noisy and very drafty heating and ventilating system, which make it an extremely undesirable place for classroom use.

TRANSPORTATION

The bus contracts expired in June and were renewed with the owners who have operated the school busses during the past year.

These contracts called for the same provisions as before with the addition of the following:

1. "I shall install a satisfactory bus heater."
2. "The tires shall be of first quality (no seconds or retreads and no blowout patches shall be used) and when the tread is worn off the tires so that they are smooth, they shall be replaced by first quality tires."

HEALTH

Dr. Dwight Cowles and Mrs. Veronica Meagher are carrying on their routine inspections and caring for the health of the children. The usual clinics have been held and students have been given the opportunity for dental treatment at the Abbot Worsted Hospital in Forge Village. Dr. Farrar of the State Hospital staff in Worcester is at present examining all children who are three or more years retarded. He is being assisted by a psychiatrist from his own staff.

CHRISTMAS GIFTS

The Abbot Worsted Company and the C. G. Sargent Sons, Incorporated, gave their usual liberal contribution for the Christmas parties in the elementary schools. With business on a "sit-down" strike, these gifts provided the only Christmas entertainment for some of the children. Many parents were too proud to ask for aid as long as they could manage to get along, yet they could not afford to provide the usual Christmas festivities in their homes. The donators should feel that they have helped to promote the Christmas spirit in the life of every pupil.

READING

Last year we put in a new set of readers in the three lower grades. This new system affords an excellent opportunity for the pupils to get a good start in reading and also provides for much correlated activity. Through the courtesy of the publishers we have been able to obtain the occasional services of their reading supervisor, who has given valuable aid and suggestions to the teachers. The progress that the children are making is very encouraging. We hope to eliminate many of our former reading difficulties in the upper grades by giving each child four years of instruction in this system.

AMERICANIZATION CLASSES

The Americanization Classes that were started last year are continuing this year. They began with a large enrollment in spite of the fact that many pupils had already received their citizenship papers,

but since some are now working in the evening, the numbers have decreased so that we are operating with only three teachers. Miss Gertrude Provost is in charge of the class in the Cameron School. Miss Josephine Mardas and Miss Olga Remis are in charge of the two classes at the Sargent School.

NURSERY SCHOOL

The Nursery School is again in operation this year through the aid of federal funds. The present enrollment varies from twenty to twenty-six pupils. They are instructed and given a free noon meal under the direction of Miss Priscilla Wright assisted by Mrs. Florence Werner, with Mrs. Ricard as cook. The Abbot Worsted Company has donated the use of their hall in Forge Village for this school. The local Welfare Department has willingly co-operated with Miss Wright in an earnest endeavor to make the undertaking a success.

RETIREMENT

On August 27, 1937, Mr. William C. Roudenbush, at the end of twenty-five years of faithful service, retired as Principal of the Westford Academy, being the first teacher in active service in the Town of Westford to relinquish his position under the new retirement law.

He came to Westford in 1912 to take up his duties as Principal of the Academy, which was then a small private school with about fifty pupils and three teachers. During his long term as Principal he has seen it change to a public high school and greatly increase in numbers until there are now over two hundred pupils and nine teachers crowded into the same old building. The pupils will miss his timely counsel and faithful guidance, which have always been appreciated by those who have been enrolled in the Academy during the last quarter of a century.

In Memoriam

Mr. Michael McGlinchey began his service as Janitor of the Nabnasset School in August, 1933. He was happy in his work and performed his duties willingly and faithfully for the benefit of all. In addition to his regular work he voluntarily taught the boys in manual training and coached them successfully in sports, especially baseball. His sudden death came on October 23, 1937 without warning. The people of the community have lost a faithful servant and sincere friend.

BUILDING REPAIRS

The following repairs and improvements were made during the year:

CAMERON SCHOOL

The installation of new toilets, which was started last year, was finished.

The outside of the building was given one coat of paint.

Two fire doors in the rear of the building were repaired and weather-stripped.

FROST SCHOOL

The driveway was regraded and tarred. Tar patch was put on around the two front piazzas to stop the washing off of the gravel.

The center section of the ceiling in the lower corridor was replaced.

The ceiling in Miss Tuttle's room was replaced.

The ceiling in Mr. Hunt's room was repaired.

The fire escape door on the second floor was replaced.

SARGENT SCHOOL

The badly decayed bulkhead was replaced.

The exterior of the building was given two coats of paint.

With the generous assistance of the selectmen we were able to finish grading and fencing the tennis court.

NABNASSETT SCHOOL

The walks were regraded and covered with tar patch.

The driveway was regraded and tarred.

The tennis court was partially completed under Federal Aid.

WESTFORD ACADEMY

The driveway was retarred.

Two more copper valleys on the roof and a skylight were replaced.

The stage in the auditorium was given a much needed coat of paint.

SUGGESTIONS

The following is a partial list of suggestions that should be seriously considered during the coming fiscal year:

1. That the leaky roof on the old section of Cameron School be reshingled before water destroys the ceilings.

2. That all playground equipment be repaired without further delay.

3. That the painting program be continued with the painting of at least one building a year.

4. That we continue our program of replacing some of the old books in spite of the fact that our exchange discount has been almost eliminated by the new code among textbook publishers.

5. That we exchange five typewriters each year in order to get the latest equipment and to take advantage of better exchange prices.

6. That we hire an experienced operator with one of the new eye testing machines in order to get an accurate and true report of the present condition of the eyesight of every pupil in the system. This would aid us in diagnosing reading difficulties and in reducing retardation and failures.

In concluding this report I wish to extend my sincere thanks and appreciation to the members of the school staff who have co-operated to make our work more pleasant and efficient. I also wish to thank the School Committee for the guidance that has made possible continued improvements for the benefit of the children of Westford.

Respectfully submitted,

ROBERT W. BARCLAY,

Superintendent of Schools.

ROOM 419
53 CENTRAL STREET
LOWELL, MASSACHUSETTS

April 27, 1937.

To: Mr. Robert Barclay, Supt. of Schools.

Subject: Inspection of Westford Schools.

1. I recently inspected the school buildings in the Town of Westford. In order to meet the state requirements it will be necessary to make the following changes and alterations.

2. Westford Academy: (a) The seats in the assembly hall should be cleated. (b) There should be centilated hoods over the workbenches in the chemical class room. (c) In room 10 there is no ventilation, and the lighting does not meet with the state requirements. (d) In room 9, the typewriting room, there should be additional dormer windows. (e) Room 8 does not meet the lighting requirements. There should be additional dormer windows. (f) Dead lock should be removed from the inter-communicating door to the next room. (g) Broken plaster underneath the stairway used for a closet should be replaced.

3. Frost School: (a) The fresh air duct doors should be metal covered. (b) All boiler room doors should be fire proofed with fusible link and counter weights attached, metal sash and wire glass on all windows from the boiler room. (c) There should be additional toilet room ventilation in both boys' and girls' toilets. (d) The plaster in the halls is in bad condition and should be replaced. (e) The ceiling in Miss Tuttle's room is in bad condition and should be replaced. (f) The door to the fire escape in the rear from the second floor is in bad condition and should be repaired. (g) The fire hose is in bad condition and should be replaced. (h) The over-flow class, grade two, on the second floor of this building must be removed.

4. Sargent School: (a) Repair plaster in one of the rooms on the lower floor. (b) Metal cover the fresh air duct doors. (c) Fire proof the door in first floor corridor to grade 3.

5. Cameron School: (a) Additional room ventilation should be provided for the boys and girls toilet rooms. (b) Have fire extinguisher placed in manual training room.

JOHN B. MOYNAHAN,

State Building Inspector.

REPORT OF WESTFORD ACADEMY

January 1, 1938.

Mr. Robert W. Barclay,
Superintendent of Schools,
Westford, Massachusetts.

Dear Sir:

I herewith submit with pleasure my first annual report as principal of Westford Academy, under the following headings:

I. ENROLLMENT

Total Enrollment on November 24, 1937:

	Boys	Girls	Total
P. G.'s	1	2	3
1938	10	20	30
1939	17	15	32
1940	28	35	63
1941	26	33	59
	<hr/>	<hr/>	<hr/>
	82	105	187

Note: We require 15 credits to be a Sophomore, 35 credits to be a Junior, 55 credits to be a Senior, and 80 credits to graduate. This means that a pupil may have fewer credits than his class and still catch up.

Post-graduates have decreased in number. We did not admit them until the second Monday in September and then only to those subjects that were not overcrowded. We expect them to have a definite objective in coming to school. Regular attendance, good behavior, and good work are required.

II. FACULTY

Julius H. Mueller, Jr.	Mathematics
Mrs. Mary L. Robinson	English
Miss Ethel N. Caldwell	Science, English
George O. Charron	French, Latin
Walter T. Pulsifer	History, Civics, Commercial
Frederick Delaney	Science, Mathematics
Miss Ethel T. Tewksbury	Commercial, Secretary to the Superintendent
Miss Mary I. Bohenko	Commercial
Miss Lily Moran	Music Supervisor
Chester V. Sweatt	Eighth Grade

III. SCHOLARSHIP

In spite of the somewhat crowded conditions that exist, the high standard of scholarship which has always been associated with the Academy is being maintained. To this end every effort is being made to encourage our students to greater effort in their studies. "To work hard when they work, and to play hard when they play," is the ideal we are attempting to foster. In keeping with this ideal tardiness, absence, and poor behavior are being discouraged, it being our firm conviction that there exists a definite relationship between these traits and high scholarship.

Report cards continue to go out every two months. Deficiency cards are sent home on the alternate months. As these reports are the only ones sent out by the school, parents are urged to examine them carefully, for they are an indication of the progress which your boy or girl is making. In passing, it is of interest to note that 14% of the school's total enrollment made the first term (Sept.-Oct.) Honor Roll.

Crowded conditions necessitate having pupils study in the rear of recitation rooms. This practice at best is poor, but under the present limitation of space cannot be avoided. It has been necessary, further, because of the large enrollment, to use room 10 on the third floor of the Academy for class recitations. Likewise, it is necessary to use the gymnasium for a study hall every period of the school day. The poor lighting, seating, and ventilation are detrimental to the well-being of the students who must of necessity recite or study in these rooms. Moreover, the thin partitions between the rooms on the third floor, make teaching and recitation difficult. Especially is this true when all three rooms are being used for class recitations at the same time.

As indicated in the following schedule, provision has been made for students to receive extra help after the regular school session:

Monday	Miss Caldwell, Miss Bohenko
Tuesday	Mr. Delaney, Miss Tewksbury
Wednesday	Mr. Pulsifer, Mrs. Robinson
Thursday	Mr. Charron, Mr. Mueller
Friday	Open for Appointment

It is not to be inferred from this that students cannot receive help during school hours. Any student desiring help can always secure the same by making arrangements with the teacher concerned.

IV. OUR PROGRAM

The increasing size of the Chemistry classes requires that it be offered every year instead of every other year, as in the past. The schedule of classes was so arranged this year that double periods in

both Physics and Chemistry are possible without increasing the number of periods in the school day. In view of the fact that it is considered uneconomical to schedule classes of fewer than ten students, third year Latin is not being offered at the present time.

Under the present crowded conditions it is perhaps rather futile to think of adding new subjects to the curriculum. Yet the fact remains that a program in physical education is sorely needed. As it is now, only those few boys and girls representing the school on the various athletic teams benefit from that form of supervised organized play. It has been recently said, that "physical education has such an important part to play that no substitution may be made for it in the curriculum without loss to the boys and girls."

It has become a recognized fact that all boys and girls are not fitted for college work, neither are all boys and girls fitted for work in the commercial field. To better meet and serve the needs, aims, interests, abilities and capabilities of our students, our curriculum should be augmented by the addition of curriculums giving training in Household Arts and Manual Arts. Too many of our students are enrolled in the General Curriculum. As its name implies the General Curriculum is made up of subjects selected from the other two curriculums, and its sole aim is that of granting to the student the privilege of accumulating sufficient credits for graduation. Supplementing our curriculum by the two mentioned, while it would not do away entirely with this class of general students, would help to reduce the number of pupils in this classification, and moreover, would place them in a field of study which has clearly defined goals and provides a training of highly practical value. This is particularly true in the case of those pupils who do not contemplate further study after graduation.

V. CLUBS

Our club program is being continued. New clubs have been added, making the total nine. The name of the club together with the faculty sponsor and the number in each is as follows:

Club	No. of Pupils	Faculty Sponsor
Newspaper	25	Mrs. Robinson
Photography	28	Miss Caldwell
Science	16	Mr. Delaney
History	29	Mr. Pulsifer
Dramatic	19	Mr. Charron
Commercial	7	Miss Bohenko
Glee Club	58	Miss Moran

All students are required to participate in some club project. Since pupils select the club to which they wish to belong, it has been

necessary to follow the policy of first come first served. Clubs meet during the last period on Monday. By omitting one period in rotation from week to week, the necessary time for this worthwhile activity is obtained.

VI. THE SCHOOL PAPER

Members of the Newspaper Club, under the direction of Mrs. Robinson, and members of the Commercial Club, under the direction of Miss Tewksbury, are responsible for the editing and printing of the "Clarion", the school paper. The "Clarion" makes its appearance five times during the school year. The staff for the year 1936-1937 consists of the following students:

Editor-in-chief	Barbara Blackadar '37
Assistant	Caroline LeDuc '38
Business Manager	Frank Stepinski '37
Assistant Business Manager	Henry Corey '39

Editorial Staff

Priscilla Knowlton	'37	Frank Stepinski	'37
Olive Frost	'38	Michael Volkowich	'37
Jeanette Hornbrook	'39	Anthony Sudak	'38
Robert H. Perrins	'40	Harriet Abrahamson	'38
Helen Sullivan	'37	Mary Remis	'40
Winifred Rhodes	'38	Frances Zubowicz	'40
Lois Hanson	'37	Stephen Brown	'37
Rowena Curley	'38	Thomas May	'39
Francis Barretto	'37	Joseph Kelly	'39
Harold Malloy	'37	Esther Poznick	'37
Luba Briscoe	'36	Margaret Lyons	'38
Pauline Smith	'38	Mary Hildreth	'37
Helen Reeves	'37	Stella Briscoe	'39
Marion Johnston	'38	Nellie Worobey	'37
Catherine Brown	'38		

Printers

Barbara Curley	'36	Esther Poznick	'37
Janet Johnston	'37	Helen Reeves	'37
Irene Dudevoir	'37	Leslie Swanson	'37
Margaret Kelly	'37	Nellie Worobey	'37

A special edition of the Clarion was published in June 1937 as a yearbook of the graduating class. Photographs and sketches of each member of the graduating class together with photographs of the athletic teams and the Clarion staff were included. Also included were the Class History, the Class Prophecy, the Class Will, the Salutatory Address and the Valedictory Address.

VII. EXTRA-CURRICULAR ACTIVITIES

Athletics continue to flourish under the direction of Coach Delaney in Basketball and Baseball. Girl's Basketball is coached by Miss Bohenko. Our Boy's Basketball team was victorious in the Fitchburg Tournament on March 6, 1937, winning the class B championship. Our Girl's Basketball team finished in second place in the Wachussetts League. Westford Academy is a member of the Wachussetts League in Basketball and of the Northern Middlesex League in Baseball.

Assemblies are held on Wednesday mornings and student participation in these assemblies is encouraged. Assemblies conducted by members of the United States History Class, under the direction of Mr. Pulsifer, have been held in observance of Constitution Day, September 17, and of Columbus Day. Two other assemblies given by outside speakers, one an illustrated bird lecture, the other, an educational movie on skiing, have been both entertaining and instructive.

Several students are taking advantage of the instruction being given by Mr. Julius Woessner in instrumental music. Mr. Woessner meets two groups for individual instruction at the Academy on Wednesday mornings. The combined groups, meeting as an orchestra, furnish music for our Assemblies.

Under the direction of Mr. Charron, the Faculty Director of Athletics, and of both Coaches, the Westford Academy Athletic Association is continuing to function. The Association is beneficial to students and teachers alike in the promoting of school spirit. Any regularly enrolled member of the Academy is eligible for membership in the Association. In return for the payment of the annual dues of twenty-five cents, each member is accorded the right to vote on all matters pertaining to the Association and its affairs, and is further given the privilege of obtaining basketball season tickets at a reduced price. Members of all athletic teams must belong to the Association to represent the Academy in contests with other schools. The Association stands for good sportsmanship and fair play. The officers for the Association for 1937-1938 are:

President	Richard Hanson, '38
Vice-president	Norman Newton, '38
Secretary	Dorothy Sargent, '39
Treasurer	Annie Denisevich, '38

On Friday Evening, May 21, 1937 the Seniors, Class of 1937, put on the play "The Arrival of Kitty" in the Academy Gymnasium. The play was staged under the direction of Mr. John J. Timon.

Members of the Student Association presented the comedy "Here Comes Patricia" on Thursday Evening, February 4, 1937, in the gym-

nasium. The proceeds from the play, which was coached by Mr. Timon, helped materially to defray the expenses incurred by our athletic teams.

Class elections were held for each of the four classes at the close of the first ranking period. Principal qualifications for candidates for class officers are:

"Each candidate must be a bona fide member of his or her class, must be passing in all subjects, and have a mark of B or better in conduct." In addition to these qualifications, candidates are expected to possess in some measure the following characteristics: "ability as a leader, ability to express an idea clearly, sincerity of purpose, loyalty, dependability, co-operation, and initiative."

The accompanying table shows the officers for each class, together with the faculty advisors for each.

Class Officers and Faculty Advisors 1937—1938

Seniors (1938)

President	Norman Newton
Vice-President	Caroline LeDuc
Secretary	Evelyn Judd
Treasurer	Rowena Curley
Faculty Advisors	Mr. Mueller, Mrs Robinson

Juniors (1939)

President	Ernest Benkoski
Vice-President	Dorothy Sargent
Secretary	Hilda Blanchard
Treasurer	Jennie Sienkewicz
Faculty Advisor	Mr. Pulsifer

Sophomores (1940)

President	Grace Hanson
Vice-President	Willard Beebe
Secretary	Rachel Burnham
Treasurer	Harriet Mann
Faculty Advisors	Miss Bohenko, Mr. Charron

Freshman (1941)

President	Lillian Bellemore
Vice-President	Shirley Perkins

Secretary	Barbara Anderson
Treasurer	Richard Healy
Faculty Advisors	Miss Caldwell, Mr. Delaney

VIII. MISCELLANEOUS

The honorary members of the Tadmuck Club from the Class of 1938 are Dorothy Marshall and Annie Denisevich.

A class of 31 graduated in 1937.

The Academy continues to be on the approved list for the New England College Certificate Board and is in Class A for State Teachers Colleges.

The Senior Class (Class of 1938) held a Reception to the Freshmen in the gymnasium on October 22, 1937. The gymnasium was attractively decorated in the orange and black symbolic of the Spirit of Hallowe'en. Games and dancing were enjoyed by all.

A Christmas Party sponsored by the Athletic Association was held the night of December 22nd in the Academy gymnasium which was attractively decorated for the occasion. A short play was presented by members of the Dramatic Club under the direction of Mr. Charron. Following carol singing by members of the French and Latin classes, gifts were distributed, and dancing, with music furnished by an accordion orchestra, completed a most enjoyable evening.

The program of the graduation exercises of June 16, 1937 together with the list of graduates follows this report.

IX. GIFTS FROM THE JULIAN'S FUND

During the year 1937 the Trustees of Westford Academy have purchased from this fund the following additional volumes to complete our collection of the Careers Research Monographs:

Careers Monographs (Group O)

73. Vocational and Educational Counseling as a Career
74. Real Estate Management as a Career
75. Career as a Personal Shopper
76. Metallurgical Engineering as a Career
77. Careers in Aeronautics (non-flying)

Careers Monographs (Group P)

78. Career as a Merchandise Buyer
79. Dairy Farming as a Career
80. Careers in the Dairy Products Industry
81. Ceramic Engineering as a Career
82. Exploring as a Career

X. NECROLOGY

It is with sincere regret that we record the death of Mrs. H. V. Hildreth, who passed away April 18, 1937, after a long illness. Mrs. Hildreth was a graduate of the Academy, Class of 1880.

We are sorry to record the death of Miss Clara Smith, of the Class of 1870, who died March 1, 1937. Miss Smith became a succesful teacher and taught for a number of years at the Frost School.

We are sorry to record the death of Mr. Leonard W. Wheeler, who died July 4, 1937 of injuries sustained in an automobile accident on June 26, 1937. Mr. Wheeler was a graduate of the academy, Class of 1882.

It is with regret that we record the death of Alfred Tuttle, who died September 4, 1937. Mr. Tuttle, who graduated from the Academy with the Class of 1912, was mail carrier here for the past twenty years.

We are sorry to record the death of Mrs. Edson G. Boynton of the Class of 1881, who passed away on December 1, 1937, after an illness of several months.

It is with regret that we record the death of Mrs. Ida Wilkins, who died December 4, 1937. Mrs Wilkins was a graduate of the Class of 1877.

It is with much regret that we record the death of two underclassmen, during the past year. Norman Curley of the Class of 1939, who died January 31, 1937, and Dorothy Gould of the Class of 1939, who passed away December 14, 1937.

XI. CONCLUSION

In conclusion, I wish to extend my thanks and appreciation to teachers, students and others who have aided, for their splendid co-operation and efforts in the interests of Westford Academy.

Respectfully submitted,

JULIUS H. MUELLER, Jr.,

Principal of Westford Academy.

WINNERS OF PRIZES (Given by Trustees)

Member of Junior Class with highest percentage improvement in
general average over last year:

Ten Dollars—Mildred Richard, '38

Member of Sophomore Class with highest percentage of improvement in general average over last year:

Ten Dollars—Grace Zanchi, '39

Member of Freshman Class with Highest General Average for the Year:

Five Dollars—Harriett Mann, '40

Member of Senior or Junior Class with Highest Rank in Stenography for the Year:

Two and One-half Dollars—Anastasia Worobey, '37

Member of Senior or Junior Class with Highest Rank in Typewriting for the Year:

Two and One-half Dollars—Helen Sechovich, '37

Member of Senior Class making greatest improvement in English over last year:

Five Dollars—David Bruce White, '37

Washington and Franklin Medal for excellence in United States History, (Given by Massachusetts Society of Sons of the American Revolution)

Leonard Wesley Cavanaugh, '37

CLASS SONG

1. Dear friends and teachers, listen awhile
 To a story you all know.
 One more class has passed the last long mile,
 And one more class has to go.

CHORUS

- Friendly, honest, helpful to each one,
 We always tried to be.
 And we're proud to say that we once went
 To Westford Academy.
2. Through the past four years we always found time
 To have fun as well as work.
 And we hope as we go forth alone
 From our tasks we will never shirk.
- (Alexander Belida and Lois Hanson)

SCHOOL SALUTE

Hail to Westford! Our Alma Mater!
 And her sons and daughters true.
 We will strive to give as we work and live,
 The best of our service to you.

(Words by W. C. R.)

GRADUATION CALENDAR

1. Baccalaureate Service for Graduating Class at Unitarian Church, June 13.
2. Field Day Exercises on Whitney Playground, June 15.
3. Class Day Exercises on Whitney Playground, June 15.
4. Graduation Dance in Assembly Hall, June 18.
5. Alumni Banquet and Business Meeting in Assembly Hall, June 19, 7 P. M., preceded by Social Hour at 6 P. M.

REPORT OF SCHOOL NURSE

January 14, 1938.

Mr. Robert Barclay,
Superintendent of Schools,
Westford, Mass.

Dear Sir:

Following is the report of the School Nurse from January 1, to
December 31, 1937:

Daily School Visits	
School Children examined for minor ailments	24
Dressings and First Aid	32
Children excluded for Pediculosis and other	
skin infections	28
Children recommended for exclusion because of	
Contagious Disease Contact	43
Vaccinations checked	
Eyes and Ears Tested	
Assisted at all State and County Clinics held at the Schools.	
Assisted School Physician with Physical Examinations.	

Respectfully submitted,

VERONICA P. MEAGHER, R. N.,

School Nurse.

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as school physician for the year ending December 31, 1937.

The usual physical examination was made on all the children attending the public schools of Westford twice during the school term.

All of the cases in which major physical defects are found are rechecked by a special physical examination every school term and the parents of those found with a major physical defect are informed at once in order that the children may receive treatment at once, if needed.

A special examination of the pupils who are to take part in athletic sports has always been made on request of the coaches of the athletic teams and those found with a major defect are not allowed to play without the special permit of their parents.

I have always responded to calls at the schools in the emergency cases when called by the school principals.

The relatively few undernourished children have been under the observation of the Board of Health nurse during the school term and she has most ably assisted me during my examinations and calls at the schools.

In my work for the past year I have had the splendid cooperation of the Board of Health nurse, teachers, and the parents of the children.

Respectfully submitted,

DR. D. W. COWLES,

School Physician.

REPORT OF MUSIC SUPERVISOR

Mr. Robert Barclay
Superintendent of Schools,
Westford, Massachusetts

Dear Sir:

The following is my report as Supervisor of Music in the Westford Schools:

I have been much pleased with the advancement in music in the schools this year.

Our Rhythm Bands are doing fine work in all of the schools and have been presented in each of our programs during the past year.

Our Harmonica Bands in the Cameron, Sargent, and Nabnassett Schools are also doing splendid work. At the closing of school in June, grades seven and eight of the Cameron School were doing three and four-part work while this fall the fourth grade at the Sargent School has been attracting attention with its two-part work. Three-part numbers in that grade were started last week. Many favorable comments have been passed by parents and spectators who have heard this band at the school entertainments.

On account of time limits, the Harmonica Band at the Frost School was carried on by the teacher of music in that school and rehearsals held during the noon-hour.

In our Singing Classes we are still specializing in individual work, reading, writing, and singing of notes.

There has been much progress in our chorus singing, and our concerts and graduation music were creditably given in each school.

Grade II is the first grade to use books in singing. There is still a shortage of books in these grades, both in Cameron and Frost Schools. These books are needed to replace the old books that are badly worn and torn.

Progress seems rather slow at the Academy; there is a shortage of books for the Glee Club. I sincerely hope more books may be provided during the coming year.

In spite of these conditions we are trying to accomplish our goal and I want to thank the Superintendent and Teachers for their cooperation in furthering my efforts.

Respectfully submitted,

LILLEY M. MORAN,

Supervisor of Music.

Annual Report
OF THE
J. V. FLETCHER LIBRARY
OF THE
TOWN of WESTFORD

For the Year Ending December 31,
1937

REPORT OF THE TRUSTEES OF THE
J. V. FLETCHER LIBRARY

January 1, 1938.

The trustees of the J. V. Fletcher library respectfully submit their annual report for 1937, including the report of the librarian and the list of books added in 1937.

The trustees ask for the following appropriation, viz:

1. The sum of twenty-four hundred dollars (\$2400.00) to meet the current expenses of the main library and its branches.
2. The receipts from the dog licenses in 1937.

JULIAN A. CAMERON, Chairman,
WILLIAM C. ROUDENBUSH,
ALICE M. HOWARD, Secretary.

REPORT OF LIBRARIAN

January 1, 1938

To the Trustees of the J. V. Fletcher Library:

For the twentieth time the librarian presents the annual report of library conditions for the past year. During her time of service several changes have taken place in library routine, among them being the opening of the stacks to the public, a very great help to both librarian and readers as a wider selection is thus available; and second the establishment of deposit stations in the villages whereby borrowers may choose from a collection changed at intervals instead of receiving two books assigned to them from numbers on a card. A picture collection has also been started which has been most used and appreciated by the teachers in the schools; and the catalog has been changed to the dictionary form giving author, title and subject in one alphabet, thereby making it much easier to find the books wanted.

Travel continues to be the most used group of non-fiction among the adults (611 vol.), with biography a close second (582) followed by useful arts third (452), the same order as last year.

For several years the furnaces have not been giving satisfactory service, due to escaping gas. It was planned to replace the worn out parts with new this year but after the work was started this was found impossible as the furnaces were so old the parts were no longer made, so it was necessary to patch them up for the present. This means that the heating system must have a complete overhauling within a few years.

The library still opens on Tuesday and Thursday from 12.30 to one when school is in session for the benefit of the grammar school children who go in busses and so are unable to come after school. This year the high school pupils do not have a chance to come to the library except those who go on the second busses to Forge Village and Graniteville and thus have a few minutes after school. Therefore the librarian has been taking books needed for the required English and History reading to the Academy on Tuesday morning once in three weeks where she spends two hours in the necessary library routine.

This year the library facilities were much used by the summer residents at Nabnassett, Forge and Burgess Ponds.

Miss Kate S. Hamlin, formerly of Westford but for many years of San Francisco, died in November. Her continued interest in the town of her birth was manifested in her "Reminiscences, 1847-1937," of which she sent a typewritten copy, that has been much enjoyed, to the library. This supplements Judge Frederick Fisher's reminiscences which the library already owned. She also presented a large number of brasses from India collected by her sister Miss Sarah Dix Hamlin, founder of the Sarah Dix Hamlin School for girls in San Francisco, which school recently sent us a short story "The Fringed Gentian" written by Miss Kate Hamlin. Other articles are expected from her estate.

A few more pictures have been added to the Westford collection. Mr. Allan C. Sargent presented four framed photographs taken by him and enlarged. These are pictures of the Unitarian church and the old Decatur house with a copy of the inscriptions on each. Miss Grace Lawrence presented a framed picture of the house of Abram Prescott in Forge Village and of Judge Oliver Prescott of New Bedford, son of Abram and two also were received from the Charles O. Prescott estate. Among some postcards received from the Wheeler estate were eight views of the town, including a picture of eight members of a sewing club taken on the steps of Charles L. Hildreth's house in 1909 and of the old electric car with motorman Sherlock and conductor Cutter.

Once again we have received a gift in memory of happy days spent in the library during boyhood. Albert D. Taylor, president of the American Society of Landscape Architects and Consulting Landscape Architect for the U. S. Forest Service, has presented us with a copy of his book "Camp stoves and fireplaces".

For the past year Library Hall has been used by the W. P. A. surveyors who have been making a new map of the town. This work started at the town hall but needing a large space on which to place their map it was transferred to the library where it could be spread out on the floor. The work is now practically completed. This has been a very desirable project as there has been no map of Westford since the one made by Edward Symmes in 1853-55.

The old fashioned table loaned for use in the children's room for many years has been returned to its owner, Mrs. Julian A. Cameron who has replaced it with a modern reproduction, a gift much appreciated.

Three new shelves were added to the tall stack in the children's room to relieve a little the crowded condition of the shelves. The two easy chairs in the conversation room have recently been attractively recovered in brown leather.

The librarian collected and turned over to the town \$38.71 in fines.

When closing the library on February 6 the fire door leading into the stack room was pulled half shut after which it refused to move either way, remaining in that position for several months till repaired by Charles L. Robinson after much study and work on the problem of getting the door out when the trolley had slipped from its track and was badly worn.

The jig-saw puzzles were more used this year than last as several children became interested in them. They make good recreation for the convalescent or for children during the stormy weather.

Mr. Frederick Coburn, a member of the staff of the Lowell Courier Citizen and president of the Historical Society, made several visits to the library due to his interest in historical material and Edgar Allen Poe, who once frequented Westford. On one of his visits he brought with him a gentleman from Paris likewise interested in Poe and much pleased with the gift of two snapshots of the house where he visited. The librarian was invited to attend the meeting of the Lowell Historical Society held in memory of Poe at which she showed pictures of Miss Sarah Heywood whom he visited and the house in which she lived on Graniteville Road of which only the barn and shed are left standing, now owned by Mr. Julian A. Cameron. On one visit here Mr. Coburn read the diary of Albert E. Davis, preceptor of Westford Academy, written between 1858 and 1862, making excerpts from it which were published in the Lowell Courier Citizen.

A beautiful book just added to the library is "Birds of America" by John James Audubon, first accurate painter of birds. As the original copies are few and priceless, a reprint has been made that many people may enjoy the fine work. The 1938 edition of Who's Who has been added to the reference collection.

The librarian attended the meetings of the Massachusetts Library Association at Boston, Plymouth and Springfield and the American Library Association in New York. Her vacation during August was spent visiting relatives in New Brunswick where library facilities are scarce, there being none between Woodstock and Fredericton, two cities sixty miles apart, in contrast to which Massachusetts has one or more in every town in the state. During this time the library was in charge of Miss Alice M. Howard.

A few additions were made to the list of magazines last year after the report was printed—Consumers' Digest (January), Time (February 16) and Sky (June). The new ones for the coming year are Life and Games Digest. This latter is one of the numerous small magazines of which the most popular is the Reader's Digest. It is interesting to contrast the Illustrated London News—the British pictor-

ial with Life, the American magazine. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

WEEKLIES

Geographic News Bulletin	News Week
Illustrated London News	Publishers' Weekly
Life	Science Leaflet
Literary Digest	Saturday Evening Post
New York Times Book Review	Time
Westford Wardsman	

MONTHLIES

AMOUNT OF FUNDS

Legacy of Stephen S. Stone	\$ 1,000.00
Legacy of Augustus K. Fletcher	1,000.00
Legacy of Mary A. Henarie, Laws Fund	1,000.00
Legacy of John M. Osgood	1,000.00
Legacy of Jennnie Reed Wilkins	150.00
Legacy of Adeline T. Burbeck	500.00
Legacy of Albert E. Prescott	6,000.00

REGULATIONS

The J. V. Fletcher Library is open Tuesdays, Thursdays and Saturdays (legal holidays excepted) from 1.30 till 5, and from 6.30 till 9.00 P. M.

The Graniteville deposit station at the home of Mrs. Carrol M. Sawyer, in charge of Mrs. Agda Peterson, is open Monday afternoon and evening.

The Forge Village deposit station at the Post-Office in charge of Mrs. Josephine Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No book shall be transferred, or acknowledged as returned, unless delivered to the librarian.

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.

Number of deaths in Town		24	19	
Residents of Westford		23	22	

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case.
(See General Laws, Chapter 46, Section 13.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * *. Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * *. A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars***.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

Section 8. (Penalty for neglect to comply with the provisions of Section 6, not more than five dollars.)

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor with blanks for return of births as required by law.

CHARLES L. HILDRETH, Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dogs Licensed January 1, 1938 to December 31, 1938

187 Males at \$2.00	\$ 374.00
33 Females at \$5.00	165.00

---	-----------

Number of Dogs returned by the Assessors:

Males	213
Females	47
Spayed Females	16
Total	276

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended by Chapter 320, Acts of 1934.

Section 137. The owner or keeper of a dog which is three months old or over shall annually, on or before March thirty-first, cause it to be registered, numbered, described and licensed for one year from April first following . . . in the office of the clerk . . . The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag . . . and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

Section 138. The owner or keeper of a dog may at any time have it licensed until April first following; and a person who after April first becomes the owner or keeper of a dog which is not duly licensed, and the owner or keeper of a dog which becomes three months old after March thirty-first in any year, shall, when it is three months old, cause it to be registered, numbered, described, licensed, collared or harnessed and tagged as required by Section 137.

Attest:

JAMES J. McKNIFF,
NORMAN E. DAY,
ALBERT R. WALL,
CHARLES L. HILDRETH,

Registrars of Voters.

A true record Attest:

CHARLES L. HILDRETH,

Town Clerk.

ANNUAL TOWN MEETING, FEBRUARY 21, 1938

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, February 21, 1938, at one o'clock P. M., the following business was transacted:

Roger H. Hildreth, Town Moderator, was sworn in by the Town Clerk, Charles L. Hildreth, and called the meeting to order.

Voted to dispense with the reading of the Warrant.

Article 1. Voted that the reports of the Finance Committee, other Committees, Boards and Officers be accepted as printed with the following changes in the Finance Report; on page 86 under Estimated Receipts, Poll Taxes should be \$2162.00 and All Others should be \$18,866.59.

Article 2. Voted that the compensation of the Town Officers be as follows: Selectmen, Chairman \$150.00, other two members \$125.00 each; Board of Public Welfare, Chairman \$20.00, other two members \$10.00 each; Town Treasurer \$550.00; Town Clerk \$100.00; Collector of Taxes .75 of 1% of amount collected; Tree Warden 53c per hour; Assessors \$4.50 per day.

Article 3. Voted that under this article each item be considered separately.

1. Voted that the sum of \$6,885.00 be appropriated for General Government to be divided as follows: Selectmen \$550.00; License Expenses \$60.00; Town Accountant \$875.00; Town Treasurer \$900.00; Assessors \$1200.00; Tax Collector \$1,600.00; Town Counsel \$200.00; Town Clerk \$400.00; Registration and Election \$1,100.00.

2. Voted that the sum of \$1,600.00 be appropriated for the Town Hall.

3. Voted that the sum of \$5,490.00 be appropriated for the Police Department, and also that the sum of \$100.00 be appropriated for Safety Signs.

4. Voted that the sum of \$3,500.00 be appropriated for the Fire Department.

5. Voted that the sum of \$3,115.00 be appropriated for Hydrants.

6. Voted that the sum of \$125.00 be appropriated for the Sealer of Weights and Measures.

7. Voted that the sum of \$75.00 be appropriated to defray the expenses and compensation of the Fish and Game Warden.

8. Voted that the sum of \$1,000.00 be appropriated to defray the expense of Fighting Forest Fires.

9. Voted that the sum of \$75.00 be appropriated to defray the expense of the Maintenance of the Town Forest.

10. Voted that the sum of \$250.00 be appropriated to defray the expenses of the Tree Warden.

11. Voted that the sum of \$2,375.00 be appropriated to defray the expenses of the Moth Department.

12. Voted that the sum of \$4,825.00 be appropriated for the Health Department, to be divided as follows: \$4,450.00 for General Expenses and \$375.00 for milk furnished underweight and undernourished children.

13. Voted that the sum of \$150.00 be appropriated to defray the compensation and expenses of the Cattle Inspector.

14. Voted that the sum of \$10,625.00 be appropriated for Chapter 81 Roads.

Voted that the sum of \$1,500.00 be appropriated for Town Roads.

Voted that the sum of \$4,000.00 be appropriated for Snow and Ice Removal.

Voted that the sum of \$3,000.00 be appropriated for the maintenance of Existing State and County Roads on condition that like amounts be contributed by either or both the State and County respectively, to be used in conjunction therewith.

Voted that the sum of \$1,000.00 be appropriated for repairs on the Groton Road on condition that like amounts or more be contributed by the State and County respectively, to be used in conjunction therewith.

15. A motion that it be recommended to the Welfare Board that all future cattle purchased be purchased from an appropriation made for cattle purposes, was lost.

Voted that the sum of \$16,000.00 be appropriated for the Welfare Department and that \$12,000.00 of this amount be taken from Surplus.

Voted that the sum of \$4,000.00 be appropriated for Aid to Dependent Children.

Voted that the sum of \$7,500.00 be appropriated for Old Age Assistance.

16. **Voted** that the sum of \$6,000.00 be appropriated for Soldiers' Benefits.

17. **Voted** that the sum of \$66,000.00 be appropriated for the School Department.

18. **Voted** that the sum of \$750.00 be appropriated for Vocational Tuition.

19. **Voted** that the sum of \$2,400.00 and the receipts from Dog Licenses in 1937 be appropriated for the expenses of the Public Library.

20. **Voted** that the sum of \$200.00 be appropriated for the Care of the Common.

21. **Voted** that the sum of \$250.00 be appropriated to defray the expense of Commemorating Memorial Day.

22. **Voted** that the sum of \$525.00 be appropriated to defray the expense of Publishing and Distributing the Town Reports.

23. **Voted** that the sum of \$1,500.00 be appropriated for Liability Insurance.

24. **Voted** that the sum of \$3,279.00 be appropriated for Fire Insurance.

25. **Voted** that the sum of \$1,600.00 be appropriated for the Care of the Cemeteries.

26. **Voted** that the sum of \$7,500.00 be appropriated for General Loans.

27. **Voted** that the sum of \$1,547.87 be appropriated for Interest of General Loans.

28. **Voted** that the sum of \$500.00 be appropriated for Interest on Revenue Loans.

29. **Voted** that Article 12 be taken up before Article 3, Item 29.

Article 12. Voted to install additional street lights as follows: nine on Groton Road; seven on Concord Road; six on Dunstable Road; four on Littleton Road; three on Leland Street; and two on Hartford Road.

Article 3.

29. Voted that the sum of \$6,876.00 be appropriated for Street Lights.

30. Voted that the sum of \$4,000.00 be appropriated in accordance with the provisions of Section 6 of Chapter 40 of the General Laws as a Reserve Fund.

31. Voted to lay on the table a motion relative to bills outstanding December 31, 1937.

Article 4. Voted that the sum of \$10.00 be appropriated for Demonstration Work in Agriculture and Home Economics and a Director be elected from the floor under the provisions of Section 40-45 of the General Laws, Chapter 128. Mabel M. Nixon was elected Director.

Article 5. Voted that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1938, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

Article 6. Voted that the sum of \$1,000.00, this being the Town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Acts of 1932 bonds maturing in 1938, be and the same is hereby appropriated, and that a further sum of \$191.25 be and hereby is appropriated on account of interest and other charges on account thereof. That a further sum of \$1,112.70 be and hereby is appropriated for the Town's share of the net cost of care, maintenance and repairs of the Middlesex County Hospital, including interest on temporary notes issued therefor, in accordance with sections of Chapter 111 of the General Laws applicable thereto, including Chapter 400, Section 25 G (6) (a) of the Acts of 1936.

Article 7. Voted that the sum of \$1,697.63 be appropriated for the purpose of paying the share of the Town for the cost of making alterations and constructing additions in and to the Middlesex County Tuberculosis Hospital under Chapter 417 of the Acts of 1935, as amended by Chapter 205 of the Acts of 1937.

Article 8. Voted that the sum of \$400.00 be appropriated for Band Concerts.

Article 9. Voted that the sum of \$100.00 be appropriated for Guide Boards.

Article 10. Voted that the sum of \$600.00 be appropriated for the Care of the Whitney Playground.

Article 11. Voted that the sum of \$8,000.00 be appropriated to meet the expenses of W. P. A. or similar projects, \$3,000.00 of which is to be taken from Surplus.

Article 13. Voted to appropriate the sum of \$254.73 for the Road Machinery Account, which sum, together with the funds in the amount of \$3,745.27 in said account, be appropriated for Road Machinery Purposes.

Article 14. Voted that the Committee chosen at the last Annual Meeting to make a survey and examination of the land devised under the will of Martina A. Gage, be given an extension of time.

Article 15. Voted to dismiss the article relative to a possible sale of land devised under the will of Martina A. Gage, and of cutting and removing wood and timber thereon.

✓ Article 16. Voted that the Town accept the layout made by the Selectmen of a way in Forge Village on file in the Town Clerk's Office on petition of Edmund D. Rogers and ten others. (This way is commonly known as Mattawanakee Street.)

Article 17. Voted to dismiss the article relative to accepting the layout made by the Selectmen of a way in Forge Village on file in the Town Clerk's Office on the petition of John J. Daly and eleven others. (Commonly known as Pond Street and Bradford Street.)

Article 18. Voted that a Committee of three be appointed by the Moderator to act with the Selectmen and investigate the advisability of accepting the layout made by the Selectmen of a way in Forge Village on file in the Town Clerk's Office on petition of Edmund J. Hunt and seven others and report at a later meeting. (Commonly known as Lincoln Avenue and Elm Street.)

Article 19. Voted to dismiss the article relative to accepting the layout by the Selectmen of a way in Forge Village on file in the Town Clerk's Office on petition of William Kelly and sixteen others. (Commonly known as Pershing Street and Smith Street.)

Article 3.

31. Voted to take from the table the article relative to Bills Outstanding December 31, 1937.

Voted that the amount of \$189.00 be added to the Board of Public Welfare unpaid bills for the year ending December 31, 1937, this being a bill of Dr. Cyril A. Blaney for medical services rendered.

Voted that the sum of \$2,858.44 be appropriated for bills outstanding December 31, 1937, to be divided as follows: Registration and Election \$56.00; Town Hall \$19.93; Police Department \$33.52; Fire Department \$42.33; Health Department \$90.00; Temporary Aid \$2,121.18; Infirmary \$85.11; Soldiers' Benefits \$221.37; Public Welfare \$189.00.

Article 20. Voted that a committee of three be appointed by the Moderator to bring in names for the new way laid out and accepted and any other unnamed Town ways; said Committee to report at the next Town Meeting.

Voted to take up Articles 22, 23 and 24 before taking up Article 21.

Article 22. Voted that Articles 21, 22, 23 and 24 be referred to the same committee as was appointed in 1937 under Article 17 at the Annual Town Meeting, to investigate and make a report at a special town meeting to be held not later than April 15, 1938; in the case of the failure of any members of this Committee to serve, the Moderator is empowered to fill any such vacancies with members of the group in which the vacancy occurs.

Article 23. Voted to dismiss the article relative to the installation of a new heating plant at the Frost School.

Article 24. Voted to lay on the table, the article relative to changes, alterations and repairs in the Frost School until the next Town Meeting.

Article 21. Voted unanimously that the Selectmen be and hereby are authorized, empowered and directed on behalf of the Town to petition the Great and General Court for legislation permitting the

Town to borrow not exceeding \$20,000.00, payable in a period not exceeding ten years for the purpose of remodeling, enlarging the floor space, equipping and installing a sufficient heating system in the William E. Frost School.

Article 25. Voted that the sum of \$22.20 be appropriated to reimburse Frank G. Kloppenburg for damages sustained to his automobile while on a highway in this Town.

Article 26. Voted to accept Section 48 of Chapter 31 of the General Laws of the Commonwealth of Massachusetts, Ter. Ed., as set forth in Article 26, as to its permanent police force, (excepting, however, the Chief of Police who is now governed by the Civil Service Laws and regulations.)

Article 27. Voted to accept the minutes of the meeting.

Article 28 Voted to dissolve the meeting.

A true record Attest:

CHARLES L. HILDRETH,

Town Clerk.

SPECIAL TOWN MEETING, MAY 12, 1938

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Thursday, May 12, 1938, the following business was transacted:

Roger H. Hildreth, Town Moderator, called the Meeting to order at eight o'clock P. M.

1. Voted to accept the written report of the Finance Committee.

2. Voted that the Town authorize the Selectmen to purchase Spraying Equipment from the appropriation voted for the use of the Moth Department at the annual meeting of 1938 and also authorize the Selectmen to turn in the old Sprayer for an allowance to be applied to the purchase price of the new Sprayer.

3. Voted that the Town authorize the Selectmen to purchase an automobile from the appropriation voted for the use of the Police Department at the annual meeting of 1938 and also authorize the Selectmen to turn in the old police car for an allowance to be applied to the purchase price of the new car.

4. Voted that the Town authorize the Whitney Playground Committee to purchase a motor mower from the appropriation voted for the care of the Whitney Playground at the annual meeting of 1938 and also authorize the Committee to sell the old mower, the amount received for such sale to be applied to the purchase price of the new mower.

5. Voted that the sum of \$1900.00 be appropriated for equipment hire, tools and materials for Relief Cases; \$400.00 of this to be used for stock and the expenses of painting Public Buildings.

6. Voted that the Town accept the layout made by the Selectmen on petition of Edmund J. Hunt and seven others of a way in Forge Village, as shown on a plan on file in the Town Clerk's Office. (This way is commonly known as Lincoln Avenue and Elm Street.)

7. Voted that the report of the Committee on naming streets and roads be accepted and that their recommendations as to the names and

descriptions of the streets and roads, as set forth in their report, be adopted, and that the Committee be given further time in which to report on the other unnamed roads.

8. Voted to accept the report of the Committee chosen to make a survey and examination of the land devised under the will of Martina A. Gage and that said Committee be given time for a further report.

9. Voted 42 to 17 that the Town raise and appropriate for the purpose of remodeling the Frost School and to meet said appropriation that the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow up to \$20,000.00 and issue bonds or notes of the Town therefore in accordance with the provisions of Chapter 262, Acts of 1938. Said bonds or notes shall be due and payable in ten years.

Voted that the School Committee and the Investigating Committee appointed under Article 22 at the Annual Town Meeting held February 21, 1938, be appointed to serve as a building committee to remodel the Frost School.

10. Voted to accept the minutes of the meeting.

11. Voted to dissolve the meeting.

A true record Attest:

CHARLES L. HILDRETH,

Town Clerk.

SPECIAL TOWN MEETING, AUGUST 12, 1938

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Friday, August 12, 1938, the following business was tranacted:

Roger H Hildreth, Town Moderator, called the Meeting to order at eight o'clock P. M.

In the absence of Charles L. Hildreth, Town Clerk, Alice A. Hildreth, Assistant Town Clerk, acted as Clerk.

1. It was voted to dismiss the article relative to the report of the Finance Committee no member of the Committee being present.
2. Voted that the sum of \$3,500.00 be appropriated for W. P. A. expenses, said amount to be taken from Surplus.
3. Voted that the sum of \$7,500.00 be appropriated for the Welfare Department, said amount to be taken as follows: \$1,800.00 from Overlay Reserve and \$5,700.00 from Surplus.
4. Voted that the Town accept a tentative gift from the Solomon M. Hyams Fund, Inc.
5. Voted to accept the minutes of the meeting.
6. Voted to dissolve the meeting.

ALICE A. HILDRETH,

Assistant Town Clerk.

Town Clerk.

REPORT OF THE BOARD OF SELECTMEN

Citizens of Westford:

After the February elections the Board of Selectmen organized with Arthur M Whitley as chairman, Arthur L. Healy as secretary, and Dr. Cyril A. Baney as the third member.

The appointments made were the same as those the preceding year with the exception of the Town Counsel, to which position George M. Heathcoate was appointed.

The renewal of insurance on public buildings, machinery and equipment was made and it was recommended that the policy on the Frost School be increased approximately \$10,000.

A detailed report of the Police Department may be found in the Police report. Two regular officers have been maintained at no increase in salary. A new car was purchased according to the vote of the Town.

Regarding the highways of the town, a detailed report may be found in the report submitted by the Superintendent of Streets. Trucks that were needed in excess of those owned by the Town have been apportioned to the owners in Westford who requested work, at \$1.15 an hour. Wages have not been changed during the year. The usual allotments have been made by the State and County. An allotment of \$3,400 was given by the State to be used for highway work in 1939, but with the permission of the Public Works department we used this for clearing our highways of trees which had fallen during the hurricane.

A general summary of the Works Progress Administration can be found in the Sponsor's Agent's report.

Extracts of the annual audit by the Director of Accounts in September may be found in their report.

The report of the Fire Engineers covers the work done by the Fire Department.

Adhering to a vote by the Town, we purchased a new sprayer for the Moth department. The benefits resulting from this purchase may be found in the W. P. A. report. We wish to call your attention to the following notice from the State Department of Conservation relative

to the appropriation for 1939. The Town of Westford may be required by Chapter 132 of the General Laws, as amended by Chapter 415 acts of 1937, to expend during 1939 the sum of \$1737.19.

The work of the Town Counsel may be found in his report.

Through the cooperation of the Welfare Department, we were able to paint the exterior of the Town Hall.

Respectfully submitted,

ARTHUR M. WHITLEY

ARTHUR L. HEALY

CYRIL A. BLANEY

Selectmen of Westford.

REPORT OF STATE AUDITOR

October 24, 1938.

To the Board of Selectmen
Mr. Arthur M. Whitley, Chairman
Westford, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Westford for the period from September 2, 1937, to September 6, 1938, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL

Director of Accounts.

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the accounts of the town of Westford for the period from September 2, 1937, the date of the previous examination, to September 6, 1938, and submit the following report thereon.

The financial transactions of all departments receiving or disbursing town funds or committing bills for collection, as recorded on the department records, were examined and verified by a comparison with the town accountant's and the treasurer's records.

The records in the town accountant's office were examined and checked. The recorded receipts were checked with the records of the various departments collecting money for the town and with the treasurer's records, and the recorded disbursements were checked with the treasury warrants authorizing them and with the treasurer's books. The appropriations, transfers, and loan authorizations, as shown on the ledger, were checked with the records of town meetings, as well as with the approvals of the town finance committee and the Commissioner of Corporations and Taxation.

A trial balance was taken off, and a balance sheet showing the financial condition of the town as of September 6, 1938, was prepared and is appended to this report.

Attention is directed to the item on the balance sheet of old age assistance tax abatements, which must be raised by the assessors as required by Section 23, Chapter 59, General Laws.

The records of the town treasurer were examined and checked. The recorded receipts were analyzed and compared with the records of the several departments in which money was collected for the town and with the other sources from which money was paid into the town treasury. The payments were checked with the selectmen's warrants authorizing the treasurer to disburse town funds and with the town accountant's records. The cash balance on September 6, 1938, was proved by actual count of the cash in the office and by a reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of debt and interest were proved with the amounts falling due during the period covered by the audit and were compared with the canceled securities and coupons on file.

The investments of the several trust funds, as represented by savings bank books and securities in the custody of the treasurer, were examined and listed, the income being proved and the withdrawals checked with the receipts as recorded in the treasurer's cash book.

The records of tax titles held by the town were proved with the tax collector's records and were compared with the deeds on file and with the records in the Registry of Deeds.

The books and accounts of the tax collector were examined and checked. The tax accounts outstanding at the time of the previous examination were audited, and all subsequent commitments were verified by a comparison with the assessors' warrants issued for their collection. The recorded collections were proved with the commitment books and with the town accountant's and the treasurer's records; the abatements, as recorded, were compared with the records of abatements granted by the assessors; the amounts transferred to the tax title account were compared with the treasurer's record of tax titles held by the town; and the outstanding accounts were listed and reconciled with the town accountant's ledger accounts.

Verification of the outstanding accounts was obtained by mailing notices to a large number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct

The town clerk's records of dog and sporting licenses were examined and compared with the payments to the State per receipts on file, and with the treasurer's cash book. The cash balance on September 23, 1933, was verified by actual count of the cash in the town clerk's office.

The accounts of the public welfare department were examined and checked. The amounts disbursed for the account of the State and other cities and towns, as shown by the case records, were compared and reconciled with the commitments of bills as recorded on the town accountant's ledger. The collections were compared with the treasurer's and the accountant's records, and the outstanding accounts were listed and reconciled.

Some difficulty was encountered in obtaining the correct amounts of welfare charges billed for collection and the application of payments thereto. To correct this in the future, commitment sheets for the recording of all bills sent out for collection were installed and the outstanding bills as of September 6, 1933, were recorded thereon.

The records of the fire, health, infirmary, and cemetery departments, as well as of all other departments collecting money for the

town or committing bills for collection, were examined and compared with the treasurer's and the town accountant's books.

Payments to the treasurer by the several departmental officials of cash collected by them should be made at least once each month.

It is further recommended that action be taken towards obtaining settlement of the old accounts due the town on account of the fire, health, and infirmary departments.

The surety bonds for the several town officials required to furnish them were examined and found to be in proper form.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's, tax collector's, and town clerk's cash, summaries of the tax, tax title, and departmental accounts, together with schedules showing the transactions of the several trust funds.

For the co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE

Assistant Director of Accounts.

REPORT OF SUPERINTENDENT OF STREETS

Board of Selectmen:

Gentlemen:

The following is my report for the year ending December 31, 1938.

Chapter 81 and General Highway Maintenance

The Highway Department has carried on the usual working program, which includes the patching, graveling, and bituminous treatment of streets. Many new culverts were installed and also catch basins.

All roads newly built in 1936 and 1937 are standing up well due to the fact that they have a good foundation.

Considering the fact that practically every surrounding town has had part time schedules in their Highway Department, I am pleased to report that all the men employed on our Highway Department have had steady work.

The drainage condition which existed at Coolidge Hill, Forge Village Road for a number of years has been eliminated, 1000 ft. pipe line was constructed along the highway to the bottom of the hill, then an opened trench was dug which extends to Brook in the Willows. Several basins were connected to this pipe line to take care of a large volume of water that comes from the side hills.

Chapter 90 Maintenance

This appropriation which provides for the maintenance of all Chapter 90 Highways in the Town again proved itself a great value in the keeping of these routes in good condition.

Among the items covered by this allotment are patching, resurfacing, dragging shoulders, maintenance of guard rails, drainage systems and culverts being taken care of.

Groton Road Chapter 90

On Groton Road the Town had allotment for construction. The work

began at end of 1937 Chapter 90. Construction starting at station 30 and extending in a westerly direction about 2600 ft. into the junction of Tyngsborough Road.

The work consisted of scarifying and reshaping present 18 ft. gravel road. Then widening of 27 ft. with gravel surfacing the entire surface, treated with tar and covered with coarse sand.

Respectfully submitted,

J. AUSTIN HEALY

Superintendent of Streets.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen
Westford, Mass.

Gentlemen:

I herewith submit my report for the year 1938 for the Police Department.

Report to the Department of Correction has been made.

Arrests made	36
Assault and battery	2

REPORT OF FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending Dec. 31, 1938.

The Companies have responded to 30 fires other than forest fires; 6 buildings, 20 chimneys, 1 oil burner, 1 auto, 1 truck, 1 rubbish.

As the three Fire houses need painting and some repairs, and 800 feet of new hose is needed, and some new tires for the trucks, the engineers recommend that the sum of \$3,800.00 be raised to meet the expenses of the department for the coming year.

Respectfully submitted,

ALONZO H. SUTHERLAND

ALFRED T. W. PRINN

JOHN EDWARDS

Board of Fire Engineers.

REPORT OF THE TREE WARDEN

As usual, the first part of the year my work was removing dead limbs and trimming trees along the roadside.

Due to the hurricane of September twenty-first, the latter part of the year was very unusual. The storm was very destructive to all the shade trees in all sections of the town. Many limbs are still broken and hanging along the highways and need attention. There is an exceedingly great amount of work to be done on them.

I'm suggesting that the town appropriate money for the work.

Respectfully submitted,

HARRY L. NESMITH.

Tree Warden.

REPORT OF THE FOREST WARDEN

There were only 46 fires during the year of 1938 and very little damage was done.

I have issued two hundred and twenty fire permits.

Due to the September hurricane practically all the pine forests were blown down. All wood roads were blocked. Under the federal project of fire prevention, the W. P. A. are now clearing these woods, and burning the brush.

Anybody with a woodlot which has been blown down, and wish to have it cleaned up, should get in touch with the fire warden or call the town hall.

The fire hazard is extremely dangerous and I suggest that the town appropriate a sum of money for forest fires.

Respectfully submitted,

HARRY L. NESMITH.

Forest Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

As Sealer of Weights and Measures for the Town of Westford, I submit the following report for the year 1938.

1936 All Taxes		303.90

Respectfully submitted,

EDWARD F. HARRINGTON

Tax Collector.

REPORT OF THE BOARD OF HEALTH

The Board of Health submits the following report for the year ending December 31, 1938:

The Health Department is very much pleased with the results of the Toxoid Treatments for the prevention of Diphtheria, which are administered to the people of our community. Most all of the school children have had these treatments and they show wonderful results from this administration; as there has not been a case of clinically diagnosed Diphtheria reported in the Town of Westford since we started the treatment about ten years ago.

The Dental Clinic is doing very good work and is being freely patronized. The Board hopes still more children will take advantage of this opportunity, for it helps greatly the endeavors of the Dentist and the Board of Health in their interest in the welfare of the children.

The Milk Supply of the Town of Westford still improves and all milk delivered, that is raised in the town comes from Tuberculin Tested Herds.

The Tuberculosis Clinic held in conjunction with the Middlesex County Sanatorium, and the cooperation of the School Department has proven very satisfactory and is a great help to the health conditions of the town.

The reportable diseases have not been so many as in previous years and the Board would like to bring to the attention of the public, to be sure and report immediately all contagious and infectious diseases, and save discomfort to themselves, and thus help control the spread of these conditions in the whole town.

The Health Department has returned to the town, as you will notice the usual unexpended balance of considerable amount of the appropriation for 1938.

Following is the report of the Public Health Nurse, who has been very busy and has also performed her duties in a very satisfactory manner.

Respectfully submitted,

CYRIL A. BLANEY, Chairman,

OLIVER A. REEVES, Sec.

CARL H. HANSON

Members of the Board of Health.

REPORT OF PUBLIC HEALTH NURSE

January 13, 1939.

C. A. Blaney, M. D.
Chairman, Board of Health
Westford, Mass.

REPORT OF BOARD OF PUBLIC WELFARE

The Board of Public Welfare organized for the year with Thomas P. Cosgrove as Chairman, John A. Kimball, Secretary, and Thomas W. Gower the newly-elected member.

This year the expenses of the Welfare Department were much greater than anticipated, due to the unsteady operation of the Town's industries. The amount spent this year on Welfare has exceeded that of any previous year, and this applied also to Old Age Assistance which is increasing rapidly.

Forty-eight men on our relief rolls due to unemployment were transferred to W. P. A., and nine boys were placed on N. Y. A. assisting with the Cemetery Projects and Whitney Playground. This certainly aided the situation, although we filled our quota and there were many applicants who could not be placed. The Civilian Conservation Corps also accepted eleven of our young men.

During the early part of the year the number of men on relief was so large that they were placed on several projects which benefited the town to a great extent when completed. Among these were the widening of the Town Farm Hill, painting the Town Hall, and cutting brush along the roadside.

A change was made in the management at the Infirmary in July, 1938. Mr. Leo Connell was appointed Superintendent and Mrs. Connell Matron. The Welfare Board takes this opportunity of expressing their appreciation to Mr. and Mrs. Connell for the excellent work done at the Infirmary, and for the substantial reduction effected in the cost of operations.

REPORT OF THE WORK OF THE MIDDLESEX COUNTY EXTENSION SERVICE For the Town of Westford, 1938

The following is a report of the work of the Middlesex County Extension Service in Westford, for the year 1938.

Farmers have been assisted in development and improvement of their pastures through attendance at the dairy meetings held at Concord, and by soil tests to determine acidity and deficiency in plant food. Fields have been visited with the farmers and recommendations given for fertilization and seed mixtures, together with proper management. Cattle diseases have been discussed with individual farmers. Some farmers have been urged to increase the size of the dairy herd to take care of fixed overhead. Milk markets have been discussed and some assistance has been rendered. A few are interested in grass silage, and all available information has been given. Available sources of credit have been explained when asked for, particularly where needed to purchase lime and fertilizer when needed to meet the requirements of the Soil Conservation Program.

A twilight meeting of interest to fruit growers, was held at the farm of George A. Drew. Speakers were Mr. Walter Piper, Professor William Thies, and Mr. Leon Wetherbee.

A great many requests were made for individual farm visits, and thirty-four visits to fruit farmers and thirty-three to poultry farmers were made during the year.

The spray service, which is of interest to fruit growers, has been continued.

Following the hurricane, assistance was rendered in the marketing of wind-fall apples, the resetting of fruit trees, the financing of damage done to farm buildings by the storm, and in the salvaging of down timber.

The Homemakers' Town Committee in Westford consists of Mrs. George Heathcote, chairman; Mrs. Otis Day, Mrs. Frederick Burne,

Mrs. Harry Ingalls, Mrs. Clifford Johnson, Mrs. Roger Minard, Mrs. Veronica Meagher, and Mrs. Willard Moore, assistants.

Several series of meetings were held which were of interest to homemakers. The topics of these meetings were: "The Making of Little Girls' Dresses", "Money Management", "Food Preservation", "Refinishing of Furniture", and "Clothing Construction".

Mrs. Warren Nixon served as 4-H Town Chairman for the year. Eighty boys and seventy girls were enrolled in 4-H Club work under the following leaders: Mrs. Clifford Johnson, Miss Dorothea Nixon, Miss Ruth Lord, Miss Alice Remis, Mrs. David Scott, Mrs. Willard Moore, Mrs. William Lewis, Mrs. W. Otis Day, Mrs. Warren Nixon, Mr. D. C. Staples, Mr. John A. Whitehead, Mr. Peter Perry, and Mr. Clyde Prescott. There were three canning, two food, three clothing, and one booklovers club.

Certificates to those families doing outstanding 4-H Club work were awarded to the following families: Warren Nixon, Clifford Johnson, and Willard Moore.

Mr. Peter Perry was awarded a leadership pin for completing ten years of 4-H Club leadership.

Those winning blue ribbons in the dress contest were: Mildred Johnson, Ruth Moore, and Dorothea Nixon. Edward Beebe and Walter Parfitt were awarded blue ribbons in the county garden contest. Philip Heathcote was a prize winner in the Middlesex North Garden Contest.

Mrs. David Scott attended 4-H Leaders' Camp at the State College, and Mrs. Ruth Johnson was a councillor at the Middlesex County Camp.

Respectfully submitted,

MRS. WARREN NIXON,

Director.

REPORT OF GAME WARDEN

I hereby submit my third annual report as Fish and Game Warden for the Town of Westford.

Following you will find the fish and game allotted to the Town of Westford:

PHEASANTS

Nashoba	8
Snake Meadow	8

PICKEREL

Forge Pond	200—12"
------------------	---------

HORNED POUT

Forge Pond	5000
------------------	------

WHITE HARES

Long Sought For Pond section	5
------------------------------------	---

The winter months are most always severe on the game life. I appeal to each of you once again to do your part in providing food for these feathered friends. Your reward for these kind acts will be a very successful hunting season in the fall.

If any information is wanted or any complaints are to be investigated, people interested can get in touch with me by letter or telephone 118-4.

Again I take pleasure in announcing no disturbing features and take this opportunity to thank each and every one for the sincere co-operation you have accorded me.

Respectfully submitted,

EDMUND L. PROVOST

Game Warden.

Westford, Mass., January 20, 1939.

Commonwealth of Massachusetts
Middlesex, ss.

Then personally appeared, William R. Taylor, and made oath that the above is a true statement of the cost of construction of the Westford Water Company to January 1, 1939, and of the Receipts and Expenditures from January 1, 1938 to January 1, 1939, before me.

PERRY T. SNOW,
Notary Public.

My Commission expires February 2, 1945.

REPORT OF THE COMMITTEE IN CHARGE OF THE GAGE LAND

During the past year the most valuable Gage lots have been located and surveyed, but on account of the hurricane no work has been done this winter.

We would recommend that the group of men now surveying, should survey the smaller lots and make plans of the same.

Respectfully submitted,

OSCAR R. SPALDING

Gage Land Committee.

REPORT OF THE COMMITTEE IN CHARGE OF THE TOWN FOREST

The older part of the forest was badly damaged by the hurricane. We understand the W. P. A. will trim the logs and burn the brush.

We recommend the fallen lumber be sold.

Respectfully submitted,

OSCAR R. SPALDING

WILLIAM E. WRIGHT

EDWIN H. GOULD

Town Forest Committee.

REPORT OF THE COMMITTEE IN CHARGE OF THE WHITNEY PLAYGROUND

Your committee hereby presents the following report:

The grounds have been in charge of John Petersen for the last year and have been kept in good condition. The P. W. A. regraded and put new sod on some of the land and we also had some assistance from the N. Y. A. in caring for the grounds.

At the time of the hurricane in September considerable damage was done. Trees were blown over and had to be reset and some should be replaced. The damage done the tennis court will have to be repaired in the spring.

This last year the building for the tools has been painted and new paper put on the roof.

The backstop at the ball field has been rebuilt and new wire put up.

It was also necessary to purchase a power mower.

Owing to the hurricane damage, a higher labor wage and a lower rate of interest, the committee for the first time, have been obliged, this last year to ask the town for an appropriation which will have to be continued if the playground is to be kept in good condition.

For financial report see Town Accountant's report.

OSCAR R. SPALDING

JOHN FISHER

CHARLES L. HILDRETH

Whitney Playground Committee.

REPORT OF TOWN COUNSEL

My appointment as Town Counsel for the year 1938 had hardly gone through before it was necessary to get a bill passed by the Mass. Legislature authorizing the Town of Westford to borrow \$20,000 to alter the Frost School. Inasmuch as the time had expired for introducing new bills, it became necessary first to obtain permission of the legislature to enter the bill late. This was finally obtained and then a hearing was held on the bill which was passed, The selectmen attended the hearings and were helpful in getting the bill passed.

The special committee appointed to supervise the alterations of the Frost School held meetings with the architect, builder and plumber who had been engaged to do the work. The contracts were approved as to form by the Town Counsel. The committee asked a ruling as to whether it was necessary to have the builder and plumber furnish bonds, the expense of which would be borne by the town. I advised that it was not necessary for the contractors to furnish bonds.

In the spring the case of Mathieu vs. Town of Westford was tried before a jury in Lowell. Mr. Mathieu who lives on Tyngsborough Road, Westford claimed damages for an acre of land that had been taken by the Town in the construction of the Tyngsborough Road. He also claimed damages to his barn on account of large rocks being hurled through the roof and side of his barn when the blasting was done as well as damages to his land and house through the diversion of water due to change of grade in the construction of the road. Mathieu wanted about \$2,000. in damages. A majority of the selectmen were willing to pay two or three hundred dollars which they thought was fair. Mathieu refused to consider this offer with the result that after three days trial the jury brought in a verdict for the Town. Much credit should go to Road Commissioner Austin Healey and his helpers for the assistance in preparing the case and in testifying in court.

Before any new road construction goes through now, the abutting owners are forced to sign releases exempting the town for any liability for damages.

The case of Goldsberry vs. Town of Westford for damages caused on account of an automobile accident on the Littleton Road was disposed of favorably in the Worcester Supreme Court without the town paying any money.

A verdict of \$977.33 was secured in the Ayer District Court against a resident of Chelmsford who had bought milk from the Town Infirmary six years ago. The milkman suffered heavy losses two years ago on account of the flood and last September on account of the hurricane. The Court has ordered payments of five dollars a week but to date nothing has been paid. Waiting so long before starting to collect makes it problematical how much can be realized. I would suggest in the future that after a few months at most these claims be turned over to the Town Counsel. No private individual would wait so long before starting legal action.

Rulings made by the Town Counsel on Insurance contracts showed that the Town had carried unnecessary insurance for years. This will result in a very material saving in the years to come.

The general use of the automobile has resulted in claims for injuries being brought against cities and towns in increasing numbers. An insurance company realizes the importance of investigating accidents promptly and in having skilled physicians examine everyone making a claim for personal injuries. It is equally important for a town to protect itself against excessive and fraudulent claims. To wait for five or six years before investigating claims is not the right procedure to follow and in the long run is bound to prove costly to the town. Every claim should be referred immediately to the Town Counsel with authority to investigate and to engage a physician competent to make a complete and careful physical examination which could be used in court provided legal action is taken.

A claim against the Town for \$30,000 has just been brought by Frederick A. Raymond p. p. a. for alleged injuries sustained by his son in a clinic conducted in the town. If the Town Counsel is the last one to hear of a claim against the Town, naturally he is at a disadvantage in preparing his defense.

Every act of a Town official in conducting Town affairs must conform strictly to the law. The act is either right or wrong. If there is any question, an opinion should be secured immediately from the Town Counsel. This will result in saving money and needless litigation.

A case was tried in the Middlesex Probate Court last week. The man was living in Nashua. He has been paying his wife \$12.00 a week for the support of herself and two children. The town of Arlington had been contributing over \$10.00 a week for a year to the support of the wife and children. The man was earning \$200. a month. The court ordered him to start paying \$25.00 a week to his wife. This will result in a saving of over \$500.00 a year to the town of Arlington. The court said it was unfair for the Town to carry the burden that belonged to the husband. I understand a committee in Arlington follows up these cases. I cite this case as one way in which possible savings can be made.

The Town Counsel has had to handle the details necessary to the acceptance of two new streets the past year as well as numerous conferences with the different boards, constant rulings of law which have required visits to the State House and county commissioners. Much time has been spent in looking up the law.

Respectfully submitted,

GEORGE M. HEATHCOTE,

Town Counsel.

REPORT OF COMMITTEE ON NAMING STREETS AND ROADS

The Committee appointed by Roger H. Hildreth, Town Moderator, under a vote passed at the Annual Town Meeting held February 21, 1938, to bring in names for the new way laid out and accepted by the Town and other unnamed ways, after careful consideration make the following recommendations as to names and descriptions of the streets and roads hereinafter mentioned:

ABBOT STREET, from Pleasant Street to Pine Street.

WRIGHT LANE, from Hildreth Street southeasterly toward the house of Joseph Sullivan.

POLLEY ROAD, from Stony Brook Road northeasterly to Plain Road.

HUNT ROAD, from Francis Hill Road westerly to Chamberlin Road.

We would also recommend that the spelling of Francis Hill Road as established by vote of the Town on March 17, 1902, be changed to **Frances** Hill Road, that being the correct spelling according to the Westford Town History.

There are two or three other short stretches of roads that remain unnamed but as we have not yet decided on suitable names for them we respectfully ask for further time in which to report our recommendations.

Note.—See Town Reports for years ending March 1, 1903 and December 31, 1931 for names of streets and roads prior to this report.

EDMUND J. HUNT
EDSON G. BOYNTON
CHARLES L. HILDRETH

Committee.

REPORT OF THE WORKS PROGRESS ADMINISTRATION

To the Board of Selectmen and Citizens of Westford:

The Works Progress Administration has been carried on throughout the fiscal year. Projects begun the year before have been completed and new projects have been drawn up, approved and completed or will be completed within the next few months. Due to the increase in the number of men by State Headquarters the amount of material used, was increased. Thus making it necessary to add to the original appropriation. This was done at a special town meeting.

Over \$50,000 of Federal funds and about \$12,000 of Town funds have been expended in Westford this past year.

Since the hurricane all projects have been discontinued for the time being to give all attention possible to the clearing away of fire hazards due to the fallen trees. Together with the allotment made by State Headquarters of Westford men, several hundred men from Lowell are helping to do this work and will remain here for some time. Every endeavor has been made by the Board of Selectmen to have our quota of men raised but it is impossible at present.

A project for the resetting of trees and repairing the damage of public property is under way.

A description of projects follows:

MOTH PROJECT: This project consisted of the creosoting of nests as well as spraying.

The former was principally on private property while the latter covered public property as well. The new town sprayer was used for this purpose and with the co-operation of the W. P. A. for labor all sections of the town were covered with the result that there was a very noticeable decrease in infested areas over the previous year.

SIDE WALKS: Approximately two miles of Bituminous top side walks were built in various sections of the town, many of which were

built with granite curbing. It is hoped whenever possible that the walks will be used, thus lessening the danger of accidents. Catch basins were installed to better facilitate drainage.

PLAYGROUNDS: The tennis court at Nabnasset was completed and much repair work was done on the Whitney Playground.

CEMETERIES: The new section of Fairview Cemetery was laid out and graded. Over 4044 yards of fill had to be hauled in. The new granite ashlar wall previously built has been extended and when completed will form two sides of the grounds. Due to the fact that the project has been much larger than anticipated when the land was purchased this project will not be completed until spring.

All cemeteries of the town were surveyed and new detailed maps were made of them in addition to a card index which catalogued all graves.

TOWN SURVEY: The project pertaining to a survey of the entire town was completed this year. The survey resulted in one large map of the town and another consisting of 24 sections with the latter to be used as a basis in a new project to aid the Board of Assessors. This project will give the correct location and description on the section maps of all property in the town and will accompany card catalogue of abstracts of all deeds.

SEWING PROJECT: The sewing project for the women has continued throughout the year with very good results. Our sewing project in quality and production is second to none. It is impossible to have the quota of women raised.

Respectfully submitted,

H. W. HILDRETH

Sponsors' Agent.

REPORT OF FINANCE COMMITTEE

The Finance Committee has held the customary meetings and given all the articles in the warrant careful consideration and recommended the appropriation of the various sums as tabulated below:

TOWN OF WESTFORD WARRANT

COMMONWEALTH OF MASSACHUSETTS, MIDDLESEX SS.

To the Constable of the Town of Westford in said County:

GREETING:

You are hereby required, in the name of the Commonwealth aforesaid, to notify and warn all the inhabitants of said Town, qualified to vote in elections, and also in Town Affairs, to meet at their several polling places, viz:

- Precinct 1. Town Hall, Westford Center.
- Precinct 2. Abbot Hall, Graniteville.
- Precinct 3. Abbot Worsted Mill, Brookside.
- Precinct 4. Abbot Hall, Forge Village.

MONDAY, FEBRUARY 13, 1939

being the Second Monday in said month, at 12:00 o'clock noon for the following purposes:

To bring in their votes for the following officers:

FOR THREE YEARS

- One Town Clerk
- One Selectman
- One Member of the Board of Public Welfare
- One Assessor
- Two Members of the School Committee
- One Member of the Board of Cemetery Commissioners
- One Trustee of Public Library
- One Member of Board of Health

FOR ONE YEAR

- Moderator
- Constable
- Tree Warden

The polls will be open from 12:00 o'clock noon to 8 P. M., and to meet in the Town Hall at Westford Center on the following

MONDAY, FEBRUARY 20, 1939

at 1:00 o'clock in the afternoon, then and there to act on the following articles, viz:

- 1st. To hear the reports of the Finance Committee, other Committees, Boards and Officers.
- 2nd. To determine the salary and compensation of elected Officers and such Officers and Officials as provided by law.
- 3rd. To appropriate money to meet the cost and expenses of the following departments, officers and purposes:
 1. General Government.
 2. Town Hall, including repairs caused by the hurricane.
 3. Police Department.
 4. Fire Department.
 5. Hydrants.
 6. Sealer of Weights and Measures.
 7. Fish and Game Warden.
 8. Forest Fires.
 9. Town Forest.
 10. Tree Warden.
 11. Moth Department.
 12. Health Department.
 13. Cattle Inspector.
 14. Highway Purposes.
 15. Board of Public Welfare.
 16. Soldiers' Benefits.
 17. School Department.
 18. Vocational Tuition.
 19. Public Library.
 20. Care of Common.
 21. Commemoration of Memorial Day.
 22. Publishing of Town Reports.
 23. Liability Insurance.

 29. Reserve Fund.
 30. Bills outstanding December 31, 1938.
 31. Overdrafts of 1938.

- 4th. To see if the Town will appropriate \$10.00 and elect a Director under the provisions of Section 40-45 of Chapter 128 of the General Laws as amended by Chapter 166 of the Acts of 1932.
- 5th. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1939 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws.
- 6th. To see if the Town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the Town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1932 bonds maturing in 1939, issued in compliance with Chapter 10, Acts of 1932, also for any other indebtedness incurred and outstanding under said Chapter 10, also for the town's share of the cost and interest on said bonds due in 1939, also for the care, maintenance, and repair of said hospital for 1938, including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and including Chapter 400, Section 25 G (6) (a) of the Acts of 1936, and for all other expenses in connection therewith, determine how money shall be raised, or in any way act thereon.
- 7th. To see if the Town will vote to all regular firemen a salary of \$50.00 per year.
- 8th. To see if the Town will vote to appropriate \$400.00 for Band Concerts for the current year.
- 9th. To see if the Town will appropriate \$100.00 for guideboards.
- 10th. To see if the Town will vote to appropriate \$300.00 for the care of the Whitney Playground.
- 11th. To see if the Town will appropriate money to meet the expenses incurred in connection with the W. P. A., or other similar projects.
- 12th. To see if the Town will vote to Install additional street lights as follows:
 - One on Pond St.
 - One on Leland Road

Five on Dunstable Road
 Three on Hartford Road
 One on Main St., Westford, opposite Unitarian Church
 Two on Prescott St.

- 13th. To see if the Town will vote to transfer and appropriate money to the Road Machinery Account.
- 14th. To hear the report of the Committee chosen at the last annual meeting to make a survey and examination of the land devised to the Town under the will of Martina A. Gage, and appropriate money therefor.
- 15th. To see if the Town will vote to sell and convey any of the land devised under the will of Martina A. Gage, or authorize the cutting and removal of any of the wood and timber thereon.
- 16th. To see if the Town will vote to appropriate the sum of \$2,200.00 for Cemeteries and authorize the purchase of a new mower at a sum not to exceed \$400.00. Said amount to be charged against the appropriation for Cemeteries.
- 17th. To see if the Town will appropriate the sum of one hundred dollars to be expended by such Town Safety Council as may be created and appointed by the Board of Selectmen, for the purpose of making our highways more safe for travel thereon.
- 18th. To see if the Town will vote to authorize the Selectmen to enter into a contract with the Westford Water Company for two additional hydrants: one on Boston Road and one on Abbot Street.
- 19th. To see if the Town will vote to appropriate the sum of \$100.00 for Tax Title expenses.

And you are directed to serve this warrant by posting up true and attested copies thereof at the Town Hall and each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this thirty-first day of January, in the year of our Lord nineteen hundred and thirty-nine.

ARTHUR M. WHITLEY,
 ARTHUR L. HEALY,
 CYRIL A. BLANEY,

Selectmen of Westford.

REPORT OF SCHOOL COMMITTEE

Citizens of Westford:

I hereby submit my annual report as Chairman of the School Committee for the year 1938.

There was one change in the personnel of our Committee this year, as James Mulligan was elected to succeed Edmund Whitney. Edward C. Buckingham was re-elected.

We are turning back to the Town over \$2000. that was not used this year. The reasons for that amount being turned back are: money was saved on Bus Transportation, due to the hurricane; it was not necessary to hire a teacher for a mentally retarded class; the repair of drive-ways and painting of the William E. Frost School was delayed due to alterations.

During the summer of 1938 the William E. Frost School was renovated; it was formerly a four-room building, and by eliminating the old heating and ventilating system, it was made into a six-room building, with a modern heating system. It now accomodates all elementary grades.

For the expenses of the Public Schools this year, we respectfully ask for the sum of \$66,000. For the Vocational Schools we respectfully ask for \$2000.

Respectfully submitted,

ERIC J. ANDERSON

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

I herewith submit my seventh annual report as Superintendent of the Westford Public Schools, together with those of my colleagues, covering the fiscal year 1938.

BUDGET

At the last Annual Town Meeting sixty-six thousand dollars was appropriated for the support of the public schools. This amount was asked for in order to carry on our regular work and to provide for salaries of two additional teachers. We are turning back to the Town two thousand four hundred fifty-six dollars and twenty-five cents, which is our expended balance. We were able to save this amount because of the following reasons:

1. We hired a substitute at a salary much lower than that of one regular teacher, who is on a year's leave of absence.
2. We were not compelled to form a special class and hire a teacher for the same. The reason for this will be explained later in this report under the heading of "Special Class".
3. In order to make room for the special class which we had expected would be required, we abolished our central supply room. Having no storage place, we have therefore bought very few supplies and have used up some of those on hand. The apparent saving is, of course, offset by the fact that in another year, when there is no surplus, larger expenditures for supplies will be necessary.
4. We were forced to close our schools for one week because of the hurricane. The closing saved us about two hundred dollars in transportation on this year's budget, but this amount will have to be paid from next year's as the schools will have to run an extra week in June to make up for the time lost.
5. We had planned to paint the exterior of the Frost School during the summer. This work had to be postponed on account of the remodeling of the building.

6. We were unable to retar the driveways around the Frost School on account of the building alterations that were going on.

7. We asked for an emergency fund as usual. No emergency arose except for the hurricane damage. The Committee has been waiting for federal aid to assist in making these repairs in order to save the expenditure of town funds.

STAFF CHANGES

1. Mr. James Fitzgibbons, Principal of the Sargent School, asked for an additional year's leave of absence, in September, to complete the work for his Master's degree. His request was granted by the Committee.

2. Mr. Chester V. Sweatt was transferred from the Frost School to the Sargent School as Acting Principal to replace Mr. Fitzgibbons.

3. Miss Ruth Lord resigned as teacher of Grade V in the Sargent School.

4. Mrs. Lottie Blodgett was transferred from the fourth to the fifth grade in the Sargent School.

5. Miss Mary Meehan was elected to fill the vacancy in the Sargent School. She is teaching in Grade IV.

6. Miss Kathleen Hammersley was elected as a substitute teacher for the remainder of the year. She was assigned to departmental work in the upper grades at the Frost School.

7. There was one change in the janitorial staff. Mr. John Peterson was elected as janitor of Westford Academy to fill the vacancy caused by the death of Willey M. Wright.

ACADEMY SITUATION

The following chart will give some idea of the crowded condition existing in the Academy in spite of the fact that we have gained additional room space this year by transferring the eighth grade to the Frost School. The pupil enrollment was taken on October first of each year.

Home Room	Seats	1937 Pupils	1938 Pupils
3	35	34	30
4	35	34	34
5	35	32	35
6	37	(8th grade)	34

7**	21	21	22
8	36	36	33
10*	32	34	27
<hr/>			
Total	231	191	215

* Legally this room cannot be used as a classroom.

** Legally we are not supposed to have more than twelve pupils in this room.

Total number of legal seats 190.

Total number of pupils in the building on October 1, 1938—215.

Number of Seniors due to graduate in June 1939—30.

Number of Freshmen expected to enter in September 1939—62.

The above figures show that we shall have an increase of from thirty to forty pupils in the number enrolled in the Academy next fall. The big question now becomes, "Where are we going to put them?"

As this report goes to print, we are confronted with a warning from the State Department of Education that our present ratio of pupils to teachers is greater than the maximum which they allow. This warning was sent to us by Mr. Mack, who rates our school annually. When he makes his inspection next year, shall we be rated as a Class A high school or shall we be placed in Class B? The latter classification would mean that the graduates of the Academy could not go on to college by certification as they have been able to do in the past. This second class rating would be justified by the lack of sufficient and proper space for our high school pupils, and also by the lack of enough teachers to conduct the classes. We earnestly hope that this situation can be remedied.

OUR STANDARDS

One of the fairest ways of judging to what extent our school system is achieving proper standards is by comparing our work with that done elsewhere. The success or failure of pupils who transfer to other schools gives us a good basis for such comparison. We find that most elementary school pupils who have transferred to other towns have continued to do about the same grade of work as they had been doing here. In some cases their marks have risen, which would indicate that our standards were a little higher.

From the Academy our pupils have gone on to colleges and universities with very little difficulty. During the past six years, I have known of no student's having failed in college after being certified for entrance.

Many have received high marks in normal schools and business colleges as well.

With reference to the matter of college entrance requirements, parents must of course realize that high marks will not avail for certification unless the proper courses have been chosen. It is of the utmost importance for each parent to co-operate with the school authorities in planning the high school career of his child. A closer tie between the home and school might eliminate many misunderstandings and disappointments.

CHRISTMAS GIFTS

The situation in European countries makes us feel grateful that we are so far away from their troubles and that we belong to this great democratic nation. With foreign democracies falling under the rule of dictators and with Christianity seriously threatened, we must do all in our power to fight off such influences in our own country and in our own community. One way of helping in this battle is to supplement the democratic teachings of our schools with emphasis on Christian holidays. One of our best opportunities lies in the celebration of Christmas. Because of the existing depression it has not been possible to do this in many homes. In the schools, however, we have been able to continue our Christmas parties through the usual generous gifts of the Abbot Worsted Company and the C. G. Sargent Sons, Incorporated. We hope that these parties have fulfilled their purposes and that they will be made possible for many years to come.

SPECIAL CLASS

Last year we thought that we should be required to create a Special Class for retarded pupils. When the final reports of the State doctor were returned in the spring, we were able to postpone this class until after another examination in the fall. The results of the second examination showed that there was a larger number than the minimum of ten recommended for the Special Class. This means that we should organize such a class without further delay.

NURSERY SCHOOL

The Nursery School continues to operate with federal aid and under federal supervision, with co-operation of the Abbot Worsted Company, the local Welfare Department, and the local Red Cross. The enrollment has increased until there are now thirty-six in attendance. Each pupil receives milk, cod liver oil, and a noon lunch free. Many

of the children are transported, without charge, to and from school by Miss Wright and Mrs. Werner in their own private cars. Mrs. Ricard is doing the cooking for the school.

HEALTH

The health work has been carried on by Dr. Dwight Cowles and Mrs. Veronica Meagher. In addition to the two regular examinations given each child, several clinics have been held.

Dr. L. O. Farrar of the Worcester State Hospital, assisted by several psychologists and psychiatrists from his own staff, examined many retarded pupils who had been referred to him.

Miss Hackett, a registered nurse from the staff of the State Board of Health, tested the hearing of all students above the second grade with the audiometer which was loaned to us by her department. The results were very pleasing as most of our pupils had perfect hearing. Where defective hearing was found, the parents were notified and the children were moved into front seats in order to give them a better opportunity to hear the class recitation.

In my report last year I recommended that we hire an experienced operator with the new binocular eye testing machine. Since that time Dr. Oaks, of the State Board of Health, has made a report to a group of superintendents at the Ayer Health Center in which she states that the cards used in this machine are not practical as they are too critical. Her department is working on a new series of cards that will be better adapted for school use. Therefore, this eye test has been deferred until some future date when the State Department will have approved it.

In Memoriam

Mr. Willey M. Wright began his services as janitor at Westford Academy about twenty-five years ago. In spite of his advanced age, he was a willing and faithful worker. His death occurred on February 7, 1938, following several weeks of confinement in a hospital, due to an accidental fall which took place while he was adjusting a shade in Room 4. He will be greatly missed by all who knew him during his many years at the Academy.

HURRICANE DAMAGE

The hurricane that swept through New England this fall and caused considerable damage throughout the town did very little harm to our buildings. Several slates and parts of the ridgepole covering were blown off the Frost School. The roof of the Academy was badly damaged and has been temporarily patched with roofing paper. The Committee, after inspecting the belfrey that was severely shaken, decided that it was safe but ordered the removal of the damaged wheel on the bell.

REPAIRS

The following repairs were made during the past year:

Academy

1. A movie booth was constructed by partitioning off part of a corridor between stairways in the Assembly Hall. This section of the corridor was very seldom used and not needed.

Frost

1. This building was remodeled under the direction of a special committee. As the building has not been officially accepted, there is no report to be made at this time.

Cameron

1. The roof on the old section of the building reshingled.
2. The exterior of the building was given a second coat of paint.
3. Bulletin boards and book shelves were built in each classroom.

Sargent

1. Bulletin boards and book shelves were built in each classroom.

Nabnasset

1. A new tennis court was built with the aid of federal funds.
2. The basement floors were given two coats of paint by Mr.

Jones.

SUGGESTIONS

The following is a partial list of suggestions that should receive serious consideration during the coming year:

1. That the exterior of the Frost School be painted.
2. That the playground equipment, which is in very poor condition, be repaired or replaced.
3. That a new safe, large enough to accomodate all our permanent records, be purchased to replace that old one that was smashed by thieves this fall.
4. That ventilating hoods be installed over the work bench in the chemical laboratory as suggested by the building inspector last year.

CONCLUSION

In concluding this report, I wish to express my sincere thanks and appreciation to the School Committee for their guidance and support, and to the teachers and others for their co-operation and interest in improving our schools.

Respectfully submitted,

ROBERT W. BARCLAY

Superintendent of Schools.

REPORT OF PRINCIPAL OF WESTFORD ACADEMY

For the Year Ending December 31, 1938

January 1, 1939.

Mr. Robert W. Barclay,
Superintendent of Schools,
Westford, Massachusetts.
Dear Sir:

I am pleased to submit herewith my second annual report as principal of Westford Academy.

1. ENROLLMENT

Total Enrollment on November 28, 1938:

Class	Boys	Girls	Total
1939	14	15	29
1940	21	24	45
1941	23	33	56
1942	37	41	78
<hr/>			
Total	95	113	208

Note: We require 15 credits to be a Sophomore, 35 credits to be a Junior, 55 credits to be a Senior, and 80 credits to graduate. This means that a pupil may have fewer credits than his class and still catch up.

Compared to the enrollment for the corresponding period of last year our enrollment has increased approximately 11%. Much of this increase can be attributed to the size of the entering class which is 13% larger than that of a year ago. It is of interest to note further that the loss in enrollment for the first three months of both the school years 1937-1938 and 1938-1939 remains unchanged; six pupils having dropped out during this period both years. From the above it would seem that our enrollment for the balance of the present school year may be expected to remain in excess of 200 pupils. From your report of 1937, showing the number of pupils in the various grades of the elementary schools, it seems reasonably safe to predict that the enrollment at the

Academy will, for the next few years, continue to show a marked increase. Without a doubt next year's enrollment may be estimated at approximately 235 pupils, the largest enrollment in the Academy's history.

II. FACULTY

Julius H. Mueller, Jr.	Mathematics
Mrs. Mary L. Robinson	English
Miss Ethel N. Caldwell	Science, English
George O. Charron	Latin, French
Walter T. Pulsifer	History, Civics
Frederick Delaney	Chemistry, Science
Miss Mary I. Bohenko	Commercial
Miss Ethel T. Tewksbury	Commercial, Secretary to the Superintendent
Miss Lilley M. Moran	Music Supervisor

III. SCHOLARSHIP

For ease in recording pupil progress in school the school year has been divided into five equal marking periods of eight weeks each. The report card sent out at the end of each such marking period continues to be our chief means of acquainting the parent with the progress their boy or girl is making. In case of possible failure in a given subject, provision is made through the deficiency card for an additional report to the home every four weeks. The preparing of this additional report entails much record keeping and considerable time on the part of the teacher. If justified it should result in improved standards of work done. It is earnestly recommended that the average pupil do at least two hours of home study each day. We solicit the cooperation of parents in this matter, as this extra study makes the difference between just getting by and doing well.

An Honor Roll released each marking period serves to give recognition to those pupils who have done well in their studies. That the Honor Roll serves as an incentive for improving pupil scholarship is evidenced by the increased number of pupils making the Honor Roll, 15% of the school's total enrollment being on the Honor Roll for the second marking period of 1938-1939.

IV. OUR PROGRAM

Our program makes provision for College and Commercial curriculums. Students who do not elect a language in the College course,

or who do not take a straight Commercial course, are classified as General Students. The distribution of pupils by curriculums and the distribution of pupils by subjects are shown in the following tables:

Distribution of Pupils by Curriculums
As of November 1, 1938

College	Commercial	General	Total
87	93	31	211

Distribution of Pupils by Subjects
As of November 1, 1938

Class	No. of Div.	Total
English IV	1	32
English III	2	53
English II	2	60
English I	3	82
French II	1	21
French I	2	48
Latin II	1	22

Typewriting I	1	18
Stenography II	1	8
Stenography I	1	17
Bookkeeping II	1	15
Bookkeeping I	1	25
Commercial Arithmetic	2	49
Commercial Law	1	21

(Total number of class sections is 38).

Our increase in total enrollment has caused a corresponding increase in the number of class sections. If our enrollment continues to

show an increase each year (and as already indicated, it will) it will at once be apparent that certain subjects now meeting in a single section will have to meet in two sections, if our standing of a "Class A" school is to be maintained. Among these will be the required senior subjects, American History and English IV, if the enrollment of the present Junior Class remains the same at the opening of school in September. The increased size of this year's Freshman Class has already resulted in an increase in the number of class sections of the following subjects: English I, General Science, Commercial Arithmetic, and Civics.

Increasing the number of class sections without a corresponding increase in the size of the teaching staff can only result in oversized class sections and excessive pupil teacher load. Inasmuch as all pupils take English, our two English teachers are already working under an excessive pupil teacher load. When it is considered that under our crowded conditions the teacher must also have supervision over study pupils in the rear of the class, it will be apparent that the individual student is receiving in some cases only a fraction of the time and attention of the teacher which should properly be his. To improve this condition of oversized class sections and to relieve excessive pupil "teacher" load, it is recommended that an additional teacher of English be added to the Academy staff. Even though the addition of another teacher to the instructional staff would insure smaller class sections, our lack of adequate space would still mean large study groups in the rear of recitations.

An increase in the number of pupils electing Chemistry necessitated having two sections of 25 each instead of the usual single section. Needless to say such large groups do not lend themselves well for individual laboratory experiments, especially in our small laboratory designed to accommodate 16 pupils at a time. By having the pupils work in groups of two for individual experiments we have been able to meet this situation, at least for the present year. Any further increase in the numbers electing Chemistry will mean additional class sections in this subject, with a proportionate decrease in the amount of time which Mr. Delaney will have available for teaching other science subjects. In connection with the classes in Chemistry it should be known that lack of proper ventilation in the laboratory constitutes a real menace to the health of the pupils, both in the class and in the entire school. A hood with some sort of blower attachment to remove disagreeable odors and injurious gases is an immediate improvement which should be made in the interest of protecting pupil health if for no other reason.

V. OUR LIBRARY

In spite of the fact that we do not have available a suitable room which can be devoted entirely to library purposes, our students are receiving definite training in the use of the library. This training is be-

ing accomplished in connection with the English classes and with the classes in History and Civics. By using open shelves in both the English and History recitation rooms, such reference material as we possess has been made accessible to the students. New reference books for history and civics have recently been added to our collection of books in this field. Other needed reference material is being supplied by the town library. Through the cooperation and assistance of Miss Day, students are able to obtain books for school use from the J. V. Fletcher Library at the school. Miss Day visits the Academy once every three weeks during the forenoon with a wide selection of books. Pupils are thus given the opportunity to get books and return books during school hours, under proper supervision, without leaving the building. This method of securing library books, largely for outside reading reports, is proving of real help to the students, particularly to those boys and girls who have no way of getting to the public library outside of school hours. We are grateful to Miss Day for her cooperation and interest, and sincerely appreciate the fine service she is rendering the students of the Academy.

The recently purchased collection of pamphlets on Careers, given to the Academy by the trustees, have been made readily accessible to the students. Purchased from the Julian's Fund, these monographs, covering some 87 different occupational fields, list not only the attractive and unattractive sides of the occupation, but also give information on the following points: opportunities at the start, ultimate opportunities, personal qualifications required, average earnings, maximum earnings possible, a word picture of a typical day's work, how to get started in the career, and the approximate amount of capital required—if required. The constant and increasing use of these monographs by the students is encouraging. To some extent it is evidence of the value of these monographs in supplying students with information about the various occupations, and in stimulating their thinking about their vocational future after graduation.

VI. STUDENT ACTIVITIES

It is generally conceded that the main purpose of education is to make good citizens. The good citizen "is an individual who not only has knowledge, ideals, and attitudes, but who also has worthy habits." As habits are developed only by practice, and as the regular academic work of the school offers little opportunity for the development of desirable social ideals and habits, the extra-curricular activity program has evolved to supply this practice. Through the extra-curricular activities of the school boys and girls are given the opportunity to learn certain invaluable lessons. Among these are self-control, respect for the rights and opinions of others, and ability to get along with one's fellows; all

of which are desirable if boys and girls are to take their place successfully in modern society. While our program of extra-curricular activities is somewhat restricted because of limitations of space and facilities, we are nevertheless able to realize some of the advantages in the following ways:

ASSEMBLIES—An attempt is being made to improve the quality of our assembly programs. So that they might be of more interest and value to the students, student participation in assemblies has been encouraged. During the past year several assemblies have been held with the officers of the Athletic Association in charge. We have been fortunate to have several outside speakers address the student body in assembly. One of the recent speakers was Milton J. Schlaugenhaut, Director of Admissions at Northeastern University, who gave a most interesting and inspiring talk on "What's in a Name?" Several other programs have been presented by outsiders and have proved both entertaining as well as instructional. Among these have been the following programs: A sound motion picture, depicting the development and growth of the Telephone Company and presented through the courtesy of Mr. Bennett; a demonstration by the Tumbling Team of the Nashua High School; and "Treasure Island," a puppet show, presented by Paul Clemens. The orchestra under the direction of Julius Woessner is always with us and has done much to increase the merit of our assemblies.

CLUBS—The club program of former years has been continued. Its purpose is to give our boys and girls the opportunity to develop and extend their interest in worthwhile activities, which it is hoped will carry over into useful hobbies, or perchance avocations, in after school life. Clubs meet once each week from October through May, each club being under the direction of a member of the faculty. Student leadership in each club is encouraged. Active clubs during the past year were: Newspaper Club, Glee Club, Commercial Club, Dramatic Club, Science Club, Camera Club, and History Club.

THE "CLARION"—The Newspaper Club under the advisership of Mrs. Mary Robinson is responsible for the editing and publishing of the "Clarion." This is a valuable activity serving to bring out hidden talents of many students in both creative writing and art. It is further valuable in building and moulding school spirit. Four regular issues were published during the year. The fifth issue was prepared by the graduating class and as a Senior Yearbook its pages were devoted to the activities of the class during four years spent at the Academy. The printing of the regular issues of the "Clarion" is capably carried out by members of the Commercial Club with the able assistance and guidance of Miss Mary Bohenko as faculty adviser.

SCHOOL SOCIALS—During the past year socials have been held by each of the four classes. These socials have been held in the Academy Gymnasium which has been attractively decorated for each occasion by hard working committees. All of the socials have been well attended by both students and faculty and have been successes, socially and financially. While an effort is made to conduct these socials as private parties, outsiders have not been entirely excluded. Through the use of a student "Guest Book" outsiders may attend provided they are sponsored by one of the regularly enrolled students and have their names inscribed in the book before the night of the social. So far this year (1938-1939) two successful socials have been held under the auspices of the Senior Class. The first was their annual reception to the Class of 1942, and the second was a special Thanksgiving Dance to raise money for a depleted treasury.

CLASS ELECTIONS—Early in the fall elections were held by each of the three upper classes. Nominations for class officers and final elections were held under the guidance of the class advisers. Freshman elections were held after the first marking period. Class officers together with faculty advisers of each of the four classes are shown below.

Class Officers and Faculty Advisers 1938-1939

Seniors (1939)

President	Henry Corey, Jr.
Vice-president	Robert Chandler
Secretary	Stella Briscoe
Treasurer	Grace Zanchi
Faculty Advisers	Mr. Mueller, Mrs. Robinson

Juniors (1940)

President	John McKniff
Vice-president	Aloysius Makarewicz
Secretary	Vera Nyder
Treasurer	Sophie Woitowicz
Faculty Advisers	Mr. Pulsifer, Miss Tewksbury

Sophomores (1941)

President	Shirley Perkins
Vice-president	Lillian Bellemore
Secretary	Barbara Anderson
Treasurer	Rita Costello
Faculty Advisers	Mr. Charron, Miss Bohenko

Freshmen (1942)

President	Treasure Bechard
Vice-president	Robert Pyle
Secretary	Ruth Zanchi
Treasurer	Robert Smith
Faculty Advisers	Mr. Delaney, Miss Caldwell

ATHLETICS—Boys and girls' basketball continues to be the major sport during the Winter Term. While our teams were not as successful as in previous years, we nevertheless experienced a good season. The boys' baseball team had a most successful season, winning for themselves and the school the coveted Wachusetts League Baseball Trophy. The Wachusetts League represents a change in name only, replacing the former name of "Northern Middlesex League." Mr. Delaney coaches the boys' basketball and baseball teams. In addition Coach Delaney is responsible for scheduling all league games for all member teams in both basketball and baseball. Miss Bohenko coaches the girls' basketball team and serves in the capacity of secretary for the Wachusetts Basketball League.

At the close of the basketball season a schedule of interclass games was arranged. Each of the four classes entered a boys' and a girls' team in our first "Westford Academy Tournament." The final results revealed the Sophomore boys victorious in the boys' division, and the Junior girls victorious in the girls' division. The keen competition between the classes and the fine spirit which was developed was most gratifying. It is hoped that such interclass games will continue in the future as a fitting climax to our basketball season. In charge of the interclass games were the two coaches, assisted by Mr. Pulsifer and Mr. Sweatt.

ATHLETIC ASSOCIATION—Our Athletic Association under the capable direction of Mr. George Charron, Coach Delaney, and Coach Bohenko continues to occupy an important place among our student activities. In carrying out its ideal of "good sportsmanship and fair play," the Athletic Association has been instrumental in developing a fine type of school spirit. Visiting schools have complimented us on the fine school spirit displayed by the students. This fine attitude in large measure can be attributed to the untiring efforts and splendid cooperation of the student cheer leaders, under the advisership of Coach Delaney, in working up an enthusiastic cheering section.

Officers of the Athletic Association for the year 1938-1939 are:

President	Dorothy Sargent '39
Vice-president	Jacob Tereshko '41
Secretary	Catherine Cosgrove '40
Treasurer	Jennie Sienkewicz '39

VII. DATA ON GRADUATES, CLASS OF 1938

Returns from a questionnaire sent to the 28 members of the Class of 1938 have been summarized for the 20 members from whom replies were received. The accompanying table is a summary of the Activities of the Graduates of the Class of 1938 as of December 1, 1938.

Number attending Business Schools	4
Number in Training	1
Number at Special Schools	1
Number working	9
Number at home	5

Of the number working four are continuing their education on a part-time basis by attending evening schools of one kind or another.

The honorary members of the Tadmuck Club from the Class of 1939 are Hilda Blanchard and Jennie Sienkewicz.

VIII. GIFTS FROM THE JULIAN FUND

Five additional monographs of the Careers Research Monographs have been added to this collection by the Trustees of Westford Academy during the past year.

Through this same fund it has been possible for the Trustees to provide the Academy with a sound motion picture projector. The projector which has been purchased is a Bell & Howell 16 mm. Sound-on-Film projector. Through the cooperation of the School Committee an adequate projection booth has been made to house this new equipment, and to make it readily usable for assembly programs.

We are grateful to the Board of Trustees for their timely and most useful gift and to the members of the School Committee for their assistance in furnishing the projection booth. The sound motion picture with its diversity of use is a most valuable addition to our instructional facilities. By means of it much worthwhile material, not otherwise obtainable, can be brought before the student, serving to vitalize the subject matter and increasing pupil interest therein.

IX. CONCLUSION

For the success which we enjoy I wish to extend my sincere thanks and appreciation to superintendent, teachers, and students.

Respectfully submitted,

JULIUS H. MUELLER, JR.

Principal, Westford Academy.

Special Medal Commemorating the One Hundred and Fiftieth Anniversary of the Signing of the Constitution of the United States, (Presented by the United States Constitution Sesquicentennial Commission of Massachusetts):

Rowena Whitman Curley, '38

CLASS SONG

1. With great doubt and fear we entered in '34
Side by side, step by step, progressing more and more;
Every year we've gained a victory
'Till now we stand before you with a smile
To prove to you the class of '38
Has gained the last long mile.
 2. Teachers, friends, the time has come for us to bid you goodbye.
Our Alma Mater, we leave it with a sigh!
Mem'ries of the years that have gone by
We'll cherish in the future years to be
And we will "Succeed; we can, we must,"
-For Westford Academy.

REPORT OF THE SCHOOL NURSE

January 13, 1939.

Mr. Robert W. Barclay,
Superintendent of Schools,
Westford, Mass.

Dear Sir:

Following is the report of the School Nurse from January 1, to December 31, 1938:

Schools Visited	
Dressings and First Aid	29
Children examined for minor ailments	41
Children recommended for exclusion because of Pediculosis and other skin infections	21
Children recommended for exclusion because of Contagious Disease Contact	22
Vaccinations checked	

Assisted with Hearing Test. Result of test:

Defective Hearing	4
Assisted School Physician with Physical Examination of school children in Spring and Fall of 1938.	

Result of Physical Examination:

Heart Murmurs	41
Acne	2
Bronchitis	2
Enlarged Tonsils and Adenoids	22
Enlarged Cervical Glands	1
Posture	4
Defective Teeth	72

Respectfully submitted,

VERONICA P. MEAGHER, R. N.

School Nurse.

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as school physician for the year ending December 31, 1938.

The usual physical examination was made on all the children attending the public schools of Westford twice during the school term.

All of the cases in which major physical defects are found are re-checked by a special physical examination every school term and the parents of those found with a major physical defect are informed at once in order that the children may receive treatment at once, if needed.

A special examination of the pupils who are to take part in athletic sports has always been made on request of the coaches of the athletic teams and those found with a major defect are not allowed to play without the special permit of their parents.

I have always responded to calls at the schools in the emergency cases when called by the school principals.

The relatively few undernourished children have been under the observation of the Board of Health nurse during the school term and she has most ably assisted me during my examinations and calls at the schools.

In my work for the past year I have had the splendid co-operation of the Board of Health nurse, teachers, and the parents of the children.

Respectfully submitted,

DR. D. W. COWLES

School Physician.

REPORT OF MUSIC SUPERVISOR

January 12, 1939.

Mr. Robert W. Barclay
Superintendent of Schools
Westford, Massachusetts

Dear Sir:

The following is my report as Supervisor of Music in the Westford Schools:

New singing books have replaced the badly worn and torn books at the Sargent, Frost, and Cameron Schools. Needless to say, how much these books are appreciated by the pupils as well as the teachers; not only for their beautiful and fresh material, but for their integration with history, geography, and literature.

A pupil's success in his studies depends upon two factors—natural ability and effort. Fine examples of both these factors are found in the use of our new books this year. Copies of "Sing a Song of Safety" were placed in each school and these songs are being sung untiringly and the lessons therein, enjoyed. It is not unusual to hear the children singing these songs going to and from school as well as on the playground.

Members of the Glee Club are gratefully thankful for the new "Assembly Song Books" and show their appreciation by their desire to sing.

Rhythm Bands continue in all of the schools and are doing excellent work. Harmonica Bands seem to be on the decline. At the Frost School we have one, grade three; at the Sargent School, two, grades four and five; at the Cameron School, one, grade three, although grade four is organizing and hope to start next week. At the Nabnassett School we have one, grades one, two, and three, doing three and four part playing.

After School Piano Classes have been formed in each school. These classes vary in size but the attendance has been almost perfect and a recital will be given in the late spring.

Among our activities of the year was the Operetta "Tom Sawyer" given by the pupils of the Sargent School. This was creditably given

and I wish to thank the Teachers for their untiring efforts in perfecting this performance.

I also wish to thank Mrs. Downing for her kindness in giving her piano to the Frost School and Mrs. Robert Prescott for the use of her piano at the Cameron School. With the aid of pianos, the progression of music study becomes a joyous, energetic process.

In conclusion, I wish to acknowledge the co-operation of the Superintendent and the helpful support of the Teachers.

Respectfully submitted,

LILLEY M. MORAN

Music Supervisor.

Annual Report
OF THE
J. V. FLETCHER LIBRARY
OF THE
TOWN of WESTFORD

For the Year Ending December 31,
1938

REPORT OF THE TRUSTEES OF THE J. V. FLETCHER LIBRARY

January 1, 1939.

The Trustees of the J. V. Fletcher Library respectfully submit their annual report for 1938, including the report of the librarian and the list of books added in 1938.

The Trustees ask for the following appropriation, viz:

1. The sum of twenty-four hundred (\$2,400.00) to meet the current expenses of the main library and its branches.
2. The receipts from the dog licenses in 1938.

Respectfully submitted,

JULIAN A. CAMERON, Chairman
WILLIAM C. ROUDENBUSH
ALICE M. HOWARD, Secretary.

REPORT OF LIBRARIAN

January 1, 1939.

To the Trustees of the J. V. Fletcher Library:

The librarian herewith submits her twenty-first annual report of the work of the library for the year 1938.

This coming year will mark the eightieth anniversary of a public library in Westford when on February 4, 1859 the Social Library, begun in 1797, was given to the town on condition of adequate support. At that time the books were kept in private houses, later transferred to a room in the town hall and, in 1896, the present building, a gift to the town, was dedicated. The library has continued to grow in number of books from 1,300 to nearly 23,000 and, we hope, in usefulness to the townspeople who have been generous in its support. It is our desire that in the coming years it will increase in service to its present readers and also serve a greater number.

The librarian continues to take books for English and history reading to the high school once in three weeks, loaning 70 to 90 books in a forenoon to those who do not have a chance to come to the library regularly. The children from the grammar school still make use of the noon opening from 12.30 to one p. m..

The total circulation of books has increased over last year, both at the library and for the town as a whole. Again travel is the most popular group of non-fiction with 635 volumes circulated. Biography is still in second place with 592, while history takes third place with 517 volumes due to greater use for reference work in the history classes in high school. This puts useful arts in fourth place with 494 loaned, although that is 42 more books than last year.

To facilitate the work of answering reference questions the Encyclopedia Americana in thirty volumes has been recently purchased. As a sample of the questions to which the librarian had to try to find an answer last summer was the following, "Does a humming bird have legs?" If only the Americana had been available then a perfect answer would have been found in the illustration of the humming-birds. They do have legs. Already since purchase a better answer to a question on wooden shingles was found there than elsewhere.

The first of the year several wooden stacks were put in the attic.

This makes it possible to arrange the older magazines in regular order so they can be easily found for reference use. Electric lights were installed at the same time so that material can be obtained at night.

The hurricane which did so much damage in the town on September 21 removed some of the slate shingles from the library building. These were replaced and some other repairs made on the roof at the same time. For the second time the librarian had the experience of carrying on library work with the aid of a kerosene lamp and a flashlight. Fortunately this condition was necessary only four library days instead of three weeks as happened at the time of the ice storm in December, 1921. The library was among the few whose telephone service was not interrupted. A permanent collection of pictures of the hurricane damage would be a desirable addition to the Westford historical material. Gifts of such pictures would be appreciated. To make it more valuable pictures taken before as well as after should be included.

One of the most popular exhibits in the Frost museum case were the dolls in foreign costume loaned by the librarian. At present a few old fashioned dolls are in the case. One of these is owned by Mrs. Perry E. Shupe.

This past summer it was found necessary to paint and putty the window sashes and the skylight and varnish the vestibule doors. For a number of years the plumbing in the basement has been unsatisfactory but this has now been remedied.

When the librarian came to work on the afternoon of December 21 she discovered that the locked drawers had been forced open and ransacked. Only a few pennies were missing as that is all that is ever left there.

\$43.22 in fines was collected and turned over to the town.

The use of the jig-saw puzzle has been increased again this year.

The W. P. A. continues to use the Library Hall for their work. They are now establishing the bounds of private property to add to the map. Another W. P. A. project was the listing of old manuscripts owned by the library to be included in the "Guide to Manuscript Depositories in the United States."

The librarian attended the meetings of the Massachusetts Library Association at Cambridge in February and of the American Library Association in Kansas City in June, followed by a four-day trip thru the Ozarks with a group of librarians. During her vacation in August while in Vermont, she visited several libraries there, including the one in Westford which is a small one room building open only once a week.

One magazine has been added to our list for the coming year—

Hobbies—which is such a popular subject now. Three magazines will not appear as they have combined with others—Literary Digest, Games Digest and Leisure. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

REGULATIONS

The J. V. Fletcher Library is open Tuesdays, Thursdays, and Saturdays (legal holidays excepted) from 1.30 till 5, and from 6.30 till 9.00 P. M.

The Graniteville deposit station at the home of Mr. Carroll M. Sawyer, in charge of Mrs. Clifford Hardy, is open Monday afternoon and evening.

The Forge Village deposit station at the Post-Office in charge of Mrs. Josephine Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No books shall be transferred, or acknowledged as returned, unless delivered to the librarian.

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.

Residents of Westford		22	16	

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake

in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case.

(See General Laws, Chapter 46, Section 13.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * * Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * * A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars * * *.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

Section 8. (Penalty for neglect to comply with the provisions of Section 6, not more than five dollars.)

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they

shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor with blanks for return of births as required by law.

CHARLES L. HILDRETH,

Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dogs Licensed January 1, 1939 to December 31, 1939:

255 Males at \$2.00	\$510.00
48 Females at \$5.00	240.00
24 Spayed Females at \$2.00	48.00
<hr/>	
Total	\$798.00
Clerk's fees 327 licenses at 20 cents	65.40
Paid to Town Treasurer as per Town Treasurer's Re- ceipts	732.60

Number of Dogs returned by Assessors:

Males	231
Females	31
Spayed Females	15
<hr/>	
Total	277

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended by Chapter 320, Acts of 1934.

Section 137. The owner or keeper of a dog which is three months old or over shall annually, on or before March thirty-first, cause it to be registered, numbered, described and licensed for one year from April first following . . . in the office of the clerk . . . The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag . . . and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

Section 138. The owner or keeper of a dog may at any time have it licensed until April first following; and a person who after April first becomes the owner or keeper of a dog which is not duly licensed, and the owner or keeper of a dog which becomes three months old after March thirty-first in any year, shall, when it is three months old, cause it to be registered, numbered, described, licensed, collared or harnessed and tagged as required by Section 137.

Section 139. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed

the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the Town Clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the commonwealth may be accepted as evidence that the said operation has been performed.

DOG LICENSES ISSUED THROUGH DECEMBER 31, 1939
FOR LICENSE YEAR ENDING MARCH 31, 1940

A true record attest:

CHARLES L. HILDRETH,
Town Clerk.

ANNUAL TOWN MEETING, FEBRUARY 20, 1939

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, February 20, 1939, at one o'clock P. M., the following business was transacted:

Roger H. Hildreth, Town Moderator, was sworn in by Charles L. Hildreth, Town Clerk, and called the meeting to order.

Rev. William F. Preston of the Methodist Episcopal Church offered prayer.

It was voted to dispense with the reading of the warrant.

Article 1. Voted that the reports of the Finance Committee, other Committees, Boards and Officers be accepted as printed.

Voted to accept the written report of the Committee in charge of the Gage Land as read by the Chairman, Oscar R. Spalding.

Voted to accept the written report of the Building Committee for Remodeling of the Frost School as read by Dorothy E. Chandler.

Voted that the unexpended balance of \$70.75 of the amount borrowed for remodeling the Frost School be turned back into the Town Treasury.

Article 2. Voted that the compensation of the Town Officers be as follows: Selectmen, Chairman \$150.00, other two members \$125.00 each; Board of Public Welfare, Chairman \$20.00, other two members \$10.00 each; Town Treasurer \$550.00; Town Clerk \$100.00; Collector of Taxes .75 of 1% of the amount collected; Tree Warden \$.53 per hour; Assessors \$4.50 per day of eight hours; Registrars and Assistant Registrars of Voters \$4.50 per day of eight hours for listing as required by law.

Article 3. Voted that under this article each item be considered separately.

1. Voted that the sum of \$6,785.00 be appropriated for General Government to be divided as follows: Selectmen \$550.00; License Ex-

penses \$60.00; Town Accountant \$875.00; Town Treasurer \$900.00; Assessors \$1200.00; Tax Collector \$1600.00; Town Counsel \$200.00; Town Clerk \$400.00; Registration and Elections \$1,000.00.

2. Voted that the sum of \$1,600.00 be appropriated for the expenses of the Town Hall. Voted that the sum of \$1,900.00 be appropriated for repairing and altering the Town Hall, under W. P. A. Aid if possible, and that the Selectmen and a Committee of three to be appointed by the Moderator, serve as a building committee.

3. Voted that the sum of \$5,390 be appropriated for the Police Department. Voted that the sum of \$100.00 be appropriated for Safety Signs.

Voted unanimously that Article 7 be taken up before Article 3 Item 4.

Article 7. Voted that in addition to the regular wages the salary of each regular fireman be \$15.00.

Article 3.

4. Voted that the sum of \$4,200.00 be appropriated for the Fire Department, to be divided as follows: \$3,400.00 for General Expenses and \$800.00 for Fire Hose.

Voted unanimously that Article 18 be taken up before Article 3 Item 5.

Article 18. Voted that the Selectmen be authorized to enter into a contract with the Westford Water Company for two additional hydrants at \$35.00 per year for each hydrant, one to be placed on Boston Road and one on Abbot Street.

Article 3.

5. Voted that the sum of \$3,162.00 be appropriated for Fire Hydrants.

6. Voted that the sum of \$125.00 be appropriated for the Sealer of Weights and Measures.

7. Voted that the sum of \$75.00 be appropriated to defray the expenses and the compensation of the Fish and Game Warden.

8. Voted that the sum of \$1,000.00 be appropriated to defray the expenses of fighting Forest Fires.

9. Voted that the sum of \$200.00 be appropriated to defray the expenses of the Town Forest.

10. Voted that the sum of \$250.00 be appropriated to defray the expenses of the Tree Warden.

11. A motion that the sum of \$1,837.00 be appropriated to defray the expenses of the Moth Department was lost. Voted that the sum of \$900.00 be appropriated to defray the expenses of the Moth Department.

12. Voted that the sum of \$3,875.00 be appropriated to defray the expenses of the Health Department—\$375.00 of this amount to be used to defray the expense of milk furnished underweight and undernourished children.

13. Voted that the sum of \$150.00 be appropriated to defray the compensation and expenses of the Cattle Inspector.

14. Voted that the sum of \$4,000.00 be appropriated for Snow and Ice Removal.

Voted that the sum of \$10,750.00 be appropriated for Roads under Chapter 81.

Voted that the sum of \$3,000.00 be appropriated for the Maintenance of the existing State and County Roads on condition that like amounts be contributed by either or both the State and County respectively, to be used in conjunction therewith.

Voted that the sum of \$1,000.00 be appropriated for the repairs on the Groton Road on condition that like amounts or more be contributed by the State and County respectively, to be used in conjunction therewith.

Voted that the sum of \$1,500.00 be appropriated for Town Roads.

15. Voted that the sum of \$16,000.00 be appropriated for the Welfare Department.

Voted that the sum of \$5,000.00 be appropriated to defray the expenses of Aid to Dependent Children.

Voted that the sum of \$10,000.00 be appropriated for Old Age Assistance.

16. Voted that the sum of \$5,000.00 be appropriated for Soldiers' Benefits.

17. Voted that the sum of \$66,000.00 be appropriated for the School Department.

18. Voted that the sum of \$700.00 be appropriated for Vocational Tuition.

19. Voted that the sum of \$2,000.00 and the receipts from Dog Licenses in 1938 be appropriated for the expenses of the Public Library.

20. Voted that the sum of \$200.00 be appropriated for the care of the Common.

21. Voted that the sum of \$250.00 be appropriated to defray the expenses of commemorating Memorial Day.

22. Voted that the sum of \$575.00 be appropriated to defray the expenses of Publishing and Distributing the Town Reports.

23. Voted that the sum of \$1,125.00 be appropriated for Liability Insurance.

24. Voted that the sum of \$1,600.00 be appropriated for Fire Insurance.

25. Voted that the sum of \$9,500.00 be appropriated for General Loans.

26. Voted that the sum of \$1,400.97 be appropriated for the Interest on General Loans.

27. Voted that the sum of \$300.00 be appropriated for Interest on Revenue Loans.

Voted unanimously that Article 12 be taken up before Article 3 Item 28.

Article 12. Voted to take up each item separately.

Voted not to install an additional light on Pond Street.

Voted not to install an additional light on Leland Road.

Voted that three additional lights be installed on Dunstable Road opposite Long-Sought-For-Pond, one near the Children's Camp, Long-Sought-For-Lodge, the other two to cover the Swimming Beach at the head of Long-Sought-For-Pond, and that an additional light be added if required to reach the end of the Pond.

Voted not to install three lights on Hartford Road.

Voted not to install an additional light opposite the Unitarian Church, Main street.

Voted 58 to 23 not to install two additional lights on Prescott Street.

Article 3.

28. Voted that the sum of \$6,912.00 be appropriated for Street Lights.

29. Voted that the sum of \$4,000.00 be appropriated in accordance with the provisions of Section 6 of Chapter 40 of the General Laws as a Reserve Fund.

30. Voted that the sum of \$3,163.12 be appropriated for Bills Outstanding December 31, 1938, to be divided as follows: Town Clerk \$2.00; Town Hall \$15.55; Police Department \$6.87; Fire Department \$32.81; Soldiers' Benefits \$291.12; Library \$26.65; Common \$8.00; Land Damage Expenses \$50.00; Cemeteries \$12.00; Damages to Playground \$25.68; Temporary Aid \$1,967.52; Infirmary \$489.22; Mothers' Aid \$26.50; Old Age Assistance \$209.20.

31. Voted that the sum of \$127.97 be appropriated to cover Overdrafts on the Town Hall for Repairs caused by the hurricane in 1938.

Article 4. Voted that the sum of \$10.00 be appropriated for Demonstration Work in Agriculture and Home Economics and a Director be elected from the floor under the provisions of Section 40-45 of Chapter 128 of the General Laws. Mabel M. Nixon was elected Director.

Article 5. Voted unanimously that the Town Treasurer with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1939, and to issue a note or notes therefor, payable within one year and renew any note or notes to be given for a period of not less than one year in accordance with Section 17, Chapter 44 of the General Laws.

Article 7. Voted that the sum of \$1,000.00 this being the town's share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Acts of 1932 bonds maturing in 1939, be and the same is hereby appropriated, and that a further sum of \$148.75 be and hereby is appropriated on account of interest and other charges on account thereof. That a further sum of \$1,165.65 be and hereby is appropriated for the town's share of the net cost of care, maintenance, and repairs of the Middlesex County Hospital, including interest on temporary notes issued therefor, in accordance with sections of Chapter 111 of the General Laws applicable thereto, including Chapter 400, Section 25 G (6) (a) of the Acts of 1936.

Article 8. Voted that the Town appropriate the sum of \$400.00 for Band Concerts for the current year.

Article 9. Voted that the Town appropriate the sum of \$100.00 for Guide Boards.

Article 10. Voted that the sum of \$300.00 be appropriated to defray the expenses of the Whitney Playground.

Voted unanimously to take up Article 3 Item 15.

Article 3.

15. A motion to rescind the vote appropriating \$16,000.00 for the Welfare Department was lost.

Article 11. Voted that the Town appropriate the sum of \$9,160.00 to meet the expenses incurred in connection with the W. P. A. or other similar projects.

Article 13. Voted that the sum of \$4,191.88 be transferred from the Machinery Fund to Road Machinery Account.

Article 14. Voted to dismiss the Article. (Note, the report of the committee in charge of the Gage Land was read under Article 1.)

Article 15. Voted 21 to 1 that the Selectmen be and hereby are authorized to sell at private sale or public auction, or to establish a Game Reserve of a part thereof, any or all of the land devised to the Town of Westford under the will of Martina A. Gage, and to execute and deliver in the name and behalf of the Town any deeds or other instruments of transfer necessary to convey a proper title thereto.

A rising vote of thanks was given to the Committee appointed to make an investigation, survey and examination of the land devised to the Town under the will of Martina A. Gage.

Article 16. Voted that the Town appropriate the sum of \$2,200.00 for the Cemeteries and authorize the purchase of a new mower at a sum not to exceed \$400.00, said amount to be charged against the appropriation for Cemeteries.

Article 17. Voted that the Town appropriate the sum of \$50.00 to be expended by such Town Safety Council as may be created and appointed by the Board of Selectmen, for the purpose of making our highways more safe for travel thereon.

Article 19. Voted that the sum of \$100.00 be appropriated for Tax Title Expenses.

Article 20. Voted to accept the minutes of the meeting.

Article 21. Voted to dissolve the meeting.

A True Record, Attest:

CHARLES L. HILDRETH

Town Clerk.

SPECIAL TOWN MEETING, MAY 26, 1939

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Friday, May 26, 1939, the following business was transacted:

Roger H. Hildreth, Town Moderator, called the Meeting to order at eight o'clock P. M.

1. Voted to dispense with the reading of the warrant.
2. Voted that the sum of \$297.10 be appropriated for the care of the Common; said amount to be taken from the Surplus Account. The Finance Committee verbally approved of this appropriation.
3. Voted that the sum of \$1,019.45 be appropriated to pay bills outstanding Dec. 31, 1938, to be divided as follows: Liability Insurance \$534.77; Fire Department \$12.39; Welfare Department \$397.76; Old Age Assistance \$61.33; Police Department \$13.20; said amount to be taken from the Surplus Account. The Finance Committee verbally approved of this appropriation.
4. Voted that the Town accept Chapter 403 of the Acts of 1936 authorizing cities and Towns to extend the provisions of the Workmen's Compensation Act, as voted by the Commonwealth of Massachusetts through the Governor and Council, March 10, 1937. The Finance Committee verbally approved of this action.
5. Voted unanimously to rescind the vote passed at the last annual town meeting authorizing the Selectmen to sell at private sale or public auction or to establish a game reserve of a part thereof, any and all land devised to the Town of Westford under the will of Martina A. Gage.
6. Voted not to set aside for Recreational Area all the lots of land in the southerly part of Westford bequeathed to the Town under the will of Martina A. Gage.

7. Voted that a Committee of five be appointed by the Moderator to report on the advisability of setting aside part of the Martina A. Gage land as a recreational area; or of selling certain parcels thereof, and report at the next Annual Town Meeting.

8. Voted to accept the minutes of the meeting.

9. Voted to dissolve the meeting.

A True Record, Attest:

CHARLES L. HILDRETH

Town Clerk.

SPECIAL TOWN MEETING, OCTOBER 20, 1939

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Friday, October 20, 1939, the following business was transacted:

Roger H. Hildreth, Town Moderator, called the Meeting to order at eight o'clock P. M.

In the absence of Charles L. Hildreth, Town Clerk, Alice A. Hildreth, Assistant Town Clerk, acted as Clerk.

1. Voted to accept the report of the Finance Committee.
2. Voted under this article to take up each item separately.
 - A. Voted that the sum of \$600.00 be appropriated for the expenses of Fighting Forest Fires, said amount to be taken from Surplus.
 - B. Voted that the sum of \$3500.00 be appropriated for Old Age Assistance, said amount to be taken from Surplus.
 - C. Voted that the Town appropriate the sum of \$1000.00 for Soldiers' Benefits, said amount to be taken from Surplus.
3. Voted to accept the minutes of the meeting.
4. Voted to dissolve the meeting.

ALICE A. HILDRETH,
Assistant Town Clerk.

A true record Attest:

CHARLES L. HILDRETH,
Town Clerk.

REPORT OF THE BOARD OF SELECTMEN

The Board organized for the year 1939 as follows:

ARTHUR M. WHITLEY, Chairman

ARTHUR L. HEALY, Sec'y DR. CYRIL A. BLANEY, 3rd member.

The appointments made were the same as the previous year. The salary of the regular police officer was increased from \$1,750.00 to \$1,800.00. In December of this year it was voted to pay all those working on Snow and Ice Removal, 10c per hour more for all time between 4 P. M. and 7.30 A. M. No other changes in wages were made.

For reports of the various departments and officers under the Selectmen's supervision, we refer the reader to their respective reports which are printed herein.

The Highway Department was run in the usual way under the supervision of the State Department of Public Works. As no allotments were made for construction, the work on the Groton Road could not be continued. The Chapter 81 and 90 allotments were made as usual. New street markers have been placed throughout the Town. From the Machinery Account two new sand spreaders and a new tar kettle have been purchased.

The fire insurance remains the same on all Town Buildings except the Frost School. The insurance on this building was increased \$10,000.00.

The annual audit was made by the Director of Accounts and extracts of same are herein printed.

Respectfully submitted,

ARTHUR M. WHITLEY,
CYRIL A. BLANEY,
ARTHUR L. HEALY,

Board of Selectmen.

REPORT OF STATE AUDITOR

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
Boston, Massachusetts.

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the Town of Westford for the period from September 7, 1938, the date of the previous audit, to September 18, 1939, the following report being submitted thereon.

The records of financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection were examined, checked, and verified by a comparison with the reports and records of the town accountant.

The books and accounts in the office of the town accountant were examined, checked, and compared with the records of the several departments of the town. The recorded receipts were compared with the town treasurer's record of receipts and were checked with the departmental records of payments to the treasurer, while the recorded payments were checked with the treasurer's record of disbursements and with the treasury warrants.

The ledger accounts were analyzed, the appropriations, loan orders and transfers being checked with the town clerk's records of town meetings and with the records of the finance committee. The necessary adjusting entries resulting from the audit were made, and a balance sheet showing the financial condition of the town on September 18, 1939, was prepared and is appended to this report.

The books of the treasurer were examined and checked. The recorded receipts were analyzed and compared with the records of the departments in which money was collected for the town and with other sources from which money was paid into the town treasury, while the disbursements were checked with the treasury warrants. The treasurer's cash balance on September 18, 1939, was proved by actual count of the cash in the office and by a reconciliation of the bank balances with statements furnished by the banks of deposit.

The recorded payments on account of maturing debt and interest were checked with the amounts falling due and with the cancelled securities and coupons on file.

The securities and savings bank books representing the investments of the trust funds in the custody of the town treasurer were listed, the income and the transfers to the town being verified.

The records of tax titles held by the town were examined and checked. The taxes added to the tax title account were compared with the collector's records, the recorded redemptions were checked with the receipts as shown on the treasurer's cash book, and the tax titles on hand were listed and proved.

The books and accounts of the tax collector were examined and checked in detail. The taxes outstanding at the time of the previous examination were audited and all subsequent commitments were proved to the assessors' warrants issued for their collection. The recorded receipts were checked with the payments to the treasurer and with the town accountant's books, the abatements, as recorded, were checked with the records of the assessors, and the outstanding accounts were listed and proved.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies thereto indicating that the accounts, as listed, are correct.

The town clerk's records of dog and sporting licenses were examined and checked, and the payments to the State were verified.

The commitments of departmental accounts receivable were examined and checked in detail. The recorded payments to the treasurer were compared with the treasurer's cash book, and the outstanding accounts were listed and proved.

The records of the infirmary and of the cemetery department, as well as of all other departments collecting money for the town or committing bills for collection, were examined and checked in detail.

The surety bonds of the officials required to furnish them were examined and found to be in proper form.

Appended to this report in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the tax collector's cash, summaries of the tax, tax title, and departmental accounts, together with tables showing the condition and transactions of the trust funds.

While engaged in making the audit, co-operation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

TOWN OF WESTFORD

REPORT OF SUPERINTENDENT OF STREETS

The following is the annual report of the Highway Department for the year ending December 31, 1939.

CHAPTER 81 AND GENERAL MAINTENANCE

The usual highway maintenance was carried out during the year, which includes patching, graveling, cutting brush and bituminous treatment of streets and roads.

All roads which were gravelled during 1938 were widened, shaped, rolled and oiled.

The brush on main and side roads was cut and burned. Several bad corners were cut back to make roads wider and safer.

New Corrugated Metal Culverts, catch basins, pipe and guard rails

MAINTENANCE—CHAPTER 90

were installed this year.

The usual Maintenance of Chapter 90 was carried out under the provisions of this allotment and several of the roads were given a coat of cut back asphalt and covered with 5/8" Trap Rock rolled in. This makes a non-skid road.

Respectfully yours,

J. AUSTIN HEALY

Superintendent of Streets.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen
Westford, Mass.

Gentlemen:

REPORT OF TOWN ACCOUNTANT

To the Citizens of the Town of Westford:

I herewith present the Annual Report of the Town Accountant in accordance with the General Laws.

All are reminded that all books are open to the public for inspection at any time.

If there is any part that is not clear to the reader the Accountant will explain the same upon request and give more detailed information.

All transfers from the Reserve Fund shown in this report were authorized by the Finance Committee.

H. W. HILDRETH,

Town Accountant.

REPORT OF THE FOREST WARDEN

The year 1939 proved to be a bad year for forest fires, having 90 in all most of them small.

W. P. A. has cleared up most all the woodlands and are burning the brush which will be a great help to another season.

I have issued two hundred fire permits.

I would suggest the sum of \$1000.00 be appropriated this year to care for this work.

Respectfully submitted,

HARRY L. NESMITH,

Forest Warden.

REPORT OF THE TREE WARDEN

As usual, my work has been removing dead trees from the roadside and removing dead limbs from them. I would suggest that some maple trees be set out on Depot Street. The money to be taken from income of the Whitney Fund.

W. P. A. has been trimming the shade trees and removing stumps also burning brush beside the road which has been a help.

I'm suggesting that the town appropriate money for the spraying of the gypsy moth and elm beetle. They are bad on the Graniteville Road and other trees in town.

Respectfully submitted,

HARRY L. NESMITH,

Tree Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

As Sealer of Weights and Measures for the Town of Westford, I submit the following report for the year 1939.

Number of Platform Scales over 5000 lbs.	3
Number of Platform Scales under 5000 lbs.	38

EDWARD F. HARRINGTON

Tax Collector.

REPORT OF THE BOARD OF HEALTH

The Board of Health submits the following report for the year ending December 31, 1939:

The Health Department feels elated over the very satisfactory Pre-School and School Clinics. Most of the people have taken advantage of the opportunity to immunize their children from Diphtheria, in these clinics. There has not been a case of Diphtheria reported to Westford Board of Health, clinically diagnosed as Diphtheria, since the Department started this immunization about ten years ago. During these ten years, we have given over one thousand immunization injections and over five hundred Vaccinations, without any difficulty, whatsoever, in these various clinics. The Town of Westford was sued by an inhabitant of this town for work done in a clinic, which case is now pending in court, coming up before a jury in the Spring. There is, also an article coming up before the Town Meeting of February 19, 1940 to pay a claim for said suit. The Board of Health would like to acquaint the voters that this Board has received a ruling from the Attorney General of Massachusetts, through the State Board of Health, that the Town can be sued, but is not liable for any free Clinic given to the inhabitants of the Town of Westford.

On various inspections of the milk supply, we find that the milk has greatly improved as to quality. The Department is still distributing milk to the underweight and undernourished children in our schools with pleasing results.

Contagious and infectious diseases are kept under control by the vigilance of the Health Department, and the work of the Health nurse, both at the schools and by her follow up work at the homes. These conditions could be helped with more cooperation from the heads of families at various times.

The Dental Clinic is now under the charge of Dr. James C. Coughlin of Lowell, and is doing good work and has been patronized very freely, but improvement can be made by more parents taking advantage of

this opportunity. This will greatly help the endeavors of the Dentist and the Public Health Nurse for the better welfare of these children.

The Board of Health has returned to the Town their usual unexpended balance.

Following this report is the report of the Public Health Nurse, who has performed her various duties in a most satisfactory manner.

Respectfully submitted,

CYRIL ARTHUR BLANEY, Chairman,
CARL H. HANSON,
OLIVER A. REEVES.

Members of the Board of Health.

REPORT OF THE PUBLIC HEALTH NURSE

C. A. Blaney, M. D.
Chairman, Board of Health
Westford, Mass.

Dear Sir:

Following is the report of the Public Health Nurse from January 1, to December 31, 1939:

Absentees from school visited in their homes	96
Children taken home from school because of illness	24
Child Welfare Visits for corrective work	42
Contagious Disease Cases Visited	40
Dental Clinic held each week	
Dressings, First Aid, Massage and Hyperdermic Injections	49
Home Visits	52
Nursing Visits	85
Assisted at Partuition	1
Public Health Meetings attended	3
To Lowell General Hospital for X-Ray, Observation and Treatment	4
To Hospitals for Tonsil and Adenoid Operations	13
To Lowell General Hospital Orthopedic Clinic	1

WESTFORD INFIRMARY APPRAISAL, DEC 30, 1939

WILLIAM McDONALD

HENRY B. STONE

JOHN W. KELLY

Westford Infirmary Appraisers.

REPORT OF FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending Dec. 31, 1939.

The Companies have responded to 38 fires other than forest fires: 10 buildings, 23 chimneys, 1 auto, 1 oil burner, 1 gas engine, 1 false alarm, 2 incinerator and rubbish.

As the three Fire houses need painting and repairs and the trucks require some new tires and repairs the engineers recommend that the sum of \$4,400.00 be raised to meet the expenses of the department for the coming year.

Respectfully submitted,

ALONZO H. SUTHERLAND

JOHN EDWARDS

ALFRED T. W. PRINN

Board of Fire Engineers

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board of Public Welfare organized for the year with John A. Kimball, Chairman, Thomas W. Gower, Secretary, and Thomas P. Cosgrove re-elected to the Board.

The general conditions for 1939 were much improved over the previous year, and resulted in a substantial saving in this Department. We have greatly appreciated the co-operation given us by the Catholic Charitable Bureau, Social Service League, and the Red Cross.

Although the cost for general relief was lower for the year, the Old Age Assistance rolls were decidedly increased, and from all indications will continue to grow during the coming year.

Thirteen boys were accepted by the Civilian Conservation Corps, and twenty-three new cases were assigned to the Works Progress Administration throughout the year. All W. P. A. workers, excepting veterans, who were employed continuously for more than eighteen months were removed from the project for a period of thirty days by the Emergency Relief Appropriation Act of 1939. Although the majority of the cases were re-assigned after the expiration of the thirty-days, the lay-off had considerable effect on this Department.

The National Youth Administration has employed five persons assisting on playgrounds, and W. P. A. projects. The work program of the N. Y. A. is designed to provide monetary help and vocational training to needy young men and women between the ages of eighteen and twenty-four inclusive, who are employed and out of school.

The Town Infirmary has been operating with unusual care and concern, and has created a most remarkable showing for the year.

Respectfully,

JOHN A. KIMBALL,
THOMAS W. GOWER,
THOMAS P. COSGROVE,

Board of Public Welfare.

REPORT OF THE WORK OF THE MIDDLESEX COUNTY EXTENSION SERVICE IN WESTFORD FOR 1939

The following is a report of the work of the Middlesex County Extension Service in the town of Westford during the year 1939:

During the year dairy farmers in the town were advised on the growing of improved roughage through the making of soil tests, use of lime and suggested seed mixtures. Mr. John Howard seeded nearly seven acres of alfalfa this year. Mr. Wilder, Parker Village, seeded five acres. Some assistance has been rendered milk producers on their market problems through interpretation of provisions of the State-Federal Order in the Lowell-Lawrence and Federal Milk Order in the Greater Boston Market. Over fifteen poultrymen were assisted with farm records, marketing, disease control and range development. Mr. Otis W. Day has developed one of the outstanding poultry ranges in the county. Spray service was maintained for the fruit growers and assistance given in the marketing of the apple crop.

The Homemakers' Town Committee consists of Mrs. George Heathcote, Chairman; Mrs. Clifford Johnson, Mrs. Otis Day, Mrs. Harry Ingalls, Mrs. Veronica Meagher, and Mrs. Willard Moore, assistants. Meetings were arranged with the Tadmuck Club and Parent-Teacher Association on the betterments of living.

The 4-H Town Committee, composed of Mrs. Warren Nixon, chairman, Mrs. Otis Day, Mrs. Benjamin Prescott, Mrs. Willard Moore, Mrs. Clifford Johnson, Mrs. David Scott, Miss Dorothea Nixon, Mrs. Lottie Blodgett, Mr. D. C. Staples, Mr. Peter Perry, Mr. C. V. Sweatt, Mr. Warren Nixon, Mr. Henry Stone, Mr. Clifford Hunt, and Miss Alice Remis, had two hundred and fourteen boys and girls enrolled in various 4-H club projects.

Clothing was again taught in Forge Village under the excellent leadership of Miss Alice Remis. Ruth Moore, Mildred Johnson and Dorothea Nixon entered the county dress contest. The town rally was held in the winter for all 4-H members. Three local exhibits were held where the work done by all members was on display. All members in canning exhibited at Westford and Acton Grange Fairs and received

many prizes. Avis Day placed first in the Judging Contest at Acton Fair. Dorothea Nixon was chosen as State Canning Alternate to Chicago and received a twenty-five quart pressure cooker for canning. Five Westford club members attended Camp Middlesex. Lawrence Nixon was selected as the State Delegate from all other poultry members in the state. He started in the project four years ago with ten birds and has increased his flock to 275. Dr. Parkhurst of the Massachusetts State College selected him on the excellence of his 1939 record, his good previous records and the activity and length of his 4-H record and his determination to succeed. For his fine work Lawrence was awarded an all expense trip to the State 4-H Camp, paid by the Massachusetts State Poultry Federation. Mr. Henry Stone led a group of boys interested in the dairy project. At the beginning of the project all animals were graded but through the members' interest and guided by their leader two of the club members have purebred animals. Mrs. Lottie Blodgett's clubs of forty-seven made a study of birds and made a fine exhibit of bird houses. Raymond Collins was awarded fourth place in the garden contest conducted by the Middlesex North Agricultural Society. David C. Scott was also a cash prize winner.

Mrs. Willard Moore served as councillor at Camp Middlesex.

Respectively submitted,

MRS. WARREN NIXON.

REPORT OF THE GAME WARDEN

I hereby submit my fourth annual report as Fish and Game Warden for the Town of Westford.

Following you will find the fish and game allotted to the Town of Westford:

PHEASANTS (Adult)

June 24	15
July 20	5
Sept. 6	18
Sept. 21	6

QUAIL

Sept. 21	10
----------------	----

WHITE HARES

Jan. 13	5
---------------	---

BROOK TROUT

July 25	15,000 2-3"
Snake Meadow	1,000
Nashoba	4,000

The others liberated in brooks in town.

Starting this year the State Department of Conservation is going to try to make Burgess Pond an exclusive trout pond.

Because of the hurricane of last year, the hunting season was shortened, thus this year's game was more plentiful.

If any information is wanted or any complaints are to be investigated, people interested can get in touch with me by letter or by calling at my home.

Again I take pleasure in announcing no disturbing features and take this opportunity to thank each and every one for the sincere cooperation you have accorded me.

Respectively submitted,

EDMUND L. PROVOST,

Game Warden.

WILLIAM R. TAYLOR,

Treasurer.

Westford, Massachusetts,
January 18, 1940.

Commonwealth of Massachusetts
Middlesex, ss.

Then, personally appeared William R. Taylor and made oath that the above is a true statement of the cost of construction of the Westford Water Company to January 1, 1940 and of the Receipts and Expenditures from January 1, 1939 to December 31, 1939, before me.

PERRY T. SNOW,

Notary Public.

My Commission Expires Feb. 2, 1945.

REPORT OF THE TOWN FOREST COMMITTEE

About two acres of the thirteen acres on the Forge Village Road was practically destroyed by the hurricane.

Other parts of the older growth were injured. Seventeen thousand and seventy feet of the logs were sold to the Government for \$187.86 and the money was turned back to the town. There are some small logs and wood still on the lot.

The brush has been cut and burned. After the wood and logs are cleared away the two acres should be reset. If that was done the forest would be in good condition. We have been helped by the P. W. A.

Respectively submitted,

OSCAR R. SPALDING
EDWIN H. GOULD
WILLIAM E. WRIGHT

Town Forest Committee.

REPORT OF THE WHITNEY PLAYGROUND COMMITTEE

We submit the following report:

The grounds have been put in good condition under the supervision of John G. S. Peterson.

We have repaired as much hurricane damage as possible, teaming loam, filling and leveling the surface of the field.

The wood has been cut and delivered to the schools. We have been helped in this work by the N. Y. A.

We feel the playground is both a pleasure and a benefit to the citizens of the town.

Respectfully submitted,

OSCAR R. SPALDING,
JOHN FISHER,
CHARLES L. HILDRETH,

Playground Committee.

REPORT OF THE COMMITTEE
on the Disposition of the Land Given the Town by
Martina A. Gage.

The Committee recommend that the town dispose of the lots described below:

1. Tadmuck Swamp.

The Chamberlin, Simonds and Vose lots.

There is about 45 acres in the three lots, covered by a heavy growth of hard wood, very little white pine.

2. Leighton Lot.

Situated on Robbins Road contains about 35 acres of heavy growth of hard wood.

The balance of the lots, as described below, should be retained by the town and placed under the Town Forest Act, described in the attached pamphlet, for a town forest and a game preserve.

1. South Chelmsford Road.

The Robbins lot of about 10 acres is situated on the north side of the road leading to South Chelmsford. Covered by young growth.

2. One lot situated on south side of road leading to South Chelmsford and bordering on Baptist Pond of 8 acres. It has a short frontage on Baptist Pond.

3. The Sweetser lot on the north side of Baptist Pond is covered by young growth and small pine. Contains 66 acres and has a long line on Baptist Pond.

4. Vose Lot is situated on the Old Lowell Road. Contains 10 acres. It is a gravel bank.

5. Texas Road and vicinity.

(a) Parker lot contains 41 acres and 73 rods.

(b) Parker lot No. 2 contains 41 acres and 17 rods.

(c) Robbins lot contains 37 acres and 154 rods.

These lots are covered by a young growth and Nonset Brook runs thru them.

In the same locality there is a Tuttle Lot of 5 acres and two John White lots, one of 16 acres and 55 rods and one of 5 acres. At present we do not know anything of these three lots.

6. Sarah Lyons lot.

Situated near George Burke's contains 22 acres and 60 rods. About 25 years of hard wood growth.

Respectfully submitted,

WILLIAM E. WRIGHT, Chairman
EDMUND L. PROVOST,
EVERETT A. SCOTT,
CHESTER E. BLAISDELL,
W. LEICESTER FOX.

January 23, 1940.

REPORT OF THE TOWN COUNSEL

The past year has seen the usual problems confronting the different Boards which has necessitated a large number of conferences relative to the legal side of the cases.

The Town has already realized \$350. in cash for cows taken which were sold and has a valuable horse which the Welfare Department plans to sell in the spring. In addition some old milk bills have been turned over to us the value of which is of uncertain value. These assets were turned over to the Town to satisfy an old milk bill that had been allowed to run for a number of years.

The Raymond Case against the Town of Westford for \$30,000. for injuries alleged to have been caused at a clinic conducted by the Board of Health will be reached for trial at the spring term of the Superior Court at Lowell in April of this year.

Where so many children are treated every year the question naturally arises as to how the Town can prevent a re-occurrence of such suits. It would seem no more than reasonable for the different boards employing doctors to insist that every doctor who treats a case for the Town carry Liability Insurance to protect the Town from such suits. Most doctors carry Liability Insurance.

Respectfully submitted,

GEORGE M. HEATHCOTE,

Town Counsel.

REPORT OF THE WORKS PROJECTS ADMINISTRATION

To the Selectmen and Citizens of Westford:

Due to the hurricane of 1938 all W. P. A. projects have been hampered to a great extent as all men were assigned to projects connected with the hurricane. Due to this fact less Town expenditures had to be made and a balance of \$3,469.00 is still left for 1940 work.

Over \$40,000.00 of Federal Funds have been expended in Westford during 1939. Beside this about 250 out of Town men have been employed the entire year clearing up the fire hazard which has also been paid by the Federal Government.

The Sewing Project has continued throughout the year and recently word has been received that more women are to be assigned to this project.

A Nursery School has been maintained at Abbot's Hall, Forge Village, during the year. This has been a great help to many families as well as those who have been employed in the school.

The Assessor's Mapping Project is still in operation with a small crew. Much valuable information is being obtained for this department.

For a short time during the year the Moth Project was in operation, which enabled the Town to have its trees sprayed, thus keeping in check the insects.

A project is now in operation, trimming trees and burning the brush as well as taking care of other damages due to the hurricane.

Due to damages to the Town Hall by the hurricane an appropriation of \$1,900.00 was made by vote of the Town which vote instructed the Selectmen if possible to get a W. P. A. project to help out on the work. A committee of three was appointed by the Moderator to act with the Selectmen on this project. Miss Mary G. Balch, Edward M. Abbot and Fisher Buckshorn were appointed on this committee. Mr. Harry Sulfridge, of Littleton, was chosen as the architect. Plans were drawn and accepted by the Committee. A project was written and sent in for approval to the W. P. A. Late in the summer final approval was received

and the job was started. Due to extra work and unavoidable delays the present work is about completed.

Included in this project provision was made for repairs at the Infirmary, which after the Hall is finished will be taken care of.

Starting the first of January an outside crew under the direction of the U. S. Forestry Service will burn the piles of pine slash that was made during the past year when burning was not allowed.

This coming spring it is intended to start up unfinished projects and complete same.

New regulations made by the Federal Government requires that after Jan. 1, 1940 it will be necessary that the Sponsor's must contribute at least 25 per cent. on all projects accepted.

Respectfully submitted,

H. W. HILDRETH,

Sponsor's Agent.

REPORT OF FINANCE COMMITTEE

The Finance Committee has held the customary meetings and given all the articles in the warrant careful consideration and recommended the appropriation of the various sums as tabulated below:

Article	Appropriation	Voted 1939	Amount Expended	Amount Asked	Recom- mended

- ART. 11. The Finance Committee does not recommend that the Town install an additional hydrant on Pleasant St.
 ART. 12. The Finance Committee leaves this to the discretion of the Town.
 ART. 13. The Finance Committee recommend that the Town appropriate \$50.00 under this Article.
 ART. 14. The Finance Committee does not recommend the installation of any additional street lights at this time.
 ART. 15. The Finance Committee recommends that the Town appropriate the sum of \$10.00 for the expenses of the Finance Committee, to purchase record books.
 ART. 16. The Finance Committee does not recommend the appropriation of any money under this Article.
 ART. 17. The Finance Committee does not recommend the appropriation of the sum of \$1,100.00 in settlement of the action of Frederick A. Raymond, P.P.A., against the Town of Westford.

- ART. 18. The Finance Committee recommends that a Committee be appointed to draw up a code of Zoning and Building By-Laws for the Town of Westford under this Article.
- ART. 19. The Finance Committee recommends that the Town instruct the Welfare Board and the Board of Health to require that all doctors handling Town cases carry Physicians' Liability or Malpractice Insurance, as a justifiable protection to the Town.
- ART. 20. The Finance Committee recommends that the Town appoint a Committee to study the Fire and Forest Fire Departments, with a view of improving the efficiency and economy of said Departments, and that the Committee make a report of its recommendations at the next Town Meeting.
- ART. 21. The Finance Committee does not recommend the issuing of permits by the Town for the serving of alcoholic beverages in public buildings or on public lands.
- ART. 22. The Finance Committee recommends that the Selectmen be authorized to purchase an automobile from the appropriation for the Police Department and that the Selectmen be authorized to turn in the old police car for an allowance to be applied to the purchase of the new car.

If the above recommendations of this Committee are followed at the Town Meeting, the tax rate will be approximately \$37.00 per thousand. For every increase of \$1,000.00 the tax rate will increase approximately 35c per thousand.

Respectfully submitted,

P. HENRY HARRINGTON,
W. OTIS DAY,
HERFORD H. ELLIOTT,
ROBERT PRESCOTT,
JOHN B. GRAY,

Finance Committee.

TOWN OF WESTFORD WARRANT

COMMONWEALTH OF MASSACHUSETTS, MIDDLESEX SS.

To the Constable of the Town of Westford in said County:

GREETING:

You are hereby required, in the name of the Commonwealth afore-said, to notify and warn all the inhabitants of said Town, qualified to vote in elections, and also in Town Affairs, to meet at their several polling places, viz:

- Precinct 1. Town Hall, Westford Center.
- Precinct 2. Abbot Hall, Graniteville.
- Precinct 3. Nabnasset School, Brookside.
- Precinct 4. Abbot Hall, Forge Village.

MONDAY, FEBRUARY 12, 1940

being the second Monday in said month, at 12:00 o'clock noon for the following purposes:

To bring in their votes for the following officers:

FOR THREE YEARS

- One Selectman
- One Member of the Board of Public Welfare
- One Assessor
- Two Members of the School Committee
- One Member of the Board of Cemetery Commissioners
- One Trustee of Public Library
- One Member of Board of Health

FOR ONE YEAR

- Moderator
- Constable
- Tree Warden

The polls will be open from 12:00 o'clock noon to 8 P. M., and to meet in the Town Hall at Westford Center on the following

MONDAY, FEBRUARY 19, 1940

at 1:00 o'clock in the afternoon, then and there to act on the following articles, viz:

- 1st. To hear the reports of the Finance Committee, other Committees, Boards and Officers.
- 2nd. To determine the salary and compensation of elected Officers and such Officers and Officials as provided by law.
- 3rd. To appropriate money to meet the cost and expenses of the following departments, officers and purposes:
 1. General Government.
 2. Town Hall.
 3. Police Department.
 4. Fire Department.
 5. Hydrants.
 6. Sealer of Weights and Measures.
 7. Fish and Game Warden.
 8. Forest Fires.
 9. Town Forest.
 10. Tree Warden.
 11. Moth Department.
 12. Health Department.
 13. Cattle Inspector.
 14. Highway Purposes.
 15. Board of Public Welfare.
 16. Soldiers' Benefits.
 17. School Department.
 18. Vocational Tuition.
 19. Public Library.
 20. Care of Common.
 21. Commemoration of Memorial Day.
 22. Publishing of Town Reports.
 23. Compensation insurance.
 24. Fire Insurance.
 25. General Loans.
 26. Interest on General Loans.
 27. Interest on Revenue Loans.
 28. Cemeteries.
 29. Electric Lights.
 30. Reserve Fund.
 31. Bills Outstanding December 30, 1939.
- 4th. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1940 and to issue a note or notes therefore,

payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17 of Chapter 44 of the General Laws.

- 5th. To see if the Town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the Town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Acts of 1932 bonds maturing in 1940, issued in compliance with Chapter 10, also for the Town's share of the cost and interest on said bonds due in 1940, also for the care, maintenance, and repair of said hospital for 1940, including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and including Chapter 400, Section 25 G (6) (a) of the Acts of 1936, and for all other expenses in connection therewith, determine how money shall be raised, or in any way act thereon.
- 6th. To see if the Town will vote to appropriate the sum of \$300.00 for the care of the Whitney Playground.
- 7th. To see if the Town will appropriate money to meet the expenses incurred in connection with the W. P. A., or other similar projects.
- 8th. To see if the Town will vote to transfer and appropriate money to the Road Machinery Account.
- 9th. To see if the Town will vote to appropriate the sum of \$100.00 for Tax Title Expenses.
- 10th. To hear the report of the Committee appointed at the Special Town Meeting held May 26, 1939 relative to the advisability of setting aside part of the Martina A. Gage land as a recreational area; or of selling certain parcels thereof, and act in relation to same.
- 11th. To see if the Town will vote to authorize the Selectmen to enter into a contract with the Westford Water Company for one additional hydrant on Pleasant St., near the residence of Mrs. Catherine Elliott.
- 12th. To see if the Town will vote to appropriate the sum of \$400.00 for Band Concerts for the current year.
- 13th. To see if the Town will vote to appropriate the sum of \$50.00 to be expended by such Town Safety Council as may be created and appointed by the Board of Selectmen, for the purpose of making our highways more safe for travel thereon.

- 14th. To see if the Town will vote to install additional street lights as follows:
One on Prescott Street
Five on Tyngsboro Road
Nine on West Street
Two on Hartford Road
One on Carlisle Road
- 15th. To see if the Town will vote to appropriate the sum of \$10.00 for expenses of the Finance Committee.
- 16th. To see if the Town will vote to appropriate the sum of \$400.00 and authorize the Welfare Department to purchase a new tractor for the Infirmary. The amount received for the sale of the old tractor to be applied to the purchase price of the new one.
- 17th. To see if the Town will vote to appropriate the sum of Eleven Hundred Dollars (\$1,100.00) in settlement of the action of Frederick A. Raymond, P.P.A., against the Town of Westford, which action is pending in the Superior Court of Middlesex County, Numbered 117569 on the docket.
- 18th. To see if the Town will vote to appoint a Committee to draw up a code of Building and Zoning By-laws for the Town of Westford to be submitted at the next Annual Town Meeting.
- 19th. To see if the Town will vote to instruct the Welfare Board and the Board of Health to require that all doctors handling Town Cases carry Physicians' liability or malpractice insurance as a justifiable protection to the Town.
- 20th. To see if the Town will vote to appoint a committee to study the Fire and Forest Fire Departments with a view of improving the efficiency and economy of said departments, and that the committee make a report of its recommendations at the next Town Meeting.
- 21st. To see if the Town will vote to instruct the selectmen to permit the serving of alcoholic beverages in Public Buildings and on Public Lands.
- 22nd. To see if the Town will vote to authorize the Selectmen to purchase an Automobile from the appropriation for the Police Department and also authorize the Selectmen to turn in the old police car for an allowance to be applied to the purchase price of the new car.

And you are directed to serve this warrant by posting up true and attested copies thereof at the Town Hall and each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this 31st day of January, in the year of our Lord nineteen hundred and forty.

ARTHUR M. WHITLEY,
ARTHUR L. HEALY,
CYRIL A. BLANEY,

Selectmen of Westford.

A true Copy: Attest

.....

Constable of Westford.

Annual Report
OF THE
SCHOOL COMMITTEE
OF THE
TOWN of WESTFORD

For the Year Ending December 30,
1939

ORGANIZATION—SCHOOL COMMITTEE

Eric J. Anderson, Chairman	Term expires 1942
George P. Gibbons	Term expires 1942
Edward C. Buckingham	Term expires 1941

C. Veronica Meagher, R. N. Westford, Mass.

Tel. Residence 185

Office 50-4 Town Hall

REPORT OF SCHOOL COMMITTEE

Citizens of Westford:

I hereby submit my annual report as Chairman of the School Committee for the year 1939.

There were no changes in the personnel of our committee this year, as George P. Gibbons and Eric J. Anderson were re-elected.

A new superintendent, Roger K. Poole, was elected to fill the vacancy caused by the resignation of Robert W. Barclay. Mr. Poole was formerly principal of the Junior High School in West Brookfield, Massachusetts. He is a graduate of Tufts College, and received the degree of Master of Education from Boston University.

There were two major repairs made by the Committee this year. The William E. Frost School was painted, and new toilets were installed in the girls' and boys' basements at the Sargent School.

We respectfully request the sum of \$65,000 for expenses to operate the public schools this year, and \$400 for vocational tuition.

Respectfully submitted,

ERIC J. ANDERSON,

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

I submit herewith my first annual report as Superintendent of the Westford Public Schools, through you, to the citizens of Westford. Since my connection with education here began only last August, it is fitting that I confine myself in this report to the latter half of the past year and, more significantly, the future. May I pay tribute, first of all, to Westford's teachers who, through their wholehearted spirit of cooperation and their professional receptivity to constructive suggestion, have encouraged me constantly in my part of this great responsibility we share with the mothers and fathers of Westford? Similarly, I am grateful to the Westford School Board for its open-mindedness towards, and its judicial examination of, each educational question as it has arisen. Because I believe that the first and greatest responsibility of a superintendent of schools is the quality and efficiency of the educational process itself—that is to say, what we shall teach, and how we shall teach it—this report will deal primarily with educational matters and only secondarily with the ever present financial problem.

Course of Study

By far the greatest need in our system today is that for the building of a vital, farseeing, and dynamic course of study in all grades and in all subjects of the curriculum. This is an Herculean task and under the best conditions will take several years to accomplish. The work will not be finished when the new course of study is printed since, to keep it alive and valuable, it must be in a constant state of revision and growth to keep it abreast of changing needs and trends in education. To be vital, a course of study must be democratically conceived and have built into it the ideals, wisdom, and experience, not only of a leader but of the teachers who are going to carry it into successful operation. The task of building involves research study into what those states, cities, and towns who are leaders in the field of education are doing, and also a critical survey of the actual needs of Westford boys and girls which are different in some respects from the needs of any other group, anywhere.

We are already at work on this significant undertaking. Three committees of approximately twelve teachers each, volunteers, have started on the construction of a course of study and all that this implies, in the three fields of reading and English, mathematics, and social studies, which term includes such subjects as history, government, and geography. By next January we hope to have a tentative outline ready to test in actual operation. This will contain not only a standardized syllabus of what we shall teach, and when we should teach it, but also detailed suggestions as to the most efficient and interesting techniques for the actual teaching procedures. In successive years we hope to cover all remaining phases of the curriculum and by that time it will be none too soon to revise and improve what we have already built. The gain in effectiveness of our education which should result from this undertaking will be of great importance.

Testing Program

We need some objective means of measuring the exact degree of success which we are achieving in our schools. We need to know, rather than to estimate or guess, just how much each individual child has accomplished, what things he has learned well, and what things he has failed in. It is not enough to know that Johnny doesn't read very well. We need to know exactly whether his reading trouble is due to poor mechanics, a scanty vocabulary, or poor comprehension. If we have this diagnosis it naturally follows that we can teach to overcome the recognized difficulties. A program of annual achievement tests which are diagnostic in form, correlated with intelligence tests, would make it possible to go a long way toward more effective education for each individual child in our schools. Most up to date school systems use such a program. Because these tests are standardized on the basis of thousands of children elsewhere, they would answer definitely the question as to how effective the brand of education we are providing is. They would act as a separate check on the accuracy of each teacher's marks. Incidentally, poor teaching will show up so that the need for improvement by the teacher will be obvious to her. The cost of this program will be small but the benefits will be far reaching.

Basic Subjects

Since early times education has grown from a comparatively simple procedure to the complex structure that it now is. However, no modern educational system is much stronger than its work in the three basic subjects, reading, writing, and arithmetic. Let us take stock briefly of our situation with respect to these three.

The Committee has wisely purchased, in the near past, the materials—books—for the first four grades of a first class modern reading

system. I believe they intend to complete the purchase in the coming year by acquiring the books for the fifth and sixth grades. Emphasis is placed on reading as the one most important work of the primary and probably the intermediate grades.

The arithmetic books now in use are a varied miscellaneous lot and must be replaced with new modern books immediately. A study of the many new textbooks available has been going on during the past year and will continue until a decision is reached, probably by summer this year. This purchase has been allowed for in the new budget.

In writing, it seems, we are doing the least effective work of the three basic subjects. The handwriting of our boys and girls is poor in general. This, I believe, is neither their fault nor that of those in authority. It is only recently that a writing system has been made available which develops natural easy legible writers by encouraging each individual child to perfect his own individual style. It is my sincere recommendation that Westford take advantage of this innovation by adopting it, as several of the nearby towns have already done.

High School Curriculum

Our normal average boys and girls who stay in school until they graduate from the Academy deserve a curriculum more fitted to their needs. Our present high school curriculum fills the needs of a future college student or stenographer adequately we hope. But what does it provide for the boy or girl who fits into neither of these classifications—the boy or girl who is going out to work at whatever job he can get and who will soon marry and have a home to support and manage? I am not suggesting that we provide a vocational education—the cost is beyond us and it is now obtainable in a nearby city. But I do hope that by change rather than by expansion we can provide, in the near future, courses which will be more socially useful in fitting our youth to cope with the everyday problems it must certainly face.

Visual, Safety and Health Education

Visual education is one of the newest techniques for making the learning process interesting and vital. We have the beginnings of a fine program already started. Laboratory demonstration apparatus, sound motion picture projectors, maps, posters, charts, and a micro-projector give us the tools to work with. It is fitting that I recognize here the spontaneous effort by the teachers, pupils, and parents of this town who have united in a drive to procure, for the elementary schools, the finest type of motion picture projector available.

The schools maintain a consistent campaign against carelessness which results in accidents. This fall we have emphasized two phases

of highway safety. We are teaching boys and girls to walk on the left hand side of the road thereby facing oncoming traffic whenever it is necessary for them to walk on the road. Children are learning that "two-on-a-bike" is dangerous. Eternal vigilance and perseverance are the price of success here. Coasting in the winter and swimming in the summer furnish particular hazards against which we must fight. Frequent fire drills are carried out in all the schools with the emphasis on careful planning and orderly exit rather than speed which might result in tragedy under panic conditions.

In the program of professional general teachers' meetings which are held at regular intervals throughout the school year we are working to develop a health program for the various grades which will be a real service to the community. The school nurse and physician carry on their work quietly and efficiently. Nine teachers from the five schools have completed the course in senior first aid given by the American Red Cross at Graniteville this fall. The new telephones in the elementary schools might well save their cost if, through them, precious time is saved in the case of an accident, in getting the doctor or nurse.

School Cost

As a prelude to the financial section of this report may I emphasize the point that getting more value for the same money is just as truly thrifty as reducing the cost itself? It is more spectacular to reduce the total cost, but scarce wiser, in an educational system that is already bereft of those features which would be classed as good but not absolutely essential. May I rededicate the office of superintendent of schools to a policy of elimination of all waste, careful purchasing of necessary textbooks and supplies, and above all, to a program of supervision and improvement of instruction which will draw out the fullest value from our annual expenditure for schools.

The total expenditures for the schools in Westford for the fiscal year 1939 was \$65,981.33. Reimbursement from the State of Massachusetts under Chapter 70, for tuition and transportation of state wards, and tuition from the Town of Tyngsboro, amounted to \$9,275.45. This leaves a net cost from local taxation of \$56,705.88. In order to give a basis for comparison with costs elsewhere, the statistics in the remainder of this paragraph are taken from the Annual Report of the Department of Education, Commonwealth of Massachusetts for the school year 1938-1939. Figures quoted are all from Group III in the State Report, which group is composed of 110 towns having less than 5000 population and which maintain high schools. Westford is, of course, included in this group, and may be fairly compared with it. Westford's cost per pupil in the net average membership of her schools, based

on her total expenditure for education derived from all sources, was \$83.82 as compared with \$95.48 which is the average for all towns in the group. On this basis, Westford's cost per pupil was 90th in the group of 110 towns. These figures definitely indicate that a policy of rigid economy has been adhered to by the Westford School Board.

Maintenance of School Plant

From a brief survey of the enrollment figures of the Westford Schools in recent years it would appear safe to forecast that there will be no problem of overcrowding in the near future with the exception of the Academy which is not adequate for its present enrollment. Most of our buildings are old. Under these circumstances it would seem wise to continue and to standardize a plan, already in partial use, of reconditioning — painting specifically — the exterior or interior of one complete building each year. This would mean a cycle of nine years between redecorations which is none too frequent to keep our already old buildings in a state of good preservation. May I recommend that this nine year plan be adopted. Unless a definite long term plan is made there is a tendency toward letting the interiors get more and more shabby and unattractive for the children who use them. Pleasant attractive surroundings help to make learning easier.

The deplorable sanitary conditions that have existed in the Sargent School have been corrected by the installation of new toilet fixtures and plumbing and adequate ventilation. Also, during the past year, the Frost School has had a coat of paint on the outside. Another is needed. The walks in the various school yards have been tarred and gravelled where needed and all are in good condition at the present time. The playground at the Sargent School needs to have the surface finished and seeded to make it fill the purpose for which it was provided. The swings and seesaws at the various schools represent a considerable investment and it would appear to be good business to buy the replacement parts necessary to put them in working order.

In the Academy there is immediate need for sheet metal hoods over the chemistry laboratory benches and an exhaust fan to carry off noxious gases manufactured during the regular class experimentation. At the present time these gases permeate the whole building and are both injurious to health and nauseating.

Telephones

Telephones have been installed in the Cameron, Sargent, and Nabnassett School buildings. An extension telephone has been added to the superintendent's office phone and it is located in the office of the principal of the Academy. The benefits that should accrue from

this action include: (1) immediate location of, and contact with, the school nurse and physician, (2) more efficient service of supplies from the school department office, (3) quicker contact with the superintendent in emergencies large or small, (4) more accurate information service at the department office, (5) closer cooperation and synchronization between all the schools. Citizens can help by refraining from calling the schools during actual school hours except in case of emergency. It is felt that the telephones will justify their cost many times over if they prevent even one accident from becoming a tragedy.

Nursery School

The nursery school at Forge Village is not operated by the Westford School Department but as an independent W. P. A. project. The School Department maintains a nominal supervision only over this project but has extended the school nurse service to include a regular periodic inspection. These facts are given here to avoid any misunderstanding in this connection.

Thanks

On behalf of the children and teachers I wish to extend thanks to the Abbot Worsted Company and the C. G. Sargents Sons Corporation for their Christmas checks which have contributed largely toward making our traditional school Christmas parties the happy occasions that they are.

Personnel Changes

During the summer the resignations of Miss Mary I. Bohenko of the Academy, Miss Emma Goucher, Miss Gertrude Provost and Mr. James H. Fitzgibbons of the Sargent School, and Miss Caroline Weaver of the Frost School were accepted. Miss Anne M. Sughrue was elected to teach in the commercial department at the Academy. Miss Margaret Curley and Miss Muriel A. Thornton were elected to fill the vacancies at the Sargent School. Miss Rita Edwards is at present teaching in the Frost School. All four are doing good work.

Guidance

To bring up a family of children happily and well is the great challenge that all parents face. The reward for success in this task is the privilege of watching the children develop into adults who have high ideals, sound personalities, and the habit of industry. Before this goal is attained many baffling problems must be faced and wisely solved. Your superintendent of schools wishes to be of service to the parents of each and every boy and girl by assisting them to handle

successfully each major and minor difficulty in which a child is involved. The schools can and will be glad to help if parents will give them their confidence. With this objective in mind, and in order to provide an opportunity for unhampered conference and consultation, regular office hours from 3:30 to 4:30 on school days will be held by the superintendent during the coming year. Also, the superintendent is on call by telephone at any time and will be glad to call on any parents who wish his help but who find it impossible to use the regular office hours. Those parents who come for help will continue to find a courteous and understanding attitude awaiting their problems.

Respectfully submitted,

ROGER K. POOLE,

Superintendent of Schools.

REPORT OF PRINCIPAL OF WESTFORD ACADEMY

For the Year Ending December 31, 1939

January 1, 1940

Mr. Roger K. Poole,
Superintendent of Schools,
Westford, Massachusetts

Dear Sir:

I am pleased, herewith, to submit my third annual report as principal of Westford Academy.

1. ENROLLMENT

The Academy had an enrollment on November 24, 1939 of 192 pupils, distributed among the four classes as follows:

Class	Boys	Girls	Total
1940	11	22	33
1941	15	28	43
1942	27	37	64
1943	29	23	52
	82	110	192

Note: We require that a pupil have 15 credits to be a Sophomore, 35 credits to be a Junior, 55 credits to be a Senior, and 80 credits to graduate. This means that a pupil may have fewer credits than his class and still catch up.

The enrollment on the opening day of school in September 1939 was some 30 pupils less than the expected enrollment of 235. While this condition may be accounted for in part through pupil-transfers to other schools and through pupils leaving to work (especially the boys) the fact remains that many of these pupils, having reached the age limit compulsory for school attendance, just left school. If this is the case, then it would seem that our present curricular offerings are failing to serve the needs and interests of these boys and girls. Is this, perhaps, an indication that there should be some form of curriculum

revision in the not too distant future, along lines which will make the curriculum better adapted to the educational and vocational interests of this group?

2. SCHOLARSHIP

Improving the general scholarship level of the school continues to be one of our most important aims. We are attempting to stimulate better scholastic achievement on the part of our students in some of the following ways:

Honor Roll: At the end of each of our five marking periods an Honor Roll of all pupils attaining a rank of "B" or better in all subjects is published. Figures kept for the past two years as to the number of pupils attaining this distinction, reveal that there has been a slight, but none the less, steady increase in the size of our Honor Roll with each succeeding term. Approximately 16 per cent. of the school's total enrollment were on the Honor Roll for the school year 1938-1939, a slight increase over the 13 per cent. of the preceding year. This seems to indicate that the usual high standard of scholarship of the Academy is being maintained.

Further research in connection with students' marks reveals that an average of approximately 20 pupils each marking period miss the Honor Roll by just one subject, indicating an obvious need for still greater effort on the part of these pupils.

Ranks: The report card, issued bi-monthly, continues as our chief periodic contact between the home and the school. Parents are strongly urged to study this report carefully to note the progress their boy or girl is making. If the report does not come up to the expectancy of the parents, they are cordially invited to confer with the principal and with the teachers. Personal conferences between parents and teachers usually result in a better and clearer understanding between the home and the school. An increase in the number of parent-teacher conferences would greatly aid the teachers in their efforts to better understand the individual student and help them act more intelligently in dealing with the problems and difficulties of the individual.

Prizes: The awarding of individual prizes for successful scholastic accomplishment at the close of the school year is being continued. Through the generosity of the Board of Trustees of Westford Academy a sum of \$35 is set aside annually to be used for this purpose. A description of the various prize awards may be found in the Graduation Program of the Class of 1939 at the conclusion of this report.

Habits of Study: Failures and habits of study of the individual student are closely related. Poor study habits often result in much waste of time and energy on the part of the pupil and are responsible

in some degree for his failure to achieve successfully. This year informal meetings of the Freshmen have been held for the purpose of instructing them in correct study habit procedures. Some hints on "How to Study" were developed and a printed copy distributed to each member of the class. These meetings have also been instrumental in helping the first year student to adjust himself more quickly to his new environment. With the cooperation of the home in seeing that these study procedures are carried out, and with the continuance of such instruction by the school, it is hoped that better and more abiding habits of study will be acquired by all students, and thus lead to more successful pupil accomplishment.

III. CURRICULUM

Significant Trends — A report recently issued by the National Association of Secondary School Principals, dealing with the high school curriculum as it exists today, reveals the startling fact that ". . . each succeeding decade from 1890 to 1930 has witnessed the doubling of the number of youth previously enrolled in high schools, and that today approximately two-thirds of America's youth of secondary school age is enrolled in school." This same report further states that, "evidence today available points toward the secondary school of the future carrying all of the youth of high school age to the completion of the twelfth grade or beyond."

This significant trend towards universal secondary education inevitably means a school population with a range of interests, special abilities and aptitudes, vocational purposes, and life plans representative of the entire population. What is meant more specifically, to quote the report, is "that a secondary school program must be provided in which the curriculum content and the methods of instruction are differentiated and developed to meet the capacities and needs of all types of youth."

In this same connection a recent nation-wide inquiry among school executives brings out the general realization on their part of the existence of a large group of students in high school today for whom the conventional program is poorly adapted. In fact, to again quote the report, "the general consensus of opinion is that the present program falls so signally to meet the needs of these students that they may be well thought of as educationally neglected."

The following statements taken from this same report are significant:

1. ". . . the work of the world demands the fullest development of all types of aptitudes and abilities."
2. ". . . since society does need all types of abilities, and since

individuals very widely in these, it is absurd for an educational institution which attempts to serve all youth to base its entire system of values upon a given type of academic aptitude and then attempt to mould every pupil to this pattern in so far as possible."

3. "As the American secondary school faces the future, the greatest problem of its organization and administration, as well as of its instructional program, is concerned with providing adequate and appropriate education for all the children of all the people, and its supreme test will be met in the degree to which it succeeds in providing functional positive education for all youth."

Our Program—The program at the Academy makes provision for College and Commercial curriculums. Into these two categories fall many of our students. The remainder, however, either because of a non-interest in languages, or because of a disinclination to follow the straight Commercial curriculum are classified as General Students. As such, the subject offerings from which they can make up a program are limited, and to a large extent are ill adapted to their needs. The introduction of courses of greater social utility into our curriculum would be of real value in preparing these boys and girls for more successful and useful life after graduation from school. At least their introduction would give increased opportunity for these students to experience successful accomplishment, while at the same time effect a modernization of our curriculum in accord with current trends in this phase of secondary education.

IV. ADMINISTRATION

Faculty — Except for the resignation of Miss Mary I. Bohenko, who accepted a teaching position in the Braintree High School, the personnel of the faculty remains unchanged. Miss Anne M. Sughrue was elected in August to fill this vacancy in the Commercial Department. The fact that the teaching personnel of the Academy has remained the same for the past few years is an advantage to the pupils, in that they have not had to adjust themselves so frequently to new personalities and to different methods of instruction.

Provision for Make-up Work— To facilitate make-up work in the afternoon for those pupils absent on account of illness, or for other good reasons behind in their studies and justified in asking special help of the teachers, a schedule of make-up sessions adopted two years ago continues in operation. This affords an excellent opportunity for pupil-teacher conferences, and to remove misunderstandings of all sorts which may have arisen in connection with regular classroom

work. While pupils are expected to do make-up work during these sessions, this does not exclude the well-intentioned pupil from making up back work, or from obtaining extra help, during school time. In this case arrangements are made with the teacher personally.

Schedule for Make-up

Monday.....	Miss Sughrue, Miss Caldwell
Tuesday.....	Mr. Delaney, Miss Tewksbury
Wednesday.....	Mrs. Robinson, Mr. Pulsifer
Thursday.....	Mr. Mueller, Mr. Charron
Friday.....	Open for Appointment

Fire Drills—Realizing the necessity for adequate preparedness for the quick and safe evacuation of the building in the event of such a calamity overtaking us, our regulations for fire drills were revised and put into effect soon after the opening of school in the fall. Four successful drills have been held since September. Emphasis is placed on the orderly and prompt exit of all pupils from the building, rather than on excessive speed. Class groups leave the building in the company of the classroom teacher, and once outside remain with the teacher while the attendance of the group is checked. Posters, made by one of the students, giving brief but clear directions for exit, have been posted in a conspicuous place in each of the rooms.

Library—The school continues to work in close association with Miss Day, librarian of the J. V. Fletcher Library. At three week intervals throughout the school year, Miss Day brings the "library" to the school and sets up shop in one end of the laboratory. Here pupils are allowed to come to select books, either for reference in connection with regular classroom work, or for outside reading reports. The fine service which Miss Day is rendering the students and the school is to be commended.

A thirty volume set of the Americana Encyclopedia has recently been added to the reference materials of the Academy. This reference work, of latest edition, replaces an older much used one, and so as to be more easily accessible to the students has been placed on open shelves in the English room. In addition to the Encyclopedia, three new Webster Standard Unabridged Dictionaries, of 1939 edition, were added at the same time as replacements for some, which through long service and constant use, were in extremely poor condition. These reference works are most valuable additions to the instructional facilities of the school.

V. VISUAL EDUCATION

A real effort during the past year has been made to expand our program in Visual Instruction. The increased use of auditory and visual aids to vitalize the subject matter in many of our courses has not only served to increase pupils' interest in their work, but has helped them to obtain a more thorough understanding of the subject itself. While the setting up and the administering of this expanded program in visual instruction has taken considerable time, it is felt that the educational values accruing to the students are of sufficient importance to justify the time and the emphasis which has been accorded this phase of our work. Some idea of the scope of the program we are endeavoring to develop may be gained from the following paragraphs.

Micro-projection—Micro-projection, which may be defined as "projecting on a screen, objects seen under a single microscope by one skilled in its operation", is a relatively new innovation in the field of visual instruction. Through the recent acquisition of such a projector for use in the biology classes, the instructional facilities of the Academy have been considerably augmented. Now, by means of this projector and a single microscope we can project the actual specimen many times magnified before the entire class; whereas before, we depended upon a single microscope used individually to serve the needs of all the pupils in two large sections of biology. A used microscope, in good condition, was acquired at the same time to replace our old one which was not adaptable for use with the new projector.

One of the many advantages of micro-projection is the certainty that all pupils, regardless of their ability to use a microscope, will see the specimen under discussion, and, moreover, will see it in exactly the same way. This, in itself, is a marked improvement over the procedure formerly in use, of having each individual pupil learn the technique of operating the microscope, in spite of the fact that only one instrument was available for this purpose.

The projection of live specimens upon the screen for the whole class to see and to enjoy is one of the many interesting possibilities of the micro-projector. Now the tiny amoeba, the paramecium, etc., can be projected upon the screen and the life processes of the living organism, such as: cell division, feeding, propulsion, circulation, and reproduction, (to mention only a few) can be observed and studied as they actually take place. Another use of the micro-projector will be in the study of the structure and formation of crystals, and thus become a real aid to the Chemistry classes as well. Truly then, these sciences are on their way to becoming extremely vital and interesting courses in our curriculum.

Motion Pictures—The sound motion picture projector, presented last year to the school by the Trustees, has become an integral part

of classroom instruction at the Academy. Educational pictures, both silent and sound, have been used with success in classes in History, Biology, Chemistry, Physics, and General Science. Hardly a day passes without some use being made of the projector to supplement regular classroom instruction. In addition to its use in the classroom, and its occasional use in a few of the school clubs, the motion picture projector is being used in our weekly assemblies. In this case pictures of both, educational and entertainment value, and which will be of interest to all pupils, are shown.

The projection qualities of the pictures shown in the auditorium have been greatly improved by dark curtains for the windows and skylights, made entirely possible through the voluntary contributions of the students and by the addition of a large size auditorium screen. This now makes it possible for pupils to enjoy movies from any part of the auditorium without undue eyestrain. The securing of light-tight curtains for both the laboratory and the biology room is one of our immediate future needs, if the quality of the pictures projected in these two rooms is to be improved.

Films for classroom use are being obtained through the Film Service of Boston University, while those for general assembly use are being obtained through the Y. M. C. A. Motion Picture Bureau. Films for classroom use are selected on the basis of their close correlation with the given subject; our aim being to instruct, rather than to give "just another show". That our aim may be reasonably achieved, exhibiting teachers are required to preview all films before showing them to their classes.

This year our schedule of films includes the following titles, covering a wide range of subjects:

Story of a Storage Battery	Construction that Endures
The Hit and Run Driver	Control of Plant Diseases
Where Mileage Begins	News in the Air
Rain on the Earth	Exploring the Coffee Continent
Modern Coal Mining	Science Saves the Surface
Everybody's Business	They Discovered America
Saving Seconds	Man Against the Microbe
Seeds	Rambles in Gaspesia
Niagara, the Glorious	Sulphur
Amik, the Beaver	Making an Automobile Body
Canada's Metropolis	Diesel, the Modern Power
Canada's Queen City	Heedless Hurry
Yellowstone National Park	Mexico and Its West Coast
Beyond the Microscope	Land of Cotton
Golfing with the Masters	Making of Safety Glass
Foot Health	Shock Troops of Disaster

Inland Waterways	First Century of Baseball
First Aid, Live and Learn	Petroleum, the Liquid Mineral
Story of Transportation	Salmon, Alaska's Silver Millions
The Story of Asbestos	Horse Sense in Horse Power

Washington, the World's Greatest Capitol
 Zion National Park, The Rainbow of the Desert
 Carbon Monoxide, the Unseen Danger
 Synthetic Dye Manufacturing and Uses
 Tuberculosis, How it Can Be Avoided

With such splendid facilities for visual instruction it can be safely said that Westford Academy, in this respect, is on a par with many of the larger high schools, who can boast no finer equipment in this field. We are grateful to the members of the School Committee for their interest and cooperation and for their material aid in providing much of our newer equipment.

VI. EXTRA-CURRICULAR ACTIVITIES

Clubs—A Drivers' Training course was added to our club program this year. Made possible through the cooperation of Mr. Frank A. Goodwin, Registrar of Motor Vehicles for the Commonwealth, the course has a threefold purpose:

1. To give students training that will be of value to them both as drivers and as citizens.
2. To help students attain the ability to drive a car more skillfully.
3. To give the students the attitudes that will make them be good drivers and good citizens.

Under the leadership of Mr. Delaney, about fifteen students are receiving this instruction. A student who successfully passes the examination, set by the Registrar, with an average of 85% or over, will be given a certificate, which upon presentation at one of the examining points, will automatically excuse him from taking the oral part of the examination for a driver's license.

A French Club and a Typing Club were also added to the club program in an effort to better serve the varied interests of the students. The former club under the direction of Mr. Charron, and the latter under the leadership of Miss Sughrue are proving to be most worthwhile additions to our list of Clubs. Other active clubs and their sponsors are: Camera, Miss Caldwell; Newspaper, Mrs. Robinson; Commercial, Miss Tewksbury; History, Mr. Pulsifer; and Glee Club, Miss Moran.

Athletics—Basketball for both boys and girls, and baseball for the boys, continue to be our only ventures into the field of sports. Mr.

Delaney coaches the boys' basketball and baseball teams, and Miss Sughrue assumes the coaching duty for the girls in basketball.

For the protection of the athletes of the school, this year the Academy, with the consent and approval of the School Committee, has joined the Athletes Accident Benefit Fund sponsored by the Council of New England Secondary School Principals Association. The purpose of the plan is to reimburse the student for serious injuries that might arise from the student's participation in any of the sports conducted under the supervision of the school. It is now the rule at the Academy that any boy or girl taking part in school athletics must either join the benefit fund, or else, present a written statement from parent or guardian releasing the School Department from all responsibility for medical attention and expenses resulting from athletic injuries. Thus far, all boys and girls of our basketball squads have taken advantage of the opportunity which has been offered them to participate in this benefit fund.

Athletic Association — Our Athletic Association comprising approximately 92% of the student body, continues as the only organization for the entire student body. Through the efforts of this organization, the necessary funds for the support of our athletic program are raised. The students have actively participated in each of the various drives, such as: membership, season tickets, and play tickets, which have been conducted.

The Association Play, "One in a Million", was presented on December 15, 1939, in the Academy Auditorium, before an appreciative audience. The success of the venture is due largely to the hard work of the several student committees in charge of the production. Our only regret was that a larger audience was not in attendance to lend their support and encouragement to the players, students, and coach who had worked so hard to make the evening's entertainment the enjoyable one that it was.

The officers and advisers of the Association for the year 1939-1940, on whom rests the responsibility for directing the activities of the Association, are:

President	John T. McKniff
Vice President	Roger Tuttle
Secretary	Grace Robinson
Treasurer	Inez Burnham
Advisers	Mr. Charron, Mr. Delaney and Miss Sughrue

VII. MISCELLANEOUS

The honorary members of the Tadmuck Club from the Class of 1940 are Dorothea Nixon and Harriett Mann.

The Seniors, Class of 1939, following the annual custom, presented the three act comedy "Change Partners" in the Academy Auditorium on the Evening of May 5, 1939. The play, coached by Mr. Charron, was exceptionally well performed before an appreciative audience of parents and friends of the school.

This year, group singing, under the leadership of Miss Moran, has made its appearance as one of the newer features of our weekly assemblies. The school orchestra, under the direction of Julius Woessner, plays for the school assemblies and in addition performs a valuable service in furnishing the incidental music for Graduation and other school functions.

The final issue of the Clarion, which for several years past has been published as a Class book by the graduating class, was this year changed to a Yearbook. Besides containing the usual features relating to the graduating class, the scope of the book was enlarged to include pictures of the other classes and a brief resume of their activities during the year. The success of the venture and the increased enthusiasm with which the book was received by all the students, would seem to indicate that the change instituted by the Class of 1939 was a wise and most progressive one.

A check on the post-graduation activities of members of the Class of 1939 reveals that 44% are continuing their education, and that 33% have some sort of employment. A summary of the activities engaging last year's graduates is given below:

Attending College	1
Attending Special Schools	4
In Training	1
Attending Commercial Schools	6
Working	7
In Civilian Conservation Corps	2
Unaccounted for	2
At Home	4

In conclusion, I wish to extend my sincere thanks and appreciation to superintendent, teachers, and students, for their kindly co-operation and enthusiastic support.

Respectfully submitted,

JULIUS H. MUELLER,

Principal, Westford Academy.

GRADUATION EXERCISES

Of The Class Of 1939

WINNERS OF PRIZES (Given by Trustees)

Awarded at Graduation Exercises

Member of Senior Class for Excellence in English during the Senior Year:

Five Dollars—Henry Greenwood Corey, Jr., '39

Member of Senior Class for Excellence in Senior Stenography:

Two and one-half Dollars—Tied for Honors

\$1.25—Hilda Bertha Blanchard, '39

\$1.25—Grace Zanchi, '39

Member of the Senior Class for Excellence in Senior Typewriting:

Two and one-half Dollars—Tied for Honors

\$1.25—Hilda Bertha Blanchard, '39

\$1.25—Grace Zanchi, '39

Washington and Franklin Medal for Excellence in United States History (Given by Massachusetts Society of Sons of the American Revolution):

Henry Greenwood Corey, Jr., '39

Awarded at Class Day Exercises

Member of the Junior Class who, in the estimation of classmates and members of the Faculty, has done the most for the Class and for Westford Academy:

Ten Dollars—Tied for Honors

\$5.00—Grace Hanson, '40

\$5.00—John T. McKniff, '40

Member of the Sophomore Class who, in the estimation of classmates and members of the Faculty, has done the most for the Class and for Westford Academy:

Ten Dollars—Roger Tuttle, '41

Member of the Freshman Class with the Highest General Average for the Year:

Five Dollars—Treasure Bechard, '42

CLASS SONG

1. For the four years we've been here,
Our Alma Mater deemed us dear,
Now in the knowledge and in victories,
We start out on a new career,
Winning honors as before,
Upholding her dear name,
And hope that all her efforts
Will bring to her great fame.
2. As we journey ever on
'Til the heights are all aglow,
We look backward, ever backward
To the Alma Mater that we know,
Winning honors as before,
Upholding her dear name,
And hope that all her efforts there
Are bringing her great fame.
3. In the future let us stand
As we are gathered here today.
Let us try and trust and triumph
For all our lives in every way,
Winning honors as before,
Upholding her dear name,
And hope that all our efforts there
Will bring to her great fame.

Words by Stella Briscoe, Dorothy Stewart Sargent

Music by Hilda Bertha Blanchard

GRADUATION CALENDAR

1. Class Day Exercises in Academy Auditorium, June 13, 10 A. M.
2. Field Day Exercises on Whitney Playground, June 13, 1 P. M.
3. Commencement Ball in Academy Auditorium, June 14, 8 P. M.
4. Alumni Banquet, Academy Auditorium, June 17, 6.30 P. M.

REPORT OF THE SCHOOL NURSE

January 15, 1940

Mr. Roger K. Poole
Superintendent of Schools
Westford, Mass.

Dear Sir:

Following is the report of the School Nurse from January 1, to December 31, 1939:

Daily school visits were made and vaccinations checked on children entering school.

Dressings and first aid	24
Children examined for minor ailments	38
Children recommended for exclusion because of pediculosis	19
Children recommended for exclusion because of contagious disease contact	16

Assisted school physician in examination of school children in spring and fall of 1939.

Result of Physical Examination:

Acne	2
Anemia	1
Bronchitis	1
Cardiac palpitation	1
Enlarged tonsils and adenoids	19
Enlarged cervical glands	1
Heart murmurs	30
Irregular pulse	2
Posture	2

Respectfully submitted,

VERONICA P. MEAGHER, R. N.
School Nurse.

REPORT OF SCHOOL PHYSICIAN

To the Members of the School Committee:

The following is my report for the year ending December 31, 1939.

The pupils were given a physical examination twice during the school term. If any defects were found they were reported to the parents so that early treatment could be provided if it was found to be needed.

Only a few major defects were found and these consisted of heart ailments. No consumption was diagnosed.

Pupils who took part in athletic sports were examined and found to be without physical defects before being allowed to participate.

A few minor accidents were reported but as a whole accidents on school property were of minor importance.

The work with the few undernourished pupils is still going on with good results in most cases, under the supervision of the school nurse.

In my work for the past year I have had the splendid cooperation of the school nurse, teachers, and parents of the pupils.

Respectfully submitted,

DR. DWIGHT COWLES

School Physician.

REPORT OF MUSIC SUPERVISOR

January 21, 1940

Mr. Roger K. Poole
Superintendent of Schools
Westford, Massachusetts

Dear Sir:

The following is my report as Supervisor of Music in Westford:

The Rhythm Bands are continuing to do excellent work in all of our Schools. The Harmonica Bands appear to be on the wane, with the exception of those at the Nabnassett School. These pupils seem to be doing exceptionally well, not only in Harmonica, but in music in general. At the Sargent School we have only one band, and that in Grade V.; at the Cameron—one, in Grade III.; and at the Frost there is none.

Some progress was made in the study of folk songs and dances in the lower grades this year, also in the historical knowledge of music and of its composers. But it is to be regretted that the use of the radio for the Damrosh Concerts and appreciation lectures cannot be available to all. However, to further the interest in good music we are endeavoring to study operas, as at this impressionable age, these are apt to leave a lasting effect, and though the pupils may not take up the study of music later, they will be able to talk intelligently and understand when operatic music is under discussion.

The Cameron School is to be complimented on its excellent work in composing songs and harmonizing them, and our most sincere thanks are extended to the Lowther family for the piano they kindly donated to this school.

It is my belief, that the cooperation of teachers and pupils goes far toward making the achievements in music a success.

Respectfully submitted,

LILLEY M. MORAN

Music Supervisor.

Annual Report
OF THE
J. V. FLETCHER LIBRARY
OF THE
TOWN of WESTFORD

For the Year Ending December 30,
1939

REPORT OF THE TRUSTEES OF THE J. V. FLETCHER LIBRARY

January 1, 1940

The Trustees of the J. V. Fletcher Library respectfully submit their annual report for 1939, including the report of the librarian and the list of books added in 1939.

The Trustees ask for the following appropriation, viz.:

1. The sum of twenty-two hundred (\$2,200.00) to meet the current expenses of the main library and its branches.
2. The receipts from the dog licenses in 1939.

The success with which any public institution serves a community is largely dependant upon the skill and integrity with which its officials administer its affairs. For a period of many years the J. V. Fletcher Library has been fortunate in having had the interest and wise counsel of Mr. Julian A. Cameron and it was with regret that his resignation from the Board of Trustees was accepted last year. When the Library was built in 1896 Mr. Cameron served on the building and dedicating committees and in July of 1908 he was elected a member of the Board of Trustees, taking the place of Mr. William A. Perkins who resigned at that time. Since 1913 he had been Chairman and during this period many improvements took place in the Library. His long service is appreciated.

Respectfully submitted,

WILLIAM C. ROUDENBUSH,
Chairman.
WILLIAM R. TAYLOR
ALICE M. HOWARD, Secretary.

REPORT OF THE LIBRARIAN

January 1, 1940

To the Trustees of the J. V. Fletcher Library:

The librarian herewith submits her twenty-second annual report in the eighty-first year of the Westford library.

The circulation of books and magazines, jig-saw puzzles and pictures have all increased over that of last year. Travel continues the most popular group of non-fiction with a circulation of 783. Biography is still second with 780 but useful arts is back to third place with 596, while history is fourth with 489. Bound volumes of National Geographic have been very popular with a circulation of about 100.

It was necessary to close the deposit station in Graniteville when Mrs. Hardy, who had charge of it, moved away in July. The books at Forge Village have been called in temporarily for a check up for the purpose of getting all the books accounted for. The slow return of the books has delayed its reopening but all who wish may borrow from the main library.

Books are still sent to the village schools where they are in charge of the teacher. The grammar school children in town come to the library during the noon hours on Tuesdays and Thursdays while the librarian takes English and history books to the High School on Tuesday mornings once in three weeks. Books related to the topic and children's books have also been taken to the meetings of the Parent-Teacher Association.

About twenty books have been borrowed from the Library Commission besides books in foreign languages. The circulation of the latter was 98.

The slogan for Book Week this year was "Books Around the World". In the children's room dolls and flags representing different nations were placed with the stories of their countries.

Again in the Frost museum case the most popular exhibit has been the foreign dolls, many of which were purchased at the World's Fair. Some other exhibits were pictures of flowers and gardens and old

manuscripts relating to the early history of Westford given to the library in 1912 by Miss Miranda Luce. In one of these documents dated June 18, 1728 is the statement "It is voted the day above that Benjamen Robins shal joyne with Mr. Joseph Underwood in going to the Generall Court to make aplycation for this precinct to be a seprat towne". The date of the appointment of this committee was not known when the town history was written.

A display of flags of about sixty countries arranged on the counter created much interest, calling attention to the number of other nations who also use red, white and blue and to the similarity of pattern, three stripes being very common. Identification of flags was made through pictures in the National Geographic, and dictionary.

At Christmas time books of poetry and stories suitable to the season were placed on the tables in the children's and adult reading rooms where they were much used. The manger scene was arranged on one of the shelves in the children's room with other decorations of pictures and greens.

The last Saturday of the year a wreath of herbs containing sea rosemary, santolina, sweet mugwort, thymes, sage, etc. was loaned for display on the counter by Mrs. George A. Blackadar. Most of the materials were raised by Mrs. Hollis Webster, of Lexington, an authority on herbs. A lighted bayberry candle was placed in the center.

Flowers have been provided for the library during the summer by Mrs. Roy L. Keizer, Arthur L. Hope, Miss Alice M. Howard, John K. Felch, the Misses Atwoods and the librarian.

A W. P. A. project listed books in the library published before 1850. A great many were found.

To further her professional knowledge the librarian has attended the two one-day meetings of the Massachusetts Library Association held in Boston in January and November and the four day meeting held with the New England group at Portsmouth, New Hampshire in June.

Several valuable additions to the Westford historical material were received. A rare map of Westford taken from Beer's Atlas of 1875 showing the residents of the town and including small maps of Forge Village, Graniteville and the center was purchased.

A photograph of G. A. R. and American Legion members taken in 1921 was presented by Mrs. Isles; also a snapshot of Mr. and Mrs. Leonard W. Wheeler taken with Mr. and Mrs. William C. Roudenbush, a welcome addition to the picture collection of Westford residents. Two pamphlets "Memorial to Oliver Prescott" to accompany his picture previously given and "Centennial Celebration of Building of First Parish Meeting House" were given by Miss Grace Lawrence.

For those who cannot come to the library regularly it is possible to get books by mail on payment of postage which is 1½ cents a pound.

Two magazines have discontinued publication. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

REGULATIONS

The J. V. Fletcher Library is open Tuesdays, Thursdays, and Saturdays (legal holidays excepted) from 1.30 till 5, and from 6.30 till 9.00 P. M.

The Forge Village deposit station at the Post-Office in charge of Mrs. Josephine Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No books shall be transferred, or acknowledged as returned, unless delivered to the librarian.

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.

Males Females

Total number recorded	28	29
Number of deaths in Town	20	21
Residents of Westford	22	27

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case.

(See General Laws, Chapter 46, Section 13.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * *. Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * *. A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars * * *.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

Section 8. (Penalty for neglect to comply with the provisions of Section 6, not more than five dollars.)

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor with blanks for return of births as required by law.

CHARLES L. HILDRETH,
Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dogs licensed January 1, 1940, to December 31, 1940:	
167 Males at \$2.00	\$334.00
28 Females at \$5.00	140.00
21 Spayed Females at \$2.00	42.00
<hr/>	
Total	\$516.00
Clerk's fees 216 licenses at 20 cents	43.20
Paid to Town Treasurer as per Town Treasurer's Re- ceipts	472.80
Number of Dogs returned by Assessors:	
Males	257
Females	50
Spayed Females	27
<hr/>	
Total	334

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended by Chapter 320, Acts of 1934.

Section 137. The owner or keeper of a dog which is three months old or over shall annually, on or before March thirty-first, cause it to be registered, numbered, described and licensed for one year from April first following .. . in the office of the clerk .. . The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attached a tag .. . and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

Section 138. The owner or keeper of a dog may at any time have it licensed until April first following; and a person who after April first becomes the owner or keeper of a dog which is not duly licensed, and the owner or keeper of a dog which becomes three months old after March thirty-first in any year, shall, when it is three months old, cause it to be registered, numbered, described, licensed, collared or harnessed and tagged as required by Section 137.

Section 139. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the Town

Clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the commonwealth may be accepted as evidence that the said operation has been performed.

DOG LICENSES ISSUED THROUGH DECEMBER 31, 1940
FOR LICENSE YEAR ENDING MARCH 31, 1941

A true record attest:

CHARLES L. HILDRETH,

Town Clerk.

ANNUAL TOWN MEETING, FEBRUARY 19, 1940

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, February 19, 1940, at one o'clock P. M., the following business was transacted:

Roger H. Hildreth, Town Moderator, called the meeting to order.

Charles L. Hildreth, Town Clerk, being absent on account of illness, Alice A. Hildreth, Assistant Town Clerk, acted as Clerk.

Rev. Ambrose D. Walker of St. Catherine's Church offered prayer.

Voted to dispense with the reading of the Warrant.

Article 1. Voted that the reports of the Finance Committee, other Committees, Boards and Officers be accepted as printed.

Article 2. Voted that the compensation of the Town Officers be as follows: Selectmen, Chairman \$150.00; other two members \$125.00 each; Board of Public Welfare, Chairman \$20.00; other two members \$10.00 each; Town Treasurer \$550.00; Town Clerk \$100.00; Collector of Taxes .75 of 1% of the amount collected; Tree Warden \$.53 per hour; Assessors \$4.50 per day of eight hours; Registrars and Assistant Registrars of Voters \$4.50 per day of eight hours for listing as required by law.

Article 3. Voted that under this Article each item be considered separately.

1. Voted that the sum of \$7,175.00 be appropriated for General Government to be divided as follows: Selectmen \$550.00; License Expenses \$50.00; Town Treasurer \$900.00; Town Accountant \$875.00; Assessors \$1,200.00; Tax Collector \$1,600.00; Town Counsel \$200.00; Town Clerk \$400.00; Election and Registration \$1,400.00.

2. Voted that the sum of \$1,700.00 be appropriated for the Town Hall.

Voted unanimously to take up Article 22 next.

Article 22. Voted that the Selectmen be authorized to purchase an automobile from the appropriation for the Police Department and to turn in the old car for an allowance to be applied to the purchase of the new car.

Article 3.

3. Voted that the sum of \$5,546.00 be appropriated for the Police Department and that the sum of \$100.00 be appropriated for Safety Signs.

4. Voted that the sum of \$4,000.00 be appropriated for the Fire Department.

Voted unanimously to take up Article 11 next.

Article 11. Voted to dismiss Article 11, which was an Article relative to an additional hydrant on Pleasant street.

Article 3.

5. Voted that the sum of \$3,185.00 be appropriated for Hydrants.

6. Voted that the sum of \$125.00 be appropriated to defray the expenses and compensation of the Sealer of Weights and Measures.

22. Voted that the sum of \$500.00 be appropriated to defray the expense of publishing and distributing the Town Reports.

23. Voted that the sum of \$1,300.00 be appropriated for Compensation Insurance.

24. Voted that the sum of \$1,000.00 be appropriated for Fire Insurance.

25. Voted that the sum of \$9,500.00 be appropriated for General Loans.

26. Voted that the sum of \$1,185.37 be appropriated for Interest on General Loans.

27. Voted that the sum of \$400.00 be appropriated for Interest on Revenue Loans.

28. Voted that the sum of \$1,900.00 be appropriated for the Care of the Cemeteries.

Voted unanimously to take up Article 14 next.

Article 14. Voted that under this Article each item be considered separately.

Voted to install one additional light on Prescott Street.

Voted to dismiss the item relative to installing five lights on Tyngsboro Road.

Voted to dismiss the item relative to installing nine lights on West Street.

Voted to dismiss the item relative to installing two lights on Hartford Road.

Voted to dismiss the item relative to installing one light on Carlisle Road.

Article 3.

29. Voted that the sum of \$6,930.00 be appropriated for Street Lights.

30. Voted that the sum of \$3,000.00 be appropriated in accordance with the Provisions of Chapter 40 of the General Laws as a Reserve Fund.

31. A motion was made that the sum of \$1,966.91 be appropriated for Bills Outstanding December 31, 1939, to be divided as follows: License Expenses \$7.00; Town Hall \$17.43; Police Department \$34.12; Fire Department \$221.89; Forest Fires \$36.42; Moth Department \$30.00; Soldiers' Benefits \$30.00; Health Department \$5.75; Street Lights \$0.77; Welfare Department \$1,067.68; Old Age Assistance \$76.25; Aid to Dependent Children \$17.25; Compensation Insurance \$8.35; Old Age Assistance \$414.00.

Voted to divide item 31.

A motion that the item of \$414.00 for Old Age Assistance be paid was lost.

Voted that the sum of \$344.00 be appropriated for Old Age Assistance.

Voted that the sum of \$1,552.91 be appropriated for Bills Outstanding December 31, 1939, to be divided as follows: License Expenses \$7.00; Town Hall \$17.43; Police Department \$34.12; Fire Department \$221.89; Forest Fires \$36.42; Moth Department \$30.00; Soldiers' Benefits \$30.00; Health Department \$5.75; Street Lights \$0.77; Welfare Department \$1,067.68; Old Age Assistance \$76.25; Aid to Dependent Children \$17.25; Compensation Insurance \$8.35.

Article 4. Voted unanimously that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1940, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

Article 5. Voted unanimously that the sum of \$1,000.000 be appropriated, this being the Town's share of the principal of the Middlesex County Tuberculosis Hospital Founding Loan, Acts of 1932 bonds maturing in 1940, and that a further sum of \$106.25 be and hereby is appropriated on account of interest and other charges on account thereof. That a further sum of \$1,272.07 be and hereby is appropriated for the Town's share of the net cost of care, maintenance, and repairs of the Middlesex County Hospital, including interest on Temporary Notes issued therefor, in accordance with Sections of Chapter 111 of the General Laws applicable thereto, including Chapter 400, Section 25 G (6) (a) of the Acts of 1936.

Article 6. Voted that the sum of \$300.00 be appropriated for the Care of the Whitney Playground.

Article 7. Voted that the sum of \$7,000.00 be appropriated to meet the expenses of the W. P. A. or similar projects.

Article 8. Voted that the sum of \$3,142.00 be transferred from the Machinery Fund to the Highway Equipment Account.

Article 9. Voted that the sum of \$100.00 be appropriated for Tax Title expenses.

Article 10. Voted that the Town sell the following Martina A. Gage Lots, Tadmuck Swamp and Leighton Lots, and that the balance of the Martina A. Gage Land be placed under the Town Forest Act according to the General Laws, said land also to be used as a Game Preserve.

Article 12. Voted that the sum of \$400.00 be appropriated for Band Concerts.

Article 13. Voted that the sum of \$50.00 be appropriated to be expended by such Town Safety Council as may be created and appointed by the Board of Selectmen, for the purpose of making our highways more safe for travel thereon.

Article 15. Voted that the sum of \$10.00 be appropriated for the Finance Committee to purchase stationery, etc.

Article 16. Voted that the sum of \$400.00 be appropriated and that the Welfare Department be authorized to sell the old tractor, both

amounts to be used by the Welfare Department to buy a new tractor for the Town Infirmary, provided that the Welfare Department will add such an amount as is necessary, not exceeding \$200.00, from their regular appropriation to enable them to buy an unused tractor with rubber tires, and suitable for row-crop farming.

Article 17. Voted 72 to 27 to dismiss this Article which was relative to appropriating the sum of \$1,100.00 in settlement of the action of Frederick A. Raymond, P. P. A., against the Town.

Article 18. Voted that the Town appoint a Committee to draw up a Code of Building and Zoning By-Laws for the Town of Westford to be submitted at the next Annual Town Meeting.

Article 19. A motion was made that the Town instruct the Welfare Board and the Board of Health to require that all doctors handling Town cases carry Physicians' Liability or Malpractice Insurance as a justifiable protection to the Town. An amendment was offered that the Town pay the cost of such Insurance.

It was voted to act separately on the two parts of the motion.

Voted that the Town instruct the Welfare Board and the Board of Health to require that all doctors handling Town Cases carry Physicians' Liability or Malpractice Insurance as a justifiable protection to the Town.

It was ruled by the Town Counsel that the proposed amendment was beyond the scope of the Article in the Warrant and so no action was taken thereon.

Article 20. Voted unanimously to dismiss this Article which was relative to the appointment of a Committee to study the Fire and Forest Fire Departments.

Article 21. Voted unanimously that the Town instruct the Selectmen not to permit the serving of alcoholic beverages in public buildings and on public lands.

Article 22. Voted to accept the minutes of the meeting.

Article 23. Voted to dissolve the meeting.

ALICE A. HILDRETH,
Assistant Town Clerk.

A True Record, Attest:

CHARLES L. HILDRETH,
Town Clerk.

SPECIAL TOWN MEETING, OCTOBER 14, 1940

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, October 14, 1940, the following business was transacted:

Roger H. Hildreth, Town Moderator, called the meeting to order at 8:00 o'clock P. M.

In the absence of Charles L. Hildreth, Town Clerk, because of a Registrars of Voters Meeting, Alice A. Hildreth, Assistant Town Clerk, acted as Clerk.

Article 1. Voted that the report of the Finance Committee be accepted as read.

Article 2. Voted that each item of this article be acted upon separately.

1. Voted that the sum of \$1,500.00 be appropriated for the Fire Department to be divided as follows: Payroll \$500.00; Equipment \$1,000.00. Said appropriation to be taken from surplus.

REPORT OF SELECTMEN

To the Citizens of Westford:

The appointments were the same as the previous year, with no salary increases.

The reports of the various departments under our supervision are printed in this report.

The Soldiers' Benefits expenses increased greatly during the period from May 1st to October 1st due to the suspension of W. P. A. by the State Office.

The Highway Department has continued its usual program. No allotments were made by the State and County for work on the Groton road. One new truck was purchased for one old one turned in. The price of hired trucks was increased from \$1.15 per hour to \$1.50 by order of the Public Utilities Department. Requests are being made for aid for the reconstruction of Hildreth Street from the State and County.

The usual annual audit was made by the Director of Accounts and extracts of same are herein printed.

Signed,

ARTHUR M. WHITLEY,
ARTHUR L. HEALY,
CYRIL A. BLANEY,

Selectmen.

REPORT OF STATE AUDITOR

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston
Sir:

As directed by you, I have made an audit of the accounts of the town of Westford for the period from September 19, 1939, the date of the previous audit, to August 24, 1940, and submit the following report thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing town funds or committing bills for collection, were examined and verified by a comparison with the books and records in the office of the Town Treasurer and the Town Accountant.

The books and accounts of the Town Accountant were examined and checked. The recorded receipts were checked with the Treasurer's books and departmental records, while the recorded payments were compared with the Treasury warrants and the Treasurer's books.

The appropriations and transfers, as recorded in the ledger, were checked with the Town Clerk's records of Town Meetings and with the Finance Committee's records of transfers authorized from the reserve fund.

The ledger accounts were analyzed, a trial balance was drawn off proving the accounts to be in balance, and a balance sheet, which is appended to this report was prepared showing the financial condition of the town as of August 24, 1940.

The books and accounts of the Town Treasurer were examined and checked. The recorded receipts were analyzed and compared with the records in the departments collecting money for the Town and with the other sources from which money was paid into the Town Treasury, while the payments were checked with the Selectmen's warrants authorizing the disbursement of Town funds.

The cash balance on August 24, 1940, was verified by a reconciliation of the bank balances with statements furnished by the banks of deposit and by actual count of the cash in the office.

The payments on account of debt and interest were proved with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of trust funds in the custody of the Town Treasurer were

examined and listed. The income was proved, the disbursements were verified, and the balances were reconciled with the records of the Town Accountant.

The amounts added to the Tax Title Account since the previous audit were compared with the collector's records, the recorded redemptions were checked with the receipts as shown on the Treasurer's cash book, and the Tax Titles on hand were listed, proved, and checked with the records in the Registry of Deeds.

The books and accounts of the Tax Collector were examined and checked. The tax accounts outstanding according to the previous examination were audited, and all subsequent commitments of taxes were reconciled with the Assessors' warrants. The recorded collections were compared with the payments to the Treasurer as shown by the Treasurer's books, the abatements as entered were checked with the Assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the Town Accountant's ledger.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the Town, and from the replies received it appears that the accounts as listed, are correct.

The Town Clerk's records of Sporting and Dog Licenses were examined, the payments to the State being verified by a comparison with the receipts on file and the payments to the Town Treasurer being compared with the Treasurer's cash book.

The accounts of the Public Welfare, Cemetery, and of all other departments collecting money for the town or committing bills for collection, were examined, checked, and reconciled with the Treasurer's and the Accountant's books.

The outstanding Fire and Health accounts receivable amounting to \$352 and \$128, respectively, are of several years' standing. If these accounts are found to be uncollectable, they should be cancelled.

Old Age Assistance Tax Abatements amounting to \$30.00 which were granted several years ago should be raised by the Assessors in the tax levy of 1941.

The surety bonds of the financial officials bonded for the faithful performance of their duties were examined and found to be in proper form.

For the co-operation extended by the various Town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

REPORT OF SUPERINTENDENT OF STREETS

The following is my report for the year ending December 31, 1940:

CHAPTER 81 AND GENERAL MAINTENANCE

The Highway Department has carried on the usual working program, which includes the patching, graveling and bituminous treatment of streets. Many new culverts and catch basins were installed.

There are about three and one-half miles of dirt road that have not been oil treated. I am gradually getting to them. While it is impossible to finish these roads in a year, I am pleased to report that most of them will be oiled this coming year.

The Road Department has kept the men steadily employed. To keep these men employed the year round it requires considerable advance planning and even without the aid of our Chapter 90 Construction Allotment our Highway Department has suffered no layoff.

HIGHWAY MACHINERY FUND

The Highway Machinery Fund which went into effect about three years ago has proven a most successful and satisfactory method. It has enabled the Town to take care of all expenses for supplies, equipment, etc., that are necessary to this department. All highway equipment is purchased on the lowest bid prices, while the same applies to all materials used on the highways.

MAINTENANCE—CHAPTER 90

The usual Maintenance of Chapter 90 was carried out under the provisions of this allotment. All of our Chapter 90 Highways are in good condition. The shoulders on all roads were maintained and kept in good order during the year.

A dangerous hill and curve on Cold Spring Road has been removed. With this removed it gave us the opportunity to widen and gravel this narrow road for about $\frac{1}{4}$ mile, which in 1941 will be shaped up and oiled.

The non-skid Trap Rock roads have proven so successful that they are going to be continued this year.

<i>Highway Equipment</i>	<i>Condition</i>
1 Fordson Power Grader, 10 yrs. old, New Engine 1937	Good
1 Large Conant Loader	Good

1 Ford Dump Truck—1940	New
1 Ford Dump Truck—1937	Good
1 Chevrolet Truck—1938	Good
1 Buffalo Springfield Steam Roller 12 ton with Scarifer 15 yrs. old	Good
1 Holt Tractor—1926, 5 ton	Fair
1 V-Tractor Plow	Good
7 Reversible Blade Snow Plows	Good
1 One-way Plow	Good
3 Sand Spreaders	Good
1 Oil Burning Tar Kettle	New
2 Patch Mixers	Fair
1 Oil Heater with Pressure Tank	Fair
1 Eight-hundred Gallon Water Cart	Fair
1 One-thousand Gallon Water Cart	Fair
1 Road Scraper	Fair
2 Stone Drags	Fair
3 Shoulder Drags	Good

MISCELLANEOUS

Shovels, Picks, Mattocks, Bars, Axes, Lanterns, Forks, Scythes,
Bush Cutters, Chains etc.

Respectfully submitted,

J. AUSTIN HEALY,
Superintendent of Streets.

REPORT OF POLICE DEPARTMENT

To the Honorable Board of Selectmen
Westford, Mass.
Gentlemen:

I herewith submit my report for the year 1940 for the Police Department.

Report to the Department of Correction has been made.

Arrests made	58
Assault and battery	4
Abandoned autos	5
Auto violations	14
Auto accidents	26
Auto transfers	65
Auto Registrations	11
Auto Licenses suspended	38
Auto Licenses	9
Appeals case to Superior Court	4
Automobile fines going to the State	\$ 180.00
Cases in Ayer Court	33
Civil and Criminal Cases in Superior Court	9
Collected for Dog Licenses	\$ 182.00
Collected for Sunday Licenses	\$ 50.00
Collected for Beer Licenses	\$ 2,333.00
Cruelty to Children	5
Complaint against dog	38
Complaints against Minors	64
Complaints investigated Cruelty to Animals	2
Complaints on dead Animals left on top of ground	6
Complaints on suspicious person	31
Camps broken into	8
Dog killed by Automobiles	9
Dog shot	11
Duty at public gathering	156
Dances	164
Driving under the influence of liquor	7
Driving so to endanger	4
Disturbances of the peace	8
Drunkenness	20
Driving without Licenses	9
Fruit Thieves	4
Family Disturbances	56
Fires Attended	24

Fines in Ayer Court	\$ 145.00
Funeral Attended	16
In Lockup at Town Farm	33
Idle and Disorderly	42
Investigations made	942
Jurors	4
Breaking and Entering in the night time	13
Men taken to Jail	7
Operating a motor vehicle without a license	5
Operating so as to endanger lives	6
Leaving scene after injury to property	1
Larceny Complaints	41
Notices Posted	12
Public nuisance in beer places	121
Pedestrians struck by automobiles	2
Petty Complaints	931
Summonses and Notices served	64
Warrant served	17
Electric wires down on streets	14
Lay watching in different places	36
Inspection of Camps weekly in the winter time	262
Malicious injury to Property	3
Suicide	1
Boys sent to Westboro	2
Illegitimacy	1
Drowning Accident	2

I wish to bring to the attention of the voters of the town of Westford, the fact that the Police Department is asking for a two-way radio system for the two Police cars. In past years the Operator of the Westford Telephone Office has been of great assistance to the Police Department. As the dial system is being installed in town it will be a handicap to the people to get the Police in time of need. The two-way radio will be serviced from the Lowell Police Department. I urge upon the Citizens the absolute necessity of the two-way radio system as the development at Fort Devens will greatly increase the burden on the Police Department. The towns of Ayer and Shirley and Groton are increasing the number of regular officers in their department, but I feel that with the two-way radio I would be able to give the people of Westford proper protection without adding more men.

I wish to take this opportunity to thank the Board of Selectmen, Court Officers, Officer Connell and the other Special Officers of the Town of Westford for their advice, co-operation and assistance during the year past.

Respectfully submitted,

JOHN F. SULLIVAN,

Chief of Police.

REPORT OF TOWN ACCOUNTANT

To the Citizens of the Town of Westford:

I herewith present the Annual Report of the Town Accountant in accordance with the General Laws.

All are reminded that all books are open to the public for inspection at any time.

If there is any part that is not clear to the reader, the Accountant will explain the same upon request and give more detailed information.

All transfers from the Reserve Fund shown in this report were authorized by the Finance Committee.

H. W. HILDRETH,

Town Accountant.

REPORT OF THE TREE WARDEN

As usual my work has been removing dead trees from the road side and removing broken limbs from others. I would suggest that some maple trees be set out on Depot Street. The money to be taken from income of the Whitney Fund.

I'm suggesting that the town appropriate \$500.00 for the spraying of elm beetle. They are bad all over the town.

Respectfully submitted,

HARRY L. NESMITH,

Tree Warden.

REPORT OF THE FOREST WARDEN

Deputies Appointed by the Warden

Fred R. Blodgett

Norman K. Nesmith

Charles A. Blodgett

George L. Nesmith

Edwin H. Gould

Alonzo H. Sutherland

Richard W. Hall

Edward Rogers

Harold E. Wright

The Year 1940 proved to be a good year having only one bad fire. Fifty-one fires in all.

I have issued two hundred fire permits.

I would suggest the town appropriate money to buy chassis to put the sprayer on. It would save hiring a truck and storage because it could be kept in the fire house.

I would suggest the sum of \$1000.00 be appropriated this year to care for this work.

Respectfully submitted,

HARRY L. NESMITH,

Forest Warden.

REPORT OF SEALER OF WEIGHTS AND MEASURES

REPORT OF THE BOARD OF HEALTH

The Board of Health submits the following report for the year ending December 31, 1940:

The usual Pre-School and School Clinics were taken advantage of by the children, for immunization from Diphtheria and Small Pox. The town is still free from Diphtheria, not a case being reported since the start of the Clinics.

On various inspections of the milk supply, the quality of the milk has been above standard. The Department furnished milk to the underweight and undernourished children in our schools with good results.

Contagious and infectious diseases have been kept under control by the vigilance of the Health Department and the work of the Health Nurse, both at the schools and by her follow up work at the homes. These conditions could be assisted by a little more cooperation from the heads of the families at various times.

The Dental Clinic continues under the charge of Dr. James C. Coughlin, of Lowell, and has been patronized very freely, but improvement could be made by the parents, taking advantage of this opportunity.

The Chadwick Clinic did their usual follow up work on Tuberculosis by their X-Ray Clinic. Hereafter, all work so done shall be taken care of at the Middlesex County Sanatorium. Any person interested along those lines should get in touch with the Health Department, or the Health Nurse. This follow up work is absolutely free to any resident in our community.

Following this report is the report of the Public Health Nurse, who has performed her duties in a very satisfactory manner.

Respectfully submitted,

CYRIL A. BLANEY, Chairman,
OLIVER A. REEVES, Sec.,
CARL H. HANSON,

Members of the Board of Health.
January 21, 1941

REPORT OF THE PUBLIC HEALTH NURSE

C. A. Blaney, M. D.,
 Chairman, Board of Health,
 Westford, Mass.
 Dear Sir:

Following is the report of the Public Health Nurse from January 1, to December 31,

REPORT OF FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending December 31, 1940:

The companies have responded to 49 fires other than forest fires: 18 building fires, 21 chimney fires, 3 incinerator and rubbish fires, 1 tar kettle, 1 garage, 1 oil burner, 1 auto, 1 false alarm, 1 call to Carlisle, and 1 call to Groton.

Extensive repairs and alterations were made on the buildings and equipment of the department in the past year. The equipment on the Model T Ford and Reo chemical trucks was transferred to a later type Ford and Chevrolet Chassis. Also, the pump on the White truck was overhauled and tested by the National Board of Fire Underwriters who granted permission to replace it on a new Ford 75 H. P. truck chassis.

The Fire house at Westford was badly in need of repairs, most of which were the results of the hurricane. New posts were installed in the lower floor, also a new porch foundation and bulkhead. A sump pump was installed in the basement to remove water which runs in in large quantities every spring.

The Chevrolet pumbers were remodeled with new, 3 speed power take-offs which has resulted in more efficient units.

New raincoats and helmets were purchased for the men. These were badly needed and in the coming year we hope to get additional material in this line.

Through the cooperation of the Forest Warden we were able to secure 8 new Indian Pumps for the Chevrolet pumbers. These have proved to be invaluable in brush and forest fires since one man with one of these pumps can do the work of several men with shovels.

Several try-outs were held during the summer months which involved quite a bit of work on the part of the men. These were held outside the water district. The men are to be congratulated on their fine spirit of cooperation since many of these tests involved no expense to the town.

All three pumbers have been equipped with new "Ys" and also a new "water thief" for the White only. These units will no doubt

increase the efficiency of the department due to the greater number of hose lines that can be laid from one source of supply.

The Forge Village fire house is in need of alteration and they cannot be made at the present location. Therefore, we recommend building a new house in Forge and moving the old one to Nabnasset giving protection to a section badly in need of it.

The three houses should be painted this year, if not they will need extensive repairs.

Most fire hose is guaranteed for six years. By buying 500 ft. a year, replacing the damaged hose, the 4000 ft. carried on the trucks will be continuously kept in good condition.

We recommend the installation of a new Air Horn at Westford center that can be coded to blow numbers for different sections of the town, thereby increasing the efficiency of the departments. The old Siren cannot be heard by all the members on the department at the present time.

Respectfully submitted,

EDMUND D. ROGERS,
RICHARD W. HALL,
HAROLD E. WRIGHT,

Board of Engineers.

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board of Public Welfare organized for the year, 1940 with Thomas W. Gower, Chairman, Thomas P. Cosgrove, secretary and Reginald Blowey, the newly-elected member.

The Welfare Department has been greatly affected this year by the closing of all W. P. A. and N. Y. A. projects from May until October. Private industry absorbed only a few of the men, and it was necessary to increase our appropriation for the remainder of the year.

The interior of the Town Infirmary has been very much in need of repairs for some time, and this was made possible by the use of welfare labor. Fifteen rooms and two hallways were papered and painted at practically no expense to the department. This has made a decided improvement at the farm, and visitors are welcome at any time to inspect the work.

On several cases, the Community Chest and Red Cross have assisted whenever asked to do so, and their support has been greatly appreciated.

Within the past two months there has been a decided decrease in our case load. At the present time, direct relief has been reduced to the lowest point in several years, and from all indications will continue throughout the year.

Respectfully,

THOMAS W. GOWER,
THOMAS P. COSGROVE,
REGINALD BLOWEY,

Board of Public Welfare.

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE

Report of the work of the Middlesex County Extension Service in Westford for 1940:

Several aids were given the fruit growers, including sixty-one personal visits giving individual help to most of the orchardists in the town. Along with this, they received spray cards before each of the eight sprays, telling them when to apply and what to use. One fruit meeting was held in the town where spray problems were discussed, also many in neighboring towns. An apple maggot trap was placed in the town to observe the emergence time of the apple maggot flies. Rodent damage was observed and reported to other growers. Buying of surplus apples was continued as long as growers requested the service.

Farm visits were made on field crops, improved pastures, herd health and milk markets.

Poultrymen of Westford were visited concerning their production and marketing problems. Mr. Harry Ingalls served as Vice-President of the Middlesex County Poultry Association. Mr. Thomas Caless and Mr. W. Otis Day had their flocks tested for pullorum disease by the Massachusetts State College. These flocks were found to be free of this disease. Among the new poultry houses constructed this year in Westford, with the suggestions from the Extension Service, were those of Warren Nixon, Harry Ingalls, Kenneth Wilson and A. W. Munroe.

In cooperation with The Tadmuck Club, a series of meetings were held on the "Artistry of Living." Also, a group held a series of meetings in chair reseatng. A single meeting on "Christmas Gift Suggestions" was held.

In Boys' and Girls' 4-H Club Work, Mrs. C. Johnson served as 4-H Town Chairman for the year. One hundred and twenty-two boys were enrolled and one hundred and one girls, under the following leaders: Mrs. Warren Nixon, Miss Alice Remis, Mrs. Freda Prescott, Miss Dorothea Nixon, Mrs. Willard Moore, Mrs. Daniel C. Staples, Mrs. W. Otis Day, Mrs. Lottie Blodgett, Clifford Hunt, Warren Nixon, Peter Perry, Henry Stone and C. V. Sweat. Edith Anderson and Lawrence Nixon acted as Assistant Leaders. The projects carried on

were clothing, canning, knitting, food, garden, conservation, handicraft, poultry and dairy. Miss Dorothy Nixon was chosen as the canning delegate to represent Massachusetts at Chicago, a very great honor to come to any club member. While Miss Nixon was in Chicago, she was also awarded a Two hundred dollar scholarship.

The local exhibit was very attractively arranged and the club members took part in a very well planned program. Blue ribbons were given for outstanding work and pins were awarded to club members completing their projects.

Raymond Collins was awarded a medal by the Massachusetts Horticultural Society for "Meritorious Garden Work." Raymond also received a cash prize. Walter Fletcher and David Scott were awarded cash prizes in the garden contest sponsored by the Middlesex North Agricultural Society.

Lawrence Nixon has won the recognition of being the best egg exhibitor in the state. He won sweepstakes at the State Wide Egg Show at Worcester and at the Eastern States Exposition and a first prize at the Boston Poultry Show. Lawrence was awarded a silver medal for accomplishment in 4-H Poultry work by the Department of Agriculture. He also received part expenses at Camp Middlesex and served as counsellor during second week of County Camp.

Ruth Moore was awarded half expenses to County Camp on her fine Club Work.

Willard Moore, Carlton Chamberlain, Clifford Johnson, David Scott, Robert Riggs, Philip Heathcote and Edward McNiff, members of the Stony Brook Dairy Club exhibited their animals at the Acton Fair. Philip Heathcote exhibited his purebred also at Topsfield and Marshfield Fairs.

Mildred Johnson was County Clothing delegate to State Camp and received part expenses at this camp for her fine 4-H work.

Carlton Chamberlain received part expenses at State Camp for his fine 4-H work.

Mrs. Willard Moore served as counsellor during first week of County Camp.

MABEL W. NIXON,

County Director.

REPORT OF THE GAME WARDEN

As Game Warden for the Town of Westford, I submit the following report for the year 1940.

This year, the State Department of Conservation, experimented in liberating full grown trout instead of fingerlings. The following table shows the fish and game allotment:

Brook Trout:

Snake Meadow Brook	5,000—2-3"
Long Sought For Pond	
Rainbow Trout	1,400—8-12"
Brown Trout	500—8-12"

Pheasants:

Adult Birds	25
-------------------	----

The Stony Brook Fish and Game bought and liberated 23 Pheasants. We received the 5000 Brook Trout from the Federal Hatchery, Nashua, N. H.

Many people called at my home for advice and information in regards to the laws of hunting and fishing. This information was willingly and helpfully given. All complaints brought to my attention were at once investigated and in each case the proper procedure taken.

I take this opportunity to thank each and every one for the sincere cooperation you have accorded me.

Respectfully submitted,

EDMUND L. PROVOST,

Game Warden.

REPORT OF THE WHITNEY PLAYGROUND

Report of the Whitney Playground:

The grounds have been in charge of John Peterson for the past year and have been kept in good condition.

The N. Y. A. have assisted in caring for the grounds.

CHARLES L. HILDRETH,
OSCAR R. SPALDING,
JOHN FISHER.

WILLIAM R. TAYLOR,

Treasurer.

Westford, Massachusetts,
January 16, 1941.

Commonwealth of Massachusetts,
Middlesex, ss.

Then personally appeared William R. Taylor and made oath that the above is a true statement of the Cost of Construction of the Westford Water Company to January 1, 1941 and of the Receipts and Expenditures from January 1, 1940 to December 31, 1940, before me.

PERRY T. SNOW,

Notary Public.

My Commission Expires Feb. 2, 1945.

REPORT OF WORKS PROJECTS ADMINISTRATION

To the Selectmen and Citizens of Westford:

Approximately \$30,000.00 was received by W. P. A. Workers in this town in the past year. The State Department closed all projects in this Town in May and did not open them again until the last of September. This hampered the finishing of several projects.

The sewing project was closed with the rest and from orders received could not be opened again. In place of this a School Lunch project has been started which is at present feeding approximately 225 school underweight and undernourished children in the various schools of the Town. The School Physician and Nurse certify all those that partake of this lunch. The expense to the Town has been chiefly the purchase of equipment as the Federal Government furnishes the major part of the food. A great many other children are anxious to have this lunch and could do so by paying a fee of 5c per lunch, but due to the shortage of help and limited capacity of the kitchen, this cannot be done at present.

The Assessors Mapping is continuing and is very well thought of by the Assessors.

The Nursery School at the Abbot Hall Forge Village has been and is very beneficial to the younger children.

Since the closing of the Cemetery project a Moth project has been in operation. As soon as weather conditions permit the Cemetery will be finished as there is not much left to do.

The required 25% of the cost of the combined projects has been met by the Town.

Due to the increase in private employment our W. P. A. rolls have decreased about 50%.

Respectfully submitted,

H. W. HILDRETH,

Sponsor.

REPORT OF THE TRUSTEES OF THE EMILY F. FLETCHER LECTURE FUND

To the Citizens of Westford:

In 1923 the Town of Westford received Two Thousand Dollars from the estate of the late Miss Emily F. Fletcher, the income of which was to be used for lectures on natural history, travel and forestry. Miss Fletcher's long life of seventy-eight years was spent in Westford and her devotion to its interests was intense. Not strong as a child, through the advice of Dr. Osgood, the local practitioner of long ago, her parents allowed her freedom to roam the fields and woods, to become acquainted with the birds and flowers. This interest in nature developed as she grew older and she became known as an authority on local flora and fauna. Miss Fletcher was especially fond of trees and worked for the preservation of their natural beauty by roadsides and on public grounds.

Her bequest to the Town of Westford has enabled us thus far to have seven lectures, the last of which occurred October 23, 1940, when Father Bernard Hubbard gave a matinee and evening lecture, accompanied by motion pictures on his "Oomiak Adventures in Arctic Alaska." The School Department made it possible for the children to attend the afternoon performance by closing the schools early and providing bus transportation. The speaker was much pleased with the enthusiastic audience of nearly five hundred young people. More than three hundred attended in the evening.

Receipts from the lecture	\$121.75
Minor expenses	19.80
Returned to the fund	161.95
Fee of Father Hubbard	250.00

Respectfully submitted,

WILLIAM C. ROUDENBUSH,
WILLIAM R. TAYLOR,
ALICE M. HOWARD, Secretary,
MAY E. DAY,
JULIUS H. MUELLER, JR.

REPORT OF BUILDING AND ZONING COMMITTEE

The Building and Zoning Law Committee, authorized by the Annual Town Meeting in February, 1940, and appointed by the Moderator, has met and deliberated on the problems presented to it. It was unanimously decided that the problems of the Town and time allotted to the committee did not warrant the consideration of a zoning law at this time. It was felt, however, that most of the most pressing needs of Westford in this respect could be met by a set of building laws. The committee drew up such laws and they have been made available for consideration of the voters of the town in four separate public hearings.

Changes have been made to conform with the opinions expressed at these hearings and the resulting by-laws are submitted to the Town for approval, and will be found printed in full in the warrant for the Annual Town Meeting as printed in the Town Report. to the Town for approval.

WILLIAM G. CHASE, Chairman,
JOHN H. GANTZEL,
RICHARD W. HALL,
JOHN W. KELLY,
THOMAS CURLEY,
Building and Zoning
Law Committee.

SELECTIVE SERVICE REGISTRATION

Under the provisions of the Selective Service Law the following named were appointed by me as Town Clerk, under orders from Governor Leverett Saltonstall, to serve as Registrars at the registration of men between the ages of twenty-one and thirty-five, inclusive, on October 16, 1940.

In Precinct 1 at the Town Hall, under the supervision of E. Kent Allen, Chief Registrar:

Jennie A. Hartford

Morris A. Hall

Emma G. Egerton

Alice A. Hildreth

In Precinct 2 at Abbot Hall, under the supervision of

Edward F. Harrington, Chief Registrar:

Frank P. Shugrue

Genevieve A. Healy

Annie Worobey

Thomas M. McGrath

Walter N. Fletcher

In Precinct 3 at the Nabnasset School, under the supervision of

Dorothy E. Chandler, Chief Registrar:

Josephine R. St. Onge

Catherine G. A. Bergstrom

Agnes C. Fox

In Precinct 4 at Abbot Hall, under the supervision of

Edward T. Hanley, Chief Registrar:

Reginald Blowey

Lillian M. Scott

Charles E. Dudevoir

Marjorie R. Gray

The hours of registration were from 7 A. M. to 9 P. M.

The total number registered was as follows:

Precinct 1	112
Precinct 2	122
Precinct 3	51
Precinct 4	152
Total	437

At the close of registration the Registrars were the guests of the Chief Registrars, Board of Registrars of Voters and the Town Clerk, at an informal late evening lunch in the Lower Town Hall.

CHARLES L. HILDRETH,
Town Clerk.

REPORT OF THE TOWN FOREST COMMITTEE

Report of the Town Forest Committee:

The work for the last year has consisted of trimming and also some of the last of the hurricane damage has been cleared away.

During the coming year two acres bordering on Forge Village Road should be reset. If this is done the forest would be in very good condition.

Two small fires occurred during the year. They were promptly extinguished by the Fire Department.

OSCAR R. SPALDING,
WILLIAM E. WRIGHT,
EDWIN H. GOULD.

REPORT OF FINANCE COMMITTEE

The Finance Committee has held the customary meetings and given all the articles in the warrant careful consideration and recommended the appropriation of the various sums as tabulated below:

TOTAL TO BE RAISED \$222,237.29
ESTIMATED RECEIPTS \$7,600.00

To be raised by Taxation \$134,637.29
1940 Valuation—\$3,548,605.00.

ART. 7. The finance Committee recommends that the lower Town Hall be remodelled under W. P. A. project at a cost to the town of not more than \$900.

ART. 9. The Finance Committee does not recommend the passage of this article at this time.

ART. 10. The finance Committee recommends the appropriation of \$10.00 under this article.

ART. 11. The Finance Committee recommends this article.

ART. 12. The Finance Committee recommends the appropriation of \$6,750.00 for a fire house at Forge Village and \$500.00 for the transfer of the present fire house at Forge Village to Brookside, and that a committee be appointed to supervise the same.

ART. 13. The Finance Committee recommends that a committee be appointed to study the advisability of the purchase of an air horn and report to the next Town Meeting in regard to same.

- ART. 14. The Finance Committee does not recommend the installation of any additional street lights at this time.
- ART. 15. The Finance Committee recommends this article.
- ART. 16. The Finance Committee recommends this article.
- ART. 17. The Finance Committee leaves this to the discretion of the Town.
- ART. 18. The Finance Committee does not recommend the passage of this article.
- ART. 19. The Finance Committee recommends that Pond, Bradford, Palermo, Orchard, Pershing and Smith streets be accepted by the Town and further recommends that the Assessors should reconsider the valuation of the property on these streets in view of their additional expense to the Town.
- ART. 20. The Finance Committee recommends no action be taken on this article until the lay-out is graded and oiled.
- ART. 21. The Finance Committee does not recommend the acceptance of Coolidge Avenue at this time.
- ART. 22. The Finance Committee recommends that a committee be appointed to determine the land damages on Hil-dreth street, said committee to report at the next Town Meeting.
- ART. 23. The Finance Committee does not recommend this article.
- ART. 24. The Finance Committee recommends the passage of this article.
- ART. 25. The Finance Committee recommends the passage of this article.
- If the above recommendations of this Committee are followed at the Town Meeting, the tax rate will be approximately \$37.00 per thousand. For every increase of \$1,000.00 the tax rate will increase approximately 35c per thousand.

Respectfully submitted,

WILLIAM E. WRIGHT,
P. HENRY HARRINGTON,
W. OTIS DAY,
HERFORD N. ELLIOT,
E. KENT ALLEN,
JOHN B. GRAY,

Finance Committee.

TOWN OF WESTFORD WARRANT

THE COMMONWEALTH OF MASSACHUSETTS, MIDDLESEX S.S.
To the Constable of the Town of Westford, in said County.

- PRECINCT 1. TOWN HALL, WESTFORD CENTER.
- PRECINCT 2. ABBOT HALL, GRANITEVILLE.
- PRECINCT 3. NABNASSETT SCHOOL, BROOKSIDE.
- PRECINCT 4. ABBOT HALL, FORGE VILLAGE.

MONDAY, FEBRUARY 10, 1941

being the second Monday in said month, at 12:00 o'clock noon for the following purposes:

To bring in their votes for the following officers:

FOR THREE YEARS

- One Selectman
- One Member of the Board of Public Welfare
- One Assessor
- Two Members of the School Committee
- One Member of the Board of Cemetery Commissioners
- One Trustee of Public Library
- One Member of Board of Health
- One Town Treasurer
- One Tax Collector

FOR ONE YEAR

- One Moderator
- One Constable
- One Tree Warden

The polls will be open from 12 o'clock noon to 8 P. M., and to meet in the Town Hall at Westford Center on the following

MONDAY FEBRUARY 17, 1941

at 1 o'clock in the afternoon, then and there to act upon the following articles, viz.:

ART. 1. To hear the reports of the Finance Committee, other Committees, Boards, and Officers and act in relation to same.

ART. 2. To determine the salary and compensation of elected Officers and Officials as provided by law.

ART. 3. To appropriate money to meet the cost and expenses of the following departments, officers and purposes:

1. General Government.
2. Town Hall.
3. Police Department.
4. Fire Department.
5. Hydrants.
6. Sealer of Weights and Measures.
7. Fish and Game Warden.
8. Forest Fires.
9. Town Forest.
10. Tree Warden.
11. Moth Department.
12. Health Department.
13. Cattle Inspector.
14. Highway Purposes.
15. Department of Public Welfare.
16. Soldiers' Benefits.
17. School Department.
18. Vocational Tuition.
19. Public Library.
20. Care of Common.
21. Commemoration of Memorial Day.
22. Publishing of Town Reports.
23. Compensation Insurance.
24. Fire Insurance.
25. General Loans.
26. Interest on General Loans.
27. Interest on Revenue Loans.
28. Cemeteries.
29. Street Lights.
30. Reserve Fund.
31. Bills outstanding Dec. 31, 1940.

ART. 4. To see if the Town will vote to authorize the Town Treasurer with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1st., 1941 and to issue a note or notes therefore, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Chapter 44, Section 17 of the General Laws.

ART. 5. To see if the Town will vote to appropriate the sum of \$300.00 for the Care of Whitney Playground.

- ART. 6. To see if the Town will appropriate money to meet the expenses incurred in connection with the W. P. A. or other similar projects.
- ART. 7. To see if the Town will vote to remodel the lower Town Hall and act in relation to same.
- ART. 8. To see if the Town will vote to transfer and appropriate money to the Road Machinery Account.
- ART. 9. To see if the Town will vote to appropriate the sum of \$900.00 to equip the two Police cars with a two-way radio system and to authorize the Chief of Police and the Selectmen to purchase the same.
- ART. 10. To see if the Town will appropriate the sum of \$50.00 and elect a Director under the provisions of Section 40-45 of Chapter 128 of the General Laws as amended by Chapter 166 of the acts of 1932.
- ART. 11. To see if the Town will vote to accept the land in Forge Village under the deed of the Abbot Worsted Company and act in relation to same.
- ART. 12. To see if the Town will vote to move the present Fire House at Forge Village and erect same on Town owned land at Nabnassett and erect a new Fire House at Forge Village on land acquired and act in relation to same.
- ART. 13. To see if the Town will vote to install an Air Horn at the Westford Center Fire House and act in relation to same.
- ART. 14. To see if the Town will vote to authorize the Selectmen to install additional Street Lights as follows:
- Five on Tyngsboro Road
 - Six on Dunstable Road
 - One on Carlisle Road
- ART. 15. To see if the Town will vote to authorize the purchase of a used chassis and have the Town Sprayer mounted on same. Also to have Sprayer housed in the Fire House and used for Forest Fire purposes when not in use by the Moth Department.
- ART. 16. To see if the Town will vote to authorize the appointment of a man at the Westford Fire House to take care of all Equipment at a salary not to exceed \$500.00 and free rent of the Fire House Cottage, and act in relation to same.
- ART. 17. To see if the Town will vote to appropriate the sum of \$400.00 for Band Concerts for the current year.
- ART. 18. To see if the Town will vote to appropriate the sum of \$900.00 for telephone service for the following named Departments: Fire, Forest Fire, Police, also the Town Nurse and for the No School Signal and engage Mrs. Hilda Bosworth to handle this service.
- ART. 19. To see if the Town will accept the layout made by the Selectmen of the ways in Forge Village on file in the Town Clerk's Office on petition of John J. Daly and eleven others.

- ART. 20. To see if the Town will accept the layout made by the Selectmen of a way in Westford Center, known as Tadmuck Hill, on file in the Town Clerk's Office on petition of Frederic W. Burnham and eleven others.
- ART. 21. To see if the Town will accept the layout made by the Selectmen of a way in Brookside, commonly known as Coolidge Avenue on file in the Town Clerk's Office on petition of Thomas Johnstone and eleven others.
- ART. 22. To see if the Town will vote to appropriate money for land damages on Hildreth Street. Same to be adjusted by a committee of three, one to be appointed by the Selectmen, one by the land owner and a third be chosen by these two.
- ART. 23. To see if the Town will vote to adopt the following by-law, no Town Officer, nor any company or corporation with which a Town Officer or employee is affiliated, shall sell Materials or supplies to the Town; nor receive any compensation or commission for services rendered by him for the Town; nor receive any remuneration for any of his machinery or equipment used by the Town, except his official salary and fees allowed by law; or act in relation thereto.
- ART. 24. To see if the Town will adopt the following by-law. All purchases of materials or supplies exceeding the sum of \$50.00 shall be based on competition or act in relation thereto.
- ART. 25. To see if the Town will vote to adopt the following by-laws and act in relation to same.

Building Law

Article VII

Section 1

Title and Scope

This by-law shall constitute and be known as the "Building Law" of the Town of Westford, and shall become effective as soon as passed by the Town and approved by the proper authorities of the Commonwealth of Massachusetts. It concerns all matters having to do with bulidings in the Town of Westford, except as limited by the laws of the Commonwealth of Massachusetts.

Section 2

Administration

The power of administration of this by-law shall be vested in an Inspector of Buildings who shall be appointed annually by the Selectmen, and subject to removal by them. He shall hold office from the time of his appointment until his successor is appointed and qualified.

His compensation shall be provided by vote of the Town.

The Inspector shall be versed in the practice of modern building and a resident of the Town.

The Inspector shall have the power to carry out the provisions of these by-laws and any amendments or additions thereto.

The Selectmen, may when deemed necessary, appoint a Deputy Inspector, whose qualifications for office shall be the same as those of the Inspector, to act for the Inspector during his absence or disability, and he shall then have all the duties and powers of the Inspector.

The Inspector shall keep a record of all transactions of his office, and make a report in writing on the same to be included in the Annual Town Report.

The Inspector shall not be permitted to pass on any work in which he is in any way interested.

No oversight or neglect of duty on the part of the Inspector shall legalize the erection or alteration of any buildings or part thereof in a manner not in conformity with the provisions of these by-laws.

Any person dissatisfied with any refusal, order, or decision of the Inspector of Buildings may appeal within 10 days from the date of such refusal, order or decision. In such case the Board of Assessors shall act as Board of Appeals. No member shall act in any case in which he is interested. If any member is disqualified or for any reason must be absent, the remaining members shall appoint a substitute. All decisions of the Board shall be in writing, and a unanimous vote shall be necessary to reverse a ruling of the Inspector. In case decision is against the applicant, any expense incurred shall be borne by him.

Non-conforming structures may be approved by the Board of Appeals after a properly advertised public hearing.

Section 3

Permits

Before the erection or alteration of any building or any portion of any building, including garages but excepting one-story auxiliary buildings not used for dwellings, the owner or lessee of such building or his agent shall make application for a permit to the Inspector of Buildings on forms provided by him, furnishing all such information as the Building Inspector shall require concerning the proposed building or alteration, and work shall not be started until a permit is properly issued, signed by the Building Inspector.

The Inspector shall report on all applications within 5 days, except that when the public interest demands, the Selectmen may grant an extension of time, but in no case shall this extension exceed 15 days.

Permits shall become void unless work is started within 90 days, or if work is abandoned for more than 6 months.

The rate of fees to be charged for permits shall be \$2.00.

Section 4

Inspection

The builder in charge of construction shall give notice to the Inspector whenever any parts are ready for inspection, if further work

is to conceal these parts. The Inspector shall respond promptly and in no case delay more than 48 hours, exclusive of Sundays and Holidays.

Section 5 Heights

No building shall be erected in the Town of Westford which shall exceed thirty-five feet in height. This provision shall not apply to churches, public buildings, cupolas, etc., not used for habitation, or to chimneys, ventilators, flagpoles, weather vanes, soil pipes, or similar constructions such as are usually erected above roof lines.

Section 6 Foundations

Foundations of brick or concrete shall be 2 inches thicker than the building wall immediately above, but in no case less than 8 inches thick, for a dwelling.

Rubble stone foundations shall be at least 24 inches thick, at the bottom, and 18 inches thick at the top.

Foundations may be built of "one or two man stones" laid flatwise. Concrete foundations shall be poured with wooden forms on both sides.

All brick or stone foundations shall be pointed or laid in mortar from 6 inches below grade to the sill.

Non-residence buildings and camps may be built on posts or piers.

Buildings built or altered for use as permanent dwellings shall have cellars at least 7 feet in the clear.

Section 7 Wooden Construction

Sills for one story structures shall be at least 4 x 6 inches laid flat, and for two story structures at least 6 x 6 inches.

Sills shall be laid at least 8 inches above finished grade.

Floor joists and supports shall be of sufficient size and such spacing as the Inspector shall deem necessary, but in no case shall joists be less than 2 x 8 inches, set 16 inches on centers, with 12 foot span for ground floors, nor less than 2 x 6 inches, set 16 inches on centers, with 12 foot span for upper floors. Floor supports shall be at least 6 x 6 inches.

Fire stops, which may be of wood, shall be built in each floor level. Posts shall be at least 4 x 6 inches.

Girts shall be at least 4 x 6 inches.

Studding shall be of 2 x 4 inch stock, set not more than 16 inches on centers. Inside, non-carrying partitions, may be 2 x 3 inch stock.

Roof rafters shall be at least 2 x 6 inch stock set not more than 24 inches on centers.

Every wooden building hereafter constructed shall have its outside walls covered with a standard building material such as siding,

clapboards, shingles, etc., which shall be approved by the Inspector. This provision shall apply to garages but not to other one-story auxiliary buildings.

Section 8 Chimneys

Chimneys shall be of brick or stone laid in mortar. Walls of chimneys unless 8 inches or more in thickness shall be lined with terra cotta flue lining laid in mortar. Unlined chimneys shall be plastered inside with cement mortar. All chimneys shall be plastered outside with cement mortar except where exposed.

Chimneys shall be topped out not less than 3 feet above the point of highest contact with the roof. All chimneys shall be capped with a one piece cap of stone or concrete.

A cleanout door shall be provided near the base of all chimneys.

No smoke pipe shall pass through a partition unless properly protected by a soap stone or ventilated ring. No smoke pipe of any kind shall pass through a roof, wall or window.

No earthenware flues shall be permitted.

No metal flue or smoke pipe shall pass within 12 inches of any woodwork, and any woodwork above such flue shall be protected by fire-resistant material for 4 inches each side of the pipe.

Section 9 Location of Buildings

No dwelling shall be placed on a lot of less than 7500 square feet, which lot shall have a frontage upon a road or way of at least 75 feet. This provision shall not apply to lots already laid out at the time this by-law goes into effect.

Buildings shall be set back from the road or way upon which they front by a distance of at least the average distance of set back of the two buildings next on either side, and in no case closer than 15 feet from the nearer edge of such road or way.

No building shall be placed with its nearest part closer than 7 feet to the boundary line of the lot on which it is placed.

No garage or other building shall be built in front of the rear line of any dwelling unless it is attached to said dwelling.

Section 10 Penalty

Whoever violates any of the provisions of these by-laws, or of any permit issued thereunder, shall, except where otherwise provided by statute, be punishable by a fine not exceeding Twenty Dollars for each violation thereof.

And you are directed to serve this warrant by posting up true and attested copies thereof at the Town Hall and each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fall not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this twenty-first day of January in the year of our Lord 1941.

ARTHUR M. WHITLEY,
ARTHUR L. HEALY,
CYRIL A. BLANEY,
Selectmen of Westford.

A true copy. Attest:

.....
Constable of Westford.

REPORT OF SCHOOL COMMITTEE

Citizens of Westford:

I hereby submit my annual report as Chairman of the School Committee for the year 1940.

There were no changes in the personnel of our committee this year, as Mrs. Dorothy E. Chandler and Albert G. Forty were re-elected.

During the past year we have adopted a new curriculum in the Academy, which makes it possible to fit the individual needs and abilities of each boy and girl more closely than the old course of study made possible. We have also adopted the Rinehart Functional Handwriting System, and it has already shown very good results.

The fire escape at the Academy has been condemned by the State inspector, so it will be necessary for us to make several changes, at an estimated cost of \$2,600. We are also planning to make several repairs at the Academy.

We respectfully request the sum of \$68,000 for expenses to operate the public schools this year, and \$400 for vocational tuition.

Respectfully submitted,

ERIC J. ANDERSON,
Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

I submit, herewith, my second annual report as Superintendent of the Westford Public Schools to you and the citizens of Westford whom you represent. As the year nineteen hundred and forty reaches its close one thought is foremost in my mind. It is this: that a tremendous amount of progress and improvement is possible in this or any educational system without the expenditure of additional money if only the right conditions to foster this growth exist. The first requisite of these conditions is the underlying idea of service in the attitude of the teaching personnel towards its work. When present, this transforms teaching into professional endeavor which knows no limits of hours, initiative, interest, or satisfaction. This prime requisite is guaranteed by a mutual trust, respect, and appreciation between the teaching force and the people of the town and its agent the school committee.

Significant gains have been made during the past year. A revitalized professional spirit on the part of our teachers has made possible a sustained and painstaking study of revaluation of our course of study in the three major fields. This has been immediately reflected in more effective teaching, teaching in which the allimportant vital spark is noticeably present. Equal credit for these gains is due to the Westford School Committee for its willingness to pioneer by putting its stamp of approval on a number of new procedures and techniques, tested elsewhere, and sorely needed here. In the immediately following paragraphs specific mention of some of these innovations is made.

The New Academy Curriculum

Westford Academy now offers each entering student an opportunity to choose a course of study definitely adapted to his individual needs. After long and careful deliberation a modern core curriculum has been adopted to replace the old college-entrance-or-commercial program. It probably is not necessary to point out that an enforced choice between these two former courses was bound to result in maladjustment for many of our boys and girls who didn't happen to fit into either category.

Under the core curriculum only basic English and social studies (a background of history and citizenship) are required of all students. The remaining subjects in each year's program are chosen under guidance to fit the particular student. This guidance is accomplished by means of a conference between the principal of the high school, the pupil, and his parents. At this time the hopes, plans, likes, and needs of the boy or girl are carefully recorded and a tentative program of studies is laid out for the four years on the basis of this information. The parents have responded loyally this first year by coming to these conferences and helping with the planning. A number of new courses are being introduced to broaden the choice of subjects. This new curriculum is flexible and provides an opportunity for further growth in the effectiveness of our secondary education.

Handwriting

Writing is a part of our regular school work that too often has been neglected and allowed to deteriorate to a dull routine procedure. Such, I believe, was the case here. In an effort to correct this condition, the School Committee have wisely installed the Rinehart System of Functional Handwriting and supervision. It is distinctly refreshing to visit classrooms now and find the children actively interested in what had always been a boresome subject before. Results are already manifesting themselves in improved penmanship, not only in formal writing classes, but in written papers in other subjects. It is this carry-over into daily use which is the heart of any handwriting program.

Report Cards

In addition to the traditional reading, writing, and arithmetic, American schools have long aimed at health, character, and citizenship as equally important objectives. It seemed that the time had arrived to give these worthwhile goals a place on our periodic reports of progress. All the Westford teachers went to work on the problem and, after studying report cards from all over the country, worked out a new attractive card which placed definite emphasis on these three features: health, character, and industry. A simplified marking system which placed more emphasis on learning for its own sake was included. These new cards have met a very favorable reception from pupils and parents.

Fire Drill Reorganization

Realizing the dangers inherent in the usual routine fire drill planning, teachers and pupils have cooperated heartily in working

out a safer way of evacuating the buildings in case of fire. This is especially necessary where most of our buildings are old and of wooden frame construction. It is terrible to think what might happen if there were a fire and the children came pouring down the stairways in the manner of the usual routine fire drill only to find the exit blocked by death-dealing flames.

Briefly the new plan is this. When the fire alarm rings the children stand and wait until a runner from their room has gone ahead and found the way out to be clear. He then signals the room to advance. In the case he finds the exit blocked the children are signalled to use an alternate exit. Every room has at least two means of exit. Emergency situations are rehearsed by means of fire flags (symbolic of actual fire) placed at unexpected places in the paths of exit. Children are carefully taught to proceed slowly and carefully as they file out to predetermined locations outside and away from the building. Teachers call the roll immediately after the building is cleared in order that any stragglers may be found or accounted for. Runners check the toilets and rooms to be sure that no child who might be hurt or ill is left behind. Fire drills are held in all schools not less than once a month throughout the year and more often in the early fall until the plan is thoroughly understood by all.

While mention is being made of fire drills it should be noted that the fire escape on the Academy is not adequate to accommodate the number of pupils which must use it. Neither does it meet the requirements of the Department of Public Safety inspection. When we stop to consider the probable path of a fire up the central stairs in this three story wooden building, it becomes clear that action should be taken on this hazard at once.

Professional Program

One good index of the quality of a teaching force is the extent of the professional program carried on by the teachers of their own initiative, outside of school hours, for the betterment of the educational system of which they are a part. The past year has seen a flourishing and sincere program in action among our teachers. The Westford Teachers' Association carries out a live program building morale and unity in the group. The regular monthly general teachers' meetings are the scene of lively discussion on many of our most crucial problems.

The most significant activity in this field has been the building of a course of study in the three major fields. The three committees, under able leadership, have met regularly—often several times a month—for work-meetings on this vital project. Subcommittees have met between regular meetings and the task is progressing well.

June should see the work of these three committees completed. Our teachers, almost all of them, have participated in this undertaking with enthusiasm and hard work.

Educational Materials

During the summer a complete set of new arithmetic books was purchased. The choice of books was made after a careful study of all the available books on the market by a committee composed of all the mathematics teachers in the system. Several much-needed reference works have been placed in the various schools. An Americana and a World Book Encyclopedia are now in active use in the Academy. A set of Compton's Pictured Encyclopoedia has been placed in the Cameron, Frost, and Sargent Schools. All schools have been provided with an up-to-date edition of the full unabridged Merriam Webster Dictionary.

There are three pressing needs in materials. The first is for a sustained annual program of standard tests to evaluate the effectiveness of instruction and to diagnose individual pupil difficulties. A good testing program, properly administered, is in my opinion the simplest way of definitely improving efficiency at small cost. There is no basic spelling textbook in our schools. Teachers are using whatever miscellaneous materials are available. This is a major need. Our stock of map materials for the teaching of history and geography is very meager in some of our schools. A survey of our needs has been made and purchases to complete the stock are planned.

Financial Summary

The total expenditure for schools in Westford for the fiscal year 1940 was \$64,884.46. Reimbursement from the Commonwealth of Massachusetts to the Town of Westford under Chapter 70, Part I. of the General Laws amounted to \$7,855.00. This figure varies from year to year and is determined by the salaries paid to teachers in the Town. For the tuition and transportation of state wards Westford received \$1,516.63. Tuition amounting to \$47.15 was received from the Town of Tyngsboro. By subtracting these three items from the total expenditure we find that the net cost of schools in Westford from funds raised by local taxation was \$55,435.68.

Let us compare these figures with those of last year. If we use gross expenditures as the basis of comparison there is a saving of \$1,096.87 over 1939. If, however, we use actual net cost from local taxation for our comparison we find that a reduction of \$1,270.20 has been effected. It should be pointed out that this reduction of the budget has been carried to the point where proper upkeep of the

buildings has been sacrificed. It is imperative that funds be available in the coming years to keep both the interiors and exteriors of the school buildings in reasonable condition as to paint at least.

For purposes of comparison with costs elsewhere some figures from the Annual Report of the Massachusetts Department of Education may be helpful. Compared with the group of 110 towns of approximately the same size we find that the annual cost per pupil in the net average membership in Westford, based on the total expenditures from all sources was \$90.51 as compared with \$97.27 which is the average for all the towns in this group. On this basis our per pupil cost was 71st in the group of 110 towns.

Christmas Gifts

Once again it is my pleasant duty to convey to the Abbot Worsted Company and the C. G. Sargent's Sons Corporation the sincere thanks of our school children and teachers for the generous gifts made to the boys and girls of all elementary schools at Christmas time. They most certainly are appreciated.

Personnel Changes

Since June, the resignations of the following teachers have been accepted: from the Cameron School Miss Josephine Mardas, Miss Olga A. Remis, and Miss Madeline Stone; from the Sargent School Miss Margaret Curley; and from the Frost School Miss M. Claire LeDuc. Their respective places have been filled by the election of Miss Marian K. Kelly, Miss Eleanor Murphy, Mrs. Alice Cullen, Miss Pauline Shugrue and Miss Shirley Coughlin, as regular teachers. These new teachers have proved themselves to be valuable additions to our teaching staff.

Our Part

The coming years may give American Democracy the severest test in its history. The time has certainly come for American schools to answer the challenge as to what their part shall be in stiffening our national moral fiber to meet the test. It is the American way that to each town and city shall fall the responsibility to meet this great need in its own way. We don't know whether the greatest danger will come from without or within but we do know that our youth must be ready and willing to face it unflinchingly. How can our schools best help them to prepare for whatever may come?

Our part, as teachers, lies not in establishing a miniature militarism in our schools. Rather, we must teach our boys and girls the

true value of liberty and freedom, must make it as dear and as sacred to them as it was to our forefathers who fought to win it. It may well be that these boys and girls will save this freedom at the ballot box just as gloriously as did their forebears at point of bayonet. We pray that they will not be called upon to give their lives for it but if that, too, is necessary they must answer the call with fine courage, secure in the knowledge that what Americans mean by freedom is worth even that cost.

It shall be our part as teachers to show these boys and girls that freedom cannot be taken for granted. We must banish the complacency with which many of us today forget that all the myriad small freedoms we have in our daily lives had and still have a price—sacrifice, unselfishness, and vigilance. Our teaching in every subject, in every school, on every day, must implement the meaning of freedom with knowledge of it, and loyalty to it.

Respectfully submitted,

ROGER K. POOLE,
Superintendent.

REPORT OF THE PRINCIPAL OF WESTFORD ACADEMY

For the Year Ending December 31, 1940

January 1, 1941

Mr. Roger K. Poole,
Superintendent of Schools,
Westford, Massachusetts.

Dear Sir:

I herewith submit with pleasure my fourth annual report as principal of Westford Academy.

1. ENROLLMENT

The number of pupils enrolled in the Academy as of November 22, 1940 was 197, distributed among the various classes as follows:

Class	Boys	Girls	Total
P. G.'s	3	5	8
1941	13	25	38
1942	19	32	51
1943	19	23	42
1944	34	24	58
	—	—	—
Total	88	109	197

Note: We require 15 credits to be a Sophomore, 35 credits to be a Junior, 60 credits to be a Senior, and 80 credits to graduate. This means that a pupil may have fewer credits than his class and still catch up.

It is interesting to note that the number of post graduates in school has increased. They comprise for the most part recent graduates who for one reason or another were prevented from continuing their education, and who have returned to the Academy to review certain subjects taken as undergraduates, or to take subjects which were not part of the curriculum they pursued as undergraduates. We are glad to have them with us and are pleased that they are making a real

effort to extend their education. It is hoped that all of them may find the means to continue their education in their several fields of interest at advanced schools or colleges at the beginning of the next school year.

II. CURRICULUM

In my last annual report your attention was called to some of the more significant trends in secondary education, especially as they relate to the high school curriculum. Among these was the trend towards universal secondary education resulting in a school population with a range of interests, special abilities and aptitudes, vocational purposes, and life plans representative of the entire population. And this trend in turn has produced another, namely, that of providing a secondary school program or curriculum which through subject matter content and method of instruction, will be capable of meeting and serving the capacities and needs of all types of youth. Among leaders in the educational world it has become increasingly apparent that the traditional curriculum with its emphasis on preparation for college was unable to meet the needs, interests, and abilities of all the pupils forming the growing secondary school population. Rather what was needed was a curriculum designed purposely for the 90% of the school population which would not attend college, whose emphasis would be on preparation for living and getting along in the modern complex society which is ours today. This 90% of the school population has long been termed the "educationally neglected" by leading educators in recognition of the fact that the traditional college preparatory subjects to which this large group were exposed and forced through, failed to equip them to meet real life situations. It was my suggestion in that report that there be introduced into our curriculum courses of greater social utility which would be of more real value in preparing the boys and girls of Westford Academy, who did not intend to go on with their formal schooling, for a more successful and useful life after their graduation from school.

Subsequent to the annual report and at your request, a more detailed report on the curriculum of the Academy was prepared and submitted to the School Committee for their consideration. The problem as set up in this report was: "To determine in what way the curriculum of the Academy could be changed or modified in view of certain definite trends in modern secondary education and in light of the probable future needs of the community of Westford to best meet and serve the interests, abilities, and needs of Westford's boys and girls of high school age." The report dealt with a history of the high school curriculum, past and current trends in the field of curriculum revision at the secondary school level, and the import of these

trends as they pertained to the curriculum of Westford Academy. In conclusion the report presented three possible courses of action. They were:

1. Continue the present curriculum and let the "educationally neglected" continue to be neglected. This procedure would of course, fit in admirably with the oft expressed belief that "what was good for Dad is good enough for his son Johnny too."
2. Modify the present curriculum offerings by adding a special curriculum designed primarily to meet the needs and interests of this group. This would then give us three curriculums: one for the college minded; one for the commercial minded; and one for the "educationally neglected."
3. Revamp the compartmentalized setup of the various curriculums substituting in its place a General Education Course, which would comprise a core of subjects to be taken by all students irrespective of after graduation intentions; supplemented by a sufficient number and variety of elective subjects, which when selected by the individual pupil under the principal's guidance, would lend enough flexibility to the curriculum to care adequately for the future needs of every individual boy and girl, whether these be preparation for college, for business, or for life.

Each of the above plans of action were considered carefully by the Committee, and the merits and demerits of each noted. As you know, it was voted to adopt the third plan, with the changes to be put into effect with the class which entered the Academy as Freshmen in September 1940.

I would like to take this opportunity to describe in some detail the new curriculum which has been adopted, its purpose, some of its chief features, and to include a copy of the program of studies for 1940-1941, used for the first time with the Class of 1944.

Purpose—As has already been stated the purpose of the new curriculum is to provide a program of courses for Westford Academy which would best meet and serve the needs of the students attending the Academy. It was further the purpose to provide courses of greater social utility whose practicality would more adequately prepare our students to become useful members of the community.

Chief Features—The plan adopted provides many excellent features, the chief ones being:

1. **Core**—The inclusion of a full four year sequence of courses in both English and the Social Studies for every student. It is our aim that every boy and girl working under the new plan, shall possess a practical and workable knowledge and use of the mother tongue; to be able to express his ideas clearly and correctly, whether the expression be written or oral in form; and to be able to read with discrimination. It is our further aim that every boy and girl shall have a good understanding of the social order in which he or she is to live. The sequence of subjects in the Social Studies field has been so designed that the student will become acquainted early in his high school work with the Community and its problems; roam through the history of the world during his second year as a background for an intensive course in United States History in his third year; and conclude with a practical discussion course in his fourth year of some of the foremost problems of Democracy, past, present, and future. With so much being written and said about Democracy at the Cross-roads, the timeliness and value of such a program in both English and the Social Studies is obvious.

2. **Electives**—The inclusion of a variety of elective subjects under each of the four years, allowing ample opportunity for the individual student, under the guidance of the principal, to select those subjects best suited to his needs and future plans.

Thus, in the first year all students are required to take English and Community Civics. Then from under the "Electives" column for the first year he may elect the two subjects which best fit his future educational and vocational plans. For example: If a student intends to go on to college, or into the field of nursing, he would elect Elementary Algebra, rather than Practical Mathematics, either General Science (rather than Applied Science) or Latin I. Similarly a student planning a Commercial Career would elect Junior Business Training and any other one of the five remaining elective subjects listed under the first year.

WESTFORD ACADEMY — WESTFORD, MASSACHUSETTS

1940

PROGRAM OF STUDIES

1941

Subjects Required of All Students

First Year		Second Year		Third Year		Fourth Year	
Periods	Credits	Periods	Credits	Periods	Credits	Periods	Credits
English I	5 5	English II	5 5	English III	5 5	English IV	5 5
Community Civics ..	5 5	World History	5 5	U. S. History	5 5	Problems of Democracy	5 5

Subjects to be elected under Principal's Guidance

El. Algebra	5 5	Plane Geometry ..	5 5	Algebra II	5 5	Algebra II	5 5
Practical Math.	5 5	Bookkeeping I	5 2½	Bookkeeping II	5 2½	Col. Physics	7 5
Jun. Bus. Tr.	5 5	Biology	5 5	Col. Chemistry	7 5	Office Pract.	5 2½
General Science ...	5 5	Typing I (Com.)..	5 2½	Descriptive Chemistry	5 5	Stenography II	5 5
Applied Science ...	5 5	Pract. Typing, (one-half year)..	5 1¼	Typing II (Com.)..	5 2½	Com. Law	5 5
Latin I	5 5	Business I	5 5	Stenography I	5 5	Economics	5 5
		French I	5 5	French I or II	5 5	French II or III ...	5 5
		Latin II	5 5	Col. Physics	7 5	Senior Science	5 5
		Any first year subject		Business II	5 5	Any third year subject	
				Any second year subject			

Finally, a student who is planning on acquiring a general education only, and who is not planning to take definitely Commercial work, or College Preparatory work, would probably elect Practical Mathematics and Applied Science, which subjects do not contain the technical theory to be found in Elementary Algebra and General Science.

The wide choice of subjects thus ensures a "tailor-made" program, so as to speak, for each and every student, and one which because of its individuality, should increase the pupil's interest and enjoyment in his work, by providing more satisfying experiences and successes in accordance with his abilities and the effort expended by him to achieve.

3. **Flexibility**—The flexibility of the Core Curriculum plus electives, will permit the addition of new elective courses from time to time, and the dropping of others in accordance with pupil interest. Thus, the plan will permit the adding of courses in manual arts or household arts, when and if that time ever comes to Westford, without affecting the general setup as now conceived.

Guidance—Since the new Curriculum is designed to provide a program of studies, tailored to fit the needs, interests and abilities of the individual boy and girl, its success depends to a great extent upon the school having adequate information about the student, his aims, his ability, his interests and as complete a knowledge as possible of his future educational and / or vocational plans. To this end a personal guidance system has been started. At the time of the Spring Registration in May the principal talked to each of the eighth grade groups, explained the purpose of the new curriculum, and outlined briefly the content of the new subjects which were being introduced. A copy of the program of studies, together with a "Personal Information Blank" to be filled out by the student, was given to each pupil. This initial visit was followed up later with a personal conference between the pupil, his parents, and the principal. From this conference with the parent and the pupil, and from data supplied by the elementary school principal as to the pupil's achievement, interest in school, special abilities, etc., a four-year program of studies was drawn up for each individual student and approved by the parent. Thus, every effort has been made to secure the proper selection of subjects for each boy or girl.

While it is much too soon to determine objectively and with certainty the success of the new curriculum, it is nevertheless possible to discern certain signs of success which are encouraging. There appears to be an increased interest on the part of the Freshmen in their studies, due largely I should judge because they are taking subjects which they had a hand in selecting. For the most part they have

taken a better attitude toward their work and have enjoyed more successes. And too, because of the pre registration contact, they have more quickly adjusted to high school routine.

The subjects which have made their appearance for the first time this year have not alone been confined to the Freshmen. All of the students working under the two curriculum set-up, were permitted to take as many of the new subjects as their programs would permit and the size of class section would allow. With another year and the starting of other new subjects it is expected that many of these students will take advantage of the opportunity to enroll in them.

It is interesting to note here that of the 61 students working under the new curriculum, in whole or in part, 24 are taking strictly college preparatory subjects; 12 are pursuing subjects in preparation for a commercial career; 20 are taking subjects leading to a general education; and 5 are pursuing subjects which are a combination of the above.

III. ADMINISTRATION

Faculty—The personnel of the faculty remains unchanged this year. Each member of the faculty, in spite of the strenuous teaching load each carries, assumes definite supervisory duties and is responsible for certain of the extra-curricular activities. Their fine spirit and willingness to accept these added responsibilities is most commendable.

Report Cards—A revised report card has recently been adopted, and was used for the first time at the close of the first term this fall. The new report card in design is quite different from the one formerly used. It is a folded card of convenient size, and besides giving information as to the progress the student is making in his studies, makes provision for reporting to what extent he is developing desirable qualities of citizenship. While the conventional five-letter scale for reporting pupil achievement has been retained, the letters have been redefined in terms of degree of pupil achievement.

In the belief that interested parents are desirous of knowing at the time the report is issued, reasons why their boy or girl is experiencing difficulty with any of his studies, a special teacher's report is included to supplement the mark itself. This supplementary report, which was tried out on two occasions last spring with much success, is designed to show in simple language where improvement must be made. It should be clearly understood that these special reports are only issued for those subjects in which the student has done failing work.

Report cards are issued every eight weeks. In cases where the possibility of failure seems imminent, a special warning letter, replacing the former "pink slip," is being mailed to the parents between report card periods. Thus far this means of informing the home of

possible failure has met with considerable more parental response than did the former method. Its success as a device to prevent pupil failure will depend largely to the extent to which parents are willing to co-operate with the school. We are always ready and willing to talk over a pupil's problems with his parents and extend a cordial invitation to all parents to come to the school and talk over such problems and difficulties with both the teacher and the principal.

Honor Roll—An honor roll released at the end of each marking period serves to stimulate individual pupil achievement. A recent revision in our honor roll standards has been made in order that the names of students whose degree of achievement is worthy of note, (yet who, under the old standards, did not receive this recognition) might be included. To be eligible for this award a student must have received only one mark less than "B" and that a "C". It is hoped that a student receiving this award will thereby be stimulated to make a real effort to so improve his work that he may advance to one of the other divisions of the honor roll. For the first two marking periods of the current school year, approximately 20% of the school's total enrollment has been on the honor roll.

Visual Education—The expanded program in visual education instituted last year is being continued and enlarged, especially since our new curriculum recommends and encourages the use of both auditory and visual aids by the classroom teacher as a part of the regular instruction. The scheduling of films and the making of all arrangements for showing the films in the various classes is being ably carried out under the direction of Frederick Delaney. A few of the older boys are receiving useful training and rendering much valuable assistance in setting up the projector, operating it, and in general caring for all our visual equipment.

We are deeply appreciative of the assistance given us from time to time by the Trustees of the Academy in providing certain equipment which would not otherwise be obtainable. This past year they have presented the Academy a fine opaque projector. This new projector, which has a variety of classroom uses, is a valuable addition to our projection equipment and will be a distinct aid to more vitalized classroom instruction. We are grateful to the School Committee for their continued interest in and support of our visual program. Through their efforts three of the regular classrooms have been equipped with light-tight curtains and two additional wall screens for classroom use have been purchased.

Class of 1940—The following table briefly summarizes the post graduation activities of the Class of 1940.

Attending College	2
Attending Special Schools	2
In training	2
Attending Commercial Schools	7
Doing Post-graduate work at Westford Academy	8
Working	2
At Home	7
Unaccounted for	4

34

It is especially significant to note that approximately 60% of the members of this class are continuing their education. As a matter of record, it should be noted here that this class is the largest to have ever been graduated from the Academy.

IV. STUDENT ACTIVITIES

Athletics—We continue to be moderately successful in the field of sport. Our boys team in basketball reached the finals in the Village High School Basketball Tournament, held under the auspices of the Fitchburgh Y. M. C. A., but unfortunately failed to continue their winning streak. As "runners-up" the members of the team were awarded individual basketball charms, and brought back to the school a suitably engraved shield in recognition of its achievement to add to our growing collection of trophies.

We enjoy our association with the member schools which make up the Wachusett League, both in Basketball and in Baseball and because the schools are of nearly the same size as Westford Academy, eagerly look forward each year to renewing competition with them. Miss Anne Sughrue coaches the girls' basketball team, and Mr. Frederick Delaney coaches the boys' in both basketball and baseball.

Athletic Association—This association, comprising nearly the entire student body, is as important to the degree of success we enjoy in athletics, as the boys and girls who actually play on the teams. Without their splendid co-operation and oftentimes personal sacrifice, the securing of funds for continuing our program in sports would be a real problem. Under the leadership of their officers and Mr. George Charron of the faculty, the members of the association have been most active in raising the necessary funds, and in assisting with the running of the home contests.

The athletic association is a valuable adjunct to the school in other ways than raising money for the support of athletics. Its members

have most willingly assumed responsibility for raising funds to cover the incidental expenses in connection with our visual education program. Under their auspices movies were shown in the auditorium on two separate occasions, for the enjoyment of the public at large. Money raised from these two events has been used to purchase a turntable which when used in conjunction with our motion picture projector, provides music for dancing for school parties, and to defray the transportation cost of the many educational films we enjoy throughout the school year.

The series of inter-class basketball games continue to be a source of much fun and good sport under their sponsorship. The Christmas Party given each year for the members of the association and their guests continues to rank as one of the school's most enjoyable social occasions of the year.

The officers and faculty advisers of the athletic association for the year 1940-1941 are:

President	Isabelle Hunter '41
Vice President	Kenneth Stuart '42
Secretary	Ray P. Collins '43
Treasurer	Lillian Bellemore '41
Advisers: Mr. Charron, Mr. Delaney, Miss Sughrue	

School Socials—Several successful school socials have been held during the past year. Each class under the guidance of its officers and faculty advisers, assumes responsibility for at least one social. The Academy gymnasium has been most attractively decorated for each such affair and the experience gained by the pupils in planning their parties provides a practical lesson in co-operative endeavor of a definite carry-over value.

Senior Play—On May 6, the Class of 1940, following the annual custom, presented in the Academy Auditorium, the 19th century costume play, "I Have Five Daughters," adapted from Jane Austen's book, "Pride and Prejudice." A difficult play, it was admirably performed by a splendid cast after a period of intensive coaching under the direction of Mr. Charron, before an appreciative audience.

The Class of 1941, having observed the difficulties invariably encountered by previous senior classes in staging their plays near the close of the senior year, broke with tradition by voting to give their annual play early in the fall of their senior year, and before too many other activities had gotten underway. Accordingly, on November 15, 1940, they successfully staged "The Leavenworth Case," a mystery play adapted from the book of the same name by Anna Katherine Green. The first mystery play attempted in a long time, it was excep-

tionally well done by a well chosen cast, who worked hard under Mr. Charron's direction to perfect the final performance.

Tadmuck Club Members—Each year, under the auspices of the Tadmuck Club, honorary membership in the club is given the two girls of the Junior class who have attained the highest academic rating during their Junior Year. The two recipients of this honor from the Class of 1941, for the current year, are Shirley Perkins and Lillian Bellemore.

Pro-Merito Society—The members of the Pro-Merito Society, ten in number, attended the annual Spring Pro-Merito Convention held in Greenfield on May 11. Among the items of business transacted was the adoption of a certificate of Life-Membership to be presented to each Pro-Merito member upon his or her graduation from high school. In consequence thereof, each of the Pro-Merito members from the Class of 1940 was presented this certificate along with his diploma at the Graduation Exercises in June. Consideration was also given at this meeting to dividing the State into sections with each section holding a district meeting in the Fall of the year. This arrangement would mean that many of the smaller schools, now unable to accommodate a large gathering, could be hosts to the much smaller regional meetings. This would leave the Spring Convention to the larger schools who have the facilities to handle a big crowd. It is expected that this plan of small regional fall meetings and one State Convention to be held in the Spring will be adopted at the annual Spring Convention in 1941. Under a schedule, tentatively agreed upon, Westford Academy would play host to some 120 Pro-Merito members from the eastern part of the state at a meeting to be held early in the Fall of 1941.

Conclusion—In conclusion, I wish to express my sincere thanks and appreciation to superintendent, teachers, and students for their co-operation and loyal support in the interests of Westford Academy.

Respectfully submitted,

JULIUS H. MUELLER, JR.,

Principal, Westford Academy

WINNERS OF PRIZES (Given by Trustees)**Awarded at Graduation Exercises**

Member of Senior Class for Excellence in English during the Senior Year:

Five Dollars—Sophie Blanche Woitowicz, '40

Member of Senior Class for Excellence in Senior Stenography:

Two and one-half Dollars—Vera Nyder, '40

Member of Senior Class for Excellence in Senior Typewriting:

Two and one-half Dollars—Harriett Anna Mann, '40

Washington and Franklin Medal for Excellence in United States History (Given by Massachusetts Society of Sons of the American Revolution): John Thomas McKniff, Jr., '40

Awarded at Class Day Exercises

Member of the Junior Class who, in the estimation of classmates and members of the Faculty, has done the most for the Class and for Westford Academy:

Ten Dollars—Andrew V. Basinas, '41

Member of the Sophomore Class who, in the estimation of classmates and members of the faculty, has done the most for the Class and for Westford Academy:

Ten Dollars—Tied for Honors

\$5.00—Joyce Hanson, '42

\$5.00—Treasure Bechard, '42

Member of the Freshman Class with the Highest General Average for the Year:

Five Dollars—Ray P. Collins, '43

CLASS SONG

1940

We are standing here tonight
 Sad yet filled up with delight
 At the very threshold of our lives.
 We shall not sink but always thrive,
 We will strive and work and conquer.

To win success our one big aim
 Tho' we do not care for fame,
 We will fight and lick defeat;
 We will climb up to the peak
 And try to make our best a little better.

Common bonds have held us fast
 And made our many friendships last.
 Our studies have drawn us closer too,
 But we must bid you all adieu,
 For graduation parts us now.

Chorus:
 Class of '40 ever onward;
 Class of '40 strong and true.
 Let "Better Faithful than Famous"
 Be our motto the whole life through.

Words by Marjorie Elizabeth Frost
 Music by Rachel Christine Burnham

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as school physician for the year ending December 31, 1940.

The usual physical examination was made on all the children attending the public schools of Westford.

All of the cases in which major physical defects are found are rechecked by a separate physical examination and the parents are informed of the findings in order that the children may receive treatment if any is indicated.

A special examination of the pupils who are to take part in athletic sports was made upon request of the coaches of the athletic teams and any one with a major physical defect was not allowed to play without special permission from his parents.

I have responded to calls at the schools for emergency cases when called by the school principals.

The hot dinner given to the underweight children is meeting with a great deal of success and a large number of the underweight and undernourished should gain in the next few months of the school term.

Cooperation by the Board of Health nurse, teachers and parents of the children has been splendid.

Respectfully,

DR. D. W. COWLES.

REPORT OF THE SCHOOL NURSE

January 16, 1941

Mr. Roger Poole,
Superintendent of Schools,
Westford, Mass.

Dear Sir:

Following is the report of the School Nurse from January 1, to December 31, 1940:

School Visits	344
Dressings and First Aid	36
Children examined for minor ailments	42
Children recommended for exclusion because of Pediculosis and other skin infections	16
Children recommended for exclusion because of Contagious Disease Contact	32
Vaccinations checked	
Weighed and measured	
Assisted School Physician with Physical Examination of School children in Spring and Fall of 1940.	
Result of Physical Examination:	
Acne	2
Anemia	1
Bronchitis	2
Enlarged Tonsils and Adenoids	17
Enlarged Cervical Glands	1
Heart Murmurs	52
Posture	2
Teeth	60

Respectfully submitted,

VERONICA P. MEAGHER, R. N.

REPORT OF THE SUPERVISOR OF MUSIC

January 16, 1941.

Mr. Roger K. Poole,
Superintendent of Schools,
Westford, Massachusetts.

Dear Sir:

The following is my report as Supervisor of Music in Westford.

Rhythm bands are still in progress in all of our schools for children of the first grade. At the Nabnasset School we also have a Harmonica Band which includes every child in grades I, II, and III. Many favorable comments have come to these youthful players for their public performances. The Harmonica Bands of the more advanced grades at this school, the Sargent, and grade three at the Cameron, disbanded in June. The continual increase in the price of these instruments, due to European conditions, being the cause.

Quiz programs are proving delightful and beneficial in the upper grades. Special programs for Christmas were held in all of the schools in their home rooms.

In May, the children from all of the schools took part in the exercises held at the Common. At the Civil War Monument, a glee club of girls chosen from Frost, Cameron, and Sargent Schools, sang "Cover Them Over" and "God Bless America." At the World War Monument all three verses of "I Am An American" were sung by the entire group of school children.

In November the Parent-Teacher Association was entertained in Frost School. A quintet of girls from grade six of the Sargent School showed unusual progress by their rendition of three-part music so early in the school term. Other selections were given by a group of girls from the Frost School with Lucy Flagg, as soloist, singing the "Forty Second Psalm." John St. Onge accompanied his group of "Hill-billies" on a Mexican guitar. They gave a splendid performance.

Rehearsals are now in progress for the operetta "Tom Sawyer" to be given at a later date by the pupils of the Cameron School and plans are being discussed for a spring concert by the Nabnasset School.

The High School Glee Club entertained the faculty and pupils of the Academy for a ten-minute period during their Christmas As-

sembly. They were heard in duets and trios of difficult arrangements of the carols. Doris Parmentier and Marea Kelly alternated in singing the obligatos. During the club period, appreciation is being taught as well as the art of singing. At present, the girls are enjoying the recording of the symphonies.

It is regretted that due to lack of time in the high school program the broadcast of the Walter Damrosh Hour must be omitted. In closing, I wish to express my sincere gratitude to all those who helped toward making this year successful.

Respectfully submitted,

LILLEY M. MORAN,
Music Supervisor.

Annual Report
OF THE
J. V. FLETCHER LIBRARY
OF THE
TOWN of WESTFORD

For the Year Ending December 31,
1 9 4 0

REPORT OF THE TRUSTEES OF J. V. FLETCHER LIBRARY

January 1, 1941.

The Trustees of the J. V. Fletcher Library respectfully submit their annual report for 1940, including the report of the librarian and the list of books added in 1940.

During the past year minor repairs and improvements have been made upon the library building and now a change in the heating system seems necessary. In spite of money spent in their repair a number of years ago, the two furnaces which were installed when the library was built in 1896, no longer give good service. They leak gas, smoke the walls and may soon become unusable. Because of the unusual expense involved in their replacement it becomes necessary to ask for a larger appropriation than usual. Therefore the Trustees ask for the following, viz:

1. The sum of thirty-two hundred dollars (\$3,200.00) to meet the current expenses of the main library and its branches.
2. The receipts from the dog licenses in 1940.

Respectfully submitted,

William C. Roudenbush, Chairman,

William R. Taylor,

Alice M. Howard, Secretary.

REPORT OF THE LIBRARIAN

January 1, 1941.

To the Trustees of the J. V. Fletcher Library:

The librarian herewith submits her twenty-third annual report in the eighty-second year of the Westford library.

There has been a slight gain in circulation both at the main library and for the town as a whole over that of last year. The children borrowed 7,041, a little more than one-third of the total. Of the adult books 4,317 represent non-fiction, a larger proportion than previously. Travel still holds first place with 801; biography second with 789; while history is again third with 627 and useful arts fourth with 550. A new record has been set this year for the largest daily circulation which was 309, the previous one being 287 in 1932.

The deposit station at the Forge Village post-office, which was closed for a time last year, has been reopened with a smaller number of books differently arranged so that they can be better cared for. This is the only deposit station at present. The children in the villages can obtain books as usual through the schools.

This fall the fourth grade pupils of Sargent and Cameron schools with their teachers Miss Meehan and Miss Carroll, visited the library on October 7 and November 1 respectively. They had been reading about the work of a library and wished to become acquainted with their own. The librarian conducted them through the different rooms in the building explaining their use and giving a brief account of the books. The children were much interested in the museum and many of them had their first experience in borrowing books from the library.

On November 25th the fifth grade at Cameron school held a Book Fair at the close of school to which the librarian was invited. There was a short program of talks about books by several members of the class. Souvenir book marks made by the pupils were distributed.

On September 26 and 27 the librarian visited the Academy giving six talks to English classes on the use and arrangement of the library and describing certain reference books. Books for English and history reports are still taken to the Academy every three weeks for the benefit of those who go by bus and therefore cannot come regularly or often to the library.

On April 8th the librarian was invited to visit the Men's Club of the Episcopal Mission at Forge Village and give a talk on books and the library. Some of the books used in connection with the talk were then loaned to the members.

It has been necessary to make various repairs to the building this year. As the roof began to leak again it had to be attended to and

the skylight was cleaned and repaired at the same time. A new two way switch has been installed so that it is now possible to turn on a light at the entrance of the building instead of going to the regular switch-board in the dark. As the fireproof door leading to the stack-room was not working easily, this was remedied by the use of new trolleys and hangers. Other minor repairs on windows, cases, etc., were made.

The room in the basement containing larger antiques such as an old loom, quaint baby carriage once used by a former resident of the town, and a boundary stone marked T F 1734 (Timothy Fletcher) has been shut off from the rest of the basement by a new fireproof door.

An exhibit of much interest has been the section of timber completely honeycombed by termites or carpenter ants which was removed from the underpinnings of Mr. Alonzo H. Sutherland's barn. Little sign of this shows on the outside though the partitions between the corridors are so thin they are easily broken. In contrast to this was a piece of petrified wood loaned by Mrs. Henry G. Corey. The section was unusual in that it was the full size of the tree showing bark all around the outside.

Some time after the death of Miss Kate Hamlin a trunk was received from her estate containing a small inlaid desk and more brass articles from India.

Some pieces of ancient Indian pottery from Phoenix, Arizona were given to the library by Mr. Harvey B. Greene of Lowell. These have been on display in the Frost Museum case with Indian relics from the collection upstairs, many of which have been found in the town.

Of interest for the Westford collection are two photographs given by Mr. Allan G. Sargent. While on a trip to Savannah, Georgia he and Mrs. Sargent discovered the grave of Mrs. Catherine Newman who, according to the stone, was born in Westford Nov. 1799 (d. Oct. 12, 1824). Her married name (Mrs. William Newman) so far has given no clue to her identity.

Again the librarian has had the privilege and pleasure of attending several library meetings. The American Library Association met for a week in Cincinnati the last of May. June 24-25 the Massachusetts Library Association met in Northfield. While the weather was unpleasantly rainy, the meetings were of help and inspiration. On November 13 the fall meeting was held in Worcester at which time Miss Alice M. Howard, trustee, accompanied her and they had the pleasure of hearing Mr. Henry B. Hough, author of "Country Editor."

Several new magazines have been added and old ones dropped.

All except current numbers may be borrowed for one week and the list for the coming year is as follows:

WEEKLIES

REGULATIONS

The J. V. Fletcher Library is open Tuesdays, Thursdays, and Saturdays (legal holidays excepted) from 1.30 till 5, and from 6.30 till 9.00 P. M.

The Forge Village deposit station at the Post-Office in charge of Mrs. Josephine Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No books shall be transferred, or acknowledged as returned, unless delivered to the librarian.

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.

*Death Record not yet sent to me from Ayer.

	Males	Females
Total number recorded	28	19
Number of Deaths in Town	16	10
Residents of Westford	30	18

NOTE

All persons are respectfully requested to examine the foregoing reports of births, marriages and deaths and report to the Town Clerk any errors or omissions that may be discerned therein, so that the records may be corrected. An error in the record, other than a mistake in copying a certificate or return, can be corrected only in accordance with a deposition under oath made by one who was required by law to furnish the information for the original record or by one or more creditable persons having knowledge of the case.
(See General Laws, Chapter 46, Section 13.)

Births occurring late in the year are sometimes returned without the Christian name. In such cases parents should return the name to the Town Clerk as soon as selected, as incompleteness of the record may occasion trouble in the future.

Attention is particularly called to the following extracts from the General Laws:

GENERAL LAWS, CHAPTER 46

Section 1. Each city and town clerk shall receive or obtain and record * * * facts relative to the births * * * in his city or town.

Section 3. Every physician or medical officer registered shall keep a record of the birth of every child in cases of which he was in charge and * * * shall, within fifteen days after such birth, mail or deliver to the clerk or registrar of the town where such birth occurred a report * * * if the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both father and mother filed * * * Upon presentation to him of a certificate of the town clerk stating that any such birth has been duly reported, the town treasurer shall pay to such physician or officer a fee of twenty-five cents for each birth so reported * * * A physician or any such officer violating any provision of this section shall forfeit not more than twenty-five dollars * * *.

Section 4. A member or servant of a family in which a child is born, having knowledge of the facts required * * * shall furnish the same upon request of the clerk of the town * * * or of any person authorized by him. (Penalty for refusing not more than ten dollars.)

Section 6. Parents, within forty days after the birth of a child, and every householder within forty days after a birth in his house shall cause notice thereof to be given to the clerk of the town where such child is born.

Section 8. (Penalty for neglect to comply with the provisions of Section 6, not more than five dollars.)

GENERAL LAWS, CHAPTER 207

Section 36. If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the town where either of them lived at the time of their marriage, a certificate or declaration of their marriage including the facts required in a notice of intention of marriage.

Section 55. Whoever violates Section 36 shall forfeit ten dollars.

The Town Clerk hereby gives notice that he is prepared to furnish parents, householders, physicians and registered hospital medical officers applying therefor with blanks for return of births as required by law.

CHARLES L. HILDRETH,

Town Clerk.

TOWN CLERK'S REPORT ON DOGS

Number of Dogs licensed January 1, 1941, to December 31, 1941:

230 Males at \$2.00	\$460.00
37 Females at \$5.00	185.00
37 Spayed Females at \$2.00	74.00
Total	\$719.00
Clerk's fees 304 licenses at 20 cents	60.80
Paid to Town Treasurer as per Town Treasurer's Re- ceipts	658.20

Number of Dogs listed by Assessors not collected or reported
on by Dog Officers through Dec. 31, 1941:

Males	101
Females	19
Spayed Females	9
Total	129

The attention of owners and keepers of dogs is called to the following extracts from Chapter 140 of the General Laws as amended by Chapter 320, Acts of 1934. .

Section 137. The owner or keeper of a dog which is three months old or over shall annually, on or before March thirty-first, cause it to be registered, numbered, described and licensed for one year from April first following * * * in the office of the clerk * * * The owner or keeper of a licensed dog shall cause it to wear around its neck or body a collar or harness of leather or other suitable material, to which shall be securely attachèd a tag * * * and upon which shall appear the license number, the name of the town issuing such license and the year of issue.

Section 138. The owner or keeper of a dog may at any time have it licensed until April first following; and a person who after April first becomes the owner or keeper of a dog which is not duly licensed. and the owner or keeper of a dog which becomes three months old after March thirty-first in any year, shall, when it is three months old, cause it to be registered, numbered, described, licensed, collared or harnessed as required by Section 137.

Section 139. The fee for every license shall, except as otherwise provided, be two dollars for a male dog and five dollars for a female

dog, unless a certificate of a registered veterinarian who performed the operation that said female dog has been spayed and has thereby been deprived of the power of propagation has been filed with the Town Clerk, in which case the fee shall be two dollars. A certified copy of such certificate on file in the office of any town clerk within the commonwealth may be accepted as evidence that the said operation has been performed.

ANNUAL TOWN MEETING, FEBRUARY 17, 1941

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, February 17, 1941, at one o'clock P. M., the following business was transacted:

Roger H. Hildreth, Town Moderator, called the meeting to order.

Rev. William W. Lewis of the First Parish Church United offered prayer.

Voted to dispense with the reading of the Warrant.

Article 1. Voted that the reports of the Finance Committee, other Committees, Boards and Officers be accepted as printed, with the following correction on Page 57 of the Town Report; an item of Refunds \$243.56 should be added.

Article 2. Voted that the compensation of the Town Officers be as follows: Selectmen, Chairman \$150.00; other two members \$125.00 each; Board of Public Welfare, Chairman \$20.00; other two members \$10.00 each; Town Treasurer \$550.00; Town Clerk \$100.00; Collector of Taxes .75 of 1% of the amount collected; Tree Warden \$0.53 per hour; Assessors \$4.50 per day of eight hours; Registrars and Assistant Registrars of Voters \$4.50 per day of eight hours for listing as required by law.

Article 3. Voted that under this Article each item be considered separately.

1. Voted that the sum of \$6,800.00 be appropriated for General Government to be divided as follows: Selectmen \$550.00; License Expenses \$75.00; Town Treasurer \$900.00; Town Accountant \$875.00; Assessors \$1,200.00; Tax Collector \$1,600.00; Town Counsel \$200.00; Tax Title Expenses \$200.00; Town Clerk \$400.00; Election and Registration \$800.00.

2. Voted that the sum of \$1,700.00 be appropriated for the expenses of the Town Hall.

3. Voted that the sum of \$6,131.00 be appropriated for the Police Department, to be divided as follows: General Expenses \$5,781.00; Safety Signs \$100.00; Road Marking \$250.00.

4. Voted that the sum of \$5,425.00 be appropriated for the Fire Department, to be divided as follows: General Expenses \$4,500.00; Fire Hose \$925.00.

5. Voted that the sum of \$3,185.00 be appropriated for Fire Hydrants.

6. Voted that the sum of \$125.00 be appropriated for the Sealer of Weights and Measures.

7. Voted that the sum of \$75.00 be appropriated to defray the expenses and the compensation of the Fish and Game Warden.

8. Voted that the sum of \$1,000.00 be appropriated to defray the expenses of Fighting Forest Fires.

9. Voted that the sum of \$100.00 be appropriated to defray the expenses of the Town Forest.

10. Voted that the sum of \$250.00 be appropriated to defray the expenses of the Tree Warden.

11. A motion that the sum of \$1,737.19 be appropriated to defray the expenses of the Moth Department was lost. Voted that the sum of \$900.00 be appropriated to defray the expenses of the Moth Department.

12. A motion that the sum of \$3,875.00 be appropriated to defray the expenses of the Health Department, \$375.00 of this amount to be used to defray the expense of milk furnished underweight and undernourished children, was lost. Voted that the sum of \$3,500.00 be appropriated to defray the expenses of the Health Department.

13. Voted that the sum of \$150.00 be appropriated to defray the expenses and compensation of the Cattle Inspector.

14. A. Voted that the sum of \$4,000.00 be appropriated for Snow and Ice Removal.

B. Voted that the sum of \$10,250.00 be appropriated for Roads under Chapter 81.

C. Voted that the sum of \$3,000.00 be appropriated for the Maintenance of Existing State and County roads on condition that like amounts be contributed by either or both the State and County respectively, to be used in conjunction therewith.

D. Voted that the sum of \$1,000.00 be appropriated for repairs on Hildreth Street on condition that like amounts or more be contributed by the State and County respectively, to be used in conjunction therewith.

E. Voted that the sum of \$1,000.00 be appropriated for repairs on the Groton Road on condition that like amounts or more be contributed by the State and County respectively, to be used in conjunction therewith.

F. Voted that the sum of \$500.00 be appropriated for Town Roads.

15. A. Voted that the sum of \$14,000.000 be appropriated for the Welfare Department.

B. Voted that the sum of \$4,000.00 be appropriated to defray the expenses of Aid to Dependent Children.

C. Voted that the sum of \$15,000.00 be appropriated for Old Age Assistance.

16. Voted that the sum of \$6,000.00 be appropriated for Soldiers' Benefits.

Article 3.

17. Voted that the sum of \$68,000.00 be appropriated for the School Department.

18. Voted that the sum of \$400.00 be appropriated for Vocational School Tuition.

19. Voted that the sum of \$3,200.00 and the receipts from Dog Licenses in 1939 be appropriated for the expenses of the Public Library. (See Article 26, on reconsideration, year changed to 1940.)

20. Voted that the sum of \$200.00 be appropriated for the Care of the Common.

21. Voted that the sum of \$250.00 be appropriated to defray the expenses of commemorating Memorial Day.

22. Voted that the sum of \$550.00 be appropriated to defray the expenses of publishing and distributing the Town Reports.

23. Voted that the sum of \$1,300.00 be appropriated for Compensation Insurance.

24. Voted that the sum of \$1,350.00 be appropriated for Fire Insurance.

25. Voted that the sum of \$9,500.00 be appropriated for General Loans.

26. Voted that the sum of \$846.62 be appropriated for the Interest on General Loans.

27. Voted that the sum of \$200.00 be appropriated for interest on Revenue Loans.

28. Voted that the sum of \$2,200.00 be appropriated for Cemeteries.

Voted that Article 14 be taken up before Article 3, Item 29.

Article 14. Voted that under this Article each item be considered separately.

Voted to dismiss that part of the Article relative to installing five additional street lights on Tyngsboro Road.

Voted to dismiss that part of the Article relative to installing six additional street lights on Dunstable Road.

Voted to install one additional street light on Carlisle Road.

Article 3.

29. Voted that the sum of \$6,945.00 be appropriated for Street Lights.

30. Voted that the sum of \$3,000.00 be appropriated in accordance with the provisions of Section 6 of Chapter 40 of the General Laws, as a Reserve Fund.

31. Voted to lay this item on the table.

Article 4. Voted unanimously that the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1941, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, of the General Laws.

Article 5. Voted that the sum of \$300.00 be appropriated for the Care of the Whitney Playground.

Voted to take Article 3, Item 31 from the table.

Article 3.

31. Voted that the sum of \$1,904.64 be appropriated for Bills Outstanding December 31, 1940, to be divided as follows: Assessors, \$12.30; Tax Collector, \$32.78; Registration and Election, \$92.25; Police Department, \$141.85; Fire Department, \$366.38; Cemeteries, \$243.24; Soldiers' Benefits, \$14.89; Old Age Assistance, \$80.00; Infirmary, \$66.45; Temporary Aid, \$724.17; Zoning and Building Laws Committee, \$11.25; Town Counsel, \$100.00; Health Department, \$19.08.

Article 6. Voted that the sum of \$3,552.00 be appropriated to meet the expenses incurred in connection with the W. P. A. or other similar projects.

Article 7. A motion that the Town remodel the Lower Town Hall and appropriate the sum of \$1,500.00 to meet the expense thereof, said work to be done by contract and that a Committee be appointed, consisting of the Board of Selectmen and three members of the Legion, to have charge of the above, was lost by a vote of 37 Yes to 45 No.

Article 8. Voted that the sum of \$3,908.83 be transferred from the Machinery Fund to the Road Machinery Account.

Article 9. Voted that the sum of \$900.00 be appropriated to equip the two police cars with a two-way radio system and to authorize the Chief of Police and the Selectmen to purchase the same.

Article 10. Voted that the sum of \$50.00 be appropriated for Demonstration Work in Agriculture and Home Economics and a Director be elected from the floor under the provisions of Section 40-45 of Chapter 128 of the General Laws. Mabel M. Nixon was elected Director.

Voted 60 to 20 to reconsider Article 7.

Article 7. Voted that the Town remodel the Lower Town Hall at an expense to the Town of not more than \$900.00 and that the Selectmen be authorized to write a W. P. A. project for the same and that a Committee, consisting of the Selectmen and three members of the Legion have charge of the remodelling.

Voted to lay Article 11 on the table.

Article 12. Voted to erect a new Fire House at Forge Village on land to be acquired and appropriate the sum of \$6,000.00 to meet the expenses in connection therewith.

A motion that the Town move the present Fire House at Forge Village and erect the same on Town owned land at Nabnasset, at an expense of not over \$1,000.00, was lost.

Voted that a committee of nine be appointed to serve as a Building Committee as follows, the three members of the Board of Selectmen, the three Fire Engineers and three others at large appointed by the Moderator.

Article 11. Voted that the Town accept land in Forge Village for a Fire House under a deed from the Abbot Worsted Company, provided the Selectmen, Fire Engineers and the Abbot Worsted Company can come to an agreement on the location. The Abbot Worsted Company would deed this land to the Town with the understanding that in case, at any time, it was not used for Fire Department purposes the land would revert back to the Abbot Worsted Company.

Article 13. Voted to install an Air Horn at the Westford Centre Fire House and appropriate the sum of \$1,600.00 to meet the expenses of the same.

Article 15. Voted that the Town authorize the purchase of a used chassis and have the Town Sprayer mounted on the same; also to have the Sprayer housed in the Fire House and used for Fire purposes when not in use by the Moth Department. and appropriate the sum of \$250.00 to meet the expenses thereof.

Article 16. Voted that the sum of \$500.00 be appropriated and the Fire Engineers be authorized to appoint a man to take care of all the equipment at the Westford Fire Houses at a salary of \$500.00 per year and free rent of the Fire House Cottage.

Article 17. Voted that the sum of \$400.00 be appropriated for Band Concerts for the current year.

Article 18. Voted to dismiss this Article which was relative to appropriating \$900.00 for telephone service for certain departments.

Article 19. Voted to accept the layout made by the Selectmen of the ways in Forge Village known as Pond and Bradford Streets on file in the Town Clerk's Office on petition of John J. Daley and eleven others. (These layouts were filed with the Town Clerk on February 3, 1938.)

Article 20. Voted to dismiss this Article which was relative to the acceptance of the layout made by the Selectmen of a way in Westford Centre, as the layout has not been filed with the Town Clerk.

Article 21. Voted to dismiss this Article which was relative to the acceptance of the layout made by the Selectmen of a way in Brookside, commonly known as Coolidge Street, as the layout has not been filed with the Town Clerk.

Article 22. Voted that a committee of three, one to be appointed by the Selectmen, one by the land owner and one to be appointed by these two appointees, determine the land damages on Hildreth Street and report at the next Town Meeting.

Article 23. A motion to adopt the following By-Law, "No town officer receiving \$125.00 or more, nor any company or corporation that a town officer or employee receiving \$125.00 or more is affiliated with, shall sell materials or supplies to the Town, nor receive any compensation or commission for services rendered by him for the Town; nor receive any remuneration for any of his machinery or equipment used by the Town; except his official salary and fees allowed by law"; was lost.

Article 24. A motion that the Town adopt the following By-Law, "All purchases of materials or supplies exceeding the sum of \$50.00 shall be based on competition" was lost.

Article 25. Voted to take up separately each Section of this Article relative to Building Law by-laws.

Voted 67 to 50 not to accept the first Section.

Voted to dismiss the remainder of this Article.

A unanimous vote of thanks was given the Committee who drew up the proposed by-laws.

Article 26. Voted unanimously to reconsider the vote under Item 19 of Article 3.

Voted that the year in this vote be changed from 1939 to 1940.

Article 27. Voted to accept the minutes of the meeting.

Article 28. Voted to dissolve the meeting.

A True Record, Attest:

CHARLES L. HILDRETH,

Town Clerk

SPECIAL TOWN MEETING, MAY 5, 1941

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, May 5, 1941, the following business was transacted:

Roger H. Hildreth, Town Moderator, called the meeting to order at eight o'clock P. M.

Voted to dispense with the reading of the Warrant.

Article 1. Voted to accept the written report of the Finance Committee.

Under the vote passed under Article 22 of the Annual Town Meeting, the Selectmen appointed Herford W. Elliott, the land owners John F. Sullivan and Joseph Sullivan, appointed William R. Taylor and these two appointees appointed Roger H. Hildreth to serve as the Committee, and this Committee recommended the appropriation of \$400.00 for the payment of land damages on Hildreth Street.

Article 2. Voted to lay this Article on the table.

Article 3. Voted unanimously that the Town adopt the Federal Surplus Commodities Stamp Plan for distribution of surplus commodities as it now is, or hereafter may be, operated in conjunction with the Federal Government, and that the sum of \$750.00 be raised and appropriated for the purpose of installing and carrying on said Stamp Plan.

Article 4. Voted unanimously that the sum of \$145.05 be raised and appropriated for the purpose of defraying a bill of the Town of Billerica.

Article 5. Voted that the sum of \$1,550.00 be expended from the Highway Equipment Account for the purpose of purchasing an automobile truck for the use of the Highway Department; said purchase to be made under the supervision of the Board of Selectmen.

Article 6. Voted that the sum of \$250.00 be expended from the account entitled, "Department of Public Welfare" for the purpose of purchasing and installing in the Infirmary an electric milk cooling device; said purchase and installation to be made under the supervision of the Board of Public Welfare.

Article 7. Voted that the sum of \$1,200.00 be raised and appropriated for the purpose of defraying the cost of building a new fire house at Forge Village.

Article 8. Voted that the Town accept Palermo Street, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk.

Article 9. Voted that the Town do not accept Coolidge Avenue, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk.

Article 10. Voted that the Town accept Coolidge Street in Forge Village, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk.

Article 11. Voted that the Town do not accept Chestnut Street and Oak Street, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk.

Article 12. Voted that the Town accept Orchard Street, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk.

Article 13. Voted that the Town accept Pershing Street and Smith Street, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk.

Article 14. Voted that the Town accept Bradford Street and Pond Street, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk.

Article 15. Voted that the Town do not accept Tadmuck Hill, as laid out by the Selectmen, as shown by their report and plan duly filed in the office of the Town Clerk.

Article 16. Voted that the Town authorize the Selectmen to act as its agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town, and to employ counsel whenever in their judgment it is necessary.

Article 17. Voted that the sum of \$1,500.00 be expended from the account entitled "W. P. A. Account" for the purpose of remodelling and repairing the lower Town Hall, and that a Committee consisting of the Selectmen and three members of the Legion have charge of the remodelling.

Article 18. Voted to dismiss this Article.

Article 2. Voted unanimously to take Article 2 from the table.

Voted that the sum of \$400.00 be raised and appropriated for the purpose of paying claims made against the Town for land damages resulting from the widening of Hildreth Street; the said sum to be paid

only in the event that the plan of the taking by the County Commissioners be acceptable to the Committee appointed to consider this matter; and only in the further event that the State and County contribute \$2,000.00 and \$1,000.00 respectively.

Article 19. Voted to accept the minutes of the meeting.

Article 20. Voted to dissolve the meeting.

A True Record, Attest:

CHARLES L. HILDRETH,

Town Clerk.

SPECIAL TOWN MEETING, JULY 7, 1941

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, July 7, 1941, the following business was transacted:

Roger H. Hildreth, Town Moderator, called the meeting to order at eight o'clock P. M.

Voted to dispense with the reading of the Warrant.

A report of the Finance Committee was read.

Article 1. Voted unanimously that the sum of \$3,500.00 be transferred from the account entitled "Surplus," for the purpose of defraying expenses incurred in Fighting Forest Fires and for the purpose of running the Forest Fire Department for the balance of the year.

Article 2. Voted unanimously that the sum of \$109.76 be transferred from the account entitled, "Surplus," to the account entitled "Bills Outstanding December 31, 1940," for the purpose of defraying outstanding bills.

Article 3. Voted unanimously that the pay of the Highway Department employees be increased from the present rate of 50c per hour to the rate of 60c per hour.

Voted unanimously that the sum of \$1,000.00 be transferred from the account entitled "Surplus," to the account entitled "Town Roads," for the purpose of defraying additional expenses to be incurred as a result of the granting of an increase in pay to the Highway Department employees.

Article 2. Voted to accept the minutes of the meeting.

Article 4. Voted to accept the minutes of the meeting.

A True Record, Attest:

CHARLES L. HILDRETH,

Town Clerk.

SPECIAL TOWN MEETING, DECEMBER 22, 1941

At a legal meeting of the inhabitants of the Town of Westford, qualified by law to vote in Town affairs, held at the Town House, Monday, December 22, 1941, the following business was transacted:

Roger H. Hildreth, Town Moderator, called the meeting to order at eight o'clock P. M.

It was voted to accept the report of the Finance Committee as read and that it be placed on file.

Article 1. Voted that the sum of \$83.33 be transferred from the unexpended balance of money appropriated under Article 16 at the Annual Town Meeting, and the further sum of \$62.23 be transferred from the account entitled "Fire Hose," and the further sum of \$54.44 be transferred from the account entitled "Soldiers' Relief" to the account entitled "Fire Department General Expense," and that the sum of \$500.00 be transferred from said "Soldiers' Relief" account as follows: \$200.00 to account entitled "Vocational Tuition," \$150.00 to the account entitled "W. P. A. Expense," and \$150.00 to the account entitled "Forest Fire Department."

Article 2. Voted to accept the minutes of the meeting.

Article 3. Voted to dissolve the meeting.

A True Record, Attest:

CHARLES L. HILDRETH,

Town Clerk.

REPORT OF SELECTMEN

To the Citizens of Westford:

The Board organized at the beginning of the year with Arthur M. Whitley, Chairman; Arthur L. Healey, Secretary, and Cyril A. Blaney as the third member.

The reports of the various committees under our supervision are printed in this report.

The appointments were the same as the previous year, with no salary changes.

Due to increased employment in private industry the Soldiers' Benefits expenditures were greatly reduced.

By orders of State headquarters all W. P. A. projects were closed as of June 1st, except the School Lunch which continued throughout the year.

The Highway Department purchased a Ford as voted by the Town. All highway workers were increased from 50c per hour to 60c per hour. Due to the increase of prices the highway equipment account was reduced much more than usual.

The annual audit was made by the Director of Accounts and a copy of same is printed herein.

The town lines of Groton, Littleton, Acton and Tyngsboro were perambulated with the Selectmen of the various towns.

The new Fire House at Forge Village has been completed and turned over to the Fire Department.

All the insurance policies on the various Town buildings have been renewed and a policy of \$7,000.00 has been placed on the new Fire House.

Signed,

ARTHUR M. WHITLEY,

ARTHUR L. HEALY,

CYRIL A. BLANEY,

Selectmen.

REPORT OF THE STATE AUDITOR

Mr. Theodore N. Waddell,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the general accounts of the town of Westford from August 25, 1940, and the Tax Collector's accounts from February 21, 1941, the dates of the previous examinations, to September 6, 1941, and report thereon as follows:

The recorded financial transactions of the several departments receiving or disbursing money for the town, or committing bills for collection, were examined, checked, and verified by a comparison with the books of the Town Accountant and the Town Treasurer.

The books and accounts kept by the Town Accountant were examined and checked. The receipts as recorded on the ledger were checked with the records of the several departments making payments to the Treasurer and with the Treasurer's books, while the recorded payments were checked with the treasury warrants issued by the Selectmen and with the Treasurer's cash book. The appropriations and transfers as recorded on the ledger were checked with the Town Clerk's records of town meetings, and with the Finance Committee's records of transfers from the reserve fund. A trial balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on September 6, 1941.

The computation of the tax rate for 1941 was examined and checked to the ledger accounts, and the classification book was found to be neatly and accurately kept.

The books and accounts of the Town Treasurer were examined and checked. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the town and with other sources from which money was paid into the treasury, while the payments were compared with the Selectmen's warrants authorizing the Treasurer to disburse town funds. The cash book additions were verified and the cash balance on September 6, 1941,

was proved by actual count of the cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments made for maturing debt and interest were checked and compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust funds in the custody of the Town Treasurer were examined and listed, the income being proved and the transfers to the town being compared with the Treasurer's recorded receipts.

The records of tax titles were examined and reconciled with the tax books and with the Town Accountant's ledger, being further verified by comparison with the records in the Registry of Deeds.

In listing the appropriations from the Town Clerk's records it was noted that the sum of \$1,904.66 was appropriated at the 1941 annual town meeting for unpaid bills of 1940. In the future appropriations for unpaid bills should be made in accordance with the provisions of Chapter 179, Acts of 1941.

The books and accounts of the Tax Collector were examined and checked. The poll, property, and motor vehicle excise taxes outstanding according to the previous examination were audited and all subsequent commitments were checked to the warrants for their collection. The payments to the Treasurer were checked to the Treasurer's cash book, the recorded abatements were compared with the Assessors' records of abatements granted, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

The departmental accounts committed for collection were examined and checked. The commitments were proved, the recorded receipts were checked with the payments to the Treasurer, the abatements were compared with the records in the departments authorized to grant them, and the outstanding accounts were listed and reconciled with the respective ledger accounts.

Verification of the correctness of the outstanding tax and departmental accounts were made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it would appear that the accounts, as listed, are correct.

The records of licenses issued by the Selectmen, Town Clerk, and Health Department were examined and checked, and the payments to the State and town were verified.

In examining the Town Clerk's records of explosive and gasoline license renewals it was noted that the fees collected therefor are retained by the Town Clerk. It is recommended that in the future all such fees be turned into the town treasury as required by the provisions of Section 53, Chapter 44, General Laws.

The surety bonds of the town officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

The records of the Sealer of Weights and Measures, as well as of all other departments collecting money or committing bills for collection, were examined, the payments to the Treasurer being compared with the Treasurer's recorded receipts.

While engaged in making the audit, cooperation was received from the officials of the town, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

HBD:FC

Assistant Director of Accounts.

REPORT OF SUPERINTENDENT OF STREETS

Gentlemen:

The following is the annual report of the Highway Department for the year ending December 31, 1941.

CHAPTER 81 AND GENERAL HIGHWAY MAINTENANCE

The usual highway maintenance was carried out during the year. All oiled roads were patched when necessary, with bituminous materials during the spring and summer months and this procedure was carried out into the late fall.

Many of the roads which were graveled during 1940 have been shaped, rolled and oiled.

The dangerous ledge on Beaver Brook road has been removed. With this removed the road has been widened to 24 ft. also graveled for about half a mile starting at Littleton Line.

The brush on main and side roads was cut and burned. Several bad corners were cut back to make roads safer. Many new metal culverts, catch basins and guard rails were installed.

CHAPTER 90 MAINTENANCE

The usual Maintenance of Chapter 90 was carried out under the provisions of this allotment.

Several of the roads were given a coat of cut-back asphalt and covered with $\frac{5}{8}$ trap rock rolled in. This coating not only makes the road stand up better during the heavy traffic, but provides a good non-skid protective coating.

CHAPTER 90 CONSTRUCTION

On Groton Road the Town had allotment for new construction. The work began at junction of Tyngsboro and Groton Road extending in a westerly direction about 2,500 ft. finishing at hill below Fred Shugrue's residence.

The work consisted of cutting down hills, filling valleys and widening to 27 ft. with new gravel surfacing the entire length. It was also shaped, rolled, and treated with two applications of tar and covered with coarse sand.

Respectfully submitted,

J. AUSTIN HEALY,

Superintendent of Streets.

REPORT OF THE POLICE DEPARTMENT

To the Honorable Board of Selectmen
Westford, Mass.

Gentlemen:

I herewith submit my report for the year 1941 for the Police Department.

Report to the Department of Correction has been made.

Arrests made	38
Assault and Battery	4
Abandoned autos	8
Auto violations	18
Auto accidents	17
Auto transfers	139

Warrants served	14
Electric wires down streets	11
Lay watching in different places	32
Inspection of Camps weekly in the winter time	268
Malicious injury to property	1
Boys sent to Westboro	1

I want to report that the purchase of the new two-way radio equipment last year and the installation of the same in both police cars has added to the efficiency of the Police Department, and enabled the people of Westford to contact the police officers wherever and whenever they have occasion to. We were fortunate to get the radio equipment when we did, as the price on the same equipment has increased a great deal, and even then it is almost impossible to get.

I think you should know too that the Lowell Police have cooperated with us one hundred per cent, both in radio service and in criminal investigations. That kind of cooperation means a great deal to us in our work and we certainly appreciate it.

I wish to take this opportunity to thank the Board of Selectmen, Court Officers, Officer O'Connell, and the other special officers of the Town of Westford for their advice, cooperation and assistance during the past year.

Respectfully submitted,

JOHN F. SULLIVAN,

Chief of Police.

REPORT OF TOWN ACCOUNTANT

To the Citizens of the Town of Westford:

I herewith present the Annual Report of the Town Accountant in accordance with the General Laws.

All are reminded that all books are open to the public for inspection at any time.

If there is any part that is not clear to the reader, the Accountant will explain the same upon request and give more detailed information.

All transfers from the Reserve Fund shown in this report were authorized by the Finance Committee.

HAROLD W. HILDRETH,

Town Accountant.

REPORT OF THE TREE WARDEN

As usual my work has been removing dead trees from the roadside and removing broken limbs from others.

I would suggest that some maple trees be set out on Depot Street. The money to be taken from income of the Whitney Fund.

I am suggesting that the Town appropriate \$700.00 for spraying elm beetle. They are bad all over town.

Respectfully submitted,

HARRY L. NESMITH,

Tree Warden.

REPORT OF THE FOREST WARDEN

Deputies Appointed by the Warden

Fred R. Blodgett
Charles A. Blodgett
Edwin H. Gould
Richard W. Hall

Norman K. Nesmith
George L. Nesmith
Alonzo H. Sutherland
Edmund Rogers

Harold E. Wright

The year 1941 proved to be a bad year. Fifty-five fires in all. I have issued two hundred and twenty-five fire permits.

The fire that came in from Groton was one of the worst fires we have had in years and the new chassis that was purchased for the Sprayer proved to be of great help in carrying water for this purpose.

I would suggest the sum of \$1,500.00 be appropriated this year to care for this work.

Respectfully submitted,

HARRY L. NESMITH,

Forest Warden.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

As Sealer of Weights and Measures for the Town of Westford, I submit the following report for the year 1941:

REPORT OF THE BOARD OF HEALTH

January 22, 1942

The Westford Board of Health submits the following report for the year ending December 31, 1941:

The Pre-School and School Clinics still thrive with great opportunities for the children to be immunized from Diphtheria and also provides facilities for Vaccination from Small Pox. I would again like to inform the public of the great good these clinics do for the children and the community by the fact that there has not been a case of Diphtheria reported in the Town of Westford since the starting of these Clinics over ten years ago. It is a great mistake for people to overlook these great advantages for the health of the children.

The milk supply, raised, produced and delivered in the Town improves from year to year and we wish to inform the public that we have in town three pasteurization plants which deliver pasteurized milk. At the present time practically all the milk delivered in the town can be procured pasteurized, if so desired.

Contagious and infectious diseases are regularly watched by the Board of Health and by the Health Nurse, both at the schools and especially by follow up work at the homes. The conditions could be helped with more cooperation from the heads of the families at various times, to the advantage of all concerned. This past year shows a marked reduction in the number of Contagious and infectious diseases.

The Dental Clinic is now under the charge of Dr. James C. Coughlin of Lowell, and is doing good work and has been patronized very freely by the children, but great improvement can be made by the parents taking more interest in the care of the teeth of the children and also by seeing that the children take advantage of these opportunities. If these conditions were observed it would greatly help the endeavors of the Dentist and the Public Health Nurse and the Health Department in their endeavors to better the health and welfare of the children.

The Board of Health has kept their expenditures within the budget appropriated by the Town of Westford as their usual yearly procedure and feel elated over the fact, because a great deal of their expenditure cannot be ascertained before making up their yearly budget.

Following this report is the report of the Public Health Nurse, who has faithfully and conscientiously performed her various and many duties in a most satisfactory manner.

Respectfully submitted,

CYRIL A. BLANEY, M. D., Chairman,

CARL H. HANSON, Sec.

RALPH K. COLEMAN, M.D.D.O.

Members of the Board of Health.

REPORT OF THE PUBLIC HEALTH NURSE

January 19, 1942

C. A. Blaney, M. D.,
Chairman, Board of Health,
Westford, Mass.

Dear Sir:

Following is the report of the Public Health Nurse from January 1, to December 31, 1941:

REPORT OF THE FIRE ENGINEERS

The Board of Fire Engineers submit the following report for the year ending December 31, 1941:

The companies have responded to 38 alarms other than forest fires, namely: 4 building fires, 18 chimney fires, 1 auto fire, 1 tractor fire, 1 lumber pile, 1 electric pump, 2 oil burners, 7 out-of-town fires, 3 false alarms.

Repairs were made to the Fire Houses at Westford and Graniteville and both buildings were painted.

A new brick fire house was erected at Forge Village and the alarm system was extended to it from the old house.

A new fire horn, complete with air plant and transmitter, was installed at the Westford Fire House and was placed in operation in March. This installation, used in conjunction with the recently installed alarms system for Forge Village and Graniteville and controlled by the new permanent man, has proven to be a decided success in the response to alarms. It will also prove beneficial to the National Defense as an air-raid signal.

The firemen and volunteers are to be congratulated for the splendid work they did in the large forest fire last spring. We wish at this time to again express our sincere thanks to the women and school children of the town for the fine work they did in feeding the fire fighters. Due to this emergency, it was necessary to purchase a portable forestry pump and the necessary hose to go with it. This pump has more than paid for itself at fires since it was purchased. Since this pump is portable it can be used in places where it would be impossible to get a truck in.

Since the Town has not purchased a pumping engine for approximately 20 years we feel that due to the national emergency and the necessity of modern fire fighting equipment that a new one should be purchased. We therefore ask that the Town appropriate the sum of \$8,500.00 for a new pumping engine and necessary equipment.

As a result of the purchase of new equipment and the installation of a permanent man to operate a central alarm center, the town has been moved from Class "D" insurance rating to Class "C." This will result in quite a saving to the townspeople in insurance.

Respectfully submitted,

EDMUND D. ROGERS,
HAROLD E. WRIGHT,
RICHARD W. HALL,

Board of Engineers.

REPORT OF THE BOARD OF PUBLIC WELFARE

The Board of Public Welfare organized for the Year 1941 with Thomas P. Cosgrove, Chairman, Reginald Blowey, Secretary, and William L. Wall, the newly-elected member.

This Department had an exceptionally good year in 1941, due to working conditions. Although all W. P. A. projects were suspended in June, with the exception of the School Lunch and Commissary, we were not noticeably affected as most of the men were absorbed in private industry.

The case load for Old Age Assistance and Aid to Dependent Children remained the same as last year. For the coming year an increase in the Old Age Assistance appropriation will be necessary as a result of the legislation which affects many of the cases beginning April 30, 1942.

Respectfully,

THOMAS P. COSGROVE,

REGINALD BLOWEY,

WILLIAM L. WALL,

Board of Public Welfare.

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE

The following is a report of the activities of the Middlesex County Extension Service in the town of Westford during the year 1941.

Dairy farmers within the town were assisted with milk marketing problems, also pasture improvement and the growing of field crops. Mr. E. J. Blaisdell and Mr. John Howard cooperated in the alfalfa top dressing experiment. Cold Spring Farm is a member of the County Herd Health Association. Through farm visits and the sending out of additional material, poultrymen within the town have been helped in their problems of disease control and brooding and rearing of chicks. Assistance was given at the time of the Westford Apple Blossom Festival. Several meetings and demonstrations of interest to the fruit growers have been held in the town. Many farm visits were made upon request to assist orchardists in their spray control program.

A series of meetings of interest to homemakers was carried on the refinishing of furniture and reseating of chairs. Also, one meeting was held on Christmas gift suggestions.

180 boys and girls were enrolled in 4-H Club work during the year. Leaders for these clubs were Mrs. Clifford Johnson, Mrs. Willard Moore, Mrs. Warren Nixon, Mr. Warren Nixon, Mrs. W. Otis Day, Mrs. L. Blodgett, Miss Marion Kelley, Mr. Clifford Hunt, Mr. Daniel C. Staples, Mr. Henry Stone, Mr. Peter Perry, Mr. Chester Swett and Alice M. Cullen.

The Northern Middlesex Leaders' Association held its annual meeting and supper in Westford, with local arrangements in charge of Mrs. Clifford Johnson and Mrs. Willard Moore, assisted by the local leaders and older 4-H Club girls. Esther Moore and Shirley Collier received prizes.

In the spring a large exhibit was held in the Town Hall. At this time, prizes were awarded and the members presented a program.

Westford took a very active part in raising money for the development of the new 4-H Club Camp in Ashby, Massachusetts, contributing the sum of \$218.65. Mrs. Willard Moore served as chairman.

Clifford Hunt served as counsellor at one of the boys' camps. Dorothea Nixon served as counsellor in one of the girls' camps.

Poultry club members judged and exhibited in local and state contests. Also, the dairy club members participated in county dairy meetings and tours. Philip Heathcote received first prize on Guernsey heifers at Alton Fair. Philip Heathcote had one of the best gardens in the county and received third prize in the home garden contest conducted by the Middlesex North Agricultural Society. Ray Collins and Philip Heathcote were awarded half expenses at Camp Middlesex because of their garden work. Russell Decatur and Roy Flagg also received cash prizes on their gardens. Lawrence Nixon received half expenses at Camp Middlesex for being Camp Spirit.

MRS. WARREN NIXON,

Director.

REPORT OF THE GAME WARDEN

I hereby submit my report as Game Warden of Westford for the year 1941.

Trout

1500 Long Sought For Pond—Two years old.
1600 Nashoba Brook.
400 O'Brion Brook.
250 Snake Meadow Brook.

Bass

2000 Small Mouth—Nabnasset Pond.

Hornpout

5000 Long Sought For Pond.

Quail—50.

Pheasants—96.

Eleven pheasants liberated by the Stony Brook Fish and Game Club.

If information is wanted or complaints are to be investigated, people can get in touch with me by letter or by calling at my home.

Again I take this opportunity to thank each and everyone for the sincere cooperation you have accorded me.

Respectfully submitted,

EDMUND L. PROVOST,

Game Warden.

WILLIAM R. TAYLOR,
Treasurer.

Westford, Mass., January 17, 1942.

Commonwealth of Massachusetts,
Middlesex, ss.

Then personally appeared William R. Taylor, and made oath that the above is a true statement of the cost of construction of the Westford Water Company to December 31, 1941 and of the Receipts and Expenditures from January 1, 1941 to December 31, 1941, before me.

PERRY T. SNOW,

Notary Public.

My Commission Expires Feb. 2, 1945.

REPORT OF WORKS PROJECT ADMINISTRATION

To the Selectmen and Citizens of Westford:

Approximately \$25,000.00 plus a big supply of commodities were received by people of Westford in the past year, for all projects except the Lunch for School Children were closed the first of June. In order to keep this project for the fall and winter it was necessary to keep it open during the summer.

The Lunch Project gave work to from 10 to 15 people and an average of 200 have been given hot lunches throughout the year. By a small payment by each child it would be possible to serve this lunch to all school children as we are not limited as to supplies from the Federal Government.

The Block Mapping Project although only about two-thirds finished is becoming of great value to the Assessors and they urge when possible to have this finished.

The Cemetery Project is near enough finished so it can be completed by the Cemetery Department at very little cost.

Due to the curtailment of the program this administration has been cut.

Respectfully submitted,

H. W. HILDRETH,

Sponsor's Agent.

REPORT OF THE WESTFORD COMMITTEE ON PUBLIC SAFETY

Upon the recommendation of the Selectmen of Westford, Governor Saltonstall appointed a local Chairman to organize a Committee on Civilian Defense, later the name being changed to the Committee on Public Safety, the Committee to work and co-operate with the Massachusetts Committee on Public Safety.

Accordingly, a Committee of twenty-seven members were selected representing all parts of the Town, the Churches, all the organizations, agriculture and business. The duties of the Committee have been to organize and to make such preparations as would be necessary to maintain the safety and protection of persons and property and be prepared to meet whatever emergencies that might arise in the event that the United States became involved in the war.

At first the duties of the Committee were not very arduous, but as we gradually got nearer to war, the duties became more exacting and far reaching.

We have worked along with the Massachusetts Committee on Public Safety and followed most of their suggestions although we have not gone into it on as large a scale as the cities and some of the larger towns; being a small community we did not deem it necessary up to the present time.

We have adopted the Organization Plan of the Massachusetts Committee, which establishes six Divisions, each with a Division Chairman, as follows: the Protection Division, which has six sub-divisions, each with a Chairman; Health and Social Division, with three sub-divisions and chairmen; the Services and Supply Division, with seven divisions and chairmen; Planning Division; Publicity Division, and Women's Division.

The six Division Chairmen and the General Chairman comprise the Executive Committee.

Co-operating Agencies—Local Post American Legion and local Chapter Red Cross.

As requested we have established a Report Center in the Town Hall with telephones installed, with someone on duty from 8 A. M. to 10 P. M. and service transferred to the home of the Air Raid Warden during the night. The Legion have established an Observation Post under the direction of the Army in the Tower of the Town Hall with two persons on duty during the twenty-four hours.

These two offices, being manned twenty-four hours per day, require the donation of a lot of time and the townspeople have responded excellently.

The School Department has willingly co-operated by allowing the boys of the Academy to take their turn on the Observation Post during the day.

Many are taking the First Aid Courses in classes under the direction of Mrs. Dorothy M. Sargent, Chairman of the Women's Division. Auxiliary firemen are being trained under the direction of the Fire Chief and Auxiliary Police, under the Chief of Police.

Wardens have been appointed in different parts of the Town and are being instructed regarding the procedure to be followed in the event of bombings or emergencies.

Soon after the formation of our Committee we asked for the registration of the women and men who would be able to give voluntary service in the event of an emergency, the forms being furnished by the Massachusetts Committee. We received a very good response to this call and 106 women registered representing 23 occupations, and 107 men, representing 43 occupations.

The Red Cross and several knitting groups are very active on war work and the local Legion Post is working and co-operating in every way.

The Committee is very grateful to all those who have assisted in any way in the work and given their support to the cause for which we are striving.

Our Country is now actively in the War, which means that we must be more vigilant and ready for any emergency.

WILLIAM R. TAYLOR,

Chairman.

REPORT OF THE TOWN FOREST COMMITTEE

No money was spent on the Town Forest in the year 1941 but the Committee feel that in 1942 we should reset about two acres of pine on that part of the forest situated on Forge Village Road, and have some of the lower branches removed from the young pine now growing there.

Respectfully submitted,

W. E. WRIGHT,

E. H. GOULD

REPORT OF FINANCE COMMITTEE

The Finance Committee has held the customary meetings and given all the articles in the warrant careful consideration and recommended the appropriation of the various sums as tabulated below:

Article	Amount	Voted and	Amt. Asked	Recom-
Appropriation	Expended	Transfrd. 1941	for 1942	mended
3-1 General Government				
Selectmen	\$ 494.87	\$ 550.00	\$ 600.00	\$ 600.00
License Expenses	65.18	75.00	75.00	75.00

ART. 4. The Finance Committee recommends this article.

ART. 5. The Finance Committee recommends this article.

ART. 6. The Finance Committee recommends this article.

ART. 7. The Finance Committee recommends this article.

ART. 8. The Finance Committee recommends that the town appropriate the sum of \$4,200.00 for the W. P. A. Luncheon Projects, providing that the project can be put on a contributory basis and be made practically self-supporting.

ART. 9. The Finance Committee does not recommend this article.

ART. 10. The Finance Committee recommends that the town sell and require the removal of the old fire house building at Forge Village.

ART. 11. The Finance Committee does not recommend this article.

ART. 12. The Finance Committee does not recommend the purchase of a new power grader for the Highway Department at this time.

ART. 13. The Finance Committee does not recommend this article.

ART. 14. The Finance Committee recommends this article.

ART. 15. The Finance Committee recommends this article.

ART. 16. The Finance Committee recommends this article.

ART. 17. The Finance Committee recommends this article.

ART. 18. The Finance Committee recommends this article.

ART. 19. The Finance Committee recommends that a committee be appointed by the Moderator to report at a Town Meeting to be held before June 1, upon the advisability of purchasing a new fire truck and equipment in view of the fact that the Town may be able to obtain a pump from the State or Federal Government and that the Town may be unable to obtain a sufficiently high priority rating.

ART. 20. The Finance Committee does not recommend this article.

ART. 21. The Finance Committee recommends this article.

ART. 22. The Finance Committee does not recommend the addition of any new street lights at this time.

ART. 23. The Finance Committee recommends the appropriation of \$300.00 under this article.

ART. 24. The Finance Committee recommends this article.

ART. 25. The Finance Committee recommends that the Selectmen be authorized to enter into a contract with the Abbot Worsted Company for hydrant service at Brookside.

ART. 26. The Finance Committee recommends that the Selectmen be authorized to enter into a contract with the Westford Water Company for hydrant service.

ART. 27. The Finance Committee recommends this article.

ART. 28. The Finance Committee does not recommend this article.

ART. 29. The Finance Committee recommends this article.

ART. 30. The Finance Committee recommends that the amount received by the town from the Solomon Hines Fund, Inc., be transferred to the Finance Reserve Fund to be used if necessary for Civilian Defense.

ART. 31. The Finance Committee recommends that the town appropriate the sum of \$3,000.00 together with the amount received by the town from the Solomon Hines Fund, Inc., and that the appropriation be used as a Reserve Fund at the discretion of the Finance Committee.

ART. 32. The Finance Committee recommends this article.

ART. 33. The Finance Committee recommends this article.

If the above recommendations of this Committee are followed at the Town Meeting, the tax rate will be approximately \$39.75 per thousand. For every appropriation increase of \$1,000.00 the tax rate will increase approximately 28 cents per thousand.

Respectfully submitted,

WILLIAM E. WRIGHT, Chairman

P. HENRY HARRINGTON,

W. OTIS DAY,

E. KENT ALLEN,

HERFORD N. ELLIOTT,

JOHN B. GRAY,

Finance Committee.

REPORT OF THE WHITNEY PLAYGROUND COMMITTEE

Under the efficient charge of John G. S. Peterson and his assistants the playground has been kept in excellent condition during the past year in spite of the severe summer drought.

In May the Apple Blossom Festival was held on the grounds, providing enjoyment for a great many townspeople and visitors. The frequent use of this beautiful playground for events of this sort, as well as a recreation place for school children and others, should continually remind us all of this thoughtful and most generous gift to the Town in 1910 by Mrs. Elizabeth Whitney.

Oscar R. Spalding, who so well and faithfully served as Chairman of the Whitney Playground Committee, was appointed as such by Mrs. Whitney in 1910, in accordance with a vote of the Town at the Annual Town Meeting on March 21st of that year, and until his death on September 28th, 1941, continued to serve in that capacity, giving most generously of his time and services to the supervision of the care of the grounds.

We, as the two remaining members of the present Committee, pay our deep respect to his memory and we know we are expressing the sincere thanks of the townspeople for the love and deep appreciation held by him for the beauties of nature as so well evidenced in his careful oversight of this fine playground.

We deeply mourn his passing.

Respectfully submitted,

JOHN FISHER,

CHARLES L. HILDRETH,

Whitney Playground Committee.

TOWN OF WESTFORD WARRANT

THE COMMONWEALTH OF MASSACHUSETTS, MIDDLESEX, SS.

To the Constable of the Town of Westford, in said County

GREETING:

You are hereby required, in the name of the Commonwealth, afore-said, to notify and warn all the inhabitants of said Town qualified to vote in elections, and also in Town affairs, to meet at their several polling places, viz:

PRECINCT. 1. TOWN HALL, WESTFORD CENTER.

PRECINCT 2. ABBOT HALL, GRANITEVILLE.

PRECINCT 3. NABNASSET SCHOOL, BROOKSIDE.

PRECINCT. 4. ABBOT HALL, FORGE VILLAGE.

MONDAY, FEBRUARY 9, 1942

being the second Monday in said month, at 12:00 o'clock noon for the following purposes:

To bring in their votes for the following officers:

The polls will be open from 12 o'clock noon to 8 P. M., and to meet in the Town Hall at Westford Center on the following

MONDAY, FEBRUARY 16, 1942

at 1 o'clock in the afternoon, then and there to act upon the following articles, viz.:

FOR THREE YEARS

One Selectman

One Member of the Board of Public Welfare

One Assessor

Two Members of the School Committee

One Member of the Board of Cemetery Commissioners

One Trustee of Public Library

One Member of Board of Health

One Town Clerk

FOR ONE YEAR

One Moderator

One Constable

One Tree Warden

One Assessor to fill unexpired term

The polls will be open from 12 o'clock noon to 8 P. M., and to meet in the Town Hall at Westford Center on the following

MONDAY, FEBRUARY 16, 1942

at 1 o'clock in the afternoon, then and there to act upon the following articles, viz.:

ART. 1. To hear the reports of the Finance Committee, other Committees, Boards, and Officers and act in relation to the same.

ART. 2. To determine the salary and compensation of elected Officers and Officials as provided by law.

ART. 3. To appropriate money to meet the cost and expenses of the following departments, officers and purposes:

1. General Government.
2. Town Hall.
3. Police Department.
4. Fire Department.
5. Hydrants.
6. Sealer of Weights and Measures.
7. Fish and Game Warden.
8. Forest Fires.
9. Town Forest.
10. Tree Warden.
11. Moth Department.
12. Health Department.
13. Cattle Inspector.
14. Highway Purposes.
15. Department of Public Welfare.
16. Soldiers' Benefits.
17. School Department.
18. Vocational Tuition.
19. Public Library.
20. Care of Common.
21. Commemoration of Memorial Day.
22. Publishing of Town Reports.
23. Compensation Insurance.
24. Fire Insurance.
25. General Loans.
26. Interest on General Loans.
27. Interest on Revenue Loans.
28. Cemeteries.
29. Street Lights.
30. Reserve Fund.
31. Bills outstanding Dec. 31, 1941.

- ART. 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1942 and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Chapter 44, Section 17 of the General Laws.
- ART. 5. To see if the Town will authorize the Selectmen to act as its Agent in any suit or suits which may arise during the current year, with authority to settle and adjust claims or demands for or against the Town; and to employ counsel whenever in their judgment it is necessary, or act in relation thereto.
- ART. 6. To see if the Town will vote to choose a member of the Committee in charge of the Whitney Playground to fill a vacancy.
- ART. 7. To see if the Town will vote to appropriate the sum of Three Hundred (\$300.00) Dollars for the care of the Whitney Playground, or act in relation thereto.
- ART. 8. To see if the Town will vote to raise and appropriate a certain sum of money for the purpose of carrying on Federal and State projects, the cost of administration, and the cost of materials and supplies for the same, or act in relation thereto.
- ART. 9. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of erecting a new shed at the Town Farm, the same to be erected under the supervision of the Board of Public Welfare, or act in relation thereto.
- ART. 10. To see if the Town will vote to raise and appropriate a sufficient sum of money to tear down the old Fire House Building at Forge Village; or to remove the said old Fire House Building from land of the Abbot Worsted Company to other land owned by the Town of Westford; or to sell the said old Fire House Building; or act in relation thereto.
- ART. 11. To see if the Town will vote to raise and appropriate a sufficient sum of money to reimburse Cyril A. Blaney for expenses incurred by him in the defense of a certain legal action against the Town and the said Cyril A. Blaney; and to raise and appropriate a further sum of money to reimburse the said Cyril A. Blaney for the time spent and services rendered by him in connection with the defense of said action, or act in relation thereto.
- ART. 12. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing a new power grader for the Highway Department, the same to be purchased under the supervision of the Board of Selectmen, or act in relation thereto.

- ART. 13. In the event of an affirmative vote under Article 12, to see if the Town will vote to authorize the Selectmen to transfer by a good and sufficient Bill of Sale title to the Fordson Grader and the Holt Tractor that are now used in the Highway Department, and apply the sum received therefor against the purchase of said new power grader, or act in relation thereto.
- ART. 14. To see if the Town will vote to transfer not exceeding Four thousand (\$4,000.00) Dollars from the Machinery Fund to the Highway Equipment Account,, or act in relation thereto.
- ART. 15. To see if the Town will vote to expend from the Highway Equipment Account a sufficient sum of money for the purpose of purchasing an automobile truck for the use of the Highway Department, said purchase to be made under the supervision of the Board of Selectmen, or act in relation thereto.
- ART. 16.. In the event of an affirmative vote under Article 15, to see if the Town will vote to authorize the Selectmen to transfer by a good and sufficient Bill of Sale title to one of the trucks that are now used in the Highway Department, and apply the sum received therefor against the purchase price of the new truck, or act in relation thereto.
- ART. 17. To see if the Town will vote to raise and appropriate the sum of Four Hundred Fifty (\$450.00) Dollars, or some other sum, for the purpose of purchasing an automobile for the Police Department, said purchase to be made under the supervision of the Board of Selectmen, or act in relation thereto.
- ART. 18. In the event of an affirmative vote under Article 17, to see if the Town will vote to authorize the Selectmen to transfer by a good and sufficient Bill of Sale title to the police car now used by the Police Department, and apply the sum received therefor against the purchase price of the new car, or act in relation thereto.
- ART. 19. To see if the Town will vote to raise and appropriate the sum of Eighty-Five Hundred (\$8,500.00) Dollars, or some other sum, for the purpose of purchasing a new fire truck and equipment, the same to be purchased under the supervision of the Engineers of the Fire Department, or act in relation thereto.
- ART. 20. To see if the Town will vote to appropriate the sum of Four Hundred (\$400.00) Dollars for Band Concerts during the current year, or act in relation thereto.

ART. 21. To see if the Town will vote to raise and appropriate the sum of Twenty-Seven and 50/100 (\$27.50) Dollars for the purpose of paying a judgment rendered against the Town in a Court of Law, or act in relation thereto.

ART. 22. To see if the Town will vote to authorize the Selectmen to install additional street lights as follows:

Five (5) on Tyngsboro Road

Nine (9) on Tenney Road

Three (3) on Abbot Street

or act in relation thereto.

ART. 23. To see if the Town will vote to raise and appropriate a sufficient sum of money for the purposes set forth in Section 1 of Chapter 487 of the Acts of 1941, the said sum to be expended under direction of the Westford Committee on Public Safety, or act in relation thereto.

ART. 24. To see if the Town will vote to change the name of Depot Street to Tyngsboro Road, and to change the name of Depot Road to Tyngsboro Road, so that the road running from Main Street in Westford to the Tyngsboro line will for its entire length be named Tyngsboro Road, or act in relation thereto.

ART. 25. To see if the Town will vote to enter into a contract with the Abbot Worsted Company for hydrant service at Brookside for a definite period of time, or act in relation thereto.

ART. 26. To see if the Town will vote to enter into a contract with the Westford Water Company for hydrant service during a definite period of time, or act in relation thereto.

ART. 27. To see if the Town will vote to enter into a contract with the Westford Water Company for three additional hydrants: Two (2) on North Street, and one (1) on Groton Road, or act in relation thereto.

ART. 28. To see if the Town will vote to enter into a contract with the Westford Water Company for hydrant service on Hildreth Street, or act in relation thereto.

ART. 29. To see if the Town will vote to accept gifts made to it by the Solomon Hines Fund, Inc. during the years 1939, 1940, 1941 and to accept a tentative gift from the said Hines Fund to be made during the year 1942, or act in relation thereto.

ART. 30. To see if the Town will vote to transfer the amounts received by the Town as gifts from the Solomon Hines Fund, Inc. during the years 1938 to 1941, inclusive, together with accumulated interest thereon; this said money to be used as a Reserve Fund at the discretion of the Finance Committee, as provided in General Laws, Chapter 40, Section 6, or act in relation thereto.

ART. 31. To see if the Town will vote to raise and appropriate a certain sum of money to be used as a Reserve Fund at the discretion of the Finance Committee, as provided in General Laws, Chapter 40, Section 6. or act in relation thereto.

ART. 32. To see if the Town will, in order to obtain a final dividend of One Hundred Sixty-Five and 69/100 (\$165.69) Dollars on Claims numbered 11844 to 11849, inclusive, against the Traders National Bank of Lowell, Massachusetts, the said claims originally being for cemetery perpetual care funds deposited in said Bank, vote to indemnify the Comptroller of the Currency of the United States against any loss which might be sustained in the event said certificates are found and ownership established in some person other than the Town of Westford. or act in relation thereto.

ART. 33. To see if the Town will vote to authorize the Board of Assessors to use as free cash a sum of money not to exceed \$8,000.00, such amount to be approved by the commissioner of Corporations and Taxation of the Commonwealth, and said sum of money to be applied in determining tax rate for the year 1942, or act in relation thereto.

And you are directed to serve this warrant by posting up true and attested copies thereof at the Town Hall and each Post Office in said Westford, seven days at least before the time of holding said meeting.

Hereof fail not, and make return of this warrant, with your doings thereon, to the Town Clerk, at the time and place of holding the first meeting aforesaid.

Given under our hands this twenty-first day of January in the year of our Lord 1942.

ARTHUR M. WHITLEY,
ARTHUR L. HEALY,
CYRIL A. BLANEY,

Selectmen of Westford.

A true copy. Attest:

.....
Constable of Westford.

Annual Report

OF THE

REPORT OF SCHOOL COMMITTEE

January, 1942.

Citizens of Westford,
Westford, Massachusetts.

I hereby submit my annual report as Chairman of the School Committee for the year 1941:

PERSONNEL

There were no changes in the personnel of our Committee this year, as James P. Mulligan and Edward C. Buckingham were re-elected.

REPAIRS AND ALTERATIONS

This past year, some major repairs and alterations have been made at the Academy. To insure the safety of the pupils, the fire escape has been remodeled and enlarged. The fire escape now complies with State regulations.

A part of the laboratory has been made into a new office for the Principal. Now for the first time Mr. Mueller has a place adequate for all his needs.

To remedy the poor lighting condition throughout the school, fluorescent lights have been installed in all the classrooms.

FINANCES

Due to the increased costs of services and materials caused by the present economic conditions, we respectfully ask for the sum of \$75,000. to operate the public schools this year, and \$500. for vocational tuition.

Respectfully submitted,

ERIC J. ANDERSON,

Chairman.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of Westford:

I am pleased to submit, herewith, my third annual report as Superintendent of the Westford Public Schools. The historian of the future will undoubtedly characterize the present years as a period of tremendous social, political, and economic change. The method of the change is violent, its scope is sweeping, and its speed unbelievable. We do not now have the perspective of time necessary to judge competently what are the ultimate values and principles which will emerge from the present turmoil. From the situation of the moment we must deduce the principles of the moment and shape our action to them. Two principles now appear for our guidance.

Education, in Westford as elsewhere in our great country, must be protected lest we lose through shortsightedness the very values which Americans are now giving their lives to save. Merely winning the war will not assure the principles of democracy, even in our own country, tomorrow, if the citizens-to-be are not thoroughly convinced, by inspired training and firsthand experience, that the democratic way is the best way. Therefore it behooves us, as trustees of democracy—now, to determine that, come what may, the education of our children shall not suffer, shall not be allowed to become a meaningless routine, shall continue to grow in quality and effectiveness. Nor should we be surprised or dismayed if the cost of education rises somewhat under the influence of a higher general price level. It is obvious that if the cost of services and materials which make up the school budget all rise, then inevitably the total cost of education must be greater. Rather, we should be proud that it is still within our power to maintain, unimpaired, the effectiveness of our school system. This is national defense in its finest sense.

Secondly, we must be alert to see that the schools react quickly and surely to reinforce weaknesses and to fill exposed needs in our democratic structure as it is tested and tortured by the forces of war. This means, primarily, that the schools shall have leadership, both elected and professional, which has the courage to abandon tradition and pioneer whenever pioneering is indicated; and which has the sensitivity of understanding to recognize the indications. American education will fail us in the crucial hour unless it is ready and eager to adapt itself to vital new needs of democracy as they occur.

Report of Progress

During the past few years a number of substantial changes for the better have been made in the Westford school program. I respectfully call the reader's attention, first, to the report of the supervisor of handwriting. The improvement in handwriting in the elementary grades was so startling at the end of the first year under the new system that the School Committee has extended the program to include the Academy students.

The testing program, so long needed, is becoming a reality. All pupils above the second grade in the elementary schools now have the benefit of the complete battery of the Iowa Every Pupil Tests of Basic Skills. These tests enable the teacher to diagnose, with some accuracy, each pupil's weaknesses in the basic studies. With this specific information, teachers are planning their courses to fit the particular needs of each separate group of pupils. Effective assistance to individual pupils is made possible. In order to get the full benefit from this fine tool of better teaching, we need to correlate with it a periodic testing of mental ability. We hope this next step will be taken this year.

There are now telephones in all the school buildings. The first benefit from them has been a closer cooperation and unity between the schools in all parts of the town. A cooperative project like our visual education program would be extremely difficult to carry out successfully and smoothly without them. Parents find the telephones valuable in keeping in close touch with their children's progress. Help from the school nurse in minor emergencies is facilitated. The new air raid protection plans for the schools are dependent on the telephones.

The new core curriculum in Westford Academy is developing gradually. Its further growth is dependent on two factors. The first and most important is the ability, or lack of it, on the part of the teachers to grasp the philosophy underlying the new plan. The second is the ability of the town to supply equipment for the further adapting of the curriculum to the real practical needs of high school boys and girls. We have made the beginning of a significant change for the better but we are a long way short of our goal.

In 1940 we started on a deliberate program of building up an adequate reference and supplementary library in all of our schools. This vital undertaking is going forward slowly. In 1941 we purchased a large supply of maps which has brought the equipment in this particular aspect up to a minimum essential level. In 1942 we hope

to make substantial additions in collateral textbooks and supplementary reading books. The faculties of the different schools are co-operating by classifying and indexing all books available in each building. This will result in much wider use of what reference books we now have.

The work of building a course of study has been going on for two years now. It is a slow and laborious undertaking. All our teachers are taking some part in it. The project is now under the general chairmanship of Mr. Ernest Dalton. Mr. Peter Perry is chairman of the committee on mathematics. Mrs. Mary Robinson is leading the committee on reading and English. The committee on social studies is headed by Mr. Chester Sweatt. An outline representing the work of a year and a half is now being tested in service by the classroom teachers. Revision is being made constantly as faults appear. We hope that next summer will see the new course of study nearing completion.

I believe it is of vital importance that this trend of progress be maintained; that it be not sacrificed on the altar of expediency of the moment, financial or otherwise.

Air Raid Precautions

Air raid precautions for the schools have been carefully planned and rehearsed. Teachers and children understand exactly what they are to do. The plans are executed with precision and speed, and without panic, similarly to the school fire drills. In order that parents may know just what steps have been taken for their children's safety it seems wise to explain the plans in detail here. We hope there will never be an air raid here but we must be prepared if one should come.

When hostile aircraft are spotted heading in the general direction of this area (the New England seacoast) the warning centers notify all town report centers that they are operating under a yellow light. This warning usually comes at least a half hour before the raid could reach us, thanks to a farflung system of patrol and observation posts. When the objective of the enemy has been determined the blue light signal is flashed to all report centers in the district in danger. This signal usually gives ten or fifteen minutes warning. The final signal, the red light, announces that the air raid is upon us. The "all clear" signal is the white light. When the spotting system works perfectly we will get the yellow signal first, followed by the other two. A surprise raid might give us only the blue or red

warning. Therefore it is necessary that the schools have three distinct plans of action for the three types of emergency. Two ideas have governed the formulation of the plans. We realize, first, that parents want their children at home in time of danger, providing it is possible to get them there safely. Secondly, in a severe raid, the greater the dispersion, the fewer are the casualties.

Yellow Light: The Westford Report Center telephones the Superintendent that the yellow light is on. The Superintendent's telephone is attended all day during school hours. The Superintendent, or someone acting for him, calls all schools and all school bus drivers. The buses are on call for instantaneous service. The school buses go immediately to the schools and evacuate all pupils who cannot reach their homes on foot in less than thirty minutes. Special routes have been arranged and pupils assigned to the proper buses. No bus makes more than one trip. Pupils for each bus are waiting, in charge of a teacher, at predesignated loading stations. All pupils not evacuated by bus are grouped by neighborhoods and sent home in groups supervised by older students or teachers. All school principals and bus operators report in to the Superintendent by telephone when all children in their care are safely dispersed. We have found by trial that every last child is safe in his home in less than thirty minutes. This is within the probable safe period.

Blue Light: The Superintendent is informed of the blue light. He telephones all schools immediately. Under the blue light the procedure differs in each school depending on conditions at that school. Basically, all children who can reach their homes on foot in ten minutes are sent there. All others are placed in the safest parts of the school buildings or sent to a predetermined foster home in the neighborhood of the school.

Red Light: The Superintendent is warned of the red light. The schools are notified. No child is permitted to leave the building. All children march to predetermined safe locations within the buildings and remain there until the white light comes.

In the event of a yellow light, school is automatically over for the day. In case of a blue light alarm, school will resume as soon as the white light comes, similarly in case of a red light alarm. Parents are asked to help in time of a raid by not coming to the schools and thereby interfering with the orderly precautions being taken for the safety of all the children. The principal of each school will be glad to explain to any parent just how his child will be cared for.

Health and Physical Education

Health education and physical education are so closely related in purpose that we can properly consider them together. It would seem that there is a lesson for public education systems in the high percentage of men rejected for poor physical condition by the selective service. Westford should profit by this revelation by starting now on a program of broad development of a comprehensive plan to improve the health of its children through its school curriculum and clinical services.

An inventory of just what is being done in this division of the curriculum is indicated. In the first four grades, the health teaching is being done informally without textbooks. There is no organized physical education for children in this age group with the exception of rest and relaxation periods in school and some occasional supervised playground activities.

The situation in grades five to eight is different. In grades five and six there are health textbooks and regular classes in the subject. In grades seven and eight any teaching that is done is informal and has no scheduled time on the program. There is no physical education program for this whole group, except the interschool games in basketball and baseball which result in only a small percentage of these pupils participating actively.

In the high school, we find the greatest deficiency. There is no health teaching and physical education except in interschool basketball and baseball schedules. This once again provides for only a very small percentage of the student body.

I submit that the above inventory is sufficient evidence that this phase of the curriculum needs a thorough overhauling. Part of this can and will be accomplished administratively. The balance of the revision will call for close cooperation between the School Board, Board of Health, and the School Nurse and Physician, if the best possible results under our present setup are to be attained.

In the four primary grades the simple health teaching now done is probably adequate, and the informal method of instruction is certainly proper at this age level. Relief and rest periods are part of any efficient primary teacher's routine. We can and should provide at least three or four organized active group games under teacher leadership at all times during the recess periods. Shy children should be sought out and brought into these activities. A playground program of this kind for the little children will encourage cooperation and teamwork later on while providing vigorous exercise in the out-of-doors at the same time.

In the four upper grades the daily programs can and will be changed to provide regular time for health teaching in all four grades. Textbooks will be purchased for the two upper grades which do not have them. A comprehensive and diversified program of sports activities on an intramural basis both at recess time and after school hours should be set up. In order to approach 100% participation we should broaden the scope of sports activities available to include outdoor basketball, softball, volleyball, horseshoes, field hockey, badminton, tennis and others as conditions may govern.

In Westford Academy we face a real problem. We have a gymnasium but we are not utilizing it for the purpose for which it was primarily designed except for interschool basketball. It has to be used, unfortunately, for a study hall during the school day. It is doubtful whether calisthenics as such are the best solution to our problem anyway, except under the direction of a physical education expert (which we do not have). The wiser approach would come from an intramural recreational sports program of sufficient variety to enlist the voluntary participation of all high school students. It is probable that intraschool athletics will be forced into the background shortly by the lack of transportation facilities resulting from tire rationing. Westford can be one jump ahead by developing a live intramural sports hobby program now.

To the two score subjects in the Academy curriculum should be added a new course in personal health. A simple but effective layout for the course would be the following: a course with credit for all freshmen, divided into boys and girls divisions, and taught by the school physician and nurse respectively. The course could meet during the period X once a month throughout the whole school year without interfering with any school activities now scheduled. The course could take the form of a half period lecture by the instructor followed by a question and answer period. The program could and should be supplemented by lectures given by various county and state health officers brought here by the courtesy of the town Board of Health. Boys and girls of high school age are beginning to have some respect for the value of a dollar. A lecture by a dental expert giving actual cost figures for dental work such as simple bridges, complete extractions and replacement with artificial teeth, might constitute a workable approach on the teeth question. This course would be possible of development, in the future, into one of the single most valuable features in our curriculum, provided close cooperation by all town authorities involved could be obtained.

It might seem advisable that the town reconsider the basis of its school dental clinic service. The basis of the school dental work

at the present time and in the past has been a policy of patching up or extracting only those teeth which are in serious condition. The short time available at the clinic each week has made it impossible for more than a few children, relatively speaking, to have the benefit of this service. It is my thought at the present time, with the greater incidence of employment in Westford that now exists, the school dentist's time might be spent to better advantage in making a complete "in the chair" examination of every school child's teeth to be followed up by the sending to the parents of every child a complete and careful report on just what the parents should have done to their children's teeth in order to prevent trouble in the future. It would seem that in the long run under present conditions a program of preventive dental work would yield more valuable results than the method of treatment which has been in use during the recent period of unemployment. This last item is made as a suggestion only, and due to the fact that there is a joint responsibility between the Board of Health and the School Committee in handling the dental hygiene problem, nothing can be accomplished in the direction of bettering the Westford program of dental health except through close cooperation by the two departments of the town which hold the responsibility. At some time in the near future a joint meeting of the School and Health Boards is planned to investigate if there are any possible ways in which the health program for the school children can be developed to a state of increased efficiency. I feel confident, from past experience, that we are safe in counting on the close cooperation of the town Board of Health in this proposed revision of the school health program.

Personnel

1941 has seen a number of changes in the teaching staff of the Westford Schools. The large turnover is a result, basically, of our low salary schedule. In the long run it is the children who pay the price every time we are forced to replace a successful experienced teacher with a beginner. It is only rarely that we are able to secure the services of an experienced teacher to fill a vacancy.

Miss Anne M. Shugrue left us in the spring to take a position with the War Department in Boston. Mr. Walter T. Pulsifer was called to the colors by the United States Army last summer. Miss Muriel A. Thornton resigned during the summer to accept a position with the Haverhill schools. Miss Gertrude Donahue left us in order to take a position in the Arlington school department. Just recently Mr. Clifford M. Hunt accepted a position as elementary principal in Dighton.

Miss Mildred J. Caram was elected to fill the vacancy in the commercial department in the Academy. Mr. Ernest Dalton replaced Mr. Pulsifer in the Academy and will teach the social studies. Mrs. Alice Cullen was transferred to the principalship of the Nabnasset school. Miss Marian K. Kelly was transferred from the Cameron school to the High School. Miss Anna MacPartlin comes to us from a year's teaching in Winchester and has been assigned to the Cameron School. Miss Helen Trainor, after a half year's work with us as a substitute, was elected to the faculty of the Sargent School. Mr. K. Merton Bozoian, for the past six years principal of the Center School in Belchertown, comes to us as the new principal of the Frost School. The resignation of Frank Haley as janitor of the Sargent School was recently accepted and Mr. John Spinner was elected in his place. We send our best wishes for future success to the teachers who have left us, and we feel confident that the new teachers who are replacing them will prove a valuable addition to our teaching staff as the years go by.

Thanks

To the Abbot Worsted Company and the C. G. Sargent's Sons Corporation, we send thanks on behalf of the school children for the generous Christmas checks.

A Trend

There is a trend of cooperation and "pulling together" becoming increasingly evident in the entire school department. There is ample evidence of a growing feeling of mutual confidence between the School Board and the teaching staff. This is entirely healthy and cannot but benefit the town directly. The School Board has been operating with a degree of harmony and accomplishment which is truly commendable. For the above trend and the combined loyalty of the teachers and principals, the Superintendent is duly grateful.

Respectfully submitted,

ROGER K. POOLE,

Superintendent.

REPORT OF PRINCIPAL OF WESTFORD ACADEMY

January 1, 1942.

Mr. Roger K. Poole,
Superintendent of Schools,
Westford, Mssachusetts.

Dear Sir:

I am pleased to submit herewith my fifth annual report as Principal of Westford Academy.

1. CURRICULUM

The change-over from the traditional curriculum to the new Core Curriculum has been nearly completed. With the addition of a Senior course in Science and a course in the Problems of Democracy this change-over will have been completed by the Fall of 1942. The problems encountered in administering this change have not been easy. The task of arranging the daily schedule of classes so that all pupils could be given the subjects best suited to their individual needs without conflict, was one which required a considerable amount of time and planning. The system of counselling pupils in the proper selection of subjects in keeping with their future educational and vocational plans has likewise taken considerable time to administer.

The addition of newer courses of instruction and the change in the name of the curriculum does not of itself spell success for this new venture. On the contrary, the success of this new curriculum depends largely on the ability of the teachers to grasp the philosophy upon which it is predicated. But once having grasped it, the continued success of this new curriculum will depend on the extent to which they are willing to exert themselves in an honest effort to readjust their teaching methods and materials in their several subjects in conformity with its basic concepts.

Though this adjustment has not become general as yet, a beginning is being made in the core subjects. The teaching of English has undergone a significant change in the non-college preparatory sections. A definite effort is being made to make this subject of practical value and usefulness to the student. Lengthy written com-

positions on prescribed topics have been replaced by the writing of short paragraphs aimed directly at improving the individual's ability to express himself correctly in the Mother tongue. The literature phase of the adjusted program in English has been built around the reading of the best in present-day writings in an effort to foster a real appreciation of good reading as a worthwhile leisure time activity. Remedial work is also being done to improve the reading habits of these pupils.

An effort is being made in the civics classes to give more time and attention to the study of the local community and its problems. The effectiveness and practical value of such study to the student will depend in large measure on the number of opportunities that are created for him to observe at first hand the inner workings of town government. One step in this direction has already been made. Through the courtesy of the town officials, students in our civic classes have been accorded the privilege of "sitting in" on the Annual Town Meetings. Because of this practical lesson in town government the pupils return to the classroom to participate in more lively and intelligent discussions of community affairs. I am hopeful that during the coming year other departments of the town will endeavor to help us in our efforts to make civics a more practical and meaningful subject by extending an invitation to our civics classes to attend one of their regular sessions.

In my first annual report I spoke of the need for an adequate program in physical and health education. Thus far nothing has been done to remedy this condition. To attempt any large scale program in physical and health education such as is found in high schools of the larger cities and towns, is of course out of the question; yet I believe we can and should do more along this line than we have been doing.

Thus far only the members of our boys' and girls' basketball teams are deriving the benefits which result from this form of supervised, organized play. With a small amount of additional equipment, a program of intra-mural sports can be worked out which will extend the benefits of this type of supervised play activity to all students. Such a program should, of course, be a part of our regular curriculum, and, like other curriculum subjects, should carry credit towards graduation. Along with this program of intra-mural sports a regular course in health instruction should be given. Such a course would be most valuable in helping our students to acquire better health habits and health attitudes. This course likewise should carry some credit towards graduation. In this period of National Emergency, which is bound to make new demands upon our courage,

vitality, and endurance, we should make every effort to build a sound program in health education so that our students, as the citizens of tomorrow, will have the courage and stamina to build a better social order.

A statewide study of the School Health Program is being made at the present time by a joint committee from the State Department of Education and the State Department of Public Health. The object of this study is to determine what the health education needs of the schools of the state are and to develop a program to meet these needs. Westford Academy has been chosen as one of the twenty-five selected high schools in the State to be part of this study. Later on in the year tests will be given to the pupils in grades 10 through 12, in an attempt to discover the health knowledge, health practices, health attitudes, and health interests of high school pupils. The tests will be given under the direct supervision of the Research Consultant employed by the joint committee. We are glad to cooperate in this study and are hopeful that, from the results of this State-wide Survey, may come definite indications as to the type of program in health education best fitted to serve the needs of the smaller secondary schools.

II. ADMINISTRATION

Faculty—Several changes have occurred in the teaching personnel of the Academy during the past year. Mr. Walter T. Pulsifer who held a Captain's commission in the Officers' Reserve Corps was called to active duty at the close of school in June. He was granted a leave of absence for the duration of the emergency and Mr. Ernest R. Dalton was appointed to fill the vacancy thus created. Miss Mildred J. Caram was appointed a teacher in the Commercial Department, replacing Miss Anne M. Shugrue who resigned during the year to accept a more remunerative position with the War Department in Boston. Miss Marian K. Kelly was promoted from the Cameron School to the Academy to teach English and History, beginning her duties with the opening of school in September.

Besides their regular teaching duties, all teachers assume responsibility for one or more of the extra-curricular activities of the school. Their loyal co-operation in the carrying on of this part of our work is most commendable. Though the present national all out effort for total war portends disturbing and trying days ahead, I am convinced that the teachers may be relied upon to perform their duties as thoroughly and with the same willingness of spirit that they have in the past.

New Improvements—Several new improvements made to the building during the past year have done much to improve our physical surroundings. Among these are:

1. The construction of a new office for the Principal. Located on the second floor of the building, in space formerly used for the storage of laboratory supplies and equipment, the new office is of modern design, correctly planned for school use. Unlike the old office which could only be reached by going through a classroom, the new office opens directly on to the second floor landing. Well lighted, easily ventilated and adequately heated, it is a great improvement over the former office which boasted none of these conveniences. The old office has been converted into a supply room for the science laboratory and increases the utility of this room by providing a much more compact arrangement of the science equipment. The master clock which operates the program bells has been moved from the Superintendent's office to the new office, thus increasing its usefulness to the Principal.
2. The installation of new lights in the classrooms. The old style light fixtures have been replaced by modern fixtures of the fluorescent type. Inadequate lighting has always been a problem, but now under the new lights the darkest corner of the building on the darkest day is most adequately illuminated. The value of this one improvement in eliminating cause for pupil and teacher eyestrain cannot be over-emphasized. One of the best features of the new lighting is that the increased illumination has been obtained without any increase in the monthly electric light bill, thanks to the greater efficiency of fluorescent lighting.
3. The remodeling of the building fire escape. The new arrangement provides a five foot wide stairway on the South side of the building in place of the former narrow stairway which has been removed to the North side of the building. The effectiveness of our new system of fire drills, which makes use of student runners and alternate runners, has been greatly increased under the new arrangement. It is now possible to evacuate all the pupils of the building via the fire escape in a much shorter period of time with complete safety and without any overcrowding.
4. The renovating of the showers in both the girls' basement and in the boys' basement. Each shower has been repainted and equipped with new oil-silk shower curtains. The floor

of each shower and that of each shower room has been covered with a slatted wood platform, and a fungicidal foot-bath has been installed in each. This latter improvement is a health measure designed primarily to protect our athletes against "athlete's foot."

We recognize and appreciate the value of these new improvements. May they be the fore-runners of a more extensive program of repair and renovating which will eventually result in a complete re-decorating of the interior of the building.

New Schedule—Beginning with the opening of school in September a revised time schedule was put into operation. By scheduling all of the class recitations in six forty-five minute periods instead of seven, it was possible to make the old seventh period into an "X" or activities period. To lend variety to the daily schedule this "X" period comes at a different time each day. The chief advantage of the plan is that such activities as Class Meetings, Assemblies, Clubs, etc., can be scheduled for this period without interrupting the regular schedule of class recitations. Thus far this arrangement, which lends greater flexibility to the daily schedule, has been most successful in its operation. The changed time-schedule has also made possible a longer lunch period which was much to be desired.

Library—While the school does not have a separate room which can be used as a library, an effort is being made to catalogue our various books and reference materials. Miss Caldwell of the faculty has assumed responsibility for directing and carrying out this important piece of work. Present plans call for a card index system somewhat similar to that used in most public libraries. In the absence of facilities needed for a separate library room, our new plan will distribute our reference materials in a systematic way among the various classrooms. It is our hope when this work is finally completed that the greater accessibility of these materials will result in their being more widely used by students and teachers alike.

Miss Day continues to render valuable service by bringing books from the town library to the school at regularly scheduled intervals.

Handwriting System—The Rinehart Functional Handwriting System adopted last year for the elementary schools of the town has this year been extended to the Academy. The need for improvement in handwriting has been apparent for some time, especially as the handwriting of our students seemed to grow worse as they progressed through school. Mr. Rinehart has taken a great deal of personal interest in this new venture at the Academy, and contrary to his usual procedure, has personally visited the school each month to

instruct and to supervise. Reports of our progress are furnished the school each month. It is most gratifying to note that each successive report has shown a slight yet steady increase in the percentage of excellent papers. Parents should consider their children fortunate in having this opportunity, which many high school children do not have, to learn handwriting from a well qualified and duly recognized expert in the field of handwriting and should be insistent that they make the most of this instruction while they have the opportunity. Handwriting is not something with which one is born, but can be acquired only by diligent and constant practice on the part of the one who would like to write well. It is the general opinion of the faculty that the extension of this system to the Academy constitutes one of the major instructional improvements of the year.

The Class of 1941—A recent survey of the post-graduation activities of the members of the Class, of 1941 indicates that work opportunities for our graduates have improved. The following table summarizes briefly these activities:

Attending College	1
Attending Junior College	2
Attending Special Schools	2
Attending Commercial Schools	5
In the Navy	2
Working	23
At Home	3

III. MISCELLANEOUS

A new policy has been adopted in connection with the Class Trip activity. A new ruling by the School Committee requires that this event be held before graduation under the direct supervision of the faculty, and that all plans for it must be approved by the Principal. Accordingly, on June 3rd, members of the graduating class accompanied by Mrs. Robinson and Mr. Mueller, journeyed to Boston for a day's outing. Activities of the day included a most interesting visit to the East Boston Airport in the morning, movies and a big league ball game in the afternoon, dinner at the University Club followed by the theatre in the evening. The outing was declared a huge success by all members of the class who attended.

A new electric basketball scoreboard and timer, purchased with funds from the Athletic Association, has recently been installed in the gymnasium. The new scoreboard, completely automatic, is most attractive in appearance and will add much to our home games.

The boys of the Academy have been taking an active part in the community's defense program. In groups of two they are assuming responsibility for manning the Observation Post at the Town Hall each school day between the hours of 8 A. M. and 4 P. M. A schedule of two-hour shifts has been drawn up and so planned that the majority need give to this duty but one two-hour period every other week. The fine spirit which they have displayed and the promptness with which they have carried out their individual assignments is most commendable.

The honorary members of the Tadmuck club from the Class of 1942 are Rena Shea and Sophie Kovalcheck.

Two gifts have been made to the Academy during the year. Through the generosity of the Trustees of Westford Academy five additional monographs in the Careers Research Series have been added to our collection.

From the Westford Canning Club, the school has received the sum of \$26.85, representing half of the prize money which the group won at the Fruit Show in Boston in the Fall of 1925. The amount received has been used to purchase a microphone to add to our projection equipment. We are grateful to the members of this club for their most timely gift.

In conclusion, I wish to extend my thanks and appreciation to teachers, students, and all others who have helped to make this year the successful one it has been.

Respectfully submitted,

JULIUS H. MUELLER, Jr.,

Principal, Westford Academy.

GRADUATION HONORS

Valedictorian—Edmund Dix Rogers, Jr.

Salutatorian—Shirley Irene Perkins.

Third Essayist—Simone Lillian Bellemore.

Winners of Prizes (Given By Trustees) Awarded at Graduation Exercises

Member of Senior Class for Excellence in English during the Senior Year:

Five Dollars—Jean Elinore Peterson, '41

Member of Senior Class for Excellence in Senior Stenography:
Two and one-half Dollars—Rita Mary Thompson, '41

Member of Senior Class for Excellence in Senior Typewriting:
Two and one-half Dollars—Margaret Elizabeth Flanagan

Washington and Franklin Medal for Excellence in United States History (Given by Massachusetts Society of Sons of the American Revolution):
Charles Ripley Fletcher, '41

Awarded at Class Day Exercises

Member of the Junior Class who, in the estimation of classmates and members of the Faculty, has done the most for the Class and for Westford Academy:

Ten Dollars—Blanche Wilk, '32

Member of the Sophomore Class who, in the estimation of classmates and members of the Faculty, has done the most for the Class and for Westford Academy:

Ten Dollars—John Edgar LeCourt, '43

Member of the Freshman Class with the Highest General Average for the Year:

Five Dollars—Lillian Rita Barretto, '44

REPORT OF SCHOOL PHYSICIAN

Members of the School Committee:

The following is my report as school physician for the year ending December 31, 1941.

The usual physical examination was made on all the children attending the public schools of Westford. A separate physical examination is made to recheck all of the cases in which major physical defects are found, and the parents are informed of the findings in order that the children may receive treatment if any is indicated.

Upon the request of the coaches of the athletic teams, a special examination of the pupils who are to take part in athletic sports was made, and anyone with a major physical defect was not allowed to play without special permission from his parents.

I have responded to calls at the schools for emergency cases when called by the school principals.

Cooperation by the Board of Health nurse, teachers, and parents of the children has been splendid.

Respectfully,

DR. D. W. COWLES

REPORT OF THE SCHOOL NURSE

January, 19, 1942.

Mr. Roger K. Poole,
Superintendent of Schools,
Westford, Mass.

Dear Sir:

Following is the report of the School Nurse from January 1, to December 31, 1941:

School Visits	317
Dressings and First Aid	34
Children examined for minor ailments	54
Children recommended for exclusion because of Pediculis and other skin infections	18
Children recommended for exclusion because of Contagious Disease Contact	20
Assisted at Well Child Clinic held at Nursery School Number of children seen	32
Assisted at Clinic for Mentally Retarded Children Number of children seen	7

Vaccinations checked.

Weighed and Measured all school children.

Assisted School Physician with Physical Examination of School Children in Spring and Fall of 1941.

Result of Physical Examination:

Anemia	2
Enlarged Tonsils and Adenoids	14
Heart Murmurs	47
Posture	4
Teeth	52

Respectfully submitted.

VERONICA P. MEAGHER, R. N.

REPORT OF THE SUPERVISOR OF MUSIC

Mr. Roger K. Poole,
Superintendent of Schools,
Westford, Massachusetts.

Dear Sir:

The following is my report as Supervisor of Music in Westford.

One has only to visit our schools to see how music functions in correlation with other subjects in the school curriculum. Music is of supreme importance in making geography and history more real and vital; also languages and literature, whose kinship with music is direct and intimate. Many original poems are set to original tunes by children of the elementary, as well as the intermediate grades.

Music is also essential in the physical education program, especially folk dancing. The radio is used more and more to bring instruction into the classroom and several schools are arranging their programs to benefit by Columbia's "School of the Air" on Tuesday mornings.

Since the beginning of the fall term our Glee Club at the Academy has increased in membership to thirty-eight, and with such a goodly number, I have encouraged singing in a *capella* style. This musicianly discipline will develop accuracy of intonation and purity of tonal blend in part-singing. It has already proved both instructive and enjoyable.

The Glee Club entertained at the Christmas Assembly in the High School Auditorium on December 19, and through the kindness of Mr. Harold Wright, who gave us the use of a bus, and Mr. Austin Fletcher, who so generously gave of his time acting as chauffeur, we went caroling on Christmas Eve.

Our activities were more numerous this year, having put on an operetta, "Mutiny on the Mary Ann," at the Nabnassett school in March. In April, a special chorus had the privilege of broadcasting over Station WLAW in Lawrence. On May 30, a group of girls from the Academy sang "Song of Peace" by Sibelius and "Fair Land of Freedom" at the Civil War Monument and a large group of children from all of the schools sang "U. S. That Means Us" at the World War Monument. In June, the program at the Commencement Exercises was:

Juanita, arranged by Caisse, sung by the Glee Club; Qui Est Homo, from the "Stabat Mater," sung by Doris Parmentier and Marea Kelly; As Torrents in Summer, from "King Olaf," sung by the Glee Club.

In December, Christmas programs were presented in all of the schools and at Forge Village a concert was given by the Cameron School in the Abbot Hall.

I trust this good work may continue, and it seems it must for the young people realize that singing is not only a goal worthy of realization in itself, but a gateway which opens into wide and enriching fields of culture.

I wish to express my sincere gratitude to all those who have helped toward making this year happy and successful.

Respectfully submitted,

LILLEY M. MORAN,

Music Supervisor.

REPORT OF THE SUPERVISOR OF HANDWRITING

Mr. Roger K. Poole, Superintendent of Schools:

I am pleased to submit the following report on the handwriting program in the Westford schools, grades 1 to 8, for the school year of 1940-41.

A comparison of handwriting scores at the end of the first test period, September 1940, with the test scores of June, 1941, shows the improvement attained.

We administered our first formal handwriting test in your schools in September 1940. We found that 20% of the pupils in grades 1 to 8 made a grade of "A" (Excellent). In June of 1941, we found that 72% of pupils in grades 1 to 8 made a score of "A" (Excellent).

During the school term the handwriting supervisor visited each room at monthly intervals for the purpose of writing the monthly assignment on the blackboard, grading informal handwriting, and giving general help. Approximately 16,620 samples of daily-work papers were graded during these visits.

A formal handwriting test was administered monthly to each pupil. These papers were graded and diagnosed in our office and a detailed report on the handwriting of each pupil was sent the teacher as a remedial instrument. Approximately 5540 formal tests were diagnosed and graded for your pupils during the school year.

Adequate instructional materials were provided by the supervisor. These included monthly outlines for the teachers, pupil folder outlines, room charts, pupil certificates, term record paper, diagnostic charts, motivation seals, monthly and term envelopes, etc.

In general, I have found the interest and cooperation of your pupils and teachers to be excellent. I wish to express my appreciation for the fine cooperation we have received.

Signed.

W. L. RINEHART,

Supervisor of Handwriting.

Annual Report

OF THE

J. V. FLETCHER LIBRARY

OF THE

TOWN of WESTFORD

For the Year Ending December 31,

1941

REPORT OF THE TRUSTEES OF THE J. V. FLETCHER LIBRARY

January 1, 1942

The Trustees of the J. V. Fletcher Library respectfully submit their annual report for 1941, including the report of the Librarian and the list of books added in 1941.

The past year saw the installation of the much needed new furnace, an air-conditioned Sunbeam Heater, run by a Stokol-Mercury stoker using anthracite coal. Since this necessitated many changes in the building such as masonry work, the making of a new coal bin and the moving of water pipes, electric wiring and heat outlets, further repairs are still necessary to complete the work. Therefore the Trustees ask for the following, viz:

1. The sum of twenty-four hundred dollars (\$2,400.00) to meet the current expenses of the main library and its branches.
2. The receipts from the dog licenses in 1941.

Respectfully submitted,

WILLIAM C. ROUDENBUSH, Chairman

WILLIAM R. TAYLOR,

ALICE M. HOWARD, Secretary.

REPORT OF THE LIBRARIAN

January 1. 1942

To the Trustees of the J. V. Fletcher Library:

The librarian herewith submits her twenty-fourth annual report in the eighty-third year of the Westford Library.

There has been a decrease in the circulation of books this year. Part of this can be accounted for by the change in the method of history teaching with less use of outside reading and book reports. Another factor is the purchase of fewer new books due to the cost of the furnace, which was greater than anticipated.

The installation of a new furnace has been completed and is much enjoyed. For one week in December when the old pipes were torn down in order to put the new in place there was no heat in the library so that it was not possible to keep the library open except for three short periods each day to give borrowers a chance to get some books.

Books are sent regularly to the schools in the three villages where they are circulated by the teachers. The pupils of the Frost school can come to the library during the noon hour. The librarian takes books to the Academy every three weeks and to meetings of the P. T. A. They are also taken to a few shut-ins or sent by mail. Anyone can receive books by mail on payment of the postage of $1\frac{1}{2}$ c a pound. This may become more necessary due to curtailment of automobile usage. The library welcomes newcomers and is desirous to be of service to all residents of the town.

During Children's Book Week the librarian was invited to speak to grades five to eight at the Cameron School on the history of books and the use of the library. Bookmarks and lists of books were passed out to the pupils. As a result of this several children have come frequently to the library.

A talk on books of interest to young people was given one Sunday night at the Epworth League of the Methodist church in Graniteville.

An exhibit of sea weeds and shells taken from the collection upstairs was placed in the Frost museum case last summer and books concerning the seashore were arranged near by for circulation.

The collection of Westford material has received welcome additions this year which were recorded in the list of donors. The town has also been mentioned in books and magazines. For instance

in "Some American Primitives" the author quotes from a letter by Mrs. Wm. R. Taylor concerning a painting in her possession. American Home for June had a photograph of the Unitarian Church and Abbot barn in its picture section though without naming the town. The Yankee Magazines for June 1940 and December 1941 had photographs of Mrs. Henry Hildreth and Mrs. George Howard (Martha Taylor).

The services of the following assistants have been appreciated during the past year: Miss Dorothy Stone (now Mrs. Lefebvre), Miss Inez V. Burnham, Miss Margaret Scott, Miss Pauline E. Ferguson and Miss Lucy A. Flag.

Some new magazines have been added and some dropped of which "Compleat Collector," added after last year's list was printed, is one. The titles of others have been changed. All except current numbers may be borrowed for one week and the list for the coming year is as follows:

Legacy of John M. Osgood	1,000.00
Legacy of Jennie Reed Wilkins	150.00
Legacy of Adeline T. Burbeck	500.00
Legacy of Albert E. Prescott	7,056.08

REGULATIONS

The J. V. Fletcher Library is open Tuesdays, Thursdays, and Saturdays (legal holidays excepted) from 1:30 till 5, and from 6:30 till 9:00 P. M.

The Forge Village deposit station at the Post-Office in charge of Mrs. Josephine Connell is open daily.

New books of fiction can be kept only one week; but there may be one renewal. All other books may be kept four weeks. Renewals may be made by telephone or by postal.

No books shall be transferred, or acknowledged as returned, unless delivered to the librarian.

For each day that a book is kept beyond the prescribed time a fine of one cent is charged.

Borrowers finding books mutilated or defaced should report the fact to the librarian.
